

# China Forklift Truck Manufacturing Industry Report (2016-2021), Market Demand Forecast, Transformation and Upgrading

## 目 录

### CONTENTS

#### Chapter 1: Overview of development of China's forklift manufacturing industry

##### 1.1 definition and classification of the industry

1.1.1 concept and definition of the industry

1.1.2 classification of major products of the industry

##### 1.2 report data description and methodology

1.2.1 description of data source of the report

1.2.2 overview of research methods of the report

##### 1.3 analysis of industry chain of forklift manufacturing industry

1.3.1 introduction of upstream and downstream industrial chain of the industry

1.3.2 analysis of downstream industrial chain of the industry

(1) status quo of development and trends of construction industry

(2) status quo of development and trends of machinery manufacturing industry

(3) status quo of development and trends of transport industry

(4) status quo of development and trends of textile industry

(5) status quo of development and trends of chemical industry

(6) status quo of development and trends of metallurgical industry

(7) status quo of development and trends of energy industry

1.3.3 analysis of upstream supply chain of the industry

(1) analysis of development of steel industry

1) operation of steel market and price trend 1) steel market operators and prices

2) analysis of status quo and trends of casting market

3) analysis of status quo and trends of forging market

(2) analysis of market of main parts of the industry

1) analysis of development of motor industry

2) analysis of development of internal combustion engine industry

3) analysis of development of hydraulic systems industry

4) analysis of development of battery industry

5) analysis of development of tire industry

#### Chapter 2: Analysis of market environment of China's forklift manufacturing industry

##### 2.1 analysis of policy environment of the industry

2.1.1 authorities and regulatory regime of the industry

2.1.2 related policy trend of the industry

2.1.3 development planning of the industry

##### 2.2 analysis of economic environment of the industry

2.2.1 analysis of the international macro economic environment

2.2.2 analysis of the domestic macro economic environment

2.2.3 analysis of macro economic environment of the industry

##### 2.3 analysis of trade environment of the industry

2.3.1 status quo of trade environment of the industry

2.3.2 development trends of trade environment of the industry

##### 2.4 analysis of technical environment of the industry

2.4.1 status quo of industry technology

2.4.2 gap between domestic and foreign industry technology

2.4.3 development trends of industry technology

#### Chapter 3: Status quo of development and supply-demand balance of China's forklift manufacturing industry

##### 3.1 overview of development of China's forklift industry

3.1.1 development process of the industry

3.1.2 major characteristics of development of the industry

3.1.3 main influencing factors of economic efficiency

(1) favorable factors

(2) unfavorable factors

1) analysis of operation of the industry in 2012年以来

3.1.4 analysis of operation benefit of the industry

3.1.5 analysis of profitability capability of the industry

3.1.6 analysis of operation capability of the industry

3.1.7 analysis of solvency capability of the industry

3.1.8 analysis of development capability of the industry

### **3.2 analysis of supply and demand balance of China's forklift industry**

3.2.1 analysis of output of the industry

3.2.2 analysis of sales of the industry

(1) analysis of total sales

(2) analysis of monthly trend

(3) analysis of geographical distribution

3.2.3 analysis of ownership of the industry

3.2.4 analysis of stock of the industry

3.2.5 analysis of volume of apparent consumption of the industry

3.2.6 analysis of sales-output ratio of the industry

### **3.3 analysis of import and export of China's forklift industry**

3.3.1 analysis of export of the industry

(1) scale of export

(2) structure of export product

3.3.2 analysis of import of the industry

(1) scale of import

(2) structure of import products

## **Chapter 4: Analysis of market environment of China's forklift manufacturing industry**

### **4.1 analysis of competition of the international market of the industry**

4.1.1 status quo of development of the international forklift market

4.1.2 analysis of competitive landscape of the international forklift market

4.1.3 analysis of development trends of the international forklift market

### **4.2 analysis of competition of multinational companies in China**

4.2.1 competition of multinational companies in China

(1) Japan's Toyota Motor Corp.

(2) German KION Group

1) LindeAG

2) NACCO

3) KOMATSU

(3) German Jungheinrich Group

1) TCM

2) DOOSAN

3) NICHIYU

4) HYUNDAI

4.2.2 foreign companies' competitive strategies in China

### **4.3 analysis of competitive landscape of domestic market of the industry**

4.3.1 internal competitive landscape of the industry

(1) overall competitive landscape of the industry

(2) analysis of market share of enterprise

(3) analysis of change trend of concentration of the industry

4.3.2 analysis of bargaining power of the upstream of the industry

4.3.3 analysis of bargaining power of the downstream of the industry

4.3.4 threat of new entrants to the industry

4.3.5 analysis of potential treats of the industry

### **4.4 analysis of merger and restructuring of the industry**

4.4.1 overview of investment, merger and restructuring of the industry

4.4.2 trend of investment, merger and restructuring of the industry

4.4.3 trends of investment, merger and restructuring of the industry

## **Chapter 5: Analysis of subdivided products of China's forklift manufacturing industry**

### **5.1 structural characteristics of products of the industry**

- 5.1.1 analysis of structural characteristics of products of the industry
- 5.1.2 development trends of product markets of the industry

### **5.2 analysis of combustion forklift market**

- 5.2.1 overview of development of internal combustion forklift
- 5.2.2 analysis of sales of internal combustion forklift
  - (1) overall situation
  - (2) monthly analysis
  - (3) analysis by ton of weight lifting
- 5.2.3 analysis of export of internal combustion forklift
- 5.2.4 analysis of major manufacturers of internal combustion forklift
- 5.2.5 forecast of development of internal combustion forklift

### **5.3 analysis of electric forklift market**

- 5.3.1 overview of development of electric forklift
- 5.3.2 electric counterbalanced forklift
  - (1) analysis of sales
  - (2) analysis of major producers
  - (3) analysis of development prospects of the industry
- 5.3.3 electric ride-style warehouse forklift
  - (1) analysis of sales
  - (2) analysis of major producers
  - (3) analysis of development prospects of the industry
- 5.3.4 electric walk-style warehouse forklift
  - (1) analysis of sales
  - (2) analysis of major producers
  - (3) analysis of development prospects of the industry

### **5.4 analysis of small and light transport vehicle market**

- 5.4.1 overview of development of product
- 5.4.2 analysis of major producers
- 5.4.3 analysis of development trends of products

## **Chapter 6: Status quo and forecast of China's forklift leasing market**

### **6.1 overview of forklift leasing**

- 6.1.1 overview of forklift leasing model
  - (1) financial leasing
  - (2) operational leasing
- 6.1.2 advantage of forklift leasing
  - (1) for manufacturer
  - (2) For lessee

### **6.2 survey on forklift leasing market**

- 6.2.1 forklift leasing enterprise
  - (1) type of constituent of leasing enterprise
  - (2) scale of leasing enterprise
  - (3) geographical scope of business of leasing enterprise
  - (4) funding of leasing enterprise
  - (5) constituent of new and old vehicle for leasing
  - (6) confirmation method of rent
  - (7) deposit charging
  - (8) collections
  - (9) rental management system
  - (10) working years of practitioners of forklift industry

### **6.3 status quo of development of forklift leasing market**

- 6.3.1 development course of leasing market
- 6.3.2 analysis of influencing factors of leasing market
- 6.3.3 leasing market structure
- 6.3.4 problems of leasing market

### **6.4 forecast of development of forklift leasing market**

## **Chapter 7: Analysis of operation of major enterprises of China's forklift manufacturing industry**

### **7.1 analysis of the overall development of enterprises**

- 7.1.1 ranking of scale of enterprise

- (1) ranking of scale of production
  - (2) ranking of sales volume
  - (3) ranking of total profit
- 7.1.2 analysis of the company's innovation capability
- 7.1.3 analysis of comprehensive competitiveness of enterprise
- (1) description of principal component analysis
  - (2) evaluation index of comprehensive competitiveness of enterprises
  - (3) overall competitiveness ranking of enterprises
- 7.2 case study of leading enterprises of the industry**
- 7.2.1 Anhui Heli Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's organizational structure
  - (3) analysis of the company's product structure and new product developments
