

# Analysis Report of Market Outlook and Investment Forecast on China Energy Storage Industry (2022-2027)

## 目 录

### CONTENTS

#### Chapter 1: The Overview of Energy Storage Industry and the Description of Data Sources

- 1.1 The Definition of Energy Storage Industry
- 1.2 The Classification of Energy Storage Industry
- 1.3 The Interpretations of Energy Storage terms
- 1.4 The Research Scope of this Report
- 1.5 The Data Sources and Statistical Standards of the Report

#### Chapter 2: The Macro Environment Analysis of China's Energy Storage Industry (PEST)

- 2.1 The Policy Environment Analysis of China's Energy Storage Industry (Policy)
- 2.2 The Economic Environment Analysis of China's Energy Storage Industry (Economy)
- 2.3 The Social Environment Analysis of China's Energy Storage Industry (Society)
- 2.4 The Technology Environment Analysis of China's Energy Storage Industry (Technology)

#### Chapter 3: The Research of Development Status and Market Trend Insight of Global Energy Storage Industry

- 3.1 The Development History of the Global Energy Storage Industry
- 3.2 The Policy Environment of Global Energy Storage Industry Development
- 3.3 The Technical Environment of Global Energy Storage Industry
- 3.4 The Development Status and Analysis of Market Size Volume of Global Energy Storage Industry
- 3.5 The Regional Development Pattern and Key Regional Market Research of Global Energy Storage Industry

- 3.6 The Market Competition Pattern and Case Study of Key Companies of Global Energy Storage Industry
- 3.7 The Trend Forecast and the Prediction of Market Outlook of Global Energy Storage Industry
- 3.8 The Experience of Global Energy Storage Industry

#### Chapter 4: Analysis of the Market Supply and Demand and Development Pain Points of China's Energy Storage Industry

- 4.1 The Development History of China's Energy Storage Industry
- 4.2 The Foreign Trade in China's Energy Storage Industry
- 4.3 The Market Entity Types and Admission Methods of China Energy Storage Industry
- 4.4 The Scale of Market Players in China's Energy Storage Industry
- 4.5 The Scale of Installed Capacity in China's Energy Storage Industry
- 4.6 The Interpretation of the Bidding Market of China's Energy Storage Industry
- 4.7 The Price Trend Analysis of China's Energy Storage Industry
- 4.8 The Market Volume of China's Energy Storage Industry
- 4.9 The Analysis of Market Pain Points in China's Energy Storage Industry

#### Chapter 5: Analysis of the Market Competition and Market Pattern of China's Energy Storage Industry

- 5.1 The Porter's Five Forces Model Analysis of China's Energy Storage Industry
- 5.2 Investment and Financing, Mergers and Acquisitions in China's Energy Storage Industry
- 5.3 The Analysis of the Market Competition Pattern in China's Energy Storage Industry
- 5.4 The Analysis of Market Concentration in China's Energy Storage Industry
- 5.5 The Competitive Situation of Chinese Energy Storage Enterprises in International Market
- 5.6 The Analysis of the Competition Pattern of China's Energy Storage Industry in Overseas Markets

#### Chapter 6: The Research on the Structure of China's Energy Storage Industry Chain and the Layout of the Whole Industry Chain

- 6.1 The Analysis of the Structural Attributes (Industry Chain) of China's Energy Storage Industry
- 6.2 The Analysis of the Value Attributes (Value Chain) of China's Energy Storage Industry
- 6.3 The Analysis of Upstream Market of China's Energy Storage Industry
- 6.4 The Analysis of Midstream Market Segments of China's Energy Storage Industry
- 6.5 The Analysis of the Demand Potential of the Downstream Application Market in China's Energy Storage Industry

## Chapter 7: The Case Studies on the Layout of Key Enterprises in China's Energy Storage Industry

7.1 The Sorting and Comparison of the Layout of Key Chinese Energy Storage Companies

7.2 The Analysis of the Layout of Key Enterprises in China's Energy Storage Industry

## Chapter 8: The Market Foresight and Investment Strategic Planning and Suggestions for China's Energy Storage Industry

8.1 The Analysis of Development Opportunities and Challenges in China's Energy Storage Industry

8.2 The Assessment of the Development Potential of China's Energy Storage Industry

8.3 The Development Prospects of China's Energy Storage Industry

8.4 The Forecast of Development Trend of China's Energy Storage Industry

8.5 The Barriers to Entry and Exit in China's Energy Storage Industry

8.6 The Investment Risk Warning and Prevention in China's Energy Storage Industry

8.7 The Assessment of the Investment Value of China's Energy Storage Industry

8.8 The Analysis of Investment Opportunities in China's Energy Storage Industry

8.9 The Investment Strategies and Recommendations for China's Energy Storage Industry

8.10 The Suggestions for Sustainable Development of China's Energy Storage Industry

## 图表目录

Chart 1: The Definition of Energy Storage

Chart 2: The Identification and Analysis of Energy Storage, New Energy Storage, and Long-Term Energy Storage

Chart 3: The Differences between Energy Storage Battery and Power Battery

Chart 4: The Definition and Classification of Energy Storage Industry by China National Bureau of Statistics

Chart 5: The Interpretations of Energy Storage Terms

Chart 6: Energy Storage Terminology

Chart 7: The Research Scope of Energy Storage Industry Defined in this Report

Chart 8: The Summary of Authoritative Data Sources in this Report

Chart 9: The Description of the Main Research Methods and Statistical Standards of this Report

Chart 10: The Regulatory System of China's Energy Storage Industry

Chart 11: The Competent Authorities in China's Energy Storage Industry

Chart 12: The Self-Regulatory Organizations of Energy Storage Industry in China

Chart 13: The Standard System Construction in China's Energy Storage Industry as of 2022 (Unit: Item)

Chart 14: The Current National Standards in China's Energy Storage Industry as of.....2022

Chart 15: The Current Industry Standards in China's Energy Storage Industry as of.....2022

Chart 16: The Existing Local Standards in China's Energy Storage Industry as of.....2022

Chart 17: The Current Group Standards in China's Energy Storage Industry as of.....2022

Chart 18: The Upcoming Standards in China's Energy Storage Industry as of.....2022

Chart 19: The Summary of Standards Being Set in China's Energy Storage Industry as of.....2022

Chart 20: The Interpretation of Key Standards in China's Energy Storage Industry

Chart 21: The Summary of Relevant Laws and Regulations in the Energy Storage Industry as Of.....2022

Chart 22: The Summary of National-Level Development Plans for China's Energy Storage Industry, as of 2022

Chart 23: The Summary of National-Level Development Plans for China's Energy Storage Industry as of..2022

Chart 24: Improvement of Energy Storage Policy in China's National Economic Planning

Chart 25: The Development Goals China's New Energy Storage

Chart 26: The Summary of Energy Storage Development Targets in the 14th Five-Year Plan for Relevant Regions as of May 2022 (Unit: 10,000 KW, %, H)

Chart 27: The Summary of the Impact of Policy Environment on the Development of China's Energy Storage Industry

Chart 28: China's GDP Growth Trend 2010-2022 (Unit: Trillion RMB, %)

Chart 29: China's Three Industry Structures 2010-2022 (Unit: %)

Chart 30: The Changes in China's CPI, 2019-2022 (Unit: %)
