

China Superhard Material Composite Industry Report 2016–2021, Market Research and Investment Forecast

目 录

CONTENTS

Chapter 1: Overview of development of China's superhard material composite industry

- 1.1 definition of superhard material composite industry
- 1.2 characteristics of operation of China's superhard material composite industry
 - 1.2.1 characteristics of operation mode of the industry
 - 1.2.2 cyclical characteristics of operation of the industry
 - 1.2.3 seasonal characteristics of operation of the industry
- 1.3 market environment of China's superhard material composite industry
 - 1.3.1 policy environment of superhard material composite industry
 - (1) analysis of regulatory regime of the industry
 - (2) main laws and policies of the industry
 - 1.3.2 economic environment of superhard material composite industry
 - (1) analysis of the national macro economic environment
 - 1) analysis of domestic GDP growth
 - 2) analysis of the national investment growth
 - 3) analysis of growth of industrial added value
 - (2) analysis of macro economic environment of the industry
 - 1.3.3 technical environment of superhard material composite industry
 - (1) production process
 - (2) analysis of technical level of the industry
 - (3) development trends of industry technology

Chapter 2: Analysis of development of China's superhard material composite industry

- 2.1 analysis of development of the international superhard material composite industry
 - 2.1.1 development history of the international superhard material composite industry
 - 2.1.2 analysis of development of superhard material composite industry in major countries
 - (1) analysis of development of superhard material composite industry in America
 - (2) analysis of development of superhard material composite industry in Japan
 - 2.1.3 analysis of competition of the international superhard material composite industry
 - 2.1.4 development trends of the international superhard material composite industry
- 2.2 analysis of investment of multinational companies in China market
 - 2.2.1 analysis of investment of American Synthesis Comapny in China market
 - 2.2.2 analysis of investment of British Element Six in China market
 - 2.2.3 analysis of investment of British DI Company in China market
 - 2.2.4 analysis of investment of Japanese Sumitomo in China market
- 2.3 analysis of development of the domestic superhard material composite industry
 - 2.3.1 overview of development of the domestic superhard material composite industry
 - 2.3.2 development factors of the domestic superhard material composite industry
 - (1) analysis of favorable factors of development of the industry
 - (2) analysis of unfavorable factors of development of the industry
 - 2.3.3 market scale of the domestic superhard material composite industry
 - 2.3.4 five-force competition model of the domestic superhard material composite industry
 - (1) bargaining power of the upstream of the industry
 - (2) bargaining power of the downstream of the industry
 - (3) threat of new entrants to the industry
 - (4) threat of alternatives of the industry
 - (5) status quo of competition of the industry
 - 2.3.5 trend of profit change of the domestic superhard material composite industry
- 2.4 analysis of development of superhard material composite industry in Henan
 - 2.4.1 development conditions of superhard material composite industry in Henan
 - (1) development scale of superhard material composite industry in Henan

- (2) investment environment of superhard material composite industry in Henan
- (3) production enterprises of superhard material composite industry in Henan
- (4) R & D capabilities of superhard material composite industry in Henan
- (5) supporting policies of superhard material composite industry in Henan
- 2.4.2 status quo of development of superhard material composite industry in Henan
- 2.4.3 development prospects of superhard material composite industry in Henan

Chapter 3: Analysis of product markets of China's superhard material composite industry

3.1 analysis of market of China's superhard material composite products

- 3.1.1 analysis of oil drill market
 - (1) analysis of supply and demand of oil market
 - (2) development of oil and gas
 - (3) analysis of oil drill market
- 3.1.2 analysis of mine drill market
 - (1) analysis of coal mining
 - (2) mining of ferrous metal ore
 - (3) mining of non-ferrous metal
 - (4) mining of non-metallic mineral
 - (5) analysis of mine drill market
- 3.1.3 analysis of tool market of superhard material composite
- 3.1.4 analysis of drawing dies market
 - (1) analysis of supply and demand of metal wire
 - (2) analysis of drawing dies market

3.2 analysis of China's superhard material composite market

- 3.2.1 analysis of market of oil / gas drill PCD clad sheet
 - (1) analysis of applications of oil clad sheet
 - (2) analysis of scale of oil clad sheet market
 - (3) analysis of competitive landscape of oil clad sheet
 - (4) forecast of applications of oil clad sheet
- 3.2.2 analysis of market of coal / mining tool PCD clad sheet
 - (1) analysis of applications of mining clad sheet
 - (2) analysis of scale of mining clad sheet market
 - (3) analysis of competitive landscape of mining clad sheet market
 - (4) forecast of applications of mining clad sheet
- 3.2.3 analysis of market of PCD high-grade wire drawing die blanks
 - (1) analysis of applications of PCD wire drawing die blanks
 - (2) analysis of market scale of PCD wire drawing die blanks
 - (3) analysis of competitive landscape of PCD wire drawing die blanks market
 - (4) forecast of applications of PCD wire drawing die blanks
- 3.2.4 analysis of market of PCD / PCBN cutting tool composite sheet
 - (1) analysis of applications of tool composite sheet
 - (2) analysis of market scale of tool composite sheet
 - (3) analysis of competitive landscape of tool composite sheet market
 - (4) forecast of applications of tool composite sheet

3.3 analysis of research progress of bonding agent of China's superhard material composite

- 3.3.1 new progress of research of binder materials
 - (1) superfine iron
 - (2) pre-alloyed powder
 - (3) Polyimide resin powder Ultrafine
- 3.3.2 new progress of research of binder
 - (1) ceramic bond
 - (2) sintered metal bond
 - (3) plating metal binding agent

Chapter 4: Analysis of operation of leading enterprises of China's superhard material composite industry in 2011年以来

4.1 overview of development of overall enterprises of China's superhard material composite industry

4.2 analysis of operation of leading enterprises of China's superhard material composite industry

- 4.2.1 Zhengzhou New Asia Superhard Material Composite Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing

- (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.2 Anhui yAZHU Group Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.3 Beijing Gang Yan Diamond Products Company
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.4 Hunan Flydisc New Material Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.5 Henan SF Diamond Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.6 Shenzhen Haimingrun Industrial Co., Ltd.
- (1) brief introduction of the company's development

- (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.7 Henan Funik Ultrahard Material Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.8 Zhuhai Kuixin Technology Development Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.9 Henan Jinbei Special Type Diamond Co., Ltd
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.10 Liaoning Diamond LLC
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.11 Henan Jingrui Superhard Material Co., Ltd.

- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.12 Henan Superhard Material Composite Development Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.13 Zhengzhou Berlth Hard Materials Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.14 Zhengzhou Sanhe Diamond Limited
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.15 Beijing Drilling Tools Factory
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend

- 4.2.16 Donge Zuanbiao Diamond Limited
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.17 Zhengzhou Research Institute for Abrasive & Grinding
- (1) brief introduction of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's equipment and technical level
 - (5) distribution of the company's sales channels and network
 - (6) SWOT analysis of the company's operation
 - (7) analysis of the company's latest development trend
- 4.2.18 Zhengzhou Huayi Superhard Material Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's equipment and technical level
 - (5) distribution of the company's sales channels and network
 - (6) SWOT analysis of the company's operation
 - (7) analysis of the company's latest development trend
- 4.2.19 Tianjin Synthetic Diamond Factory
- (1) brief introduction of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's equipment and technical level
 - (5) distribution of the company's sales channels and network
 - (6) SWOT analysis of the company's operation
 - (7) analysis of the company's latest development trend
- 4.2.20 Henan Huanghe Whirlwind Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation
 - (11) analysis of the company's latest development trend
- 4.2.21 Jinrui New Material Technology Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's equipment and technical level
 - (9) distribution of the company's sales channels and network
 - (10) SWOT analysis of the company's operation

- (11) analysis of the company's latest development trend
- 4.2.22 Jingri Diamond Industrial Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's equipment and technical level
 - (5) distribution of the company's sales channels and network
 - (6) SWOT analysis of the company's operation
 - (7) analysis of the company's latest development trend
- 4.2.23 Shanghai GEMS Superabrasives
 - (1) brief introduction of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's equipment and technical level
 - (5) distribution of the company's sales channels and network
 - (6) SWOT analysis of the company's operation
 - (7) analysis of the company's latest development trend
- 4.2.24 Shanghai Fact Superhard Materials Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's equipment and technical level
 - (5) distribution of the company's sales channels and network
 - (6) SWOT analysis of the company's operation
 - (7) analysis of the company's latest development trend
- 4.2.25 Beijing Queenbeed Diamond Limited
 - (1) brief introduction of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's equipment and technical level
 - (5) distribution of the company's sales channels and network
 - (6) SWOT analysis of the company's operation
 - (7) analysis of the company's latest development trend
- 4.2.26 Zhengzhou Cube Superhard Materials Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's equipment and technical level
 - (5) distribution of the company's sales channels and network
 - (6) SWOT analysis of the company's operation
 - (7) analysis of the company's latest development trend
- 4.2.27 Zhengzhou Realy Superhard Material Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's operation
 - (3) analysis of the company's product structure and new product developments
 - (4) analysis of the company's equipment and technical level
 - (5) distribution of the company's sales channels and network
 - (6) SWOT analysis of the company's operation
 - (7) analysis of the company's latest development trend

Chapter 5: Analysis of development prospects of China's superhard material composite industry

5.1 risk of investment of China's superhard material composite industry

- 5.1.1 policy risk of the industry
- 5.1.2 technical risk of the industry
- 5.1.3 risk of supply and demand of the industry
- 5.1.4 risk of macro economic fluctuation of the industry
- 5.1.5 risk of related industries of the industry
- 5.1.6 risk of product structure of the industry

5.2 characteristics of investment of China's superhard material composite industry

5.2.1 analysis of entry barriers of the industry

- (1) technical barrier
- (2) scale barrier
- (3) barrier of product record

5.2.2 analysis of profit model of the industry

5.2.3 analysis of profit factor of the industry

5.3 forecast of China's superhard material composite industry

5.3.1 analysis of development conditions of superhard material composite industry

- (1) prominent material properties
- (2) exuberant downstream demand
- (3) obvious alternative advantages

5.3.2 trends of product structure of superhard material composite industry

5.3.3 forecast of development prospects of China's superhard material composite industry
