

# Report of Prospects and Investment Strategy Planning Analysis On China's New Generation of Information Technology Industry (2022-2027)

## 目 录

### CONTENTS

#### Chapter 1: Overview of Development of China's New Generation of Information Technology Industry

- 1.1 Overview of New Generation of Information Technology Industry
- 1.2 Development Environment Analysis of New Generation of Information Technology Industry
- 1.3 Development of China's New Generation of Information Technology Industry
- 1.4 Analysis of Opportunities and Threats of the Development of the New Generation of Information Technology Industry

#### Chapter 2: Development Analysis of Integrated Circuit and Special Equipment Industry

- 2.1 Market Development Analysis of Integrated Circuit Industry
- 2.2 Market Development Analysis of Integrated Circuit Design
- 2.3 Market Development Analysis of Integrated Circuit Manufacturing
- 2.4 Market Development Analysis of Integrated Circuit Packaging
- 2.5 Market Development Analysis of Integrated Circuit Equipment

#### Chapter 3: Development Analysis of Information Communication Equipment Industry

- 3.1 Market Development Analysis of Wireless Mobile Communication
- 3.2 Market Development Analysis of Optical Communication Equipment
- 3.3 Market Development Analysis of High Performance Computer and Server

#### Chapter 4: Development Analysis of Operating System and Industrial Software Industry

- 4.1 Market Development Analysis of Industrial Operating System and Application Software
- 4.2 Market Development Analysis of Industrial Big Data Platform
- 4.3 Market Development Analysis of Smart Industrial Cloud
- 4.4 Market Development Analysis of Industrial Application Software in Key Areas

#### Chapter 5: Development Analysis of Core Information Equipment Industry of Intelligent Manufacturing

- 5.1 Market Development Analysis of Basic Communication Equipment of Intelligent Manufacturing
- 5.2 Market Development Analysis of New Industrial Sensors
- 5.3 Market Development Analysis of Intelligent Manufacturing Control Systems
- 5.4 Market Development Analysis of IoT Equipment in Manufacturing
- 5.5 Market Development Analysis of Instrumentation and Testing Equipment

#### Chapter 6: Development Status Analysis of Other New Generation of Core Information Technology Industry

- 6.1 Market Development Analysis of Information Security Assurance in Manufacturing
- 6.2 Market Development Analysis of Virtual Reality and Augmented Reality
- 6.3 Market Development Analysis of Artificial Intelligence
- 6.4 Market Development Analysis of Cloud Computing
- 6.5 Market Development Analysis of Smart City

#### Chapter 7: Case Analysis of Leading Enterprises in China's New Generation of Information Technology Industry

- 7.1 Case Analysis of Leading Integrated Circuit and Special Equipment Enterprises
- 7.2 Case Analysis of Leading Information and Communication Equipment Enterprises
- 7.3 Case Analysis of Leading Operating System and Industrial Software Enterprises
- 7.4 Case Analysis of Leading Intelligent Manufacturing Core Information Equipment Enterprises
- 7.5 Case Analysis of Leading of Virtual Reality and Augmented Reality Enterprises
- 7.6 Case Analysis of Leading Artificial Intelligence Enterprises
- 7.7 Case Analysis of Leading Cloud Computing Enterprises
- 7.8 Case Analysis of Leading Smart City Enterprises

#### Chapter 8: Investment Potential and Strategic Planning for the New Generation of

## Information Technology Industry

- 8.1 Development Prospect of the New Generation of Information Technology Industry
- 8.2 Development Trend of the New Generation of Information Technology Industry
- 8.3 Investment Potential Analysis of the New Generation of Information Technology Industry
- 8.4 Investment Strategic Planning for the New Generation of Information Technology Industry

## 图表目录

- Chart 1: Connotation of the New Generation of Information Technology
- Chart 2: Segmentation of the New Generation of Information Technology
- Chart 3: Definition of the Research Scope of this Report
- Chart 4: Description of Research Methods and Data Sources of the Report
- Chart 5: 2015-2021 Year-On-Year GDP Growth Rate of the World and Major Economies (Unit: %)
- Chart 6: Trend of Changes in US GDP from 2010 to 2021 (Unit: Trillion US Dollars, %)
- Chart 7: Changes in Japan's GDP from 2010 to 2021 (Unit: Trillion Yen, %)
- Chart 8: Changes in EU GDP from 2010 to 2021 (Unit: Trillion Euros, %)
- Chart 9: Economic Growth Forecast of Major Global Economies from 2022 to 2023 (Unit: %)
- Chart 10: China's GDP Growth Trend from 2010 to 2022 (Unit: Trillion Yuan, %)
- Chart 11: China's Total Industrial Added Value and Growth Rate from 2010 to 2022 (Unit: Trillion Yuan, %)
- Chart 12: Forecast of China's Core Macroeconomic Indicators in 2022 (Unit: %)
- Chart 13: Summary of Related Standards of Communication Network Technology
- Chart 14: Summary of Related Standards of Internet of Things
- Chart 15: Summary of Related Standards of Cloud Computing
- Chart 16: Summary of Related Standards of Integrated Circuit
- Chart 17: Policy Summary of the New Generation of Information Technology Industry from 2015 to.....2021
- Chart 18: Market Size, Growth Rate and Forecast of China's IoT from 2013 to 2021 (Based on Sales) (Unit: 100 Million Yuan, %)
- Chart 19: Latest Development Trend of Cloud Computing Products of Some Typical China's Enterprises
- Chart 20: Market Scale Trend of China's Big Data Industry from 2017 to 2021 (Unit: 100 Million Yuan)
- Chart 21: Number of Patent Applications Related to the IoT Industry from 2009 to 2022 (Unit: Item)
- Chart 22: Top 5 Professional Fields of China's IoT Industry as of May 19, 2022 (Unit: Item)
- Chart 23: Composition of the Top 5 Applicants for Patents Related to IoT Technology as of May 19, 2022 (Unit: Item)
- Chart 24: Number of Patent Applications Related to Cloud Computing Industry from 2009 to 2022 (Unit: Item)
- Chart 25: Top 5 Professional Fields of China's Cloud Computing Industry as of May 19, 2022 (Unit: Item)
- Chart 26: Composition of the Top 5 Applicants for Patents Related to Cloud Computing Technology as of May 19, 2022 (Unit: Item)
- Chart 27: Number of Patent Applications Related to Big Data Industry from 2009 to 2022 (Unit: Item)
- Chart 28: Top 5 Professional Fields of China's Big Data Industry as of May 19, 2022 (Unit: Item, %)
- Chart 29: Composition of the Top 5 Applicants for Patents Related to Big Data Technology as of May 19, 2022 (Unit: Items, %)
- Chart 30: Number of Patent Applications Related to Artificial Intelligence Industry from 2009 to 2022 (Unit: Item)
