

# China Lightweight Building Material Manufacturing Industry Production & Marketing Demand and Investment Forecast Report

## 目 录

### CONTENTS

#### Chapter 1: Analysis of development of China's lightweight building materials manufacturing industry

##### 1.1 definition and classification of lightweight building materials manufacturing industry

1.1.1 concept and definition of the industry

1.1.2 classification of major products of the industry

##### 1.2 statistical standards of lightweight building materials manufacturing industry

1.2.1 statistical offices and statistical caliber of lightweight building materials manufacturing industry

1.2.2 statistical method of lightweight building materials manufacturing industry

1.2.3 data type of lightweight building materials manufacturing industry

##### 1.3 analysis of supply chain of lightweight building materials manufacturing industry

1.3.1 introduction of industry chain of lightweight building materials manufacturing industry

1.3.2 analysis of upstream supply chain of lightweight building materials manufacturing industry

(1) analysis of status quo of development and trends of fly ash

(2) analysis of status quo of development and trends of limestone and gypsum

(3) analysis of status quo of development and trends of cement

(4) analysis of status quo of development and trends of Perlite

1.3.3 analysis of major downstream industry chain of lightweight building materials manufacturing industry

(1) analysis of development of construction industry

(2) analysis of development of decoration industry

#### Chapter 2: Analysis of development of lightweight building materials manufacturing industry

##### 2.1 analysis of development of China's lightweight building materials manufacturing industry

2.1.1 overview of the overall development of China's lightweight building materials manufacturing industry

2.1.2 main features of development of China's lightweight building materials manufacturing industry

2.1.3 analysis of operation of lightweight building materials manufacturing industry in 2012-2013

(1) analysis of operation efficiency of lightweight building materials manufacturing industry in 2012-2013

(2) analysis of profitability factor of lightweight building materials manufacturing industry in 2012-2013

(3) analysis of operation capability of lightweight building materials manufacturing industry in 2012-2013

(4) analysis of solvency capability of lightweight building materials manufacturing industry in 2012-2013

(5) analysis of development capability of lightweight building materials manufacturing industry in 2012-2013

##### 2.2 analysis of economic indicators of lightweight building materials manufacturing industry in 2012-2013

2.2.1 major influencing factors of economic efficiency of lightweight building materials manufacturing industry

2.2.2 analysis of economic indicators of lightweight building materials manufacturing industry in 2012-2013

2.2.3 analysis of economic indicators of enterprises of different scale in 2012-2013

2.2.4 analysis of economic indicators of enterprises of different nature in 2012-2013

2.2.5 analysis of economic indicators of enterprises of different region in 2012-2013

##### 2.3 analysis of supply and demand balance of lightweight building materials manufacturing industry

i	n	2	0	1	3
	2.3.1 analysis of supply of national lightweight building materials manufacturing industry in..2013				
	(1) analysis of total output value of national lightweight building materials manufacturing				
i	n	d	u	s	t
	r	y			
	(2) analysis of finished products of national lightweight building materials manufacturing				
i	n	d	u	s	t
	r	y			
	2.3.2 analysis of demand of lightweight building materials manufacturing industry in various				
	regions in 2012-2013				
	(1) analysis of the top 10 regions ranking in total output value in 2012-2013				
	(2) analysis of the top 10 regions ranking in finished products in 2012-2013				
	<b>2.4 analysis of demand of national lightweight building materials manufacturing industry in.....2013</b>				
	2.4.1 analysis of sales amount of national lightweight building materials manufacturing industry				
i	n	2	0	1	3
	2.4.2 analysis of sales revenue of lightweight building materials manufacturing industry in.....2013				
	<b>2.5 analysis of demand of lightweight building materials manufacturing industry in various regions</b>				
	<b>in 2012-2013</b>				
	2.5.1 analysis of the top 10 regions ranking in sales value in 2012-2013				
	2.5.2 analysis of the top 10 regions ranking in sales revenue in 2012-2013				
	<b>2.6 analysis of sales-output rate of national lightweight building materials manufacturing industry</b>				
	<b>in 2011-2013</b>				
	<b>Chapter 3: Analysis of market environment of lightweight building materials manufacturing</b>				
	<b>industry</b>				
	<b>3.1 analysis of policy environment of the industry</b>				
	3.1.1 planning of comprehensive utilization of bulk industrial solid waste during the "twelfth-				
	five year" period				
	3.1.2 Quality Development Outline issued by the State Council (2011-2020)				
	<b>3.2 analysis of economic environment of the industry</b>				
	3.2.1 analysis of economic environment				
	(1) analysis of PMI index of manufacturing industry from January to March.....2014				
	(2) analysis of social fixed assets investment from January to March.....2014				
	(3) analysis of industrial production from January to March.....2014				
	3.2.2 analysis of consumer market environment				
	(1) analysis of inflation data from January to March.....2014				
	(2) analysis of retail sales from January to March.....2014				
	(3) analysis of consumer confidence index from January to March.....2014				
	<b>3.3 analysis of demand environment of the industry</b>				
	3.3.1 analysis of characteristics of demand of the industry				
	3.3.2 analysis of trends of demand of the industry				
	<b>3.4 analysis of trade environment of the industry</b>				
	3.4.1 status quo of development of trade environment of the industry				
	(1) international trade environment				
	(2) domestic trade environment				
	(3) trade environment of China's lightweight building materials manufacturing industry				
	3.4.2 development trends of trade environment of the industry				
	<b>3.5 analysis of social environment of the industry</b>				
	3.5.1 coordination between social economy and the development of the industry				
	3.5.2 environmental issues facing the development of the industry				
	3.5.3 regional development imbalance of the industry				
	<b>Chapter 4: Analysis of market competition of lightweight building materials manufacturing</b>				
	<b>industry</b>				
	<b>4.1 analysis of overall market competition of the industry</b>				
	<b>4.2 analysis of competition of the international market of the industry</b>				
	<b>4.3 development of the international lightweight building materials manufacturing market</b>				
	4.3.1 analysis of competition of the international lightweight building materials manufacturing				
	market				
	4.3.2 analysis of development trends of the international lightweight building materials				
	manufacturing market				
	4.3.3 investment layout of multinational companies in China's market				
	(1) French Saint-Gobain				

- (2) Germany Yitong Group
- (3) DuPont
- (4) United Kingdom BPB Group
- (5) Hunt Group
- (6) German Knauf

#### 4.3.4 analysis of competitive strategy of multinational companies in China

### 4.4 analysis of competition of the domestic market of the industry

#### 4.4.1 analysis of competitive landscape of domestic lightweight building materials manufacturing industry

##### 4.4.2 analysis of concentration of domestic lightweight building materials manufacturing industry

- (1) analysis of sales concentration of the industry
- (2) analysis of assets concentration of the industry
- (3) analysis of profit concentration of the industry

##### 4.4.3 market scale of lightweight building materials manufacturing industry and forecast

##### 4.4.4 analysis of bargaining power of lightweight building materials manufacturing industry

- (1) bargaining power of suppliers
- (2) bargaining power of purchasers

##### 4.4.5 analysis of potential threats of lightweight building materials manufacturing industry

- (1) treat of potential entrants
- (2) treat of substitutes

### 4.5 analysis of investment, merger and restructuring of the industry

#### 4.5.1 overview of investment, merger and restructuring of lightweight building materials manufacturing industry

#### 4.5.2 investment, merger and restructuring of foreign-owned lightweight building materials manufacturing enterprises

#### 4.5.3 investment, merger and restructuring of domestic lightweight building materials manufacturing enterprises

#### 4.5.4 trends of investment, merger and restructuring of lightweight building materials manufacturing industry

### 4.6 analysis of characteristics of different economic types of enterprises of the industry

#### 4.6.1 characteristics of different economic types of enterprises

#### 4.6.2 analysis of economic-type concentration of the industry

## Chapter 5: Analysis of major products of lightweight building materials manufacturing industry

### 5.1 structural characteristics of main products of the industry

#### 5.1.1 analysis of structural characteristics of products of the industry

#### 5.1.2 overview of development of product markets of the industry

### 5.2 analysis of major product markets of the industry

#### 5.2.1 analysis of plasterboard market

#### 5.2.2 analysis of gypsum block market

#### 5.2.3 analysis of calcium silicate board market

#### 5.2.4 analysis of mineral wool board market

#### 5.2.5 analysis of aerated concrete products market

### 5.3 the gap with foreign main product technology of the industry

#### 5.3.1 the gap with foreign main product technology of the industry

#### 5.3.2 main reasons for the gap with foreign products

### 5.4 development trends of new technology of major products of the industry

#### 5.4.1 development trends of new technology of the international lightweight building materials manufacturing industry

#### 5.4.2 development trends of new technology of the domestic lightweight building materials manufacturing industry

## Chapter 6: Analysis of markets of China's lightweight building materials manufacturing industry in key regions

### 6.1 overall characteristics of regional structure of China's lightweight building materials manufacturing industry

#### 6.1.1 overall characteristics of regional structure of the industry

#### 6.1.2 analysis of regional concentration of the industry

#### 6.1.3 analysis of characteristics of regional distribution of the industry

#### 6.1.4 analysis of regional distribution of scale indicators of the industry

6.1.5 analysis of regional distribution of performance indicators of the industry

6.1.6 analysis of regional distribution of enterprise quantity of the industry

## **6.2 analysis and forecast of development of lightweight building materials manufacturing industry in Shandong**

6.2.1 development planning and supporting measures of lightweight building materials manufacturing industry in Shandong

6.2.2 status change of Shandong's lightweight building materials manufacturing industry in the industry

6.2.3 analysis of economic operation of Shandong's lightweight building materials manufacturing industry

6.2.4 analysis of corporate development of Shandong's lightweight building materials manufacturing industry

6.2.5 forecast of development trends of lightweight building materials manufacturing industry in Shandong

## **6.3 analysis and forecast of development of lightweight building materials manufacturing industry in Henan**

6.3.1 development planning and supporting measures of lightweight building materials manufacturing industry in Henan

6.3.2 status change of Henan's lightweight building materials manufacturing industry in the industry

6.3.3 analysis of economic operation of Henan's lightweight building materials manufacturing industry

6.3.4 analysis of corporate development of Henan's lightweight building materials manufacturing industry

6.3.5 forecast of development trends of lightweight building materials manufacturing industry in Henan

## **6.4 analysis and forecast of development of lightweight building materials manufacturing industry in Hebei**

6.4.1 development planning and supporting measures of lightweight building materials manufacturing industry in Hebei

6.4.2 status change of Hebei's lightweight building materials manufacturing industry in the industry

6.4.3 analysis of economic operation of Hebei's lightweight building materials manufacturing industry

6.4.4 analysis of corporate development of Hebei's lightweight building materials manufacturing industry

6.4.5 forecast of development trends of lightweight building materials manufacturing industry in Hebei

## **6.5 analysis and forecast of development of lightweight building materials manufacturing industry in Zhejiang**

6.5.1 development planning and supporting measures of lightweight building materials manufacturing industry in Zhejiang

6.5.2 status change of Zhejiang's lightweight building materials manufacturing industry in the industry

6.5.3 analysis of economic operation of Zhejiang's lightweight building materials manufacturing industry

6.5.4 analysis of corporate development of Zhejiang's lightweight building materials manufacturing industry

6.5.5 forecast of development trends of lightweight building materials manufacturing industry in Zhejiang

## **6.6 analysis and forecast of development of lightweight building materials manufacturing industry in Jiangsu**

6.6.1 development planning and supporting measures of lightweight building materials manufacturing industry in Jiangsu

6.6.2 status change of Jiangsu's lightweight building materials manufacturing industry in the industry

6.6.3 analysis of economic operation of Jiangsu's lightweight building materials manufacturing industry

6.6.4 analysis of corporate development of Jiangsu's lightweight building materials manufacturing

industry

6.6.5 forecast of development trends of lightweight building materials manufacturing industry in Jiangsu

### **6.7 analysis and forecast of development of lightweight building materials manufacturing industry in Beijing**

6.7.1 development planning and supporting measures of lightweight building materials manufacturing industry in Beijing

6.7.2 status change of Beijing's lightweight building materials manufacturing industry in the industry

6.7.3 analysis of economic operation of Beijing's lightweight building materials manufacturing industry

6.7.4 analysis of corporate development of Beijing's lightweight building materials manufacturing industry

6.7.5 forecast of development trends of lightweight building materials manufacturing industry in Beijing

### **6.8 analysis and forecast of development of lightweight building materials manufacturing industry in Hubei**

6.8.1 development planning and supporting measures of lightweight building materials manufacturing industry in Hubei

6.8.2 status change of Hubei's lightweight building materials manufacturing industry in the industry

6.8.3 analysis of economic operation of Hubei's lightweight building materials manufacturing industry

6.8.4 analysis of corporate development of Hubei's lightweight building materials manufacturing industry

6.8.5 forecast of development trends of lightweight building materials manufacturing industry in Hubei

### **6.9 analysis and forecast of development of lightweight building materials manufacturing industry in Guangdong**

6.9.1 development planning and supporting measures of lightweight building materials manufacturing industry in Guangdong

6.9.2 status change of Guangdong's lightweight building materials manufacturing industry in the industry

6.9.3 analysis of economic operation of Guangdong's lightweight building materials manufacturing industry

6.9.4 analysis of corporate development of Guangdong's lightweight building materials manufacturing industry

6.9.5 forecast of development trends of lightweight building materials manufacturing industry in Guangdong

### **6.10 analysis and forecast of development of lightweight building materials manufacturing industry in Chongqing**

6.10.1 development planning and supporting measures of lightweight building materials manufacturing industry in Chongqing

6.10.2 status change of Chongqing's lightweight building materials manufacturing industry in the industry

6.10.3 analysis of economic operation of Chongqing's lightweight building materials manufacturing industry

6.10.4 analysis of corporate development of Chongqing's lightweight building materials manufacturing industry

6.10.5 forecast of development trends of lightweight building materials manufacturing industry in Chongqing

## **Chapter 7: Analysis of import and export markets of lightweight building materials manufacturing industry**

### **7.1 summary of import and export of lightweight building materials manufacturing industry**

### **7.2 analysis of export market of lightweight building materials manufacturing industry**

#### 7.2.1 analysis of overall situation of export market of the industry in 2012-2013

(1) structure of export product of the industry

(2) analysis of key export enterprises of the industry

(3) national and regional characteristics of export of the industry

7.2.2 analysis of export of the industry in.....	2013
(1) overall situation of export of the industry	
(2) structure of export product of the industry	
7.2.3 analysis of export of the industry in.....	2010
(1) overall situation of export of the industry	
(2) structure of export product of the industry	
7.2.4 analysis of export of the industry in.....	2011
(1) overall situation of export of the industry	
(2) structure of export product of the industry	
<b>7.3 analysis of import market of lightweight building materials manufacturing industry</b>	
7.3.1 analysis of overall situation of import market of the industry in 2012-2013	
(1) structure of import product of the industry	
(2) analysis of key import enterprises of the industry	
(3) national and regional characteristics of import of the industry	
7.3.2 analysis of import of the industry in.....	2013
(1) overall situation of import of the industry	
(2) structure of import product of the industry	
7.3.3 analysis of import of the industry in.....	2010
(1) overall situation of import of the industry	
(2) structure of import product of the industry	
7.3.4 analysis of import of the industry in.....	2011
(1) overall situation of import of the industry	
(2) structure of import product of the industry	
<b>7.4 forecast of import and export of lightweight building materials manufacturing industry and suggestions</b>	
7.4.1 forecast of export of lightweight building materials manufacturing industry and suggestions	
7.4.2 forecast of import of lightweight building materials manufacturing industry and suggestions	
<b>Chapter 8: Analysis of production and operation of major enterprises of lightweight building materials manufacturing industry</b>	
<b>8.1 analysis of the overall development of lightweight building materials manufacturing enterprises</b>	
8.1.1 corporate scale of lightweight building materials manufacturing industry	
8.1.2 industrial output value of lightweight building materials manufacturing industry	
8.1.3 sales revenue of lightweight building materials manufacturing industry	
8.1.4 total profits of major lightweight building materials manufacturing enterprises	
<b>8.2 case study of leading enterprises of lightweight building materials manufacturing industry</b>	
8.2.1 Taishan Gypsum Co., Ltd.	
(1) brief introduction of the company's development	
(2) analysis of the company's operation	
(3) analysis of the company's organizational structure	
(4) analysis of the company's product structure and new product developments	
(5) analysis of the company's sales channels and network	
(6) analysis of advantages and disadvantages of the company's operation	
(7) analysis of the company's latest development trend	
8.2.2 Beijing New Building Material Co., Ltd.	
(1) brief introduction of the company's development	
(2) analysis of the company's major economic indicators	
(3) analysis of the company's profitability capability	
(4) analysis of the company's operation capability	
(5) analysis of the company's solvency capability	
(6) analysis of the company's development capability	
(7) analysis of the company's organizational structure	
(8) the company's regional sales offices	
(9) analysis of advantages and disadvantages of the company's operation	
(10) analysis of investment, merger and restructuring of the company	
(11) analysis of the company's latest development trend	
8.2.3 Shandong Longxin New Building Materials Co., Ltd.	
(1) brief introduction of the company's development	
(2) analysis of the company's organizational structure	
(3) analysis of the company's product structure and new product developments	

- (4) analysis of the company's sales channels and network
  - (5) analysis of advantages and disadvantages of the company's operation
- 8.2.4 Hangzhou United Metaltek Industrial Holding Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's operation
  - (3) analysis of the company's organizational structure
  - (4) analysis of the company's product structure and new product developments
  - (5) analysis of the company's sales channels and network
  - (6) analysis of advantages and disadvantages of the company's operation
- 8.2.5 Knauf Plasterboard (Wuhu) Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's operation
  - (3) analysis of the company's product structure and new product developments
  - (4) analysis of the company's sales channels and network
  - (5) analysis of advantages and disadvantages of the company's operation
  - (6) analysis of the company's latest trend
- 8.2.6 Shenyang Jianbaoli New Building Materials Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's operation
  - (3) analysis of the company's product structure and new product developments
  - (4) analysis of the company's sales channels and network
  - (5) analysis of advantages and disadvantages of the company's operation
- 8.2.7 DuPont Surfaces (Guangzhou) Company Ltd.
