

China Education & Training Industry Report of Market Prospective and Investment Strategy Planning, 2013-2017

目 录

CONTENTS

Chapter 1: Analysis of China Education and Training Industry' s Definition and development environment

1.1 Education and training industry definitions

- 1.1.1 the definition of the industry
 - (1) the definition of the industry
 - (2) the importance of the industry
- 1.1.2 the scopes of study report

1.2 Analysis of education and training industry' s development environment

- 1.2.1 policy environment analysis
 - (1) analysis of industry management system
 - (2) industry development policies laws and regulations
 - (3) industry self-regulation environmental analysis
- 1.2.2 analysis of the economic environment
 - (1) GDP operation
 - (2) revenue analysis
 - (3) income analysis
- 1.2.3 social environment analysis
 - (1) Development Status
 - (2) the size of the population and the quality
 - (3) the level of national spending on education
 - (4) social awareness training
- 1.2.4 industry technical environmental analysis
 - (1) Impact of the development of technology on training methods
 - (2) Impact of digital learning on information education

Chapter 2: Analysis of the development of China education and training sector and Trends

2.1 Analysis of education and training industry development status

- 2.1.1 industry overview
- 2.1.2 the development scale of the industry
- 2.1.3 the industry problem analysis
- 2.1.4 the development and suggestions of the industry
 - (1) strengthen policy support
 - (2) strengthen the supervision and guidance

2.2 Analysis of education and training industry competition

- 2.2.1 Analysis of the stage
- 2.2.2 industry competition analysis
- 2.2.3 the industry bargaining power
- 2.2.4 the potential threat to industry

2.3 education and training industry' s development trend analysis

- 2.3.1 the size of the market trend
 - (1) analysis of the gap with the world level
 - (2) potential demographic analysis by the Education and Training
 - (3) education and training investment analysis
 - (4) Educational Training Regional Development Analysis
- 2.3.2 the trend of capital continuing entry
- 2.3.3 increased competition and consolidation
 - (1) foreign investment increase competition.....49
 - (2) unreasonable investment increase competition
 - 1) diversification and development trends

Market chapter

Chapter 3: China Language Training Market Research and Analysis

3.1 online research of language training market

- 3.1.1 language training brand awareness survey
 - (1) survey on the national language training brand awareness
 - (2) survey on the regional language training brand awareness
- 3.1.2 survey on language training direction
- 3.1.3 survey on language training's language
- 3.1.4 survey on language training examination
- 3.1.5 survey on language training capacity

3.2 Language Training attributes and behavior of Internet users

- 3.2.1 language training users' attributes
 - (1) Age attribute analysis
 - (2) gender analysis
 - (3) Region attribute analysis
- 3.2.2 language training habits of Internet users
 - (1) concerns
 - (2) Interests

3.3 Analysis of primary and 2ary English language training market

- 3.3.1 the status of English training market for primary school students
- 3.3.2 competition analysis of primary and 2ary English language training market
- 3.3.3 research factors why students choose English training
 - (1) the impact of Training price
 - (2) the impact of faculty
 - (3) the impact of research contents
 - (4) the impact of distance
 - (5) the impact of consumption patterns
 - 1) the impact of the learning environment
 - (6) the impact of brand
 - (7) impact of foreign teachers

3.4 Over-level English training market analysis

- 3.4.1 the consumer groups
- 3.4.2 the status quo level of English Training Market
- 3.4.3 English training market competition
- 3.4.4 English training market trend

3.5 English Training Market Analysis

- 3.5.1 Characteristics of people to study abroad
- 3.5.2 Market Situation of English Training Analysis
- 3.5.3 attention of English training market analysis
 - (1) IELTS brand awareness survey
 - (2) TOEFL GRE & GMAT training brand awareness survey
- 3.5.4 English language training market prospective analysis

- 3.7.1 Japanese talent market demand analysis
- 3.7.2 the Japanese consumer groups analysis
- 3.7.3 the Japanese training brand awareness survey
- 3.7.4 the Japanese training development trend analysis

3.8 Training Market Analysis of other languages

- 3.8.1 the talent supply and demand analysis of other languages
- 3.8.2 the training market status of other languages
- 3.8.3 other language training market's prospects

Chapter 4: China IT training market research and analysis

4.1 online research of IT training market concern

- 4.1.1 IT training brand awareness survey

(1) The National IT training market brand awareness survey	
(2) The regional market IT training brand awareness survey	
4.1.2 Research on attention about the type of IT training	
4.1.3 Research on attention about the type of profession	
4.1.4 Research on attention about certification	
4.2 IT Training attributes and behavior of Internet users	
4.2.1 users' attribute	
(1) Age attribute analysis	
(2) Gender attribute analysis	
(3) Region attribute analysis	
4.2.2 IT training habits of Internet users	
(1) concerns analysis	
(2) habits analysis	
(3) Interest analysis	
4.3 IT talent supply and demand analysis	
4.3.1 IT talent supply analysis	
4.3.2 IT professionals demand analysis	
4.3.3 the employment prospects analysis of IT professionals	
4.4 IT Training Market Development Analysis	
4.4.1 IT training market' s development scale analysis	
4.4.2 IT training market analysis of consumer groups	
4.4.3 IT training market problem analysis	
4.4.4 IT training market' s popular demand analysis	
4.5 IT training market competition analysis	
4.5.1 IT training market' s competition situation analysis	
4.5.2 IT training market' s competition trend analysis.....	105
4.6 IT Training Market Prospects Analysis	
4.6.1 IT training market trend analysis	
4.6.2 IT industry development prospects analysis	
4.6.3 IT training market analysis	
Chapter 5: China tutoring training market research and analysis	
5.1 research on parents' choose extracurricular training	
5.1.1 research on the choice of the parents of extracurricular courses	
(1) Motivation	
(2) Standard	
(3) Classification
