China Rubber Products Industry Report (2016-2021), Market Demand Forecast and Investment Strategy Planning

目 录

CONTENTS

Chapter 1: Summary of development of China’s rubber products industry
1.1 definition and classification of rubber products industry
1.1.1 definition of rubber products industry
1.1.2 classification of products of rubber products industry
1.2 statistic standards of rubber products industry
1.2.1 statistical offices and statistical caliber of rubber products industry
1.2.2 statistical methods of rubber products industry
1.3 analysis of the status of rubber products industry
1.3.1 analysis of industrial chain of rubber products industry
1.3.2 position of rubber products industry in the national economy
Chapter 2: Analysis of market environment of China’s rubber products industry
2.1 analysis of policy environment of the industry
2.1.1 departments in charge of the industry
2.1.2 management system and key regulations of the industry
2.1.3 development planning of rubber products industry
2.2 analysis of economic environment of the industry
2.2.1 China’s GDP growth
2.2.2 growth of the industrial economy
2.2.3 investment in fixed assets
2.2.4 residents’ income growth
2.2.5 the relationship between economic environment and rubber products industry
2.3 analysis of trade environment of the industry
2.3.1 status quo of development of trade environment of the industry
2.3.2 development trends of trade environment of the industry
2.4 analysis of technology environment of the industry
2.4.1 status quo of development of technology environment of the industry
2.4.2 development trends of technology environment of the industry
2.5 analysis of energy saving and environmental protection of the industry
2.5.1 analysis of environmental protection of the industry
(1) wastewater discharge and treatment
(2) gas emission and treatment
(3) solid waste emission and treatment
2.5.2 analysis of energy consumption of the industry
(1) analysis of the total volume of energy consumption of the industry
(2) analysis of the structure of energy consumption of the industry
Chapter 3: Analysis of development of China’s rubber products industry
3.1 analysis of development of China’s rubber products industry
3.1.1 overview of the overall development of China’s rubber products industry
3.1.2 main features of the development of China’s rubber products industry
3.1.3 analysis of operation of China’s rubber products industry
(1) analysis of operation efficiency of the industry
(2) analysis of profitability capability of the industry
(3) analysis of operation capability of the industry
(4) analysis of solvency capability of the industry
(5) analysis of development capacity of the industry
3.2 analysis of economic indicators of China’s rubber products industry
3.2.1 main economic factors of rubber products industry
3.2.2 analysis of economic indicators of China’s rubber products industry
3.2.3 analysis of economic indicators of enterprises of different nature

3.2.4 analysis of economic indicators of enterprises of different regions
(1) analysis of sales income of different regions
(2) analysis of total assets of different regions
(3) analysis of liabilities of different regions
(4) analysis of sales profit situation of different regions
(5) analysis of total profit situation of different regions
(6) analysis of finished goods of different regions
(7) analysis of total loss of different regions
3.3 analysis of supply and demand balance of China' s rubber products industry
3.3.1 analysis of supply situation of China' s rubber products industry
(1) analysis of output value
(2) analysis of finished products
3.3.2 analysis of supply situation of rubber products industry in various regions
3.3.3 analysis of demand for China' s rubber products industry
(1) analysis of sales value of China' s rubber products industry
(2) analysis of sales revenue of China' s rubber products industry
3.3.4 analysis of regional demand for rubber products industry
3.3.5 analysis of production and sales rate of China' s rubber products industry
Chapter 4: Analysis of market of raw materials of rubber products industry
4.1 analysis of market of natural rubber
4.1.1 concept of natural rubber and category of products
(1) concept of natural rubber
(2) natural properties of natural rubber
(3) category of rubber products
4.1.2 analysis of market of the international natural rubber products industry
(1) analysis of international supply and demand balance
(2) analysis of supply and demand in major countries
4.1.3 analysis of market of China's natural rubber products industry
(1) analysis of supply and demand of China's natural rubber
(2) analysis of price of China's natural rubber
(3) analysis of stock of China's natural rubber
(4) analysis of imports of China's natural rubber
4.2 analysis of market of synthetic rubber
4.2.1 concept of synthetic rubber and category of products
(1) concept of synthetic rubber
(2) synthetic properties of synthetic rubber
(3) category of rubber products
4.2.2 analysis of market of the international synthetic rubber products industry
(1) analysis of international supply and demand balance
(2) analysis of supply and demand in major countries
4.2.3 analysis of market of China's synthetic rubber products industry
(1) analysis of supply and demand of China's synthetic rubber
(2) analysis of price of China's synthetic rubber
(3) analysis of stock of China's synthetic rubber
(4) analysis of imports of China's synthetic rubber
4.3 impact of market of raw materials on rubber products industry
4.3.1 the impact on tire manufacturing industry
4.3.2 the impact on rubber plate, pipe and band industry
4.3.3 the impact on other sub-industries of other rubber products
Chapter 5: Analysis of market competition of rubber products industry
5.1 analysis of competition of the international market of the industry
5.1.1 analysis of development of the international rubber products industry
5.1.2 market competition of the international rubber products industry
5.1.3 analysis of development trends of the international rubber products industry
5.1.4 investment layout of multinational companies in China market
(1) investment layout of Michelin in China
(2) investment layout of Goodyear in China
(3) investment layout of Bridgestone in China
(4) investment layout of Yokohama Rubber Company in China

(5) investment layout of Japan's Sumitomo Rubber Industries, Ltd. in China
5.1.5 analysis of competition strategy of multinational companies in China
5.2 analysis of market competition of China' s rubber products industry
5.2.1 current pattern of China' s rubber products industry
5.2.2 concentration of China' s rubber products industry
(1) analysis of sales concentration of the industry
(2) analysis of assets concentration of the industry
(3) analysis of profit concentration of the industry
5.2.3 analysis of five forces of rubber products industry
(1) bargaining power of upstream suppliers
(2) bargaining power of downstream buyers
(3) threat of potential entrants
(4) threat of alternatives
(5) status quo of competition in the industry
(6) summary of five forces
5.3 analysis of investment, merger and restructuring of rubber products industry
5.3.1 overview of investment, merger and restructuring of the industry
5.3.2 characteristics of investment, merger and restructuring of the industry
5.3.3 trends of investment, merger and restructuring of the industry
5.4 analysis of characteristics of different types of enterprises of rubber products industry
5.4.1 characteristics of different types of enterprises
5.4.2 analysis of concentration of economic type of the industry
Chapter 6: Analysis of development of China' s rubber products sub-industries
6.1 analysis of the development of tire manufacturing industry
6.1.1 overview of the development of tire manufacturing industry
(1) overview of the overall development of tire manufacturing industry
(2) characteristics of development of tire manufacturing industry
6.1.2 market scale of tire manufacturing industry
6.1.3 analysis of supply and demand of tire manufacturing industry
(1) analysis of scale of supply of tire manufacturing industry
(2) analysis of scale of demand of tire manufacturing industry
(3) supply and demand balance of tire manufacturing industry
6.1.4 analysis of import and export of tire manufacturing industry
(1) the overall export situation of the industry
(2) structure of exported products of the industry
(3) the overall import situation of the industry
(4) structure of imported products of the industry
6.1.5 analysis of market of products of the industry
(1) analysis of product structure of the industry
(2) analysis of market of products of tire
(3) analysis of market of radial ply tire
