

China Coal Water Slurry Industry Prospects and Investment Forecast Report, 2013–2017

目 录

CONTENTS

Chapter 1: Analysis of China CWS industry environment

1.1 definition and characteristics of CWS

- 1.1.1 definition of CWS
- 1.1.2 classification of CWS products
- 1.1.3 features of CWS
- 1.1.4 the research description in this report

1.2 analysis of CWS industry economic environment

- 1.2.1 macroeconomic environment
 - (1) macroeconomic situation
 - (2) macroeconomic forecasts
- 1.2.2 analysis of the impact of economic environmental changes on the industry

1.3 CWS industry policy environment analysis

- 1.3.1 CWS industry standards
- 1.3.2 CWS industry-related policies
- 1.3.3 CWS industry-related planning

1.4 analysis of CWS industry social environment

Chapter 2: Analysis of China CWS industry chain related markets

2.1 Introduction of Chinese CWS industry chain

2.2 analysis of China CWS upstream raw material market

- 2.2.1 analysis of the coal industry market
 - (1) analysis of the coal supply and demand balance
 - 1) analysis of coal production
 - 2) analysis of coal import and export
 - 3) analysis of coal consumption
 - 4) analysis of coal supply and demand balance
 - (2) analysis of the coal price trend
 - 1) analysis of unification of price reform of coal and electricity
 - 2) analysis of the main coal price trend
 - (3) analysis of the operation of the coal industry
 - 1) operating efficiency
 - 2) profitability capacity
 - 3) operations capacity
 - 4) solvency capacity
 - 5) development capacity
 - (4) analysis of the coal industry development trend

2.2.2 Introduction of CWS additives

- (1) the domestic coal-water slurry additives
 - 1) description of dispersants
 - 2) introduction of stabilizers
 - 3) introduction of other auxiliary additives
- (2) analysis of the foreign additives market

2.3 analysis of CWS downstream market in China

- 2.3.1 development status and prospects of metallurgical industry
- 2.3.2 development status and prospects of paper industry
- 2.3.3 development status and prospects of ceramic industry
- 2.3.4 development status and prospects of chemical industry
- 2.3.5 development status and prospects of textile industry
- 2.3.6 development status and prospects of power industry

Chapter 3: Analysis of development situation of CWS industry in China

3.1 background of CWS industry

- 3.1.1 China energy demand continues to increase
- 3.1.2 energy structure of rich coal and insufficient oil
- 3.1.3 environmental protection constraints on fuel
- 3.1.4 the national energy supply security

3.2 analysis of CWS industry market

- 3.2.1 analysis of market supply CWS
 - (1) analysis of CWS production capacity
 - (2) analysis of CWS supply mode
- 3.2.2 analysis of CWS market demand
- 3.2.3 analysis of CWS price trend

3.3 analysis of production costs and economic benefits of CWS industry

- 3.3.1 analysis of production cost of CWS
- 3.3.2 CWS production cost reduction strategy
 - (1) more breaking less grinding, to lower size of material into the mill
 - (2) separate grades at any time, separate fine particles in time
 - (3) with a reasonable level of grading and improve the efficiency of accumulation
 - (4) timely stir, reduce power consumption of slurry storage
- 3.3.3 analysis of CWS production efficiency
 - (1) analysis of economic benefits
 - (2) analysis of environmental benefits

3.4 Analysis of CWS industry competition

- 3.4.1 analysis of existing competitors in CWS industry
- 3.4.2 analysis of the bargaining power of the upstream industry of CWS
- 3.4.3 analysis of the bargaining power of the downstream industry of CWS
- 3.4.4 analysis of threats of CWS industry new entrants
- 3.4.5 analysis of threats of alternatives of CWS sector

3.5 analysis of CWS transportation market in China

- 3.5.1 analysis of coal slurry pipeline transport market
- 3.5.2 analysis of CWS rail transport market
- 3.5.3 analysis of CWS motor transport market
- 3.5.4 analysis of CWS shipping market

Chapter 4: Development of China CWS technology

4.1 analysis of preparation process of coal slurry

- 4.1.1 analysis of coal-water slurry preparation process
 - (1) coal selection
 - (2) crushing grinding
 - (3) mixing
 - (4) the filter processing
- 4.1.2 analysis of preparation methods of CWS
 - (1) dry pulping process
 - (2) wet pulping process
 - (3) mixing pulping process
- 4.1.3 analysis of preparation equipment market of CWS
 - (1) analysis of crusher market
 - (2) analysis of mill market
 - (3) analysis of slurry filter market
- 4.1.4 analysis of pollution emission of preparation of CWS
 - (1) analysis of SO₂ emissions
 - (2) analysis of NO_x emissions
 - (3) analysis of fly ash emissions

4.2 analysis of technology development situation of CWS

- 4.2.1 analysis of domestic technological development status of CWS
 - (1) analysis of status quo of CWS technology development abroad
 - (2) analysis of status quo of the domestic CWS technology development
- 4.2.2 technical problems in the development of CWS
- 4.2.3 proposals for technical development of the CWS

4.3 analysis of CWS technology trends

- 4.3.1 analysis of technological breakthroughs of CWS

4.3.2 analysis of CWS technology trends

Chapter 5: Analysis of application market of China CWS industry**5.1 analysis of CWS application situation**

5.1.1 analysis of application market of CWS

5.1.2 analysis of CWS application benefits

5.2 analysis of utility market of CWS boilers

5.2.1 analysis of utility situation of CWS boilers

5.2.2 analysis of prospects of CWS boiler power station

5.2.3 analysis of enterprises using CWS boilers

(1) Huaneng Zibo Baiyanghe Power Generation Co., Ltd.,

1) overview of the company's development history

2) overview of the company's operation

3) analysis of the company's CWS application situation

4) contact information of the company

(2) Guangdong Maoming Thermal Power Plant

1) overview of the company's development history

2) overview of the company's operation.

3) analysis of the company's CWS application situation

4) contact information of the company

(3) Beijing Yanshan Petrochemical Power Plant

1) overview of the company's development history

2) overview of the company's operation

3) analysis of the company's CWS application situation

4) contact information of the company

(4) Shantou Matthey Cogeneration Co., Ltd.

1) overview of the company's development history

2) overview of the company's operation

3) analysis of the company's CWS application situation

4) contact information of the company

(5) Foshan Nanhai Power Plant

1) overview of the company's development history

2) overview of the company's operation

3) analysis of the company's CWS application situation

4) contact information of the company

5.3 analysis of CWS boiler application market

5.3.1 analysis of status quo of CWS boiler application

5.3.2 analysis of prospects of CWS boiler application

5.3.3 analysis of enterprises of CWS boiler application

(1) China Petroleum & Chemical Corporation, Shengli Oilfield Branch

1) overview of the company's development history

2) overview of the company's operation

3) analysis of the company's development planning

4) analysis of the company's CWS application situation

5) contact information of the company

(2) Beijing First Paper Plant

1) overview of the company's development history

2) overview of the company's operation

3) analysis of the company's CWS application situation

4) contact information of the company

(3) Shandong Bayi Coal Co., Ltd. of Zaokuang Coal Mining Group

1) overview of the company's development history

2) overview of the company's operation

3) analysis of the company's development planning

4) analysis of the company's CWS application situation

5) contact information of the company

(4) Beijing Guanghai Textile Group Co., Ltd.

1) overview of the company's development history

2) overview of the company's operation

3) analysis of the company's CWS application situation

- 4) contact information of the company
- (5) China Petroleum & Chemical Corporation Zhongyuan Oilfield Branch
 - 1) overview of the company' s development history
 - 2) overview of the company' s operation
 - 3) analysis of the company' s CWS application situation
 - 4) contact information of the company

5.4 analysis of CWS furnace application market

- 5.4.1 analysis of status quo of CWS furnace application
- 5.4.2 analysis of prospects of CWS furnace application
- 5.4.3 Analysis of enterprises of CWS furnace application
 - (1) Jinan Iron and Steel Group Co., Ltd.
 - 1) overview of the company' s development history
 - 2) overview of the company' s operation
 - 3) contact information of the company
 - (2) Pingxiang float glass Co., Ltd.
 - 1) overview of the company' s development history
 - 2) overview of the company' s operation
 - 3) analysis of the company' s CWS application situation
 - 4) contact information of the company

5.5 analysis of benefits of CWS boiler application market

- 5.5.1 analysis of social benefits of CWS boiler application
- 5.5.2 analysis of economic benefits of CWS boiler application
- 5.5.3 analysis of environmental benefits of CWS boiler application

5.6 analysis of CWS gasification technology application market

- 5.6.1 analysis of status quo of CWS gasification technology application
- 5.6.2 analysis of prospects of CWS gasification technology application
- 5.6.3 analysis of enterprises of CWS gasification technology application
 - (1) Yankuang Lunan Fertilizer Plant
 - 1) overview of the company' s development history
 - 2) overview of the company' s operation
 - 3) analysis of the company' s CWS application situation
 - 4) contact information of the company
 - (2) Shaanxi Weihe Coal Chemical Industry Group Co., Ltd.
 - 1) overview of the company' s development history
 - 2) overview of the company' s operation
 - 3) analysis of the company' s CWS application situation
 - 4) contact information of the company
 - (3) Anhui Huainan Chemical Group Co., Ltd.
 - 1) overview of the company' s development history
 - 2) overview of the company' s operation
 - 3) analysis of the company' s CWS application situation
 - 4) contact information of the company

Chapter 6: Analysis of key regions of China CWS industry development

6.1 analysis of CWS industry development in Shandong

- 6.1.1 overview of CWS industry development
 - (1) analysis of CWS industry development status
 - (2) analysis of main producers of CWS industry
- 6.1.2 analysis of competition of CWS industry
- 6.1.3 analysis of development strategy of CWS industry
- 6.1.4 analysis of development direction of CWS industry
- 6.1.5 analysis of development prospect of CWS industry
