

China Urban Park Planning and Construction Industry Market Research and Investment Prospects Forecast Report

目 录

CONTENTS

Chapter 1: Development Overview of China Urban Park Planning and Construction Industry

1.1 Definition of Urban Park Planning and Construction Industry

- 1.1.1 Definition and Classification of Urban Park
- 1.1.2 Definition of Urban Park Planning and Construction Industry

1.2 Role of Urban Park Planning and Construction Industry

1.3 Entry Barriers of China Urban Park Planning and Construction Industry

- 1.3.1 Capital Strength Barrier
- 1.3.2 Experience Barrier
- 1.3.3 Qualification Barrier
- 1.3.4 Human Resource Barrier
- 1.3.5 Technological Capability Barrier

1.4 Optimization of Internal Management for Urban Park Planning and Construction

- 1.4.1 Analysis of Cost Management of Urban Park Construction
 - (1) Cost Control Principles of Urban Park Construction
 - (2) Cost Control Before Urban Park Construction
 - (3) Cost Control in the Progress of Urban Park Construction
 - (4) Cost Control in the Completion of Urban Park Construction
- 1.4.2 Analysis of Project Management Modes for Urban Park Construction
 - (1) Analysis of Project Management Mode for Urban Park Construction
 - (2) Analysis of PEC Project Management Mode for Urban Park Construction
 - (3) Analysis of PMC Project Management Mode for Urban Park Construction

Chapter 2: Analysis of Development Environment of Urban Park Planning and Construction Industry

2.1 Analysis of Policy Environment of Urban Park Planning and Construction Industry

- 2.1.1 Explanation of Laws and Regulations Related to the Industry
 - (1) Explanation of Design Specifications for Urban Park
 - (2) Rules and Regulations for Construction Design Bidding
 - (3) Explanation of Other Laws and Regulations
- 2.1.2 Explanation of Industry Management System

2.2 Analysis of Economic Environment of Urban Park Planning and Construction Industry

- 2.2.1 Analysis of Correlation between Industry and Economic Development
- 2.2.2 Analysis of China Macro-economic Development Status
 - (1) Analysis of China's GDP
 - (2) Analysis of Industrial Growth
 - (3) Analysis of CPI
 - (4) Analysis of Total Investment in Fixed Assets
- 2.2.3 Prospects Forecast for China Macro-economic Development

2.3 Analysis of Social Environment of Urban Park Planning and Construction Industry

- 2.3.1 Analysis of China's Urbanization
 - (1) Analysis of Correlation between Industry and Urbanization Progress
 - (2) Analysis of China's Urbanization Status
 - (3) China's Urbanization Progress Planning
 - (4) Prospects for China's Urbanization Trend
- 2.3.2 Analysis of China's Population
 - (1) Analysis of Social Structure
 - (2) Analysis of Age Structure of Population
- 2.3.3 Analysis of China Consumption Environment
 - (1) Analysis of Resident's Income Level
 - (2) Analysis of Household Consumption Level

(3) Analysis of Resident's Tourism Consumption

Chapter 3: Development Analysis of Foreign and Domestic Urban Park Planning and Construction

3.1 Development Overview of International Urban Park Planning and Construction

- 3.1.1 Development History of International Urban Park Planning and Construction
- 3.1.2 Development Analysis of UK Urban Park Planning and Construction
- 3.1.3 Development Analysis of Japan Urban Park Planning and Construction
- 3.1.4 Development Analysis of US Urban Park Planning and Construction
- 3.1.5 Development Analysis of Australia Urban Park Planning and Construction

3.2 Development Overview of China Urban Park Planning and Construction

- 3.2.1 Development History of China Urban Park Planning and Construction
- 3.2.2 Development Status of China Urban Park Planning and Construction
- 3.2.3 Analysis of Landscape Design in the Planning of China Urban Park
 - (1) Planning and Design Principles for Landscape in Urban Park
 - (2) Constitution Elements of Landscape in Urban Park
 - (3) Design of Topography in Urban Park
 - (4) Design of Buildings in Urban Park
 - (5) Design of Plants in Urban Park
 - (6) Planning and Design Method for Improving Park's Quality

Chapter 4: Analysis of Market Segmentation of China Urban Park Planning and Construction Industry

4.1 Analysis of Comprehensive Park Planning and Construction Market

- 4.1.1 Development Status of Comprehensive Park Planning and Construction
 - (1) Comprehensive Park Planning and Construction Status
 - (2) Market Capacity of Comprehensive Park Planning and Construction
 - (3) Analysis of Major Projects in Comprehensive Park Planning and Construction
- 4.1.2 Features Analysis of Comprehensive Park
 - (1) Value Positioning of Comprehensive Park
 - (2) Forms of Comprehensive Park Planning and Layout
 - (3) Green Design of Comprehensive Parks
- 4.1.3 Analysis of Comprehensive Park Planning and Construction Trend

4.2 Analysis of Theme Park Planning and Construction

- 4.2.1 Features Analysis of Theme Park
- 4.2.2 Theme Park Planning and Construction Status
- 4.2.3 Analysis of Theme Park Operational Status
- 4.2.4 Key Factor of Theme Park Planning and Design
 - (1) Right Theme Positioning
 - (2) Appropriate Selection of Park Site
 - (3) Distinct Theme
- 4.2.5 Analysis of Design Elements of Various Theme Parks
 - (1) Design Elements of Culture-oriented Theme Park
 - (2) Design Elements of Amusement-oriented Theme Park
 - (3) Design Elements of Tourism-oriented Theme Park
 - (4) Design Elements of Scene Stimulation-oriented Theme Park
- 4.2.6 Analysis of Key Projects in the Belt-shaped Park Planning and Construction

4.3 Analysis of Belt-shaped Park Planning and Construction Market

- 4.3.1 Development Status of Belt-shaped Park Planning and Construction
 - (1) Belt-shaped Park Planning and Construction Status
 - (2) Market Capacity of Belt-shaped Park Planning and Construction
 - (3) Analysis of Key Projects in Belt-shaped Park Planning and Construction
- 4.3.2 Features Analysis of Belt-shaped Park
 - (1) Value Positioning of Belt-shaped Park
 - (2) Formation of Belt-shaped Park Planning and Layout
 - (3) Analysis of Belt-shaped Park Planning and Construction Trend
- 4.3.3 Analysis of Belt-shaped Park Planning and Construction Trend

4.4 Analysis of Urban Wetland Park Planning and Construction Market

- 4.4.1 Development Status of Urban Wetland Park Planning and Construction
 - (1) Urban Wetland Park Planning and Construction Status
 - (2) Market Capacity of Urban Wetland Park Planning and Construction

- (3) Analysis of Key Projects in Urban Wetland Park Planning and Construction
- (4) Analysis of Construction Modes of Urban Wetland Park
- 4.4.2 Features Analysis of Urban Wetland Park
 - (1) Value Positioning of Urban Wetland Park
 - (2) Analysis of Urban Wetland Park Consumption Groups
 - (3) Forms of Urban Wetland Park Planning and Layout
 - (4) Green Design of Urban Wetland Park
- 4.4.3 Development Trend for Urban Wetland Park Planning and Construction
- 4.5 Analysis of Zoo Planning and Construction Market**
 - 4.5.1 Development Status of Zoo Planning and Construction
 - (1) Zoo Planning and Construction Status
 - (2) Market Capacity of Zoo Planning and Construction
 - (3) Analysis of Zoo Planning and Construction Projects
 - 4.5.2 Features Analysis of Zoo
 - (1) Value Positioning of Zoo
 - (2) Analysis of Zoo Consumption Group
 - (3) Forms of Zoo Planning and Layout
 - (4) Green Design of Zoo
 - 4.5.3 Operation Analysis of Zoo
 - (1) Operation of Zoo
 - (2) Charges Comparison among Zoos
 - 4.5.4 Analysis of Typical Zoos Planning and Construction
 - (1) Analysis of Xingtai Zoo Planning and Construction
 - (2) Analysis of Guangzhou Zoo Planning and Construction
 - (3) Analysis of Dalian Zoo Planning and Construction
 - 4.5.5 Analysis of Zoo Planning and Construction Trend
- 4.6 Analysis of Botanical Garden Planning and Construction Market**
 - 4.6.1 Development Status of Botanical Garden Planning and Construction
 - (1) Botanical Garden Planning and Construction Status
 - (2) Market Capacity of Botanical Garden Planning and Construction
 - (3) Analysis of Key Projects in Botanical Garden Planning and Construction
 - 4.6.2 Features Analysis of Botanical Garden
 - (1) Value Positioning of Botanical Garden
 - (2) Analysis of Site Selection of Botanical Garden
 - (3) Analysis of Natural Conditions Selection of Botanical Garden
 - (4) Forms of Botanical Garden Planning and Layout
 - 4.6.3 Operation Analysis of Botanical Garden
 - (1) Operation Analysis of Botanical Garden
 - (2) Charges Comparison among Botanical Gardens
 - 4.6.4 Analysis of Typical Botanical Gardens Planning and Construction
 - (1) Analysis of Beijing Botanical Garden Planning and Construction
 - (2) Analysis of Qinghuangdao Botanical Garden Planning and Construction
 - (3) Analysis of Shijiazhuang Botanical Garden Planning and Construction
 - (4) Analysis of Shunde Botanical Garden Planning and Construction
 - 4.6.5 Development Trend for Botanical Garden Planning and Construction
- 4.7 Analysis of Children's Park Planning and Construction Market**
 - 4.7.1 Children's Park Planning and Construction Status
 - (1) Overview of Children's Park Planning and Construction
 - (2) Key Projects in Children's Park Planning and Construction
 - 4.7.2 Features Analysis of Children's Park
 - (1) Value Positioning of Children's Park
 - (2) Analysis of Children's Park Consumption Group
 - (3) Forms of Children's Park Planning and Layout
 - (4) Green Design of Children's Park
 - 4.7.3 Operation Analysis of Children's Park
 - 4.7.4 Analysis of Typical Children's Parks Planning and Construction
 - (1) Analysis of Children's Park of Shanghai Chenshan Botanical Garden Planning and Construction
 - (2) Analysis of Shenzhen Children's Park Planning and Construction
 - 4.7.5 Development Trend for Children's Park Planning and Construction

4.8 Analysis of Sports Park Planning and Construction Market

4.8.1 Sports Park Planning and Construction Status

- (1) Overview of Sports Park Planning and Construction
- (2) Key Projects in Sports Park Planning and Construction
- (3) Market Capacity of Sports Park Planning and Construction

4.8.2 Features Analysis of Sports Park

- (1) Value Positioning of Sports Park
- (2) Analysis of Sports Park Consumption Group
- (3) Forms of Sports Park Planning and Layout
- (4) Green Design of Sports Park

4.8.3 Operation Analysis of Sports Park

- (1) Operation Situation of Sports Park
- (2) Charges Situation of Sports Park

4.8.4 Analysis of Typical Sports Parks Planning and Construction

- (1) Analysis of Sports Park Planning and Construction in Tongzhou District, Beijing
- (2) Analysis of Sports Park Planning and Construction in Minghang District, Shanghai
- (3) Analysis of Sports Park Planning and Construction in Futian District, Shenzhen

4.8.5 Development Trend for Sports Park Planning and Construction

Chapter 5: Development Analysis of Urban Park Planning and Construction in China's Key Regions

5.1 Development Analysis of Urban Park Planning and Construction Industry in Beijing

5.1.1 Beijing Overall Urban Planning

- (1) Development Goal of Beijing
- (2) Development Scale of Beijing
- (3) Analysis of Beijing New Town Development
- (4) Analysis of Adjustment and Optimization of the Center of Beijing City

5.1.2 Beijing Urban Park Planning and Construction

5.1.3 Beijing Urban Park Planning and Construction Size

5.1.4 Demand Analysis of Beijing Urban Park Planning and Construction

- (1) Analysis of Operation of Beijing Tourism Industry
- (2) Analysis of Customer Source Structure of Beijing Tourism Industry
- (3) Analysis of Customer Preference of Beijing Urban Park

5.1.5 Development Prospects for Beijing Urban Park Planning and Construction Industry

5.2 Development Analysis of Urban Park Planning and Construction Industry in Shanghai

5.2.1 Shanghai Overall Urban Planning

- (1) Development Goal of Shanghai
- (2) Development Scale of Shanghai
- (3) Development Directions for Shanghai
- (4) Shanghai Environmental Landscape Planning
- (5) Shanghai Urban Spatial Landscape Construction

5.2.2 Shanghai Urban Park Planning and Construction

5.2.3 Shanghai Urban Park Planning and Construction Size

5.2.4 Demand Analysis of Shanghai Urban Park Planning and Construction

- (1) Analysis of Operation of Shanghai Tourism Industry
- (2) Analysis of Customer Source Structure of Shanghai Tourism Industry
- (3) Analysis of Customer Preference of Shanghai Urban Park
- (4) Operation Analysis of Major Urban Parks in Shanghai

5.2.5 Development Prospects for Shanghai Urban Park Planning and Construction Industry

5.3 Development Analysis of Urban Park Planning and Construction Industry in Shenzhen

5.3.1 Shenzhen Overall Urban Planning

- (1) Development Goal of Shenzhen
- (2) Development Scale of Shenzhen
- (3) Development Directions for Shenzhen
- (4) Shenzhen Environmental Landscape Planning

5.3.2 Shenzhen Urban Park Planning and Construction

5.3.3 Shenzhen Urban Park Planning and Construction Size

5.3.4 Demand Analysis of Shenzhen Urban Park Planning and Construction

- (1) Analysis of Operation of Shenzhen Tourism Industry
- (2) Analysis of Customer Source Structure of Shenzhen Tourism Industry

- (3) Analysis of Customer Preference of Shenzhen Urban Park
- (4) Operation Analysis of Major Urban Parks in Shenzhen
- 5.3.5 Development Prospects for Shenzhen Urban Park Planning and Construction Industry
- 5.4 Development Analysis of Urban Park Planning and Construction Industry in Guangzhou**
- 5.4.1 Guangzhou Overall Urban Planning
 - (1) Development Goal of Guangzhou
 - (2) Development Scale of Guangzhou
- 5.4.2 Guangzhou Urban Park Planning and Construction
- 5.4.3 Guangzhou Urban Park Planning and Construction Size
- 5.4.4 Demand Analysis of Guangzhou Urban Park Planning and Construction
 - (1) Analysis of Operation of Guangzhou Tourism Industry
 - (2) Analysis of Customer Source Structure of Guangzhou Tourism Industry
 - (3) Analysis of Customer Preference of Guangzhou Urban Park
 - (4) Operation Analysis of Major Urban Parks in Guangzhou
- 5.4.5 Development Prospects for Guangzhou Urban Park Planning and Construction Industry
- 5.5 Development Analysis of Urban Park Planning and Construction Industry in Wuhan**
- 5.5.1 Wuhan Overall Urban Planning
 - (1) Development Goal of Wuhan
 - (2) Development Scale of Wuhan
 - (3) Overall Layout of the Center of Wuhan City
 - (4) Wuhan Environmental Landscape Planning
- 5.5.2 Wuhan Urban Park Planning and Construction
- 5.5.3 Wuhan Urban Park Planning and Construction Size
- 5.5.4 Demand Analysis of Wuhan Urban Park Planning and Construction
 - (1) Analysis of Operation of Wuhan Tourism Industry
 - (2) Analysis of Customer Source Structure of Wuhan Tourism Industry
 - (3) Analysis of Customer Preference of Wuhan Urban Park
 - (4) Operation Analysis of Major Urban Parks in Wuhan
- 5.5.5 Development Prospects for Wuhan Urban Park Planning and Construction Industry
- 5.6 Development Analysis of Urban Park Planning and Construction Industry in Chongqing**
- 5.6.1 Chongqing Overall Urban Planning
 - (1) Development Goal of Chongqing
 - (2) Development Scale of Chongqing
- 5.6.2 Chongqing Urban Park Planning and Construction
- 5.6.3 Chongqing Urban Park Planning and Construction Size
- 5.6.4 Demand Analysis of Chongqing Urban Park Planning and Construction
 - (1) Analysis of Operation of Chongqing Tourism Industry
 - (2) Analysis of Customer Source Structure of Chongqing Tourism Industry
 - (3) Analysis of Customer Preference of Chongqing Urban Park
 - (4) Operation Analysis of Major Urban Parks in Chongqing
- 5.6.5 Development Prospects for Chongqing Urban Park Planning and Construction Industry
- 5.7 Development Analysis of Urban Park Planning and Construction Industry in Shijiazhuang**
- 5.7.1 Shijiazhuang Overall Urban Planning
 - (1) Development Goal of Shijiazhuang
 - (2) Development Scale of Shijiazhuang
 - (3) Shijiazhuang Environmental Landscape Planning
- 5.7.2 Shijiazhuang Urban Park Planning and Construction
- 5.7.3 Shijiazhuang Urban Park Planning and Construction Size
- 5.7.4 Demand Analysis of Shijiazhuang Urban Park Planning and Construction
 - (1) Analysis of Operation of Shijiazhuang Tourism Industry
 - (2) Analysis of Customer Source Structure of Shijiazhuang Tourism Industry
 - (3) Analysis of Customer Preference of Shijiazhuang Urban Park
 - (4) Operation Analysis of Major Urban Parks in Shijiazhuang
- 5.7.5 Development Prospects for Shijiazhuang Urban Park Planning and Construction Industry
- 5.8 Development Analysis of Urban Park Planning and Construction Industry in Changsha**
- 5.8.1 Changsha Overall Urban Planning
- 5.8.2 Changsha Urban Park Planning and Construction
- 5.8.3 Changsha Urban Park Planning and Construction Size
- 5.8.4 Demand Analysis of Changsha Urban Park Planning and Construction

- (1) Analysis of Operation of Changsha Tourism Industry
- (2) Analysis of Customer Source Structure of Changsha Tourism Industry
- (3) Analysis of Customer Preference of Changsha Urban Park
- (4) Operation Analysis of Major Urban Parks in Changsha

5.8.5 Development Prospects for Changsha Urban Park Planning and Construction Industry

Chapter 6: Development Analysis of China Urban Park Planning and Construction Enterprises

6.1 Overall Development Conditions of Enterprises in the Industry

- 6.1.1 Analysis of Development Directions for Enterprises in the Industry
 - (1) Analysis of Development Directions for Planning and Design Enterprises
 - (2) Analysis of Development Directions for Construction Enterprises
 - (3) Analysis of Integration Trend for Planning and Construction

6.2 Case Study of Leading Enterprises in China Urban Park Planning and Construction Industry

- 6.2.1 Analysis of Hangzhou Landscape Architecture Design Institute Co., Ltd.
 - (1) Analysis of Enterprise Development Scale
 - (2) Analysis of Enterprise Marketing Networks
 - (3) Analysis of Enterprise Main Business
 - (4) Introduction to Enterprise Qualification Level
 - (5) Introduction to Received Honors and Glories
 - (6) Introduction to Enterprise Engineering Performance
 - (7) Park Design Projects of Enterprise
 - (8) Analysis of Enterprise Advantages and Disadvantages
 - (9) Enterprise Latest Development Trend
- 6.2.2 Analysis of Anhui Chundi Guolin Landscape Construction Co., Ltd.
 - (1) Analysis of Enterprise Development Scale
 - (2) Analysis of Enterprise Organization Structure
