(10) failures of overseas M & A cases increase	
1.3.2 analysis of scale of investment of China's industrial acquisition	
1.3.3 analysis of structure of investment industry of China's industrial acquisition	
1.3.4 analysis of areas of investment of China's industrial acquisition	
1.3.5 development trends of investment of China's industrial acquisition	
(1) trends of market environment for mergers and acquisitions	
(2) trends of payment method for mergers and acquisitions	
(3) trends of strategic mergers and acquisitions	
(4) trends of private enterprises' M & A	
1.4 analysis of environment of China's entrepreneurship investment	
1.4.1 analysis of scale of China's entrepreneurship investment	
(1) scale of overall investment	
(2) scale of single investment	
1.4.2 analysis of China's entrepreneurship investment industry	
(1) distribution of industry cases	
(2) distribution of industry scale	

- 1.4.3 analysis of region of China's entrepreneurship investment
 - (1) distribution of industry cases
 - (2) distribution of investment amount
- 1.4.4 analysis of currency of China's entrepreneurship investment
- 1.4.5 prediction of China's entrepreneurship investment

Chapter 2: Analysis of investment environment and investment opportunity of China's hot industries

2.1 analysis of investment environment and investment opportunity of real estate industry

- 2.1.1 analysis of policy environment of real estate industry
 - (1) related policies of real estate market
 - (2) analysis of land control policies
 - (3) real estate tax policy
- 2.1.2 analysis of status quo of investment of real estate industry
 - (1) real estate climate index
 - (2) investment in real estate development
 - (3) real estate market supply
 - (4) real estate market sales
 - (5) analysis of real estate price trends
- 2.1.3 forecast of investment of real estate industry
 - (1) short-term outlook
 - (2) long-term outlook
- 2.1.4 search for investment opportunity of real estate industry
 - (1) city complex
 - (2) tourism real estate
- 2.1.5 anti-risk measures of real estate industry
 - (1) establish specialized risk management agencies
 - (2) create a project risk early warning system
 - (3) prepare a project risk early warning plan
- 2.1.6 Qianzhan's proposals for investment of real estate industry
 - (1) proposals for investment in first-tier cities
 - (2) proposals for investment in second-tier cities

2.2 analysis of investment environment and investment opportunity of Internet industry

- 2.2.1 analysis of policy environment of Internet industry
 - (1) Internet was included in the strategic emerging industries
 - (2) Internet legal system is further improved
 - (3) triple play entered a substantive stage of propulsion
 - (4) Internet policy guidelines are basically clear
- 2.2.2 analysis of status quo of investment of Internet industry
 - (1) status quo of development of Internet industry
 - (2) analysis of status quo of investment of Internet
- 2.2.3 analysis of development trends of Internet industry
 - (1) B2B evolves to whole-process e-commerce
 - (2) applications of Internet become focus of informatization
 - (3) huge potential of Internet banking services
- 2.2.4 analysis of barriers to enter Internet industry
- 2.2.5 search for investment opportunity of Internet industry
 - (1) 3G industry chain
 - (2) mobile phone industry chain
 - (3) mobile payment industrial chain
 - (4) mobile value-added service providers
- 2.2.6 prediction of investment of Internet industry
 - (1) forecast of market scale
 - (2) forecast of user scale
- 2.2.7 Qianzhan's proposals for investment of Internet industry
 - (1) focus on game industry chain
 - (2) focus on network marketing industry chain
 - (3) layout of mobile Internet
 - (4) focus on the development of new applications such as microblogging, group buying

- 2.3.1 analysis of policy environment of energy industry
 - (1) energy policy turns to economic incentives
 - (2) scope of private capital is broadened
 - (3) cancel the approval link for external cooperation
 - (4) interpretation of priorities of energy planning policy
- 2.3.2 analysis of status quo of investment of energy industry
 - (1) acceleration of approval of domestic energy project
 - (2) substantial growth in overseas investment acquisitions
- 2.3.3 analysis of development trends of energy industry
- 2.3.4 search for investment opportunity of energy industry
 - (1) energy resource development
 - (2) energy processing and conversion
 - (3) distributed energy
 - (4) energy equipment
- 2.3.5 forecast of demand for energy industry

2.4 analysis of investment environment and investment opportunity of automobile industry

- 2.4.1 analysis of policy environment of automobile industry
- 2.4.2 forecast of investment of automobile sales
 - (1) analysis of market scale of automobile sales
 - (2) analysis of development trends of automobile sales
 - (3) analysis of investment opportunity of automobile sales
- 2.4.3 forecast of investment of automobile finance
 - (1) analysis of risks of investment of automobile finance
 - (2) analysis of investment opportunity of automobile finance
 - (3) risk prevention strategies of automobile finance
 - (4) latest investment trends of automobile finance
 - (5) prediction of investment of automobile finance
 - (6) Qianzhan's proposals for investment of automobile finance
- 2.4.4 forecast of investment of second-hand vehicle
 - (1) analysis of market scale of second-hand vehicle
 - (2) analysis of barriers to enter second-hand vehicle
 - (3) analysis of investment opportunity of second-hand vehicle
 - (4) latest investment trends of second-hand vehicle
 - (5) prediction of investment of second-hand vehicle
- 2.4.5 forecast of investment of automotive electronics
 - (1) analysis of market scale of automotive electronics
 - (2) analysis of characteristics of development of automotive electronics
 - (3) analysis of development trends of automotive electronics
 - (4) prediction of investment of automotive electronics

Chapter 3: Analysis of investment environment and investment opportunity of China's manufacturing industry

3.1 analysis of investment environment and investment opportunity of food industry

- 3.1.1 analysis of policy environment of food industry
- 3.1.2 analysis of status quo of development of food industry
 - (1) scale of food industry is expanding
 - (2) food consumer price index fell significantly
 - (3) food manufacturers are "small, chaotic, scattered"
 - (4) food security has become the shackles of the industry
 - (5) integration of food manufacturing industry chain is more active
- 3.1.3 analysis of status quo of investment of food industry
 - (1) statistics of VC / PE investment
 - (2) statistics of IPO / M & A
- 3.1.4 search for investment opportunity of food industry
 - (1) snack food
 - (2) convenience food
 - (3) dairy food
- 3.1.5 Qianzhan's proposals for investment of food industry
 - (1) marketing channel is the key
 - (2) establish regional barriers

- (3) innovate channel model
- (4) planning market layout

3.2 analysis of investment environment and investment opportunity of pharmaceutical industry

3.2.1 analysis of policy environment of pharmaceutical industry

- (1) planning of restructuring of pharmaceutical industry
- (2) "Twelfth-five-year plan" of pharmaceutical industry
- (3) "Twelfth-five-year plan" of pharmaceutical distribution industry
- (4) "Twelfth-five-year plan" of medical technology development
- (5) "Twelfth-five-year plan" of national drug safety
- (6) planning of industrial restructuring and upgrading (2011-2015)

1) guidelines for application of newly added subjects in.....2012

3.2.2 analysis of status quo of investment of pharmaceutical industry

- (1) status quo of development of pharmaceutical industry
- (2) status quo of investment of pharmaceutical industry

3.2.3 analysis of development trends of pharmaceutical industry

- (1) market trends of pharmaceutical industry
- (2) product trends of pharmaceutical industry
- (3) technology trends of pharmaceutical industry

3.2.4 analysis of barriers to enter pharmaceutical industry

- (1) policy barrier
- (2) technical barrier
- (3) talent barrier
- (4) channel barrier
- (5) financial barrier

3.2.5 search for investment opportunity of pharmaceutical industry

- (1) select typical enterprises with industrial upgrading and transformation
- (2) select investment companies according to the sequence of benefit in health care reform

3.2.6 prediction of investment of pharmaceutical industry

3.2.7 Qianzhan's proposals for investment of pharmaceutical industry

- (1) increase of drug R & D investment
- (2) increase efforts to optimize product portfolio
- (3) increase efforts in innovation of generic market
- (4) do market research , avoid serious assimilation

3.3 analysis of investment environment and investment opportunity of equipment manufacturing industry

3.3.1 analysis of policy environment of equipment manufacturing industry

3.3.2 analysis of investment environment of aviation equipment manufacturing industry

- (1) large investment fund
- (2) vast sales space
- (3) outlook for key areas

3.3.3 analysis of investment environment of marine equipment manufacturing industry

- (1) the global market scale reaches nearly hundreds of billions
- (2) China' s ship building and repairing companies are key
- (3) forecast of marine market capacity

3.3.4 intelligent manufacturing equipment industry analysis of investment environment of

- (1) growth of market scale accelerates
- (2) demand growth of over 20%

3.3.5 analysis of status quo of investment of equipment manufacturing industry

- (1) analysis of VC / PE investment
- (2) analysis of M & A / IPO

3.3.6 search for investment opportunity of equipment manufacturing industry

- (1) industrial robot
- (2) intelligent security system
- (3) parts of large aircraft

3.4 analysis of investment environment and investment opportunity of furniture manufacturing industry

3.4.1 analysis of status quo of development of furniture manufacturing industry

- (1) growth of scale of furniture manufacturing industry is slowing
- (2) distinct regional characteristics of furniture manufacturing industry

- (3) furniture sales changes from export sales to domestic sales
- (4) furniture products reflect modern life
- (5) furniture products still are wood-based
- (6) furniture manufacturing industry is facing difficulties
- 3.4.2 analysis of status quo of investment of furniture manufacturing industry
 - (1) analysis of mergers and acquisitions of furniture manufacturing industry
 - (2) analysis of IPO of furniture manufacturing industry
- 3.4.3 analysis of development trends of furniture manufacturing industry
 - (1) furniture collocation highlights cultural taste
 - (2) furniture for small apartments of affordable housing will be popular
 - (3) furniture with concept of new environmental protection
 - (4) customerized furniture is popular
- 3.4.4 analysis of barriers to enter furniture manufacturing industry
 - (1) design and development capabilities
 - (2) brand awareness
 - (3) capability to build channels
 - (4) management capability
- 3.4.5 search for investment opportunity of furniture manufacturing industry
 - (1) children's furniture
 - (2) outdoor furniture
- 3.4.6 Qianzhan's proposals for investment of furniture manufacturing industry
 - (1) differentiated design highlights brand characteristics
 - (2) strategy of diversification of product-terminal channel
 - (3) shift towards effective concentration
- 3.5 analysis of investment environment and investment opportunity of textile manufacturing industry**
 - 3.5.1 analysis of status quo of development of textile manufacturing industry
 - (1) market growth slowed, profit margins are sharply shrinking
 - (2) times of cheap is gone, upgrade is irreversible
 - (3) warp knitting is thriving, quality brands have still gaps
 - 3.5.2 analysis of status quo of investment of textile manufacturing industry
 - (1) analysis of VC / PE investment
 - (2) analysis of M & A / IPO
 - 3.5.3 analysis of development trends of textile manufacturing industry
 - 3.5.4 search for investment opportunity of textile manufacturing industry
 - (1) textile industry
 - (2) industrial supplies

Chapter 4: Analysis of investment environment and investment opportunity of China's service industry

- 4.1 analysis of investment environment and investment opportunity of financial leasing industry**
 - 4.1.1 analysis of policy environment of financial leasing industry
 - (1) legal environment of financial leasing industry
 - (2) tax environment of financial leasing industry
 - (3) analysis of the tenth batch of pilot enterprises of financial leasing
 - (4) "Twelfth-five-year plan" of financial leasing industry
 - 4.1.2 analysis of status quo of development of financial leasing industry
 - (1) development course of financial leasing industry
 - (2) status quo of development of financial leasing agency
 - (3) status quo of development of financial leasing market
 - 4.1.3 analysis of development trends of financial leasing industry
 - (1) expansion trends of financial leasing enterprise
 - (2) expansion trends of domestic leasing enterprise
 - (3) expansion trends of foreign leasing enterprise
 - (4) innovation trends of financial leasing industry
 - 4.1.4 analysis of barriers to enter financial leasing industry
 - (1) barrier of financial strength
 - (2) barrier of business qualification
 - (3) barrier of human resources
 - 4.1.5 search for investment opportunity of financial leasing industry
 - (1) development opportunities for bank-affiliated leasing company

- (2) development opportunities for enterprise -affiliated leasing company
- (3) development opportunities for independent third party leasing company
- 4.1.6 forecast of investment of financial leasing industry
 - (1) forecast of business scale of financial leasing industry
 - (2) forecast of market penetration of financial leasing industry
 - (3) forecast of capacity of subdivided markets of financial leasing industry
- 4.1.7 Qianzhan's proposals for investment of financial leasing industry
- 4.2 analysis of investment environment and investment opportunity of education service industry**
 - 4.2.1 analysis of policy environment of education service industry
 - 4.2.2 analysis of status quo of investment of education service industry
 - (1) status quo of development of education service industry
 - (2) analysis of status quo of investment of education service industry
 - 4.2.3 analysis of development trends of education service industry
 - (1) diversification operation
 - (2) large-scale integration
 - 4.2.4 analysis of barriers to enter education service industry
 - 4.2.5 search for investment opportunity of education service industry
 - (1) early education market
 - (2) supplementary market
 - (3) vocational training
 - (4) private school
 - (5) online education
 - 4.2.6 analysis of investment trends of education service industry
 - (1) risk of investment of education service industry
 - (2) trends of investment of education service industry
 - 4.2.7 Qianzhan's proposals for investment of education service industry
- 4.3 analysis of investment environment and investment opportunity of media industry**
 - 4.3.1 analysis of policy environment of media industry
 - 4.3.2 analysis of status quo of investment of media industry
 - (1) status quo of development of media industry
 - (2) status quo of investment of media industry
 - 4.3.3 analysis of development trends of media industry
 - (1) media industry into Matthew effect , the strong gets stronger
