

# China Refrigeration & Air-conditioning Equipment Industry Demand Status and Investment Strategy Report, 2013-2017

## 目 录

### CONTENTS

#### Chapter 1: Overview of development of China's refrigeration and air-conditioning equipment industry

- 1.1 definition and classification of the industry
  - 1.1.1 concept and definition of the industry
  - 1.1.2 classification of major products of the industry
  - 1.1.3 status of the industry in the national economy
- 1.2 statistical standards of the industry
  - 1.2.1 statistical offices and statistical method of the industry
  - 1.2.2 statistical methods of the industry
  - 1.2.3 data type of the industry
- 1.3 urgency and approaches of upgrade of the industry
  - 1.3.1 urgency and focus of transformation and upgrading of the industry
    - (1) urgency of transformation and upgrading of the industry
    - (2) market opportunities of transformation and upgrading of the industry
  - 1.3.2 main paths of transformation and upgrading of the industry
    - (1) business model
    - (2) product upgrade
    - (3) efficiency promotion
- 1.4 analysis of upstream industries of the industry
  - 1.4.1 introduction of upstream and downstream of the industry
  - 1.4.2 analysis of major raw materials and accessories market
    - (1) analysis of steel market
    - (2) analysis of non-ferrous metals market
    - (3) analysis of electronic components market
  - 1.4.3 analysis of four refrigeration components market
    - (1) analysis of refrigeration compressor market
    - (2) analysis of electronic expansion valve market
    - (3) analysis of condenser, evaporator market

#### Chapter 2: Analysis of market environment of China's refrigeration and air-conditioning equipment industry

- 2.1 analysis of policy environment of the industry
  - 2.1.1 interpretation of "Engineering technology regulations of multi-line air-conditioning system"
  - 2.1.2 interpretation of "China's national ODS phase-out plan"
  - 2.1.3 publication of standards of central air-conditioning series
  - 2.1.4 related policies of energy saving and emission reduction
    - (1) new "Limit value of energy efficiency and energy efficiency rating for room air conditioners"
    - (2) interpretation of "details of promotion and implementation of energy-efficient unit air conditioners and chillers of energy-saving products that benefit the public"
  - 2.1.5 related policies of import and export of the industry
    - (1) compressors exported to Taiwan enjoy tariff reduction
    - (2) appliance exports to Hong Kong should reach new standards
- 2.2 analysis of economic environment of the industry
  - 2.2.1 analysis of the international macro economic environment
    - (1) status quo of the international macro economy
    - (2) prediction of the international macro economy
  - 2.2.2 analysis of the domestic macro economic environment
    - (1) macroeconomic growth reflects favorable development environment

- (2) industrial enterprises' profit growth, development momentum is good
- (3) residents' income growth drives air-conditioning consumer market
- 2.2.3 analysis of macro economic environment of the industry

### 2.3 analysis of technical environment of the industry

- 2.3.1 status quo of development of technical level of the industry
- 2.3.2 the gap with foreign technology of the industry
- 2.3.3 major reasons for the technology gap
- 2.3.4 methods and suggestion for narrowing technology gap
- 2.3.5 future development trends of industry technology

### 2.4 analysis of social environment of the industry

- 2.4.1 issue of energy shortage facing the development of the industry
- 2.4.2 regional development imbalance of the industry
- 2.4.3 environmental issues facing the development of the industry
  - (1) Montreal Protocol
  - (2) Kyoto Protocol
  - (3) relationship between two protocols

## Chapter 3: Analysis of development and supply and demand balance of China's refrigeration and air-conditioning equipment industry

### 3.1 analysis of development of the industry

- 3.1.1 overview of overall development of the industry
- 3.1.2 major characteristics of development of the industry
- 3.1.3 factors affecting the development of the industry
- 3.1.4 analysis of operation of the industry
  - (1) analysis of operation efficiency of the industry
  - (2) analysis of profitability capability of the industry
  - (3) analysis of operation capability of the industry
  - (4) analysis of solvency capability of the industry
  - (5) analysis of development capability of the industry

### 3.2 analysis of economic indicators of the industry

- 3.2.1 analysis of major economic indicators of the industry
- 3.2.2 analysis of economic indicators of enterprises of different scale
- 3.2.3 analysis of economic indicators of enterprises of different nature
- 3.2.4 analysis of economic indicators of enterprises of different region

### 3.3 analysis of supply and demand of the industry

- 3.3.1 analysis of supply across the country
  - (1) analysis of total output value of the industry
  - (2) analysis of finished products of the industry
- 3.3.2 analysis of supply in various regions
  - (1) analysis of the top 10 regions ranking in total output value
  - (2) analysis of the top 10 regions ranking in finished products
- 3.3.3 analysis of demand across the country
  - (1) analysis of sales value of the industry
  - (2) analysis of sales revenue of the industry
  - (3) analysis of characteristics of demand of the industry
  - (4) analysis of trends of demand of the industry
- 3.3.4 analysis of demand in various regions
  - (1) analysis of the top 10 regions ranking in sales value
  - (2) analysis of the top 10 regions ranking in sales revenue
- 3.3.5 analysis of sales-output ratio of the national refrigeration and air-conditioning equipment

industry

### 3.4 analysis of import and export of the industry

- 3.4.1 summary of import and export of the industry
- 3.4.2 analysis of structure of import and export products of the industry
  - (1) structure of import products
  - (2) structure of export product
- 3.4.3 analysis of structure of import and export products of the industry
  - (1) structure of import products
  - (2) structure of export product
- 3.4.4 forecast of import and export of the industry and suggestions

- (1) forecast of import of the industry and suggestions
- (2) forecast of export of the industry and suggestions

## Chapter 4: Analysis of market competition of global refrigeration and air-conditioning equipment industry

### 4.1 analysis of overall competition of the industry

### 4.2 analysis of competition of the international market of the industry

- 4.2.1 status quo of market development
- 4.2.2 analysis of market competition
- 4.2.3 analysis of development trends of the market
- 4.2.4 analysis of the international leading enterprises
  - (1) Carrier
  - (2) YORK
  - (3) Daikin Industries
  - (4) MITSUBISHI ELECTRIC
  - (5) Trane
  - (6) Mcquay
    - 1) Japan Sanyo Electric Co., Ltd.
  - (7) SPX
  - (8) Hitachi
- 4.2.5 analysis of competitive strategy of multinational companies in China
- 4.2.6 analysis of gap between domestic enterprises and global leading enterprises

### 4.3 analysis of competition of the domestic market of the industry

- 4.3.1 analysis of market scale of the industry
- 4.3.2 analysis of bargaining power of the industry
  - (1) bargaining power of the upstream
  - (2) bargaining power of the downstream
- 4.3.3 analysis of potential treats of the industry
  - (1) potential threat of new entrants
  - (2) potential threat of substitutes
- 4.3.4 analysis of competitive landscape of the market
  - (1) overview of competitive landscape
  - (2) analysis of sales concentration
  - (3) analysis of assets concentration
  - (4) analysis of profit concentration

### 4.4 analysis of investment, merger and restructuring of the industry

- 4.4.1 overview of investment, merger and restructuring of the industry
- 4.4.2 enterprise's investment, merger and restructuring
- 4.4.3 judgment of characteristics of investment, merger and restructuring

## Chapter 5: Analysis of major products of China's refrigeration and air-conditioning equipment industry

### 5.1 structural characteristics of main products of the industry

- 5.1.1 overview of major product markets of the industry
- 5.1.2 analysis of structure of main products of the industry

### 5.2 analysis of major product markets of the industry

- 5.2.1 analysis of multi-unit product market
  - (1) digital multi-unit
  - (2) multi-frequency unit
- 5.2.2 analysis of chiller product market
  - (1) air-cooled screw unit
  - (2) water-cooled screw unit
  - (3) module unit
- 5.2.3 analysis of centrifuge product market
  - (1) market share and growth rate
  - (2) regional market share
  - (3) brand share
  - (4) proportion of product sales
- 5.2.4 analysis of lithium bromide unit market
  - (1) market share and growth rate
  - (2) regional market share

- (3) brand share
- (4) forecast of market development
- 5.2.5 analysis of water source heat pump market
  - (1) split water loop heat pump
  - (2) integral water source heat pump
- 5.2.6 analysis of power unit market
  - (1) market share and growth rate
  - (2) regional market share
  - (3) brand share
  - (4) forecast of market development
- 5.2.7 analysis of market of end products
  - (1) market share and growth rate
  - (2) regional market share
  - (3) brand share
  - (4) forecast of market development

## **Chapter 6: Analysis of key regional markets of China's refrigeration and air-conditioning equipment industry**

### **6.1 analysis of overall characteristics of regional structure of the industry**

- 6.1.1 overall characteristics of regional structure of the industry
- 6.1.2 analysis of regional concentration of the industry
- 6.1.3 analysis of characteristics of regional distribution of the industry
- 6.1.4 analysis of regional distribution of scale indicators of the industry
- 6.1.5 analysis of regional distribution of performance indicators of the industry
- 6.1.6 analysis of regional distribution of enterprise quantity of the industry

### **6.2 analysis and forecast of development of refrigeration and air-conditioning equipment industry in Zhejiang**

- 6.2.1 status change of Zhejiang's refrigeration and air-conditioning equipment industry in the whole industry
- 6.2.2 analysis of economic operation of Zhejiang's refrigeration and air-conditioning equipment industry
- 6.2.3 forecast of development trends of refrigeration and air-conditioning equipment industry in Zhejiang

### **6.3 analysis and forecast of development of refrigeration and air-conditioning equipment industry in Shanghai**

- 6.3.1 status change of Shanghai's refrigeration and air-conditioning equipment industry in the whole industry
- 6.3.2 analysis of economic operation of Shanghai's refrigeration and air-conditioning equipment industry
- 6.3.3 forecast of development trends of refrigeration and air-conditioning equipment industry in Shanghai

### **6.4 analysis and forecast of development of refrigeration and air-conditioning equipment industry in Jiangsu**

- 6.4.1 status change of Jiangsu's refrigeration and air-conditioning equipment industry in the whole industry
- 6.4.2 analysis of economic operation of Jiangsu's refrigeration and air-conditioning equipment industry
- 6.4.3 forecast of development trends of refrigeration and air-conditioning equipment industry in Jiangsu

### **6.5 analysis and forecast of development of refrigeration and air-conditioning equipment industry in Guangdong**

- 6.5.1 status change of Guangdong's refrigeration and air-conditioning equipment industry in the whole industry
- 6.5.2 analysis of economic operation of Guangdong's refrigeration and air-conditioning equipment industry
- 6.5.3 forecast of development trends of refrigeration and air-conditioning equipment industry in Guangdong

### **6.6 analysis and forecast of development of refrigeration and air-conditioning equipment industry in Shandong**

- 6.6.1 status change of Shandong's refrigeration and air-conditioning equipment industry in the

whole industry

6.6.2 analysis of economic operation of Shandong's refrigeration and air-conditioning equipment industry

6.6.3 forecast of development trends of refrigeration and air-conditioning equipment industry in Shandong

**6.7 analysis and forecast of development of refrigeration and air-conditioning equipment industry in Liaoning**

6.7.1 status change of Liaoning's refrigeration and air-conditioning equipment industry in the whole industry

6.7.2 analysis of economic operation of Liaoning's refrigeration and air-conditioning equipment industry

6.7.3 forecast of development trends of refrigeration and air-conditioning equipment industry in Liaoning

**6.8 analysis and forecast of development of refrigeration and air-conditioning equipment industry in Beijing**

6.8.1 status change of Beijing's refrigeration and air-conditioning equipment industry in the whole industry

6.8.2 analysis of economic operation of Beijing's refrigeration and air-conditioning equipment industry

6.8.3 forecast of development trends of refrigeration and air-conditioning equipment industry in Beijing

**6.9 analysis and forecast of development of refrigeration and air-conditioning equipment industry in Tianjin**

6.9.1 status change of Tianjin's refrigeration and air-conditioning equipment industry in the whole industry

6.9.2 analysis of economic operation of Tianjin's refrigeration and air-conditioning equipment industry

6.9.3 forecast of development trends of refrigeration and air-conditioning equipment industry in Tianjin

**Chapter 7: Analysis of market demand of China's refrigeration and air-conditioning equipment industry**

**7.1 distribution of downstream demand of the industry**

7.1.1 distribution of regional markets of the industry

7.1.2 geographical distribution of product users

7.1.3 analysis of product purchase channel

**7.2 analysis of demand for refrigeration and air-conditioning equipment in cold chain logistics**

7.2.1 development of cold chain logistics

(1) overview of development of cold chain logistics

(2) comparison of cold chain logistics between developed countries and China

7.2.2 status quo of application of refrigeration and air-conditioning equipment

(1) status quo of application of cold storage

(2) status quo of application of refrigerated truck

7.2.3 main buyers of cold chain logistics

7.2.4 main procurement modes of buyers of cold chain logistics

7.2.5 analysis of demand in cold chain logistics

(1) analysis of demand in pharmaceutical cold chain

(2) analysis of meat cold chain logistics market

(3) analysis of frozen food cold chain logistics market

(4) analysis of dairy products cold chain logistics market

(5) analysis of fruit and vegetable products cold chain logistics market

7.2.6 impact of cold chain logistics on the industry during the "Twelfth Five Year" period

**7.3 analysis of demand for refrigeration and air-conditioning equipment in petrochemical industry**

7.3.1 status quo of application of refrigeration and air-conditioning equipment in petrochemical industry

7.3.2 main buyers of petrochemical industry

7.3.3 main procurement modes of buyers of petrochemical industry

7.3.4 analysis of scale of demand for the industry and forecast

**7.4 analysis of demand for refrigeration and air-conditioning equipment in metallurgical industry**

7.4.1 status quo of application of refrigeration and air-conditioning equipment in metallurgical industry

industry

7.4.2 analysis of scale of demand for the industry and forecast

## **7.5 analysis of demand for refrigeration and air-conditioning equipment in pharmaceutical industry**

7.5.1 status quo of application of refrigeration and air-conditioning equipment in pharmaceutical industry

7.5.2 analysis of scale of demand for the industry and forecast

## **7.6 analysis of demand for refrigeration and air-conditioning equipment in public and commercial buildings**

7.6.1 analysis of demand for refrigeration and air-conditioning equipment in catering hotel industry

(1) investment in fixed assets of catering hotel industry

(2) number of newly-added star hotel restaurants

(3) qualification requirements of buyers for suppliers

(4) analysis of characteristics of demand for the industry and forecast

7.6.2 analysis of demand for refrigeration and air-conditioning equipment in municipal engineering construction industry

(1) fixed asset investment in municipal engineering projects

(2) product qualification requirements of buyers for suppliers

(3) analysis of scale of demand for the industry and forecast

7.6.3 analysis of demand for refrigeration and air-conditioning equipment in healthcare industry

(1) investment in fixed assets of healthcare industry

(2) quantity of newly-added medical health institutions

(3) product qualification requirements of buyers for suppliers

7.6.4 analysis of demand for refrigeration and air-conditioning equipment in stadium construction

(1) status quo of construction of stadium industry

(2) product qualification requirements of buyers for suppliers

(3) analysis of scale of demand for the industry and forecast

## **7.7 analysis of demand for refrigeration and air-conditioning equipment in commercial office building construction**

7.7.1 investment and construction of commercial office buildings

7.7.2 number of newly-added large and medium-sized commercial office buildings in.....2012

7.7.3 product qualification requirements of buyers for suppliers

7.7.4 characteristics of demand of buyers and purchasing pattern

## **Chapter 8: Analysis of production and operation of major enterprises of China's refrigeration and air-conditioning equipment industry**

### **8.1 analysis of the overall development of refrigeration and air-conditioning equipment manufacturing enterprises**

8.1.1 scale of enterprises of refrigeration and air-conditioning equipment industry

8.1.2 sales revenue and profit of refrigeration and air-conditioning equipment industry

### **8.2 case study of leading enterprises of refrigeration and air-conditioning equipment industry**

8.2.1 Dalian Refrigeration Co., Ltd.

(1) brief introduction of the company's development

(2) analysis of the company's major economic indicators

(3) analysis of the company's profitability capability

(4) analysis of the company's operation capability

(5) analysis of the company's solvency capability

(6) analysis of the company's development capability

(7) analysis of the company's product structure and new product developments

(8) analysis of the company's sales channels and network

(9) analysis of advantages and disadvantages of the company's operation

(10) analysis of the company's latest development trend

8.2.2 Shuangliang Energy Saving Systems, Inc.

(1) brief introduction of the company's development

(2) analysis of the company's major economic indicators

(3) analysis of the company's profitability capability

(4) analysis of the company's operation capability

(5) analysis of the company's solvency capability

(6) analysis of the company's development capability

(7) analysis of the company's product structure and new product developments

- (8) analysis of the company's sales channels and network
- (9) analysis of advantages and disadvantages of the company's operation
- (10) analysis of the company's latest development trend
- 8.2.3 Daikin Air Conditioning (Shanghai) Co., Ltd.
  - (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's product structure and new product developments
  - (8) analysis of the company's sales channels and network
  - (9) analysis of advantages and disadvantages of the company's operation
- 8.2.4 Zhejiang Dunan Artificial Environment Co., Ltd.
  - (1) brief introduction of the company's development
  - (2) analysis of the company's major economic indicators
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's organizational structure
  - (8) analysis of the company's product structure and new product developments
  - (9) analysis of the company's sales channels and network
  - (10) analysis of advantages and disadvantages of the company's operation
  - (11) analysis of the company's latest development trend
- 8.2.5 Changsha Broad Air Conditioning Co., Ltd.
  - (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's product structure and new product developments
  - (8) analysis of the company's sales channels and network
  - (9) analysis of advantages and disadvantages of the company's operation
  - (10) analysis of the company's latest development trend
- 8.2.6 Shanghai Carrier Air Conditioning Equipment Co., Ltd.
  - (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's organizational structure
  - (8) analysis of the company's product structure and new product developments
  - (9) analysis of the company's sales channels and network
  - (10) analysis of advantages and disadvantages of the company's operation
- 8.2.7 Trane Air Conditioning Systems (China) Co., Ltd.
  - (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's product structure and new product developments
  - (8) analysis of the company's sales channels and network
  - (9) analysis of advantages and disadvantages of the company's operation
  - (10) analysis of the company's latest development trend
- 8.2.8 Mitsubishi Electric Air Conditioning Imaging Equipment (Shanghai) Co., Ltd.

- (1) brief introduction of the company's development
  - (2) analysis of the company's organizational structure
  - (3) analysis of the company's product structure and new product developments
  - (4) analysis of the company's sales channels and network
  - (5) analysis of advantages and disadvantages of the company's operation
  - (6) analysis of the company's latest development trend
- 8.2.9 Yantai Moon Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's major economic indicators
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's product structure and new product developments
  - (8) analysis of the company's sales channels and network
  - (9) analysis of advantages and disadvantages of the company's operation
  - (10) analysis of the company's latest development trend
- 8.2.10 Johnson Controls - York (Wuxi) Air Conditioning Refrigeration Equipment Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's product structure and new product developments
  - (8) analysis of the company's sales channels and network
  - (9) analysis of advantages and disadvantages of the company's operation
- 8.2.11 Dalian Sanyo Refrigeration Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's product structure and new product developments
  - (3) analysis of the company's product technology
  - (4) analysis of the company's sales channels and network
  - (5) analysis of advantages and disadvantages of the company's operation
  - (6) analysis of the company's latest development trend
- 8.2.12 Guangdong Shenling Air Conditioning Equipment Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's organizational structure
  - (8) analysis of the company's product structure and new product developments
  - (9) analysis of the company's sales channels and network
  - (10) analysis of advantages and disadvantages of the company's operation
  - (11) analysis of the company's latest development trend
- 8.2.13 York Air Conditioning Refrigeration Equipment Co., Ltd. in Guangzhou
- (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's organizational structure
  - (8) analysis of the company's product structure and new product developments
  - (9) analysis of the company's sales channels and network
  - (10) analysis of advantages and disadvantages of the company's operation
- 8.2.14 Shenzhen McQuay Air Conditioning Co., Ltd.
- (1) brief introduction of the company's development

- (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's product structure and new product developments
  - (8) analysis of the company's product structure and new product developments
  - (9) analysis of the company's sales channels and network
  - (10) analysis of advantages and disadvantages of the company's operation
  - (11) analysis of the company's latest development trend
- 8.2.15 Zhejiang Chunhui Group Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's organizational structure
  - (8) analysis of the company's product structure and new product developments
  - (9) analysis of the company's sales channels and network
  - (10) analysis of advantages and disadvantages of the company's operation
- 8.2.16 SPX Cooling Technologies (Tianjin) Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's organizational structure
  - (8) analysis of the company's product structure and new product developments
  - (9) analysis of the company's sales channels and network
  - (10) analysis of advantages and disadvantages of the company's operation
- 8.2.17 Bitzer Refrigeration Technology (China) Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's product structure and new product developments
  - (8) analysis of the company's sales channels and network
  - (9) analysis of advantages and disadvantages of the company's operation
- 8.2.18 Guangzhou Hitachi Cooler Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's product structure and new product developments
  - (8) analysis of the company's sales channels and network
  - (9) analysis of advantages and disadvantages of the company's operation
  - (10) analysis of the company's latest development trend
- 8.2.19 Harbin Air Conditioning Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's major economic indicators
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability

- (6) analysis of the company's development capability
  - (7) analysis of the company's product structure and new product developments
  - (8) analysis of the company's sales channels and network
  - (9) analysis of advantages and disadvantages of the company's operation
  - (10) analysis of the company's latest development trend
- 8.2.20 McQuay Air Conditioning and Refrigeration (Wuhan) Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's organizational structure
  - (8) analysis of the company's product structure and new product developments
  - (9) analysis of the company's sales channels and network
  - (10) analysis of advantages and disadvantages of the company's operation
- 8.2.21 Shandong Bailette Air Conditioning Co., Ltd.
- (1) brief introduction of the company's development
  - (2) analysis of the company's capabilities of production and marketing
  - (3) analysis of the company's profitability capability
  - (4) analysis of the company's operation capability
  - (5) analysis of the company's solvency capability
  - (6) analysis of the company's development capability
  - (7) analysis of the company's organizational structure

  - (9) analysis of advantages and disadvantages of the company's operation
  - (10) analysis of the company's latest development trend

## Chapter 9: Forecast and investment advice of China's refrigeration and air-conditioning equipment industry

### 9.1 development trends and forecast of the industry during the "Twelfth- five Year Period"

- 9.1.1 analysis of development trends of the industry
- 9.1.2 forecast of development prospects of the industry

### 9.2 analysis of investment value and opportunity of the industry

- 9.2.1 analysis of characteristics of investment of the industry

- (1) analysis of entry barriers of the industry
- (2) analysis of profit model of the industry
- 9.2.2 analysis of investment value of the industry
  - (1) analysis of profit level of the industry
  - (2) analysis of anti-risk capability of the industry
  - (3) comprehensive evaluation of investment value of the industry
- 9.2.3 analysis of investment opportunities of the industry
  - (1) key investment areas of the industry
  - (2) key investment products of the industry
- 9.2.4 analysis of risks of investment of the industry
  - (1) policy risk
  - (2) technical risk
  - (3) risk of macro economic fluctuation
- 9.2.5 other risks of the industry
  - (1) risk of human resources
  - (2) risk of market competition
  - (3) risk of product export
  - (4) risk of changes in exchange rates
  - (5) risk of related industries
- 9.3 investment trends of the industry and recommendations**
  - 9.3.1 latest investment trends of the industry
  - 9.3.2 investment advice for enterprise of the industry
    - (1) advice for investment direction
    - (2) advice for investment method
