

China Cloud Computing Industry Market Research and Investment Forecast Report

目 录

CONTENTS

Chapter 1: Concept and Development Environment of Cloud Computing Industry

1.1 Concept and Industrial Chain of Cloud Computing Industry

1.1.1 Concept and Classification of Cloud Computing

- (1) Definition of Cloud Computing
 - 1) Concept of Cloud Computing
 - 2) Principle of Cloud Computing
- (2) Classification of Cloud Computing
 - 1) Classify by Disposition
 - 2) Classify by Service Model
- (3) Introduction of Cloud Terms

1.1.2 Basic Framework and Characteristics of Cloud Computing

- (1) Basic Framework of Cloud Computing
- (2) Characteristics of Cloud Computing

1.1.3 Evolution of Cloud Computing

1.1.4 Analysis of Cloud Computing Industrial Chain

- (1) Brief Introduction of Cloud Computing Industrial Chain
- (2) Typical Companies of Cloud Computing Industrial Chain
- (3) Characteristics of Cloud Computing Industrial Chain

1.1.5 Values the Cloud Computing Bring to Conventional Industry

1.2 Policy Environment of Cloud Computing Industry

1.2.1 Relevant Policies to Cloud Computing

- (1) Notice on Innovation Benchmark of Cloud Computing Service
- (2) “Cloud Computing” Service becomes Part of Government Purchasing
- (3) Special Fund for National Cloud Computing Benchmark Project was Founded
- (4) “Twelfth Five Years” Plan of Software Service Industry
- (5) Guidance on Fastening the Development of Hi-tech Service Industry
- (6) State Council Decision on Fastening Cultivation and Development of Strategic New Industries

1.2.2 Progress of Cloud Computing Standardization

- (1) Progress of International Cloud Computing Standardization
 - 1) Relevant Organizations of International Cloud Computing Standardization
 - 2) Progress of Cloud Computing Standardization of different Organizations
- (2) Progress of China Cloud Computing Standardization
 - 1) Relevant Organizations of China Cloud Computing Standardization
 - 2) Progress of Cloud Computing Standardization of different Organizations
- (3) Trend of Cloud Computing Standardization

1.3 Economic Environment of Cloud Computing Industry

1.3.1 Trend Analysis and Forecast of International Macro Economic Environment

- (1) Analysis of International Macro Economic Trend
- (2) Forecast of 2011 International Macro Economic Trend

1.3.2 Trend Analysis and Forecast of Domestic Macro Economic Environment

- (1) Analysis of Domestic Macro Economic Trend
- (2) Forecast of 2011 Domestic Macro Economic Trend

1.4 Technology Environment of Cloud Computing Industry

1.4.1 Core Technologies of Cloud Computing

- (1) Programming Model
- (2) Mass Data Distribution and Storage Technology
- (3) Mass Data Management Technology
- (4) Virtualization Technology
- (5) Cloud Computing Platform Management Technology

- (6) Parallel Computing and Parallel Algorithm
- (7) Web 2.0
- (8) Architecture SOA for Service
- (9) Cloud Security
- 1.4.2 Introduction of Typical Cloud Computing Technological Platform
 - (1) Google Computer Platform
 - (2) IBM “Blue Cloud” Computer Platform
 - (3) Amazon Flexible Cloud Computing
- 1.4.3 Major Problems of Cloud Computing Technology

Chapter 2: Market Development of Cloud Computing Industry

2.1 Market Development of Global Cloud Computing Industry

- 2.1.1 Development Overview of Global Cloud Computing
 - (1) Analysis of Global Cloud Computing Market Scale
 - (2) Analysis of Global Cloud Computing Market Structure
 - (3) Regional Distribution of Global Cloud Computing Market
- 2.1.2 Analysis of Some Foreign Cloud Computing Projects
- 2.1.3 Leading Enterprises of International Cloud Computing Industry
 - (1) Overview of Leading International Cloud Computing Enterprises in different Fields
 - (2) Leading Enterprises of International Cloud Computing Industry
 - 1) Google
 - 1. Cloud Plan/Project
 - 2. R&D Status of Cloud Computing
 - 3. Development Strategy of Cloud Computing
 - 2) IBM
 - 1. Cloud Plan/Project
 - 2. R&D Status of Cloud Computing
 - 3. Development Strategy of Cloud Computing
 - 3) SUN
 - 1. Cloud Plan/Project
 - 2. R&D Status of Cloud Computing
 - 3. Development Strategy of Cloud Computing
 - 4) Amazon
 - 1. Cloud Plan/Project
 - 2. R&D Status of Cloud Computing
 - 3. Development Strategy of Cloud Computing
 - 5) EMC
 - 1. Cloud Plan/Project
 - 2. R&D Status of Cloud Computing
 - 3. Development Strategy of Cloud Computing
 - 6) Microsoft
 - 1. Cloud Plan/Project
 - 2. R&D Status of Cloud Computing
 - 3. Development Strategy of Cloud Computing
 - 7) McAfee
 - 1. Cloud Plan/Project
 - 2. R&D Status of Cloud Computing
 - 3. Development Strategy of Cloud Computing
 - 8) Oracle
 - 1. Cloud Plan/Project
 - 2. R&D Status of Cloud Computing
 - 3. Development Strategy of Cloud Computing
- 2.1.4 Products of Leading International Cloud Computing Enterprises
 - (1) Major Cloud Computing Products of Microsoft
 - (2) Major Cloud Computing Products of Google
- 2.1.5 Competition of Global Cloud Computing Market
- 2.1.6 Development Trend of Global Cloud Computing
 - (1) More Application will Move to Cloud
 - (2) PaaS will Become the Core Business of Cloud Computing Market for Small and Medium-sized Enterprises

- (3) IaaS Application will be more and more Popular
- (4) Private Cloud will become the Major Application of Large-scale Enterprises
- (5) Mixed Cloud will Lead Enterprises' IT Structure

2.2 Market Development of China Cloud Computing Industry

- 2.2.1 Life Cycle of China Cloud Computing
- 2.2.2 Development Status of China Cloud Computing
 - (1) Cloud Computing is on the Fast Developing Starting Point
 - (2) Cloud Computing Industrial Chain is Forming
- 2.2.3 Development Characteristics of China Cloud Computing
- 2.2.4 Market Scale of China Cloud Computing
- 2.2.5 Major Projects of China Cloud Computing
- 2.2.6 Market Competition of China Cloud Computing
- 2.2.7 Influencing Factors to the Development of China Cloud Computing Market
- 2.2.8 Government's Influence to the Development of Cloud Computing
 - (1) Private Cloud become the Development Focus at the Beginning Stage
 - (2) Public Cloud will Accelerate the Development
- 2.2.9 Development Trend of China Cloud Computing
 - (1) Fast Growth
 - (2) Industry Upgrading
 - (3) Products and Service
 - (4) Enterprise Transformation

2.3 Development of Cloud Computing Market Segmentation

- 2.3.1 Development Stages of Cloud Computing Market Segmentation
- 2.3.2 Development of Major Cloud Computing Market Segmentation
 - (1) Market Segmentation Classified by Business Model
 - 1) Analysis of Public Cloud Application Market
 - 2) Analysis of Private Cloud Application Market
 - 3) Analysis of Mixed Cloud Application Market
 - (2) Development of Cloud Security Market
 - 1) Definition of Cloud Security
 - 2) Ecological Chain of Cloud Security
 - 3) Market Scale of Cloud Security
 - 4) Market Products of Cloud Security

Chapter 3: Application of China Cloud Computing Industry

3.1 Major Application and Application Model of China Cloud Computing Industry

- 3.1.1 Major Application of Cloud Computing
 - (1) Computing Service
 - (2) Storage Service
- 3.1.2 Major Application Model of Cloud Computing
 - (1) Analysis of IaaS Application Market
 - (2) Analysis of SaaS Application Market
 - (3) Analysis of PaaS Application Market

3.2 Cloud Computing Application of China Telecom Operators

- 3.2.1 Influence of Cloud Computing to Telecom Operators
 - (1) Influence of Cloud Computing to IP Core Network
 - (2) Influence to Access Network and Terminals
- 3.2.2 Significance for Telecom Operators to Develop Cloud Computing
 - (1) Greatly Lower the Cost of IT Construction and Maintenance by Cloud Application
 - (2) Increase Business Income and Realize Strategic Transformation of Commercial Domain by Cloud

Service

(3) Integrate Business Platform by Cloud Architecture, and Change the Vertical Business into Cloud Business Structure with Scale Effect

- 3.2.3 Advantages and Disadvantages for Telecom Operators to Develop Cloud Computing
 - (1) Analysis of Advantages
 - (2) Analysis of Disadvantages
- 3.2.4 Major Cloud Computing Application Architectures of Telecom Operators
 - (1) Business Cloud Resource Pool
 - (2) PaaS Cloud
 - (3) Desktop Cloud

- (4) SaaS Cloud
- (5) Cloud IDC
- 3.2.5 Cloud Computing Projects of Major Telecom Operators
 - (1) “Great Cloud Plan” of China Mobile
 - (2) “Wing Cloud Plan” of China Telecom
 - (3) “Interconnection Cloud” of China Unicom
- 3.2.6 Cloud Computing Apply in Telecom Operators’ Business
 - (1) Cloud Computing Apply in ICT
 - (2) Cloud Computing Apply in IDC
 - (3) Cloud Computing Apply in Value Added Service
 - (4) Cloud Computing Apply in IT System
- 3.3 Cloud Computing Application of China Internet Suppliers**
 - 3.3.1 Influence of Cloud Computing to China Internet Industry
 - 3.3.2 Significance for Internet Suppliers to Develop Cloud Computing
 - (1) Change of Core Business Strategy
 - (2) Change of Development Goal
 - (3) Change of Competitive Mode
 - 3.3.3 Change of Internet Enterprises Bring by Cloud Computing
 - 3.3.4 Cloud Computing Application of Major Internet Enterprises
 - (1) Alibaba
 - 1) Cloud Computing Project\Plan
 - 2) Cloud Computing Development Strategy
 - 3) Major Cloud Computing Products and Application
 - (2) Baidu
 - 1) Cloud Computing Project\Plan
 - 2) Cloud Computing Development Strategy
 - 3) Major Cloud Computing Products and Application
 - (3) Tencent
 - 1) Cloud Computing Project\Plan
 - 2) Cloud Computing Development Strategy
 - 3) Major Cloud Computing Products and Application
 - (4) Sina
 - 1) Cloud Computing Project\Plan
 - 2) Cloud Computing Development Strategy
 - 3) Major Cloud Computing Products and Application
- 3.4 Cloud Computing Application of China Equipment Manufacturers**
 - 3.4.1 Influence of Cloud Computing to China Equipment Manufacturers
 - 3.4.2 Significance for Equipment Manufacturers to Develop Cloud Computing
 - 3.4.3 Change of Equipment Manufacturers Bring by Cloud Computing
 - 3.4.4 Cloud Computing Application of Major Equipment Manufacturers
 - (1) Huawei
 - 1) Cloud Computing Project\Plan
 - 2) Cloud Computing Development Strategy
 - 3) Major Cloud Computing Products and Application
 - (2) ZTE
 - 1) Cloud Computing Project\Plan
 - 2) Cloud Computing Development Strategy
 - 3) Major Cloud Computing Products and Application
 - (3) Inspur
 - 1) Cloud Computing Project\Plan
 - 2) Cloud Computing Development Strategy
 - 3) Major Cloud Computing Products and Application
- 3.5 Cloud Computing Application of China Software Service Providers**
 - 3.5.1 Influence of Cloud Computing to China Software Service Providers
 - 3.5.2 Significance for Software Service Providers to Develop Cloud Computing
 - 3.5.3 Change of Software Service Providers Bring by Cloud Computing
 - 3.5.4 Cloud Computing Application of Major Software Service Providers
 - (1) UFIDA Software Co., Ltd.
 - 1) Cloud Computing Project\Plan

- 2) Cloud Computing Development Strategy
- 3) Major Cloud Computing Products and Application
- (2) Shanghai East-China Computer Co., Ltd.
 - 1) Cloud Computing Project\Plan
 - 2) Cloud Computing Development Strategy
 - 3) Major Cloud Computing Products and Application
- (3) Beijing Teamsun Technology Co., Ltd.
 - 1) Cloud Computing Project\Plan
 - 2) Cloud Computing Development Strategy
 - 3) Major Cloud Computing Products and Application

3.6 Downstream Application Market of China Cloud Computing Industry

3.6.1 E-government Affairs

- (1) Development of China E-government Affairs
- (2) Influence of Cloud Computing to E-government Affairs
- (3) Cases Study of Cloud Computing Applying in E-government Affairs

3.6.2 Apply in Geography Informationization

- (1) Development of China Geography Informationization
- (2) Influence of Cloud Computing to Geography Informationization
- (3) Cases Study of Cloud Computing Applying in Geography Informationization

3.6.3 E-commerce

- (1) Development of China E-commerce
- (2) Influence of Cloud Computing to E-commerce
- (3) Cases Study of Cloud Computing Applying in E-commerce

3.6.4 Enterprises' Application Software

- (1) Development of China Software Industry
- (2) Influence of Cloud Computing to Software Industry
- (3) Cases Study of Cloud Computing Applying in Software Industry

3.6.5 Internet of Things

- (1) Development of China Internet of Things
- (2) Influence of Cloud Computing to Internet of Things
- (3) Cases Study of Cloud Computing Applying in Internet of Things

Chapter 4: Development of China Cloud Computing Industry in Major Areas

4.1 Major Regional Distribution of China Cloud Computing Industry

4.2 Development of Cloud Computing Engineering in Beijing and Shanghai

4.2.1 Beijing "Auspicious Cloud Engineering"

- (1) Brief Introduction of "Auspicious Cloud Engineering"
- (2) Development Focus of "Auspicious Cloud Engineering"
- (3) Specific Measures of "Auspicious Cloud Engineering"
- (4) Major Projects of "Auspicious Cloud Engineering"
- (5) Strategic Significance of "Auspicious Cloud Engineering"
- (6) Development Plan of "Auspicious Cloud Engineering"
- (7) Government Guidance

4.2.2 Shanghai "Sea of Clouds Plan"

- (1) Brief Introduction of "Sea of Cloud Plan"
- (2) Development Focus of "Sea of Cloud Plan"
- (3) Specific Measures of "Sea of Cloud Plan"
- (4) Major Projects of "Sea of Cloud Plan"
- (5) Strategic Significance of "Sea of Cloud Plan"
- (6) Development Plan of "Sea of Cloud Plan"
- (7) Government Guidance

4.3 Development Progress and Plan of Cloud Computing in other Major Areas

4.3.1 Shenzhen

- (1) Relevant Policies to Cloud Computing
 - 1) Supporting Policies
 - 2) Development Plan
- (2) Development Progress of Cloud Computing
- (3) Development Trend of Cloud Computing

4.3.2 Hangzhou

- (1) Relevant Policies to Cloud Computing

- 1) Supporting Policies
- 2) Development Plan
- (2) Development Progress of Cloud Computing
- (3) Development Trend of Cloud Computing
- 4.3.3 Chongqing
 - (1) Relevant Policies to Cloud Computing
 - 1) Supporting Policies
 - 2) Development Plan
 - (2) Development Progress of Cloud Computing
 - (3) Development Trend of Cloud Computing
- 4.3.4 Foshan
 - (1) Relevant Policies to Cloud Computing
 - 1) Supporting Policies
 - 2) Development Plan
 - (2) Development Progress of Cloud Computing
 - (3) Development Trend of Cloud Computing
- 4.3.5 Chengdu
 - (1) Relevant Policies to Cloud Computing
 - 1) Supporting Policies
 - 2) Development Plan
 - (2) Development Progress of Cloud Computing
 - (3) Development Trend of Cloud Computing
- 4.3.6 Wuxi
 - (1) Relevant Policies to Cloud Computing
 - 1) Supporting Policies
 - 2) Development Plan
 - (2) Development Progress of Cloud Computing
 - (3) Development Trend of Cloud Computing
- 4.3.7 Dongying
 - (1) Relevant Policies to Cloud Computing
 - 1) Supporting Policies
 - 2) Development Plan
 - (2) Development Progress of Cloud Computing

Chapter 5: Research of China Cloud Computing Market

5.1 Overall Application of Cloud Computing in China

- 5.1.1 Perception of Cloud Computing Concept
- 5.1.2 Prospects of Cloud Computing Mode
- 5.1.3 Cloud Computing Application of Enterprises

5.2 Application of Virtualization and Private Cloud in China

- 5.2.1 Virtualization Product Preference of Enterprises of different Scales
- 5.2.2 Private Cloud Solution Providers Preference of Enterprises of different Scales
- 5.2.3 Application of Private Cloud
- 5.2.4 Challenges to Private Cloud

5.3 Application of Cloud Storage in China

- 5.3.1 Application of Cloud Storage
- 5.3.2 Perception of Cloud Storage Benefit
- 5.3.3 Tendency of Data Move
- 5.3.4 Popularity Obstacles of Cloud Storage

5.4 Application of Cloud Security in China

- 5.4.1 Perception of Cloud Security Concept
- 5.4.2 Enterprises' Hesitation to Cloud Security
- 5.4.3 Attention to Key Areas of Cloud Computing Security
- 5.4.4 Prospects of Cloud Security

5.5 Application of PaaS in China

- 5.5.1 Classification of Developer Groups
- 5.5.2 Perception of PaaS Cloud Platform
- 5.5.3 Development Language
- 5.5.4 Factors of PaaS Cloud Computing Needed to be Improved Urgently
- 5.5.5 Application of PaaS

5.6 Application of SaaS in China

- 5.6.1 Perception of SaaS Service Providers
- 5.6.2 Business Suitable for SaaS Platform
- 5.6.3 Application of SaaS
- 5.6.4 Popularity and Obstacles of SaaS

Chapter 6: Production and Management of Major China Cloud Computing Enterprises

6.1 Major Opportunities of China Enterprises

- 6.1.1 Infrastructure-oriented Products
- 6.1.2 Software and Application Service

6.2 Leading Enterprises in the field of Cloud Computing Infrastructure

- 6.2.1 Management Analysis of Inspur Group
 - (1) Brief Analysis of Enterprise Development
 - (2) Analysis of Major Economic Index
 - (3) Analysis of Enterprise Profitability
 - (4) Analysis of Enterprise Operational Capability
 - (5) Analysis of Enterprise Debt-paying Ability
 - (6) Analysis of Enterprise Development Capability
 - (7) Analysis of Enterprise' s Cloud Computing Product Business
 - (8) Analysis of Enterprise' s Cloud Computing Strategy
 - (9) Analysis of Enterprise Management Advantages and Disadvantages
 - (10) Analysis of Enterprise Investment, Merger and Reconstruction
 - (11) Analysis of Enterprise Latest Development Trend
- 6.2.2 Management Analysis of ZTE Corporation
 - (1) Brief Analysis of Enterprise Development
 - (2) Analysis of Major Economic Index
 - (3) Analysis of Enterprise Profitability
 - (4) Analysis of Enterprise Operational Capability
 - (5) Analysis of Enterprise Debt-paying Ability
 - (6) Analysis of Enterprise Development Capability
 - (7) Analysis of Enterprise' s Cloud Computing Product Business
 - (8) Analysis of Enterprise' s Cloud Computing Strategy
 - (9) Analysis of Enterprise Management Advantages and Disadvantages
 - (10) Analysis of Enterprise Investment, Merger and Reconstruction
 - (11) Analysis of Enterprise Latest Development Trend
- 6.2.3 Management Analysis of Dr. Peng Telecom & Media Group
 - (1) Brief Analysis of Enterprise Development
 - (2) Analysis of Major Economic Index
 - (3) Analysis of Enterprise Profitability
 - (4) Analysis of Enterprise Operational Capability
 - (5) Analysis of Enterprise Debt-paying Ability
 - (6) Analysis of Enterprise Development Capability
 - (7) Analysis of Enterprise Organization Structure
 - (8) Analysis of Enterprise' s Cloud Computing Product Business
 - (9) Analysis of Enterprise' s Cloud Computing Strategy
 - (10) Analysis of Enterprise Management Advantages and Disadvantages
 - (11) Analysis of Enterprise Investment, Merger and Reconstruction
 - (12) Analysis of Enterprise Latest Development Trend
