

China Construction Quality Testing Industry Market Forecast and Competition Strategy Report, 2013-2017

目 录

CONTENTS

CONTENTS

Chapter 1: Overview of China Construction Quality Testing Industry

1.1 Definition of Construction Quality Testing Industry

- 1.1.1 Definition of Construction Quality Testing Industry
- 1.1.2 Content of Construction Quality Testing Industry
- 1.1.3 Institutions of Construction Quality Testing Industry
 - (1) Definition of Quality Testing Institutions
 - (2) Status of Quality Testing Institutions
 - (3) Relationship between the Institutions and other Institutions
 - (4) Responsibility and Obligation of Quality Testing Institutions

1.2 Characteristics of Construction Quality Testing Industry

- 1.2.1 Analysis of Industry Nature
- 1.2.2 Regional Characteristics of the Industry
- 1.2.3 Periodicity of the Industry
 - (1) Development Environment of China Construction Quality Testing Industry

1.3 Analysis of Policy Environment

- 1.3.1 Administrative Departments of the Industry
- 1.3.2 Supervision System of the Industry
- 1.3.3 Policies and Laws of the Industry

1.4 Analysis of Economic Environment

- 1.4.1 Development Status of National Economy
 - (1) Analysis of GDP Growth
 - (2) Analysis of Fixed Capital Investment
- 1.4.2 Development Forecast of National Economy
- 1.4.3 Influence of National Economic Development to the Industry

1.5 Analysis of the Industry Environment

- 1.5.1 Development Trend of Construction Industry
 - (1) Output Value Growth of Construction Industry
 - (2) Operating Benefit of Construction Industry
 - (3) Regional Structure of Construction Industry Development
- 1.5.2 Influence of the Industry Development to Construction Industry

1.6 Analysis of Social Environment

- 1.6.1 Security Problems of Construction Quality
- 1.6.2 Constant Growth of Quality awareness
- 1.6.3 Government Increases Supervision upon Construction Quality

1.7 Analysis of Technological Environment

- 1.7.1 Overall Status of the Industry Patented Technologies
- 1.7.2 Analysis of the Industry Patent Applicants
- 1.7.3 Analysis of the fields of Patent Technologies
 - (1) Development of Construction Quality Testing Industry at Home and Abroad

1.8 Development Experiences of Construction Quality Testing Industry at Home and Abroad

- 1.8.1 Status of Construction Quality Testing in Major Countries or Regions
 - (1) Status of Construction Quality Testing in Germany
 - (2) Status of Construction Quality Testing in British
 - (3) Status of Construction Quality Testing in France
 - (4) Status of Construction Quality Testing in America
 - (5) Status of Construction Quality Testing in Hong Kong
- 1.8.2 Development Experiences of Oversea Construction Quality Testing Industry

1.9 Development of Oversea Construction Quality Testing Institutions

- 1.9.1 Bureau Veritas Certification (BV for short)
 - (1) Overall Operation
 - (2) Structure of Earning Activities
 - (3) Structure of Earning Regions
- 1.9.2 Intertek
 - (1) Overall Operation
 - (2) Structure of Earning Activities
 - (3) Structure of Earning Regions
- 1.9.3 TÜV Rheinland
 - (1) Overall Operation
 - (2) Structure of Earning Activities
 - (3) Structure of Earning Regions
- 1.9.4 Société Générale de Surveillance Holding S.A. (SGS for short)
 - (1) Overall Operation
 - (2) Structure of Earning Activities
 - (3) Structure of Earning Regions
- 1.10 Development of Construction Quality Testing Industry in China**
 - 1.10.1 Development History of Construction Quality Testing Industry
 - 1.10.2 Development Characteristics of Construction Quality Testing Industry
 - 1.10.3 Development Problems of Construction Quality Testing Industry
 - (1) Testing Level Can Not Meet the Demands
 - (2) Operating Mechanism Can Not Fit the Requirements
 - (3) Government Management of the Industry is Faced with Challenges
 - 1.10.4 Competitive Structure of China Construction Quality Testing Industry
- 1.11 Development Scale of Construction Quality Testing Institution**
 - 1.11.1 Quantity and Scale of Construction Quality Testing Institution
 - 1.11.2 Income Scale of Construction Quality Testing Institution
- 1.12 Competition Characteristics of Construction Quality Testing Institution**
 - 1.12.1 Type Structure of Construction Quality Testing Institution
 - 1.12.2 Regional Barriers of Construction Quality Testing Industry
 - 1.12.3 Threats from Substitute Goods of Construction Quality Testing Industry
 - 1.12.4 Bargaining Capability of Construction Quality Testing Institution
- 1.13 Development of Third-party Construction Quality Testing Institution**
 - 1.13.1 Necessity of Third-party Construction Quality Testing Institution
 - 1.13.2 Advantages of Third-party Construction Quality Testing Institution
 - 1.13.3 Development Status of Third-party Construction Quality Testing Institution
- 1.14 Major Business Fields of China Construction Quality Testing Industry**
- 1.15 Analysis of Foundation Engineering Testing Market**
 - 1.15.1 Major Content of Foundation Engineering Testing
 - 1.15.2 Development Status of Foundation Engineering Industry
 - 1.15.3 Competitive Structure of Foundation Engineering Testing Institutions
- 1.16 Analysis of Main Structure Engineering Testing Market**
 - 1.16.1 Major Content of Main Structure Engineering Testing
 - 1.16.2 Development Status of Main Structure Engineering Industry
 - 1.16.3 Competitive Structure of Main Structure Engineering Testing Institutions
- 1.17 Analysis of Curtain Wall Engineering Testing Market**
 - 1.17.1 Major Content of Curtain Wall Engineering Testing
 - 1.17.2 Development Status of Curtain Wall Engineering Industry
 - 1.17.3 Competitive Structure of Curtain Wall Engineering Testing Institutions
 - 1.17.4 Technical Progress of Curtain Wall Engineering Testing
- 1.18 Analysis of Steel Structure Engineering Testing Market**
 - 1.18.1 Major Content of Steel Structure Engineering Testing
 - 1.18.2 Development Status of Steel Structure Engineering Industry
 - 1.18.3 Competitive Structure of Steel Structure Engineering Testing Institutions
 - 1.18.4 Technical Progress of Steel Structure Engineering Testing
- 1.19 Analysis of Indoor Environmental Quality Testing Market**
 - 1.19.1 Air Pollution Status of Indoor Environment in China
 - 1.19.2 Major Content of Indoor Environmental Quality Testing
 - 1.19.3 Development Status of Indoor Environmental Quality Industry

- 1.19.4 Competitive Structure of Indoor Environmental Quality Testing Institutions
- 1.19.5 Technical Progress of Indoor Environmental Quality Testing
- 1.20 Analysis of Construction Intelligent Testing Market**
 - 1.20.1 Necessity of Construction Intelligent Testing
 - 1.20.2 Construction Status of Intelligent Buildings
 - 1.20.3 Quality Status of Intelligent Buildings
 - 1.20.4 Testing Status of Intelligent Buildings
- 1.21 Analysis of Construction Energy Efficiency Inspection Market**
 - 1.21.1 Construction Status of Energy Saving Buildings
 - 1.21.2 Status of Construction Energy Efficiency Inspection
 - 1.21.3 Technical Progress of Construction Energy Efficiency Inspection
- 1.22 Analysis of other Testing Fields**
 - 1.22.1 Analysis of Waterproof Material Testing Market
 - (1) Development Status of Waterproof Material Industry
 - (2) Quality Status of Waterproof Material
 - (3) Testing Status of Waterproof Material
 - 1.22.2 Analysis of Wall Material Testing Market
 - (1) Development Status of Wall Material Industry
 - (2) Quality Status of Wall Material
 - (3) Testing Status of Wall Material
 - 1.22.3 Analysis of Windows and Doors Testing Market
 - (1) Development Status of Windows and Doors Industry
 - (2) Quality Status of Windows and Doors
 - (3) Testing Status of Windows and Doors
 - 1) Market Demand of China Construction Quality Testing Industry
- 1.23 Analysis of Highway Engineering Quality Testing Market**
 - 1.23.1 Construction Status of Highway Investment
 - (1) Scale of Highway Investment
 - (2) Operating Mileage of the Highway
 - 1.23.2 Status of Highway Engineering Quality
 - 1.23.3 Status of Highway Engineering Test Detection
 - 1.23.4 Prospect of Highway Engineering Test Detection
- 1.24 Analysis of Railway Engineering Quality Testing Market**
 - 1.24.1 Construction Status of Railway Investment
 - (1) Scale of Railway Investment
 - (2) Operating Mileage of the Railway
 - 1.24.2 Status of Railway Engineering Quality
 - 1.24.3 Status of Railway Engineering Test Detection
 - 1.24.4 Prospect of Railway Engineering Test Detection
- 1.25 Analysis of Housing Construction Engineering Quality Testing Market**
 - 1.25.1 Status of Real Estate Industry
 - (1) Interpretation of Real Estate Control Policies
 - (2) Development and Investment of Commercial Housing
 - (3) Sales of Commercial Housing Market
 - (4) Price of Commercial Housing
 - 1.25.2 Status of Building Construction Engineering Quality
 - 1.25.3 Status of Building Construction Engineering Quality Testing
 - 1.25.4 Prospect of Building Construction Engineering Quality Testing
- 1.26 Analysis of Hydraulic Engineering Quality Testing Market**
 - 1.26.1 Investment and Construction Status of Hydraulic Engineering
 - (1) Investment Scale of Hydraulic Engineering
 - (2) Construction Status of Key Hydraulic Engineering
 - 1.26.2 Status of Hydraulic Engineering Quality
 - 1.26.3 Status of Hydraulic Engineering Quality Testing
 - 1.26.4 Prospect of Hydraulic Engineering Quality Testing
- 1.27 Analysis of Rail Transport Engineering Quality Testing Market**
 - 1.27.1 Construction Status of Rail Transport Investment
 - (1) Scale of Rail Transport Investment
 - (2) Operating Mileage of the Rail Transport

- 1.27.2 Status of Rail Transport Engineering Quality
- 1.27.3 Status of Rail Transport Engineering Test Detection
- 1.27.4 Prospect of Rail Transport Engineering Test Detection
- 1.28 Analysis of Municipal Engineering Quality Testing Market**
 - 1.28.1 Construction Status of Municipal Investment
 - (1) Scale of Public Facilities Investment
 - (2) Construction Status of Key Public Facilities
 - 1.28.2 Status of Municipal Engineering Quality
 - 1.28.3 Status of Municipal Engineering Test Detection
 - 1.28.4 Prospect of Municipal Engineering Test Detection
- 1.29 Analysis of other Types of Construction Quality Testing Markets**
 - 1.29.1 Petroleum Engineering Quality Testing Market
 - (1) Investment and Construction Status of Petroleum Engineering
 - (2) Status of Petroleum Engineering Quality Testing
 - (3) Prospect of Petroleum Engineering Quality Testing
 - 1.29.2 Metallurgical Engineering Quality Testing Market
 - (1) Investment and Construction Status of Metallurgical Engineering
 - (2) Status of Metallurgical Engineering Quality Testing
 - (3) Prospect of Metallurgical Engineering Quality Testing
 - 1.29.3 Electric Power Engineering Quality Testing Market
 - (1) Investment and Construction Status of Electric Power Engineering
 - (2) Status of Electric Power Engineering Quality Testing
 - (3) Prospect of Electric Power Engineering Quality Testing
 - 1) Development Potential of Regional Construction Quality Testing Industry
- 1.30 Development Potential of Construction Quality Testing Industry in Beijing**
 - 1.30.1 Policies and Laws of Construction Quality Testing
 - 1.30.2 Development Trend of Regional Construction Industry
 - 1.30.3 Security Status of Construction Quality
 - 1.30.4 Charging Standard of Construction Quality Testing
 - 1.30.5 Major Institutions of Construction Quality Testing
 - 1.30.6 Development Potentials of Construction Quality Testing
- 1.31 Development Potential of Construction Quality Testing Industry in Shanghai**
 - 1.31.1 Policies and Laws of Construction Quality Testing
 - 1.31.2 Development Trend of Regional Construction Industry
 - 1.31.3 Security Status of Construction Quality
 - 1.31.4 Charging Standard of Construction Quality Testing
 - 1.31.5 Major Institutions of Construction Quality Testing
 - 1.31.6 Development Potentials of Construction Quality Testing
- 1.32 Development Potential of Construction Quality Testing Industry in Tianjin City**
 - 1.32.1 Policies and Laws of Construction Quality Testing
 - 1.32.2 Development Trend of Regional Construction Industry
 - 1.32.3 Security Status of Construction Quality
 - 1.32.4 Charging Standard of Construction Quality Testing
 - 1.32.5 Major Institutions of Construction Quality Testing
 - 1.32.6 Development Potentials of Construction Quality Testing
- 1.33 Development Potential of Construction Quality Testing Industry in Zhejiang Province**
 - 1.33.1 Policies and Laws of Construction Quality Testing
 - 1.33.2 Development Trend of Regional Construction Industry
 - 1.33.3 Security Status of Construction Quality
 - 1.33.4 Charging Standard of Construction Quality Testing
 - 1.33.5 Major Institutions of Construction Quality Testing
 - 1.33.6 Development Potentials of Construction Quality Testing
- 1.34 Development Potential of Construction Quality Testing Industry in Shandong Province**
 - 1.34.1 Policies and Laws of Construction Quality Testing
 - 1.34.2 Development Trend of Regional Construction Industry
 - 1.34.3 Security Status of Construction Quality
 - 1.34.4 Charging Standard of Construction Quality Testing
 - 1.34.5 Major Institutions of Construction Quality Testing
 - 1.34.6 Development Potentials of Construction Quality Testing

- 1.35 Development Potential of Construction Quality Testing Industry in Guangdong Province**
 - 1.35.1 Policies and Laws of Construction Quality Testing
 - 1.35.2 Development Trend of Regional Construction Industry
 - 1.35.3 Security Status of Construction Quality
 - 1.35.4 Charging Standard of Construction Quality Testing
 - 1.35.5 Major Institutions of Construction Quality Testing
 - 1.35.6 Development Potentials of Construction Quality Testing
- 1.36 Development Potential of Construction Quality Testing Industry in Hunan Province**
 - 1.36.1 Policies and Laws of Construction Quality Testing
 - 1.36.2 Development Trend of Regional Construction Industry
 - 1.36.3 Security Status of Construction Quality
 - 1.36.4 Charging Standard of Construction Quality Testing
 - 1.36.5 Major Institutions of Construction Quality Testing
 - 1.36.6 Development Potentials of Construction Quality Testing
- 1.37 Development Potential of Construction Quality Testing Industry in Sichuan Province**
 - 1.37.1 Policies and Laws of Construction Quality Testing
 - 1.37.2 Development Trend of Regional Construction Industry
 - 1.37.3 Security Status of Construction Quality
 - 1.37.4 Charging Standard of Construction Quality Testing
 - 1.37.5 Major Institutions of Construction Quality Testing
 - 1.37.6 Development Potentials of Construction Quality Testing
- 1.38 Development Potential of Construction Quality Testing Industry in Chongqing City**
 - 1.38.1 Policies and Laws of Construction Quality Testing
 - 1.38.2 Development Trend of Regional Construction Industry
 - 1.38.3 Security Status of Construction Quality
 - 1.38.4 Charging Standard of Construction Quality Testing
 - 1.38.5 Major Institutions of Construction Quality Testing
 - 1.38.6 Development Potentials of Construction Quality Testing
- 1.39 Development Potential of Construction Quality Testing Industry in Guangxi Province**
 - 1.39.1 Policies and Laws of Construction Quality Testing
 - 1.39.2 Development Trend of Regional Construction Industry
 - 1.39.3 Security Status of Construction Quality
 - 1.39.4 Charging Standard of Construction Quality Testing
 - 1.39.5 Major Institutions of Construction Quality Testing
 - 1.39.6 Development Potentials of Construction Quality Testing
 - (1) Investment Prospect and Risks Analysis of Construction Quality Testing Industry
- 1.40 Development Prospect Forecast of Construction Quality Testing Industry**
 - 1.40.1 Development Trend of the Industry
 - 1.40.2 Development Opportunities and Threats
 - 1.40.3 Development Forecast of the Industry
- 1.41 Investment Barriers of Construction Quality Testing Industry**
 - 1.41.1 Barrier of Qualification for the Industry
 - 1.41.2 Barrier of Talents and Technology
