

China Power Transformer Industry Report (2016–2021), Market Demand Forecast and Investment Strategic Planning

目 录

CONTENTS

Chapter 1: Overview of development of China's power transformer manufacturing industry

- 1.1 definition and classification of power transformer manufacturing industry
 - 1.1.1 concept and definition of the industry
 - 1.1.2 classification of major products of the industry
 - 1.1.3 status of the industry in the national economy
- 1.2 statistical standards of power transformer manufacturing industry
 - 1.2.1 statistical offices and statistical method of power transformer manufacturing industry
 - 1.2.2 statistical methods of power transformer manufacturing industry
 - 1.2.3 data types of power transformer manufacturing industry
- 1.3 analysis of industry chain of power transformer manufacturing industry
 - 1.3.1 introduction of industry chain of power transformer manufacturing industry
 - 1.3.2 analysis of major downstream industry chain of power transformer manufacturing industry
 - (1) analysis of development of power industry
 - (2) analysis of construction of national power grid
 - (3) analysis of development of real estate
 - 1.3.3 analysis of upstream industry chain of power transformer manufacturing industry
 - (1) analysis of ordinary steel market
 - (2) analysis of silicon steel sheet market
 - (3) analysis of non-ferrous metals market
 - (4) analysis of transformer oil market
 - (5) analysis of insulation materials market

Chapter 2: Analysis of development of power transformer manufacturing industry

- 2.1 analysis of development of China's power transformer manufacturing industry
 - 2.1.1 overview of overall development of China's power transformer manufacturing industry
 - 2.1.2 main features of development of China's power transformer manufacturing industry
 - 2.1.3 analysis of operation of power transformer manufacturing industry
 - (1) analysis of operation efficiency of power transformer manufacturing industry
 - (2) analysis of profitability capability of power transformer manufacturing industry
 - (3) analysis of operation capability of power transformer manufacturing industry
 - (4) analysis of solvency capability of power transformer manufacturing industry
 - (5) analysis of development capability of power transformer manufacturing industry
- 2.2 analysis of economic indicators of power transformer manufacturing industry
 - 2.2.1 major influencing factors of economic benefit of power transformer manufacturing industry
 - 2.2.2 analysis of economic indicators of power transformer manufacturing industry
 - 2.2.3 analysis of economic indicators of enterprises of different scale
 - 2.2.4 analysis of economic indicators of enterprises of different nature
- 2.3 analysis of supply and demand balance of power transformer manufacturing industry
 - 2.3.1 analysis of supply of national power transformer manufacturing industry
 - (1) analysis of gross output value of national power transformer manufacturing industry
 - (2) analysis of finished products of national power transformer manufacturing industry
 - 2.3.2 analysis of supply of power transformer manufacturing industry in various regions
 - (1) analysis of the top 10 regions ranking in total output value
 - (2) analysis of the top 10 regions ranking in finished products
 - 2.3.3 analysis of demand of national power transformer manufacturing industry
 - (1) analysis of sales value of national power transformer manufacturing industry
 - (2) analysis of sales revenue of national power transformer manufacturing industry
 - 2.3.4 analysis of demand of power transformer manufacturing industry in various regions
 - (1) analysis of the top 10 regions ranking in sales value
 - (2) analysis of the top 10 regions ranking in sales revenue

2.3.5 analysis of sales-output rate of national power transformer manufacturing industry

Chapter 3: Analysis of development of related industries of power transformer

3.1 analysis of operation of steel industry

- 3.1.1 analysis of scale of steel industry
- 3.1.2 analysis of production of steel industry
- 3.1.3 analysis of demand of steel industry
- 3.1.4 analysis of profitability of steel industry
- 3.1.5 analysis of supply and demand balance of steel industry
- 3.1.6 analysis of financial operation of steel industry
- 3.1.7 analysis of development trends of steel industry

3.2 analysis of operation of power generation industry

- 3.2.1 analysis of scale of power generation industry
- 3.2.2 production of power generation industry
- 3.2.3 demand of power generation industry
- 3.2.4 profitability of power generation industry
- 3.2.5 supply and demand balance of power generation industry
- 3.2.6 financial operation of power generation industry
- 3.2.7 analysis of characteristics of operation of power generation industry and trends

3.3 analysis of operation of power supply industry

- 3.3.1 analysis of scale of power supply industry
- 3.3.2 production of power supply industry
- 3.3.3 demand of power supply industry
- 3.3.4 profitability of power supply industry
- 3.3.5 supply and demand balance of power supply industry
- 3.3.6 financial operation of power supply industry
- 3.3.7 analysis of characteristics of operation of power supply industry and trends

3.4 analysis of operation of common non-ferrous metal manufacturing industry

- 3.4.1 analysis of scale of common non-ferrous metal manufacturing industry
- 3.4.2 production of common non-ferrous metal manufacturing industry
- 3.4.3 demand of common non-ferrous metal manufacturing industry
- 3.4.4 profitability of common non-ferrous metal manufacturing industry
- 3.4.5 supply and demand balance of common non-ferrous metal manufacturing industry
- 3.4.6 financial operation of common non-ferrous metal manufacturing industry
- 3.4.7 analysis of characteristics of operation and trends of common non-ferrous metal

manufacturing industry

3.5 analysis of operation of insulation material manufacturing industry

- 3.5.1 analysis of scale of insulation material manufacturing industry
- 3.5.2 production of insulation material manufacturing industry
- 3.5.3 demand of insulation material manufacturing industry
- 3.5.4 profitability of insulation material manufacturing industry
- 3.5.5 supply and demand balance of insulation material manufacturing industry
- 3.5.6 financial operation of insulation material manufacturing industry
- 3.5.7 analysis of characteristics of operation and trends of insulation material manufacturing

industry

Chapter 4: Analysis of market environment of power transformer manufacturing industry

4.1 analysis of policy environment of the industry

- 4.1.1 related policy trend of the industry
- 4.1.2 development planning of power transformer manufacturing industry

4.2 analysis of economic environment of the industry

- 4.2.1 analysis of the international macro economic environment
- 4.2.2 analysis of the domestic macro economic environment
- 4.2.3 analysis of macro economic environment of the industry

4.3 analysis of consumption environment of the industry

- 4.3.1 analysis of consumer characteristics of the industry
- 4.3.2 analysis of consumption trends of the industry

4.4 analysis of trade environment of the industry

- 4.4.1 status quo of development of trade environment of the industry
- 4.4.2 development trends of trade environment of the industry

4.5 analysis of social environment of the industry

- 4.5.1 coordination between social economy and the development of the industry
- 4.5.2 environmental issues facing the development of the industry
- 4.5.3 regional development imbalance of the industry

Chapter 5: Analysis of market competition of power transformer manufacturing industry

5.1 analysis of competition of the international market of the industry

- 5.1.1 analysis of the global power development
- 5.1.2 analysis of competition of the international power transformer market
 - (1) analysis of development of ABB Company
 - (2) analysis of development of AREVA Company
 - (3) analysis of development of Siemens Company
 - (4) analysis of development of Eaton Electric
- 5.1.3 analysis of development trends of the international power transformer market

5.2 analysis of investment layout of multinational companies in China market

- 5.2.1 investment layout of multinational companies in China's market
 - (1) analysis of investment layout of ABB Company in China
 - (2) analysis of investment layout of Siemens Company in China
 - (3) analysis of investment layout of AREVA Company in China
 - (4) analysis of investment layout of Toshiba Company in China
- 5.2.2 analysis of competitive strategy of multinational companies in China

5.3 analysis of competition of the domestic market of the industry

- 5.3.1 analysis of competitive landscape of domestic power transformer manufacturing industry
- 5.3.2 analysis of concentration of domestic power transformer manufacturing industry
 - (1) analysis of sales concentration of the industry
 - (2) analysis of assets concentration of the industry
 - (3) analysis of profit concentration of the industry
- 5.3.3 analysis of market scale of domestic power transformer manufacturing industry
- 5.3.4 analysis of bargaining power of power transformer manufacturing industry

5.4 analysis of investment, merger and restructuring of the industry

- 5.4.1 overview of investment, merger and restructuring of power transformer manufacturing industry
- 5.4.2 investment, merger and restructuring of the international power transformer manufacturing enterprises
- 5.4.3 investment, merger and restructuring of domestic power transformer manufacturing enterprises
- 5.4.4 judgment of characteristics of investment, merger and restructuring of power transformer manufacturing industry

Chapter 6: Analysis of key product markets of power transformer manufacturing industry

6.1 classified by characteristics of product structure

- 6.1.1 analysis of oil-immersed distribution transformer market
 - (1) analysis of supply and demand of 10KV oil-immersed transformer
 - (2) analysis of supply and demand of 20KV oil-immersed transformer
 - (3) analysis of supply and demand of 35KV oil-immersed transformer
- 6.1.2 analysis of dry-type distribution transformer market
 - (1) overview of dry-type transformer
 - (2) 10KV dry-type transformer
 - (3) 20KV dry-type transformer
 - (4) 35KV dry-type transformer

6.2 classified by voltage level

- 6.2.1 analysis of KV transformer market
- 6.2.2 analysis of KV transformer market
- 6.2.3 analysis of KV transformer market
- 6.2.4 analysis of KV transformer market
- 6.2.5 analysis of KV and above transformer market

6.3 classified by other methods

- 6.3.1 analysis of DC converter transformer market
- 6.3.2 analysis of S-series wound core transformer market
- 6.3.3 analysis of amorphous alloy transformer market

6.4 the gap with foreign main product technology of the industry

- 6.4.1 the gap with foreign main product technology of the industry
- 6.4.2 main reasons for the gap with foreign products
- 6.4.3 development trends of new technology of the international power transformer manufacturing

industry

6.4.4 development trends of new technology of domestic power transformer manufacturing industry

Chapter 7: Analysis of key regional markets of power transformer manufacturing industry

7.1 analysis of overall characteristics of regional structure of the industry

7.1.1 overall characteristics of regional structure of the industry

7.1.2 analysis of regional concentration of the industry

7.1.3 analysis of characteristics of regional distribution of the industry

7.1.4 analysis of regional distribution of scale indicators of the industry

7.1.5 analysis of regional distribution of performance indicators of the industry

7.1.6 analysis of regional distribution of enterprise quantity of the industry

7.2 analysis and forecast of development of power transformer manufacturing industry in Guangdong

7.2.1 status change of Guangdong's power transformer manufacturing industry in the industry

7.2.2 analysis of economic operation of Guangdong's power transformer manufacturing industry

7.2.3 analysis of enterprises of Guangdong's power transformer manufacturing industry

(1) analysis of concentration of enterprise

(2) analysis of development and profit and loss of enterprises

7.2.4 forecast of development trends of power transformer manufacturing industry in Guangdong

7.3 analysis and forecast of development of power transformer manufacturing industry in Jiangsu

7.3.1 status change of Jiangsu's power transformer manufacturing industry in the industry

7.3.2 analysis of economic operation of Jiangsu's power transformer manufacturing industry

7.3.3 analysis of enterprises of Jiangsu's power transformer manufacturing industry

(1) analysis of concentration of enterprise

(2) analysis of development and profit and loss of enterprises

7.3.4 forecast of development trends of power transformer manufacturing industry in Jiangsu

7.4 analysis and forecast of development of power transformer manufacturing industry in Zhejiang

7.4.1 status change of Zhejiang's power transformer manufacturing industry in the industry

7.4.2 analysis of economic operation of Zhejiang's power transformer manufacturing industry

7.4.3 analysis of enterprises of Zhejiang's power transformer manufacturing industry

(1) analysis of concentration of enterprise

(2) analysis of development and profit and loss of enterprises

7.4.4 forecast of development trends of power transformer manufacturing industry in Zhejiang

7.5 analysis and forecast of development of power transformer manufacturing industry in Shandong

7.5.1 status change of Shandong's power transformer manufacturing industry in the industry

7.5.2 analysis of economic operation of Shandong's power transformer manufacturing industry

7.5.3 analysis of enterprises of Shandong's power transformer manufacturing industry

(1) analysis of concentration of enterprise

(2) analysis of development and profit and loss of enterprises

7.5.4 forecast of development trends of power transformer manufacturing industry in Shandong

7.6 analysis and forecast of development of power transformer manufacturing industry in Liaoning

7.6.1 status change of Liaoning's power transformer manufacturing industry in the industry

7.6.2 analysis of economic operation of Liaoning's power transformer manufacturing industry

7.6.3 analysis of enterprises of Liaoning's power transformer manufacturing industry

(1) analysis of concentration of enterprise

(2) analysis of development and profit and loss of enterprises

7.6.4 forecast of development trends of power transformer manufacturing industry in Liaoning

7.7 analysis and forecast of development of power transformer manufacturing industry in Shanghai

7.7.1 status change of Shanghai's power transformer manufacturing industry in the industry

7.7.2 analysis of economic operation of Shanghai's power transformer manufacturing industry

7.7.3 analysis of enterprises of Shanghai's power transformer manufacturing industry

(1) analysis of concentration of enterprise

(2) analysis of development and profit and loss of enterprises

7.7.4 forecast of development trends of power transformer manufacturing industry in Shanghai

Chapter 8: Analysis of import and export markets of power transformer manufacturing industry

8.1 summary of import and export of power transformer manufacturing industry

8.2 analysis of export market of power transformer manufacturing industry

8.2.1 analysis of export of the industry

(1) overall situation of export of the industry

(2) structure of export product of the industry

- 8.2.2 analysis of export of vanadium industry
 - (1) overall situation of export of the industry
 - (2) structure of export product of the industry

8.3 analysis of import market of power transformer manufacturing industry

- 8.3.1 analysis of import of vanadium industry
 - (1) overall situation of import of the industry
 - (2) structure of import product of the industry

- 8.3.2 analysis of import of vanadium industry
 - (1) overall situation of import of the industry
 - (2) structure of import product of the industry

8.4 forecast of import and export of power transformer manufacturing industry and advice

- 8.4.1 forecast of export of power transformer manufacturing industry and advice
- 8.4.2 forecast of import of power transformer manufacturing industry and advice

Chapter 9: Analysis of production and operation of major enterprises of power transformer manufacturing industry

9.1 analysis of the overall development of power transformer manufacturing enterprises

- 9.1.1 corporate scale of power transformer manufacturing industry
- 9.1.2 industrial output of power transformer manufacturing industry
- 9.1.3 sales revenue and profit of power transformer manufacturing industry
- 9.1.4 analysis of innovation capability of main power transformer manufacturing enterprises

9.2 case study of leading enterprises of power transformer manufacturing industry

9.2.1 TBEA Co., Ltd.

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure and new product developments
- (3) analysis of the company's sales channels and network
- (4) analysis of the company's major economic indicators
- (5) analysis of the company's solvency capability
- (6) analysis of the company's operation capability
- (7) analysis of the company's profitability capability
- (8) analysis of the company's development capability
- (9) analysis of advantages and disadvantages of the company's operation
- (10) analysis of investment, merger and restructuring of the company
- (11) analysis of the company's latest development trend

9.2.2 Baoding Tianwei Group Co., Ltd.

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure and new product developments
- (3) analysis of the company's sales channels and network
- (4) analysis of the company's major economic indicators
- (5) analysis of the company's solvency capability
- (6) analysis of the company's operation capability
- (7) analysis of the company's profitability capability
- (8) analysis of the company's development capability
- (9) analysis of the company's organizational structure
- (10) analysis of advantages and disadvantages of the company's operation
- (11) analysis of investment, merger and restructuring of the company
- (12) analysis of the company's latest development trend

9.2.3 Qingdao Transformer Group Co., Ltd.

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure and new product developments
- (3) analysis of the company's sales channels and network
 - 1) analysis of the company's major economic indicators
- (4) analysis of the company's solvency capability
- (5) analysis of the company's operation capability
- (6) analysis of the company's profitability capability
- (7) analysis of the company's development capability
- (8) analysis of the company's organizational structure
- (9) analysis of advantages and disadvantages of the company's operation
- (10) analysis of the company's latest development trend

9.2.4 Jiangsu Huapeng Transformer Co., Ltd.

- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - 1) analysis of the company's major economic indicators
 - (4) analysis of the company's solvency capability
 - (5) analysis of the company's operation capability
 - (6) analysis of the company's profitability capability
 - (7) analysis of the company's development capability
 - (8) analysis of the company's organizational structure
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 9.2.5 TBEA Shenyang Transformer Group Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 9.2.6 Shandong Luneng Mount. Tai Electric Equipment Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
- 9.2.7 China Electric Equipment Group Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 9.2.8 Changzhou Toshiba Transformer Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 9.2.9 Chint Electric Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network

- (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 9.2.10 Sunten Electric Equipment Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
- 9.2.11 Shanghai Zhixin Electric Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
- 9.2.12 Shandong Dachi Electric Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of the company's organizational structure
 - (10) analysis of advantages and disadvantages of the company's operation
 - (11) analysis of the company's latest development trend
- 9.2.13 Changzhou Xidian Transformer Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of the company's organizational structure
 - (10) analysis of advantages and disadvantages of the company's operation
 - (11) analysis of the company's latest development trend
- 9.2.14 Siemens Transformer Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability

- (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
- 9.2.15 Nanjing Liye Power Transformer Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
- 9.2.16 Zhongshan ABB Transformer Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
- 9.2.17 Hangzhou Qianjiang Electric Group Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 9.2.18 Huatong Electrical Group Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and technology
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 9.2.19 Jiangxi Transformer Technology Corporation
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
- 9.2.20 Nantong Hyosung Transformer Co., Ltd.
- (1) brief introduction of the company's development

- (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 9.2.21 Guangzhou Siemens Transformer Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 9.2.22 TBEA Technology Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 9.2.23 Shandong Electric Power Equipment Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of the company's organizational structure
 - (10) analysis of advantages and disadvantages of the company's operation
 - (11) analysis of investment, merger and restructuring of the company
 - (12) analysis of the company's latest development trend
- 9.2.24 Hainan Jinpan Electric Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 9.2.25 Jiangxi Transformer Equipment Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and new product developments
 - (3) analysis of the company's sales channels and network

- (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
- 9.2.26 Ningbo Tianan (Group) Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's product structure and technology
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's major economic indicators
 - (5) analysis of the company's solvency capability

 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend

Chapter 10: Analysis and forecast of development trends of power transformer manufacturing industry

10.1 advice for investment of China's power transformer manufacturing industry

- 10.1.1 analysis of risks of investment of power transformer manufacturing industry
- 10.1.2 Qianzhan's advice for development of power transformer manufacturing industry

10.2 analysis of features of investment of power transformer manufacturing industry

- 10.2.1 analysis of entry barrier of power transformer manufacturing industry
- 10.2.2 analysis of profit model of power transformer manufacturing industry
- 10.2.3 analysis of profit factor of power transformer manufacturing industry

10.3 forecast of development of China's power transformer manufacturing industry

Chapter 11: Analysis of risks and opportunities of credit extension of power transformer manufacturing industry

11.1 analysis of environmental risk and prompt

- 11.1.1 impact of the environment on the industry and risk prompt
- 11.1.2 monetary policy of the Central Bank and banking regulation

11.2 analysis of industrial policy and prompt

11.2.1 impact of industrial policy and risk prompt

11.2.2 impact of energy planning and risk prompt

11.3 market risk and prompt

11.3.1 risk prompt of market supply and demand

11.3.2 risk prompt of market price

11.3.3 risk prompt of industrial competition

11.4 credit opportunity of the industry and suggestions

11.4.1 overall credit opportunity and credit suggestions

11.4.2 regional credit opportunity and suggestions

(1) features and summary of regional development

(2) credit suggestions for regional market

11.4.3 credit opportunity of the enterprise and suggestions

11.5 credit opportunity of the industry chain and suggestions

11.5.1 credit opportunity of transmission and distribution equipment industry

11.5.2 credit opportunity of power industry and suggestions
