

# China Women and Children's Hospital Industry Indepth Research and Investment Strategy Report, 2013-2017

## 目 录

### CONTENTS

#### Chapter 1: Development Background of China Women and Children's Hospital Industry

##### 1.1 Research Background of Women and Children's Hospital Industry

- 1.1.1 Research Background of the Industry
- 1.1.2 Research Significance of the Industry
- 1.1.3 Definition of the Industry and Research Range
- 1.1.4 Analysis of the Industrial Chain

##### 1.2 Policy Environment of Women and Children's Hospital Industry

- 1.2.1 Regulatory Regime of the Industry
- 1.2.2 Relevant Policies to Women and Children's Health
  - (1) Development Outline on Chinese Women (2011-2020)
  - (2) Development Outline on Chinese Children (2011-2020)
  - (3) Basic Law Guarantee on Women and Children's Health
  - (4) Social Guarantee System of Women
  - (5) Medical Guarantee System of Children
  - (6) Significant State Public Health Service Projects
- 1.2.3 Important Policies on Medical Healthcare
  - (1) CPC Central Committee and State Council's Opinion on Deepening Medical and Healthy System Reform

Reform

- (2) Current Significant Implement Schemes on Medical and Healthy System Reform (2009-2011)
- (3) Opinion on Reforming Medicine and Medical Service's Price to Form the System
- (4) Drug Category on State's Basic Medical Insurance, Occupational Insurance and Maternity Insurance (2009 Edit)

Insurance (2009 Edit)

- (5) Guidance on Reform Pilot of Public Hospital
- (6) Major Arrangements on Five Significant Reforms of Medical and Healthy System in.....2011

##### 1.3 Economic Environment of Women and Children's Hospital Industry

- 1.3.1 China Macro Economic Status
  - (1) China GDP Growth
  - (2) Residents' Per-capita GDP Growth
  - (3) Residents' Income Growth
  - (4) Residents' Consumption Expenditure
  - (5) Residents' Consumption Structure
- 1.3.2 Prospects of China Macro Economy

##### 1.4 Social Environment of Women and Children's Hospital Industry

- 1.4.1 Population Growth
- 1.4.2 Change of Population Structure
  - (1) Aging Trend of the Population
  - (2) Process of Urbanization
- 1.4.3 Change of Disease Spectrum
- 1.4.4 Change of Healthy Concept

#### Chapter 2: Development Status and Competition of China Women and Children's Hospital Industry

##### 2.1 Development of China Women and Children's Hospital Industry

- 2.1.1 Development Process of China Women and Children's Hospital Industry
- 2.1.2 Development Status of China Women and Children's Hospital Industry
- 2.1.3 Development Scale of China Women and Children's Hospital Industry
  - (1) Quantity Statistics of Women and Children's Hospital
  - (2) Types Distribution of Women and Children's Hospital
  - (3) Staff Statistics of Women and Children's Hospital
  - (4) Bed Statistics of Women and Children's Hospital

- (5) Equipment Statistics of Women and Children's Hospital
- (6) Building Area Statistics of Women and Children's Hospital

## 2.2 Service of China Women and Children's Hospital Industry

- 2.2.1 Outpatient Service of Women and Children's Hospital
  - (1) Patient Amount Statistics of Women and Children's Hospital
  - (2) Outpatient Service Statistics of Women and Children's Hospital
- 2.2.2 Hospitalization Service of Women and Children's Hospital
  - (1) Hospitalization Amount Statistics of Women and Children's Hospital
  - (2) Hospitalization Service Statistics of Women and Children's Hospital
- 2.2.3 Bed Utilization of Women and Children's Hospital Industry
- 2.2.4 Service Quality and Effectiveness of Women and Children's Hospital Industry

## 2.3 Operation of China Women and Children's Hospital Industry

- 2.3.1 Operational Scale of Women and Children's Hospital Industry
  - (1) Asset Liability Scale of Women and Children's Hospital
  - (2) Revenue and Profit Scale of Women and Children's Hospital
- 2.3.2 Operational Status Women and Children's Hospital Industry
  - (1) Profitability of Women and Children's Hospital Industry
  - (2) Debt-paying Capability of Women and Children's Hospital Industry
  - (3) Operational Capability of Women and Children's Hospital Industry
  - (4) Development Capability of Women and Children's Hospital Industry

## 2.4 Competition of China Women and Children's Hospital Industry

- 2.4.1 Competition between Women and Children's Hospital and General Hospital
- 2.4.2 Competition between Women and Children's Hospital and Community Healthy Service Institutes
- 2.4.3 Competition of Market Segmentation of Women and Children's Hospital
- 2.4.4 Competition of different Types of Women and Children's Hospital
  - (1) Competition of Children Hospitals
  - (2) Competition of Maternity Hospitals
  - (3) Competition of Maternal and Child Health Hospitals

## 2.5 Medical Informationization of China Women and Children's Hospital Industry

- 2.5.1 New Medical Reform and Medical Informationization
  - (1) Reform Direction of China Medical System
  - (2) Information Technology Requirements of New Medical Reform to Medical Service Providers
  - (3) Information Technology Requirements of New Medical Reform to Public Health
  - (4) Information Technology Requirements of New Medical Reform to Medicine and Machine Suppliers
  - (5) Information Technology Requirements of New Medical Reform to Medical Service Payers
  - (6) Promotion of Medical Informationization to New Medical Reform
- 2.5.2 Interpretation of Medical Informationization Policies
  - (1) 2006-2020 State Informationization Development Strategy
  - (2) "Twelfth Five Years" Plan on Health Informationization Construction Engineering
  - (3) Guidance on Regional Health Information Platform Construction Basing on Health Records

(Trial)

- (4) Technology Solutions on Regional Health Information Platform Construction Basing on Health

Records (Trial)

- (5) Basic Structure and Data Standards of Health Record (Trial)
- (6) Basic Structure and Data Standards of Electronic Medical Record (Trial)
- (7) Basic Standards on Electronic Medical Record (Trial)
- (8) Pilot Program on Electronic Medical Record
- (9) Technology Solutions on Material and Child Health Information System basing on Regional

Health Information Platform

### 2.5.3 Demand of Medical Informationization Business

- (1) Demand of Public-oriented Service
- (2) Demand of Doctor-oriented Service
- (3) Demand of Hospital-oriented Service
- (4) Demand of Management-department-oriented Service
- (5) Demand of Relevant-institute-oriented Service

### 2.5.4 Major Problems of China Medical Informationization

- (1) Development Stage of China Medical Informationization
- (2) Informationization Construction of China Medical Institutes
- (3) Application Status of Medical Informationization

- (4) Problems of the Development of China Medical Informationization
- 2.5.5 Prospects of Medical Informationization
- 2.5.6 Typical Development Model of Medical Informationization
  - (1) Xiamen Model
  - (2) Shanghai Medical Association Engineering
- 2.6 Expenditure of Chinese Residents' Medical Cost**
  - 2.6.1 Analysis of Health Cost
    - (1) Total Health Cost
    - (2) Structure Distribution of Health Cost
    - (3) Per-capita Health Cost
    - (4) Proportion of Total Health Cost to GDP
  - 2.6.2 Analysis of Government's Health Expenditure
    - (1) Growth of Government's Health Expenditure
    - (2) Structure of Government's Health Expenditure
  - 2.6.3 Urban and Rural Residents' Medical Expenditure
    - (1) Growth of Urban and Rural Residents' Medical Expenditure
    - (2) Regional Structure of Urban and Rural Residents' Medical Expenditure
  - 2.6.4 Per-capita Hospitalization Cost
    - (1) Per-capita Hospitalization Cost of 30 Diseases
    - (2) Per-capita Hospitalization Cost of 30 Diseases of Hospitals at All Levels

## Chapter 3: Supply & Demand Analysis and Prospects Forecast of China Children Hospitals

- 3.1 Medical Demand of Chinese Children**
  - 3.1.1 Statistics of Chinese Children Amount
  - 3.1.2 Morbidity and Mortality of Children
    - (1) Morbidity of Children
    - (2) Mortality of Children
    - (3) Birth Defect of Children
  - 3.1.3 Medical Demand Characteristics of Chinese Children
    - (1) Consumer Group Gradually Enlarges
    - (2) Consumers prefer Specialized Hospitals
    - (3) Separation of Patients and Consumers
  - 3.1.4 Prospects of Children Medical Demand
- 3.2 Major Children's Diseases and Medical Demands**
  - 3.2.1 Bronchitis
    - (1) Sicken Condition
    - (2) Treatment Equipment and Medicine Demand
    - (3) Expenditure of Treatment Cost
    - (4) Latest Progress of Treatment Technology
  - 3.2.2 Infectious Diarrhea
    - (1) Sicken Condition
    - (2) Treatment Equipment and Medicine Demand
    - (3) Expenditure of Treatment Cost
    - (4) Latest Progress of Treatment Technology
  - 3.2.3 Infantile Common Cold
    - (1) Sicken Condition
    - (2) Treatment Equipment and Medicine Demand
    - (3) Expenditure of Treatment Cost
    - (4) Latest Progress of Treatment Technology
  - 3.2.4 Congenital Heart Disease
    - (1) Sicken Condition
    - (2) Treatment Equipment and Medicine Demand
    - (3) Expenditure of Treatment Cost
    - (4) Latest Progress of Treatment Technology
- 3.3 Supply of China Children Hospitals**
  - 3.3.1 Scale of China Children Hospitals
    - (1) Quantity Statistics of Children Hospitals
    - (2) Bed Statistics of Children Hospitals
    - (3) Staff Statistics of Children Hospitals
    - (4) Equipment Statistics of Children Hospitals

### 3.3.2 Service Providing Condition of China Children Hospitals

- (1) Amount of Outpatient Treatment
- (2) Hospitalization Amount
- (3) Open Hospital Bed Number
- (4) Utilization Rate of Hospital Bed
- (5) Daily Burden of Doctors

### 3.3.3 Operation of China Children Hospitals

- (1) Profitability of Children Hospitals
- (2) Debt-paying Capability of Children Hospitals
- (3) Operational Capability of Children Hospitals
- (4) Development Capability of Children Hospitals

## 3.4 Prospects Forecast of China Children Hospitals

### 3.4.1 Development Opportunities of China Children Hospitals

- (1) Medical System Reform
- (2) Fast Development of Economy
- (3) the Coming of Baby Boom
- (4) Increasing Attention of Family to Children

### 3.4.2 Threats of the Development of China Children Hospitals

- (1) Fierce Competition of Children Hospitals
- (2) Development of Community Health Service System

### 3.4.3 Prospects Forecast of China Children Hospitals

### 3.4.4 Development Strategy of China Children Hospitals

## Chapter 4: Supply & Demand Analysis and Prospects Forecast of China Maternity Hospitals

### 4.1 Analysis of China Maternity Medical Demand

#### 4.1.1 Analysis of Gynecologic Diseases and Medical Demand

- (1) Morbidity of Gynecologic Diseases
- (2) Maternity Mortality
- (3) Diseases to Cause the Death of Pregnant Women

#### 4.1.2 Characteristics of Maternity Medical Demand

#### 4.1.3 Prospects of Maternity Medical Demand

- (1) Prospects of Gynecologic Disease Treatment Demand
- (2) Prospects of Maternity Medical Demand

### 4.2 Major Gynecologic Diseases and Medical Demand

#### 4.2.1 Fibroid

- (1) Sicken Condition
- (2) Treatment Equipment and Medicine Demand
- (3) Expenditure of Treatment Cost
- (4) Latest Progress of Treatment Technology

#### 4.2.2 Cervical Disease

- (1) Sicken Condition
- (2) Treatment Equipment and Medicine Demand
- (3) Expenditure of Treatment Cost
- (4) Latest Progress of Treatment Technology

#### 4.2.3 Breast Disease

- (1) Sicken Condition
- (2) Treatment Equipment and Medicine Demand
- (3) Expenditure of Treatment Cost
- (4) Latest Progress of Treatment Technology

#### 4.2.4 Vaginitis

- (1) Sicken Condition
- (2) Treatment Equipment and Medicine Demand
- (3) Expenditure of Treatment Cost
- (4) Latest Progress of Treatment Technology

### 4.3 Supply of China Maternity Hospitals

#### 4.3.1 Scale of China Maternity Hospitals

- (1) Quantity Statistics of Maternity Hospitals
- (2) Bed Statistics of Maternity Hospitals
- (3) Staff Statistics of Maternity Hospitals
- (4) Equipment Statistics of Maternity Hospitals

#### 4.3.2 Service Providing Condition of China Maternity Hospitals

- (1) Amount of Outpatient Treatment
- (2) Hospitalization Amount
- (3) Open Hospital Bed Number
- (4) Utilization Rate of Hospital Bed
- (5) Daily Burden of Doctors

#### 4.3.3 Operation of China Maternity Hospitals

- (1) Profitability of Maternity Hospitals
- (2) Debt-paying Capability of Maternity Hospitals
- (3) Operational Capability of Maternity Hospitals
- (4) Development Capability of Maternity Hospitals

### 4.4 Prospects Forecast of China Maternity Hospitals

#### 4.4.1 Driving Factors of China Maternity Hospitals

- (1) Morbidity of Maternity Diseases Gradually Increases
- (2) Baby Boom Bring Opportunities to Obstetrics
- (3) Women Pay more Attention to Maternity Diseases
- (4) Treatment Technology Development of Maternity Diseases

#### 4.4.2 Prospects Forecast of China Maternity Hospitals

#### 4.4.3 Development Strategy of China Maternity Hospitals

## Chapter 5: Supply & Demand Analysis and Prospects Forecast of China Maternal and Child Health Hospitals

### 5.1 Analysis of China Maternal and Child Health Service Demand

#### 5.1.1 Children's Health Service Demand

- (1) Neonatus' Health Service Demand
- (2) Infant and Preschoolers' Health Service Demand
- (3) Children's Planned Immune Vaccination Rate
- (4) other Children's Health Services

#### 5.1.2 Women's Health Service Demand

- (1) Premarital Health Service Demand
- (2) Maternal Health Service Demand
- (3) Women's Diseases Check and Treatment Condition
- (4) Operation for Birth Control

### 5.2 Supply of China Maternal and Child Health Hospitals

#### 5.2.1 Overview of Maternal and Child Health Hospitals

- (1) Concept of Maternal and Child Health Hospital
- (2) Functions of Maternal and Child Health Hospitals

#### 5.2.2 Scale of China Maternal and Child Health Hospitals

- (1) Quantity Statistics of Maternal and Child Health Hospitals
- (2) Bed Statistics of Maternal and Child Health Hospitals
- (3) Staff Statistics of Maternal and Child Health Hospitals
- (4) Equipment Statistics of Maternal and Child Health Hospitals

#### 5.2.3 Service Providing Condition of China Maternal and Child Health Hospitals

- (1) Amount of Outpatient Treatment
- (2) Hospitalization Amount
- (3) Open Hospital Bed Number
- (4) Utilization Rate of Hospital Bed
- (5) Daily Burden of Doctors

#### 5.2.4 Operation of China Maternal and Child Health Hospitals

- (1) Profitability of Maternal and Child Health Hospitals
- (2) Debt-paying Capability of Maternal and Child Health Hospitals
- (3) Operational Capability of Maternal and Child Health Hospitals
- (4) Development Capability of Maternal and Child Health Hospitals

### 5.3 Prospects Forecast of China Maternal and Child Health Hospitals

#### 5.3.1 SWOT Analysis of China Maternal and Child Health Hospitals

- (1) Strength (S)
- (2) Weakness (W)
- (3) Opportunity (O)
- (4) Threat (T)

#### 5.3.2 Prospects Forecast of China Maternal and Child Health Hospitals

## 5.3.3 Development Strategy of China Maternal and Child Health Hospitals

**Chapter 6: Major Regional Development of China Women and Children's Hospital Industry****6.1 Development of Women and Children's Hospital in Beijing**

## 6.1.1 Development Environment of Women and Children's Hospital Industry in Beijing

- (1) Total Women and Children Amount in Beijing
- (2) Residents' Income Level in Beijing
- (3) Consumption Expenditure Level in Beijing
- (4) Residents' Medical Health Expenditure in Beijing

## 6.1.2 Development Scale of Women and Children's Hospital Industry in Beijing

## 6.1.3 Competitive Landscape of Women and Children's Hospital Industry in Beijing

## 6.1.4 Maternal and Child Health Service in Beijing

## 6.1.5 Supporting Measures and Development Plan of Maternal and Child Health in Beijing

## 6.1.6 Prospects Forecast of Women and Children's Hospital Industry in Beijing

**6.2 Development of Women and Children's Hospital in Shanghai**

## 6.2.1 Development Environment of Women and Children's Hospital Industry in Shanghai

- (1) Total Women and Children Amount in Shanghai
- (2) Residents' Income Level in Shanghai
- (3) Consumption Expenditure Level in Shanghai
- (4) Residents' Medical Health Expenditure in Shanghai

## 6.2.2 Development Scale of Women and Children's Hospital Industry in Shanghai

## 6.2.3 Competitive Landscape of Women and Children's Hospital Industry in Shanghai

## 6.2.4 Maternal and Child Health Service in Shanghai

## 6.2.5 Supporting Measures and Development Plan of Maternal and Child Health in Shanghai

## 6.2.6 Prospects Forecast of Women and Children's Hospital Industry in Shanghai

**6.3 Development of Women and Children's Hospital in Guangdong**

## 6.3.1 Development Environment of Women and Children's Hospital Industry in Guangdong

- (1) Total Women and Children Amount in Guangdong
- (2) Residents' Income Level in Guangdong
- (3) Consumption Expenditure Level in Guangdong
- (4) Residents' Medical Health Expenditure in Guangdong

## 6.3.2 Development Scale of Women and Children's Hospital Industry in Guangdong

## 6.3.3 Competitive Landscape of Women and Children's Hospital Industry in Guangdong

## 6.3.4 Maternal and Child Health Service in Guangdong

## 6.3.5 Supporting Measures and Development Plan of Maternal and Child Health in Guangdong

## 6.3.6 Prospects Forecast of Women and Children's Hospital Industry in Guangdong

**6.4 Development of Women and Children's Hospital in Shandong**

## 6.4.1 Development Environment of Women and Children's Hospital Industry in Shandong

- (1) Total Women and Children Amount in Shandong
- (2) Residents' Income Level in Shandong
- (3) Consumption Expenditure Level in Shandong
- (4) Residents' Medical Health Expenditure in Shandong

## 6.4.2 Development Scale of Women and Children's Hospital Industry in Shandong

## 6.4.3 Competitive Landscape of Women and Children's Hospital Industry in Shandong

## 6.4.4 Maternal and Child Health Service in Shandong

## 6.4.5 Supporting Measures and Development Plan of Maternal and Child Health in Shandong

## 6.4.6 Prospects Forecast of Women and Children's Hospital Industry in Shandong

**6.5 Development of Women and Children's Hospital in Jiangsu**

## 6.5.1 Development Environment of Women and Children's Hospital Industry in Jiangsu

- (1) Total Women and Children Amount in Jiangsu
- (2) Residents' Income Level in Jiangsu
- (3) Consumption Expenditure Level in Jiangsu
- (4) Residents' Medical Health Expenditure in Jiangsu

## 6.5.2 Development Scale of Women and Children's Hospital Industry in Jiangsu

## 6.5.3 Competitive Landscape of Women and Children's Hospital Industry in Jiangsu

## 6.5.4 Maternal and Child Health Service in Jiangsu

## 6.5.5 Supporting Measures and Development Plan of Maternal and Child Health in Jiangsu

## 6.5.6 Prospects Forecast of Women and Children's Hospital Industry in Jiangsu

**6.6 Development of Women and Children's Hospital in Zhejiang**

## 6.6.1 Development Environment of Women and Children's Hospital Industry in Zhejiang

- (1) Total Women and Children Amount in Zhejiang
- (2) Residents' Income Level in Zhejiang
- (3) Consumption Expenditure Level in Zhejiang
- (4) Residents' Medical Health Expenditure in Zhejiang
- 6.6.2 Development Scale of Women and Children's Hospital Industry in Zhejiang
- 6.6.3 Competitive Landscape of Women and Children's Hospital Industry in Zhejiang
- 6.6.4 Maternal and Child Health Service in Zhejiang
- 6.6.5 Supporting Measures and Development Plan of Maternal and Child Health in Zhejiang
- 6.6.6 Prospects Forecast of Women and Children's Hospital Industry in Zhejiang
- 6.7 Development of Women and Children's Hospital in Tianjin**
- 6.7.1 Development Environment of Women and Children's Hospital Industry in Tianjin
  - (1) Total Women and Children Amount in Tianjin
  - (2) Residents' Income Level in Tianjin
  - (3) Consumption Expenditure Level in Tianjin
  - (4) Residents' Medical Health Expenditure in Tianjin
- 6.7.2 Development Scale of Women and Children's Hospital Industry in Tianjin
- 6.7.3 Competitive Landscape of Women and Children's Hospital Industry in Tianjin
- 6.7.4 Maternal and Child Health Service in Tianjin
- 6.7.5 Supporting Measures and Development Plan of Maternal and Child Health in Tianjin
- 6.7.6 Prospects Forecast of Women and Children's Hospital Industry in Tianjin
- 6.8 Development of Women and Children's Hospital in Sichuan**
- 6.8.1 Development Environment of Women and Children's Hospital Industry in Sichuan
  - (1) Total Women and Children Amount in Sichuan
  - (2) Residents' Income Level in Sichuan
  - (3) Consumption Expenditure Level in Sichuan
  - (4) Residents' Medical Health Expenditure in Sichuan
- 6.8.2 Development Scale of Women and Children's Hospital Industry in Sichuan
- 6.8.3 Competitive Landscape of Women and Children's Hospital Industry in Sichuan
- 6.8.4 Maternal and Child Health Service in Sichuan
- 6.8.5 Supporting Measures and Development Plan of Maternal and Child Health in Sichuan
- 6.8.6 Prospects Forecast of Women and Children's Hospital Industry in Sichuan
- 6.9 Development of Women and Children's Hospital in Fujian**
- 6.9.1 Development Environment of Women and Children's Hospital Industry in Fujian
  - (1) Total Women and Children Amount in Fujian
  - (2) Residents' Income Level in Fujian
  - (3) Consumption Expenditure Level in Fujian
  - (4) Residents' Medical Health Expenditure in Fujian
- 6.9.2 Development Scale of Women and Children's Hospital Industry in Fujian
- 6.9.3 Competitive Landscape of Women and Children's Hospital Industry in Fujian
- 6.9.4 Maternal and Child Health Service in Fujian
- 6.9.5 Supporting Measures and Development Plan of Maternal and Child Health in Fujian
- 6.9.6 Prospects Forecast of Women and Children's Hospital Industry in Fujian
- 6.10 Development of Women and Children's Hospital in Henan**
- 6.10.1 Development Environment of Women and Children's Hospital Industry in Henan
  - (1) Total Women and Children Amount in Henan
  - (2) Residents' Income Level in Henan
  - (3) Consumption Expenditure Level in Henan
  - (4) Residents' Medical Health Expenditure in Henan
- 6.10.2 Development Scale of Women and Children's Hospital Industry in Henan
- 6.10.3 Competitive Landscape of Women and Children's Hospital Industry in Henan
- 6.10.4 Maternal and Child Health Service in Henan
- 6.10.5 Supporting Measures and Development Plan of Maternal and Child Health in Henan
- 6.10.6 Prospects Forecast of Women and Children's Hospital Industry in Henan
- 6.11 Development of Women and Children's Hospital in Hebei**
- 6.11.1 Development Environment of Women and Children's Hospital Industry in Hebei
  - (1) Total Women and Children Amount in Hebei
  - (2) Residents' Income Level in Hebei
  - (3) Consumption Expenditure Level in Hebei
  - (4) Residents' Medical Health Expenditure in Hebei

- 6.11.2 Development Scale of Women and Children's Hospital Industry in Hebei
- 6.11.3 Competitive Landscape of Women and Children's Hospital Industry in Hebei
- 6.11.4 Maternal and Child Health Service in Hebei
- 6.11.5 Supporting Measures and Development Plan of Maternal and Child Health in Hebei
- 6.11.6 Prospects Forecast of Women and Children's Hospital Industry in Hebei

#### **6.12 Development of Women and Children's Hospital in Anhui**

- 6.12.1 Development Environment of Women and Children's Hospital Industry in Anhui
  - (1) Total Women and Children Amount in Anhui
  - (2) Residents' Income Level in Anhui
  - (3) Consumption Expenditure Level in Anhui
  - (4) Residents' Medical Health Expenditure in Anhui
- 6.12.2 Development Scale of Women and Children's Hospital Industry in Anhui
- 6.12.3 Competitive Landscape of Women and Children's Hospital Industry in Anhui
- 6.12.4 Maternal and Child Health Service in Anhui
- 6.12.5 Supporting Measures and Development Plan of Maternal and Child Health in Anhui
- 6.12.6 Prospects Forecast of Women and Children's Hospital Industry in Anhui

#### **6.13 Development of Women and Children's Hospital in Hunan**

- 6.13.1 Development Environment of Women and Children's Hospital Industry in Hunan
  - (1) Total Women and Children Amount in Hunan
  - (2) Residents' Income Level in Hunan
  - (3) Consumption Expenditure Level in Hunan
  - (4) Residents' Medical Health Expenditure in Hunan
- 6.13.2 Development Scale of Women and Children's Hospital Industry in Hunan
- 6.13.3 Competitive Landscape of Women and Children's Hospital Industry in Hunan
- 6.13.4 Maternal and Child Health Service in Hunan
- 6.13.5 Supporting Measures and Development Plan of Maternal and Child Health in Hunan
- 6.13.6 Prospects Forecast of Women and Children's Hospital Industry in Hunan

#### **6.14 Development of Women and Children's Hospital in Hubei**

- 6.14.1 Development Environment of Women and Children's Hospital Industry in Hubei
  - (1) Total Women and Children Amount in Hubei
  - (2) Residents' Income Level in Hubei
  - (3) Consumption Expenditure Level in Hubei
  - (4) Residents' Medical Health Expenditure in Hubei
- 6.14.2 Development Scale of Women and Children's Hospital Industry in Hubei
- 6.14.3 Competitive Landscape of Women and Children's Hospital Industry in Hubei
- 6.14.4 Maternal and Child Health Service in Hubei
- 6.14.5 Supporting Measures and Development Plan of Maternal and Child Health in Hubei
- 6.14.6 Prospects Forecast of Women and Children's Hospital Industry in Hubei

### **Chapter 7: Cases Study of China's Leading Women and Children's Hospital**

#### **7.1 Cases Study of China's Leading Children Hospitals**

- 7.1.1 Management Analysis of Beijing Children Hospital
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
  - (6) Analysis of Hospital Latest Development Trend
- 7.1.2 Management Analysis of Children's Hospital of Chongqing Medical University
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
  - (6) Analysis of Hospital Latest Development Trend
- 7.1.3 Management Analysis of Children's Hospital of Fudan University
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition

- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend
- 7.1.4 Management Analysis of Capital Institute of Pediatrics
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
  - (6) Analysis of Hospital Latest Development Trend
- 7.1.5 Management Analysis of Children's Hospital Zhejiang University School of Medicine
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
  - (6) Analysis of Hospital Latest Development Trend
- 7.1.6 Management Analysis of Guangzhou Women and Children's Medical Center
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
  - (6) Analysis of Hospital Latest Development Trend
- 7.1.7 Management Analysis of Shanghai Children's Medical Center
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
  - (6) Analysis of Hospital Latest Development Trend
- 7.1.8 Management Analysis of Nanjing Children's Hospital
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
  - (6) Analysis of Hospital Latest Development Trend
- 7.1.9 Management Analysis of Tianjin Children's Hospital
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
- 7.1.10 Management Analysis of Kunming Children's Hospital
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
  - (6) Analysis of Hospital Latest Development Trend
- 7.1.11 Management Analysis of Chengdu Children's Hospital
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
- 7.1.12 Management Analysis of Jiangxi Children's Hospital
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment

- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.1.13 Management Analysis of Harbin Children's Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.1.14 Management Analysis of Xi'an Children's Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.1.15 Management Analysis of Bayi Children's Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

### 7.2 Cases Study of China's Leading Maternity Hospitals

#### 7.2.1 Management Analysis of Peking Union Medical College Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.2.2 Management Analysis of Obstetrics & Gynecology Hospital of Fudan University

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.2.3 Management Analysis of Wuhan Tongji Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.2.4 Management Analysis of West China Women's and Children's Hospital of Sichuan University

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.2.5 Management Analysis of Tongren Hospital of Shanghai Jiaotong University School of Medicine

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.2.6 Management Analysis of The First Affiliated Hospital of Sun Yat-sen University

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.2.7 Management Analysis of The First Affiliated Hospital of Guangzhou University of Chinese Medicine

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.2.8 Management Analysis of The First Affiliated Hospital of Heilongjiang University of Chinese Medicine

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.2.9 Management Analysis of Qinghai Red Cross Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.2.10 Management Analysis of The 309th hospital of PLA

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.2.11 Management Analysis of Hscybele Obstetrics and Gynecology Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.2.12 Management Analysis of Angel Women's & Children's Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.2.13 Management Analysis of Zhengzhou Santa Maria Maternity Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.2.14 Management Analysis of Chengdu 9th People's Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.2.15 Management Analysis of Hainan Obstetrics and Gynecology Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

### 7.3 Cases Study of China's Leading Maternal and Child Health Hospitals

#### 7.3.1 Management Analysis of Zhejiang Maternal and Child Health Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.3.2 Management Analysis of Beijing Maternal and Child Health Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.3.3 Management Analysis of Guangdong Maternal and Child Health Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.3.4 Management Analysis of Hubei Maternal and Child Health Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.3.5 Management Analysis of Fujian Maternal and Child Health Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

#### 7.3.6 Management Analysis of Hunan Maternal and Child Health Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.3.7 Management Analysis of Jiangxi Maternal and Child Health Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages
- (6) Analysis of Hospital Latest Development Trend

#### 7.3.8 Management Analysis of Shanxi Maternal and Child Health Hospital

- (1) Brief Analysis of Hospital Development
- (2) Scale and Level of Hospital Equipment
- (3) Scale and Level of Hospital's Technical Staff
- (4) Hospital's Operation and Service Condition
- (5) Analysis of Hospital Management Advantages and Disadvantages

- (6) Analysis of Hospital Latest Development Trend
- 7.3.9 Management Analysis of Shanghai the First Maternal and Child Health Hospital
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
  - (6) Analysis of Hospital Latest Development Trend
- 7.3.10 Management Analysis of Henan Maternal and Child Health Hospital
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages
  - (6) Analysis of Hospital Latest Development Trend
- 7.3.11 Management Analysis of Chongqing Maternal and Child Health Hospital
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages

- 7.3.15 Management Analysis of Inner Mongolia Maternal and Child Health Hospital
  - (1) Brief Analysis of Hospital Development
  - (2) Scale and Level of Hospital Equipment
  - (3) Scale and Level of Hospital's Technical Staff
  - (4) Hospital's Operation and Service Condition
  - (5) Analysis of Hospital Management Advantages and Disadvantages

## Chapter 8: Investment and Financing of China Women and Children's Hospital Industry

### 8.1 Investment Risks Warning of China Women and Children's Hospital Industry

- 8.1.1 Policy Risk Warning of the Industry
- 8.1.2 Environment Risks Warning of the Industry
- 8.1.3 Industrial Chain Risks Warning of the Industry
  - (1) Risk Warning of Drug Price Reduction
  - (2) Risk Warning of the Dependency to Medical Machine Industry
  - (3) Consumer Risk Analysis and Warning
  - (4) Risk Warning of Upstream Industry Expanding to Medical Institutes
- 8.1.4 other Risks Warning of the Industry

### 8.2 Investment of China Women and Children's Hospital Industry

- 8.2.1 Investment of Medical Health Industry
  - (1) Investment Scale to Infrastructure Construction of Health Industry
  - (2) Fixed Investment Scale of Health Industry
  - (3) Investment Scale to Medical Service Industry
- 8.2.2 Investors of Women and Children's Hospital Industry
- 8.2.3 Investment Scale of Women and Children's Hospital Industry
- 8.2.4 Investment Projects of Women and Children's Hospital
- 8.2.5 Investment Opportunities of Women and Children's Hospital Industry

### 8.3 Financing of China Women and Children's Hospital Industry

- 8.3.1 Financing Model of Women and Children's Hospital Industry
  - (1) Listing Financing
  - (2) Bank Loan
  - (3) Leasing Financing
- 8.3.2 Financing Status of Women and Children's Hospital Industry
- 8.3.3 Financing Barriers of Women and Children's Hospital Industry
- 8.3.4 Financing Prospects of Women and Children's Hospital Industry
- 8.3.5 Financing Counterplan of Women and Children's Hospital Industry

### 8.4 Credit Opportunities and Suggestions of China Women and Children's Hospital Industry

- 8.4.1 Overall Credit Opportunities and Suggestions of the Industry
- 8.4.2 Credit Opportunities and Suggestions of Industry Segmentation
  - (1) Credit Opportunities and Suggestions of Children Hospital Industry
  - (2) Credit Opportunities and Suggestions of Maternity Hospital Industry
  - (3) Credit Opportunities and Suggestions of Maternal and Child Health Hospital Industry
- 8.4.3 Regional Credit Opportunities and Suggestions of the Industry
- 8.4.4 Credit Opportunities and Suggestions of Industrial Chain
  - (1) Credit Opportunities and Suggestions of Medicine Industry
  - (2) Credit Opportunities and Suggestions of Medical Machine Industry
  - (3) Credit Opportunities and Suggestions of Health Management Service Industry

## Chapter 9: Development Analysis and Experience for Reference of International Women and Children's Hospital

### 9.1 Development Experience of American Women and Children's Hospital

- 9.1.1 Structure of American Maternal and Child Health Service System
- 9.1.2 Policy Supports of American Maternal and Child Health
- 9.1.3 Fund Source of American Maternal and Child Health
- 9.1.4 Providing of American Maternal and Child Health Service
- 9.1.5 Importance of American Women and Children's Hospital in Maternal and Child Health System
- 9.1.6 Development Experience of American Women and Children's Hospital

### 9.2 Development Experience of Japanese Women and Children's Hospital

- 9.2.1 Structure of Japanese Maternal and Child Health Service System
- 9.2.2 Policy Supports of Japanese Maternal and Child Health
- 9.2.3 Fund Source of Japanese Maternal and Child Health
- 9.2.4 Providing of Japanese Maternal and Child Health Service
- 9.2.5 Importance of Japanese Women and Children's Hospital in Maternal and Child Health System
- 9.2.6 Development Experience of Japanese Women and Children's Hospital

### 9.3 Development Experience of Canadian Women and Children's Hospital

- 9.3.1 Structure of Canadian Maternal and Child Health Service System
- 9.3.2 Policy Supports of Canadian Maternal and Child Health
- 9.3.3 Fund Source of Canadian Maternal and Child Health
- 9.3.4 Providing of Canadian Maternal and Child Health Service
- 9.3.5 Importance of Canadian Women and Children's Hospital in Maternal and Child Health System
- 9.3.6 Development Experience of Canadian Women and Children's Hospital

### 9.4 Development Experience of H.K. Women and Children's Hospital

- 9.4.1 Structure of H.K. Maternal and Child Health Service System
- 9.4.2 Policy Supports of H.K. Maternal and Child Health
- 9.4.3 Fund Source of H.K. Maternal and Child Health
- 9.4.4 Providing of H.K. Maternal and Child Health Service
- 9.4.5 Importance of H.K. Women and Children's Hospital in Maternal and Child Health System
- 9.4.6 Development Experience of H.K. Women and Children's Hospital
