Analysis Report of Development Outlook & Transformation and Upgrading of China's Intelligent Manufacturing Equipment Industry (2022-2027)

目 录

CONTENTS

Chapter 1: Concept and Development Environment Analysis of Intelligent Manufacturing Equipment Industry
1.1 Definition of Intelligent Manufacturing Equipment Industry and Interpretation of Statistical Caliber
1.2 Development Environment of Intelligent Manufacturing Equipment Industry
1.3 Necessity Analysis of Intelligent Manufacturing Equipment
Chapter 2: Development Analysis of Intelligent Manufacturing Equipment and High-End Equipment Manufacturing
2.1 Development Status of China's Equipment Manufacturing Industry
2.2 Analysis of Transformation and Upgrading of Manufacturing Industry
2.3 Development Analysis of High-End Equipment Manufacturing Industry
2.4 Development Status of Intelligent Manufacturing Equipment Industry
2.5 Development Outlook of Intelligent Manufacturing Equipment Industry
Chapter 3: Development Analysis of Key Regional Markets in Intelligent Manufacturing Equipment Industry
3.1 Overview of Regional Development of Intelligent Manufacturing Equipment Industry
3.2 Development Analysis of Intelligent Manufacturing Equipment Industry in the Pearl River Delta Region
3.3 Development Analysis of Intelligent Manufacturing Equipment Industry in the Yangtze River Delta Region
3.4 Development Analysis of Intelligent Manufacturing Equipment Industry in the Bohai Rim Region
3.5 Development Analysis of Intelligent Manufacturing Equipment Industry in Other Provinces and Cities
Chapter 4: Experience and Development Outlook of Intelligent Instruments Industry
4.1 Development Analysis of Instruments Industry
4.2 Current Situation and Application of Intelligent Instruments Industry
4.3 Leading Models in Intelligent Instruments Industry
4.4 Analysis of Leading Companies in Intelligent Instruments Industry
4.5 Investment Prospects of Intelligent Instruments Industry
Chapter 5: Experience and Development Outlook of Intelligent Machine Tool Industry
5.1 Development Analysis of Machine Tool Industry
5.2 Current Situation and Application of Intelligent Machine Tool Industry
5.3 Leading Models in Intelligent Machine Tool Industry
5.4 Analysis of Leading Companies in Intelligent Machine Tool Industry
5.5 Investment Prospects of Intelligent Machine Tool Industry
Chapter 6: Experiences and Development Outlook of Intelligent Control System Industry
6.1 Development Analysis of Industrial Automatic Control System Devices
6.2 Current Situation and Application of Intelligent Control System Industry
6.3 Leading Models in Intelligent Control System Industry
6.4 Analysis of Leading Companies in Intelligent Control System Industry
6.5 Investment Prospects of Intelligent Control System Industry
Chapter 7: Experience and Development Outlook of Smart Equipment Key Components
7.1 Development Analysis of Key Basic Components Industry
7.2 Development Analysis of the Component Industry
7.3 Leading Models in the Key Components of Intelligent Equipment Industry
7.4 Analysis of Leading Enterprises in the Key Components of Intelligent Equipment Industry
7.5 Analysis of Investment Prospects of the Key Components of Intelligent Equipment Industry

Chapter 8: Experience and Development Outlook of Intelligent Special Equipment Industry
8.1 Current Situation of Special Intelligent Equipment Industry
8.2 Development Analysis of Industrial Robot Industry
8.3 Development Analysis of UAV Industry
8.4 Leading Models in Special Intelligent Equipment Industry
8.5 Analysis of Leading Enterprises in Intelligent Special Equipment Industry
8.6 Investment Prospects of Special Intelligent Equipment Industry
Chapter 9: Experience and Development Outlook of Automated Production Line Industry
9.1 Overview of Automation Production Line
9.2 Current Situation and Application of Automated Production Line Industry
9.3 Leading Models of Automated Production Lines
9.4 Analysis of Leading Companies in Automated Production Line Industry
9.5 Investment Prospects of Automated Production Line Industry

图表目录

Chart 1: Main Features of Intelligent Manufacturing Equipment System
Chart 2: Coverage Scope of Intelligent Manufacturing Equipment Industry
Chart 3: Main Data Sources of this Report
Chart 4: Main Classification of Intelligent Manufacturing Equipment
Chart 5: Summary of Relevant Standards in Force for CNC Machine Tools from 2001-2022
Chart 6: Major Policies and Regulations on Intelligent Manufacturing Equipment Industry in China, 2015-2022
Chart 7: The 2025 Target Proposed in the 14th Five-Year Plan for the Development of Intelligent Manufacturing (
Draft for Comments)
Chart 8: Intelligent Manufacturing Equipment Innovation and Development Actions in the 14th Five-Year Plan for the Developm
ent of Smart Manufacturing (Draft for Public Comments)
Chart 9: Changes in GDP Growth Rate of Major World Economies, 2018-2021 (Unit: %)
Chart 10: Year-On-Year Growth of Major Global Economies in 2022 (Unit: %)
Chart 11: GDP Growth of China, 2012-2022 (Unit: Trillion RMB, %)
Chart 12: Added Value and Growth Rate of Domestic Industries, 2012-2022 (Unit: Trillion RMB, %)
Chart 13: Expected Targets of China’s Macroeconomic Development in 2022 (Unit: %, 10 Thousand People)
Chart 14: Population in the Chinese Mainland, 2011-2021 (Unit: a Hundred Million People)
Chart 15: Population and Composition of Mainland China at the End of 2021 (Unit: 10 Thousand People, %)
Chart 16: Proportion of Urban and Rural Population in China, 2010-2021 (Unit: %)
Chart 17: New Employment in Urban Areas in China, 2013-2021 (Unit: 10 Thousand People)
Chart 18: Annual Average Wage Trend of Employees in China, 2013-2021 (Unit: RMB)
Chart 19: R&D Investment of Representative Listed Enterprises of Intelligent Manufacturing Equipment in China in 202
1 (Unit: RMB a Hundred Million, %)
Chart 20: Changes in the Number of Patent Application for Industrial Robots-Related Technologies in China, 2010
-2022 (Unit: Pieces)
Chart 21: Changes in the Number of Patent Disclosure of Industrial Robots-Related Technologies in China, 2010-
2022 (Unit: Pieces)
Chart 22: Top 10 Patent Applicant Composition of Industrial Robots-Related Technologies in China as of May 202
2 (Unit: Pieces, %)
Chart 23: Top 10 Patent Distribution Fields of Industrial Robots-Related Technologies in China as of May 2022
(Unit: Pieces, %)
Chart 24: Development Direction and Stages of China’s Intelligent Manufacturing Equipment Industry
Chart 25: Analysis of the Necessity of Intelligent Manufacturing Equipment

Chart 26: Summary of China's Segmented Equipment Manufacturing Industries in 2021 (Unit: RMB Trillion, %
)
Chart 27: Gap Between China and Manufacturing Powerhouses
Chart 28: Main Business Income and Year-On-Year Growth of Equipment Manufacturing Industry, 2016-2021
(Unit:
RMB Trillion, %)
Chart 29: Operating Income Trend of China Metal Products Industry, 2016-2021 (Unit: RMB a Hundred
Million
, %)
Chart 30: Operating Income Trend of China's General Equipment Manufacturing Industry, 2016-2021 (Unit:
RMB a H
undred Million, %)
