

China General Aviation Airport Construction Feasibility Study, 2013-2017

目 录

CONTENTS

Chapter 1: Development Overview of China General Aviation Airport

1.1 Concepts Related to General Aviation

- 1.1.1 Concept of General Aviation
- 1.1.2 Classification of General Aircraft
- 1.1.3 Application Scope of General Aviation
- 1.1.4 Basic Feature of General Aviation
- 1.1.5 Benefit of General Aviation
- 1.1.6 General Aviation's Contribution to National Economy

1.2 Concepts Related to General Aviation Airport

- 1.2.1 Definition of General Aviation Airport
- 1.2.2 Classification of General Aviation Airport
- 1.2.3 Service Targets for General Aviation Airport
- 1.2.4 Conditions of General Aviation Airport Put into Operation
- 1.2.5 Operating Features of General Aviation Airport

1.3 Achievements Made by Local Government in General Aviation

- 1.3.1 Contrast between General and Commercial Aviation
- 1.3.2 Contrast between US and China General Aviation
- 1.3.3 Vast Development Space for China General Aviation Industry
- 1.3.4 Industrial Chain Constitution of General Aviation Industry
- 1.3.5 Achievements Can Be Made by Local Government in General Aviation
- 1.3.6 Development Model for General Airport Industry
- 1.3.7 Development Pace for General Airport Industry

Chapter 2: Development Environment for China General Aviation Industry

2.1 Policies for General Aviation Airport

- 2.1.1 Administration Mechanism for General Airport Industry
- 2.1.2 Explanation of Major Policies Related to General Aviation Airport
- 2.1.3 Explanation of Major Development Planning for General Aviation Airport

2.2 Economic Conditions of General Aviation Airport

- 2.2.1 Rapid Growth in Macro-economy
- 2.2.2 Full Upgrading for Resident's Consumption Structure
- 2.2.3 Policy Drives Fast Increase in Investment

2.3 Social Environment for General Aviation Airport

- 2.3.1 Impact of Aviation Fuel Price on General Airport
 - (1) Aviation Fuel Pricing Mechanism
 - (2) Ex-factory Price Adjustment for Aviation Fuel
 - (3) Aviation Corporation's BAF Adjustment
- 2.3.2 General Aviation's Impact on Society and Economy
 - (1) Economic Construction and Increasing Upgrading Consumption Demand
 - (2) Improve Overall Public Service Level for China's Society
 - (3) Requirement for Developing Healthy and Coordinated China Aviation Industry

Chapter 3: Analysis of Development Situation of Foreign General Aviation Industry

3.1 Delivery Information of Global General Aircraft

- 3.1.1 Scale of Global General Aviation Fleet
- 3.1.2 Global General Aviation Market Structure
- 3.1.3 Driving Factors of Global General Aviation

3.2 Development of US General Aviation Industry

- 3.2.1 Development Overview of US General Aviation
 - (1) Change of US Pillar Industry
 - (2) Development History of US General Aviation

- (3) US General Aviation Industrial Chain
- (4) Features of US General Aviation Industry
- (5) Operating Security System for US General Aviation
- (6) Future Development Trend for US General Aviation
- 3.2.2 Development Scale of US General Aviation
 - (1) Total Number of General Aviation Companies in US
 - (2) Owner for US General Aircraft
 - (3) Operation Proportion of US General Aviation
- 3.2.3 Development Enlightenment of US General Aviation on China
 - (1) Planning and Construction of US General Aircraft
 - (2) Enlightenment on Planning and Design for General Aircraft in China

3.3 Development of General Aviation Industry in Other Countries

- 3.3.1 Development of General Aviation Industry in Australia
 - (1) Features of Australia General Aviation Industry
 - 1) Development History of Australia General Aviation
 - 2) Government's Supporting Policies for General Aviation
- 3.3.2 Development of General Aviation Industry in New Zealand
 - (1) Development Status of New Zealand General Aviation
 - (2) Development History of General Aviation Industry in New Zealand
 - (3) Development Forecast for General Aviation Industry in New Zealand
- 3.3.3 Development of General Aviation Industry in Canada
 - (1) Features of General Aviation Industry in Canada
 - (2) Development History of General Aviation Industry in Canada
- 3.3.4 Development of General Aviation Industry in Brazil
 - (1) Features of General Aviation Industry in Brazil
 - (2) Development History of Brazil General Aviation
- 3.3.5 Development of Europe General Aviation Industry
 - (1) Market Shares of Europe General Aviation Manufacturing
 - (2) Development Situation of UK General Aviation Industry
- 3.3.6 Experiential Learning from General Airport Industry in Benchmarking Countries

Chapter 4: Analysis of Development of China General Aviation Industry

4.1 Development Overview of China General Aviation Industry

- 4.1.1 Development History of General Aviation in China
- 4.1.2 Development Stage of General Aviation in China
- 4.1.3 Development Restraints of General Aviation in China
- 4.1.4 Flight Approval Process of General Aviation in China
- 4.1.5 Supervision for China General Aviation Market
- 4.1.6 Technological Economic Features of General Aviation in China
- 4.1.7 Value Chain of China General Aviation Industry

4.2 Development Level of China General Aviation Industry

- 4.2.1 Total Number of Registered General Aircraft in China
- 4.2.2 Workload for China General Aircraft
- 4.2.3 Contrast for General Aviation in China and Other Advanced Countries
- 4.2.4 Classification of China General Aviation by Use
- 4.2.5 Development Situation of China Civil Helicopter
- 4.2.6 Regional Distribution of General Aviation Company
- 4.2.7 Demand for General Aviation Technical Specialist

4.3 FBO Business Model for General Aviation

- 4.3.1 Concept and Role of FBO for General Aviation
- 4.3.2 FBO Development Status and Problem in China
- 4.3.3 Development Influencing Factors of FBO for General Aviation
- 4.3.4 Foreign Mature FBO Business Model
- 4.3.5 FBO Development Model for General Aviation in China

4.4 Strategy for Development of China General Aviation Industry

- 4.4.1 Problems in Development of General Aviation in China
 - (1) Serious Shortage of General Aviation Resources
 - (2) Highlighted Supply and Demand Contradiction in Development of General Aviation
 - (3) Insufficient Policies & Regulations and Basic Guarantee
 - (4) Imperfect Market Access Mechanism

- 4.4.2 Three Major Forces for Developing General Aviation in China
 - (1) Demand Impetus for Developing General Aviation
 - (2) Policy Impetus for Developing General Aviation
 - (3) Supply Impetus for Developing General Aviation
- 4.4.3 Strategy for Developing General Aviation in China

Chapter 5: Analysis of Feasibility of Constructing China General Aviation Aircraft

5.1 Feasibility of Constructing China General Aviation Aircraft

- 5.1.1 Construction Background of General Aviation Aircraft
- 5.1.2 Necessity for Constructing General Aviation Aircraft
- 5.1.3 Feasibility of Constructing General Aviation Aircraft
- 5.1.4 Development and Construction Model for General Aviation Industrial Park

5.2 Market Segments' Demand for General Aviation in China

- 5.2.1 Total Demand for General Aviation in China
 - (1) Change Trend for Demand Structure
 - (2) Features of Market Demand Structure
 - (3) Insufficient General Aircraft
- 5.2.2 Market Demand for Agricultural Aircraft in China
 - (1) Agricultural Aircraft Market and Bottlenecks
 - (2) Development of Foreign Agricultural Aviation
 - (3) Technological Development of Agricultural Aviation
 - (4) Latest Development Trend for Agricultural Aircraft
 - (5) Prospects Forecast for Agricultural Aircraft Market
- 5.2.3 Market Demand for Industrial Aircraft
 - (1) Features of Industrial Aviation Service
 - (2) Profitability of Industrial Service
 - (3) Offshore Oil Service Market
 - (4) Market Demand for Air Rescue
 - (5) Prospects Forecast for Industrial Aircraft Market
- 5.2.4 Demand for China's Private Consumption Market
 - (1) Features of Private Consumption Market
 - (2) China Business Aviation Market
 - (3) Tourism & Transport Market
 - (4) China Private Aircraft Market
 - (5) Prospects Forecast for Private Consumption Market

5.3 Demand for Constructing China General Airport

- 5.3.1 Total Number of Current Transport Airports and General Airports
- 5.3.2 "Twelfth Five-year" Plan for Constructing Transport Airport
- 5.3.3 "Twelfth Five-year" Plan for Constructing General Airport

Chapter 6: China Regional Markets' Demand for General Airport

6.1 Research on Development of Regional General Airport in China

- 6.1.1 Development Status of China General Airport
- 6.1.2 Regional Distribution of China General Airport
- 6.1.3 Development of Regional General Airport in China
- 6.1.4 Development Strategy Framework of Regional General Airport in China

6.2 Northeast China's Demand for General Airport

- 6.2.1 Demand of Heilongjiang General Aviation Industry
 - (1) Development Status of Heilongjiang General Aviation Industry
 - (2) Development Status of Heilongjiang General Aviation Industry
 - (3) Prospects Forecast for Heilongjiang General Aviation Industry
 - (4) Heilongjiang's Demand for General Airport
- 6.2.2 Demand of Jilin General Airport
 - (1) Development Status of Jilin General Aviation Industry
 - (2) Development Status of Jilin General Airport
 - (3) Prospects Forecast for Jilin General Aviation Industry
 - (4) Demand of Jilin General Airport
 - (5) Jilin General Airport Project on Progress
- 6.2.3 Demand of Liaoning General Airport
 - (1) Development Status of Liaoning General Aviation Industry
 - (2) Major General Aviation Companies in Liaoning

- (3) Prospects Forecast for Liaoning Aviation Industry
- (4) Development Status of Liaoning General Airport
- (5) Development Trend for Shenyang General Aviation Industry Base
- (6) Liaoning General Airport Projects on Progress

6.3 South Central China's Demand for General Airport

- 6.3.1 Demand of Guangdong General Airport
 - (1) Development Status of Guangdong General Aviation Industry
 - (2) Development Status of Guangdong General Airport
 - (3) Prospects Forecast for Guangdong Aviation Industry
 - (4) Development Trend for Zhuhai General Aviation Industry Base
 - (5) Guangdong's Demand for General Airport
 - (6) Guangdong General Airport Projects on Progress
- 6.3.2 Demand of Hunan General Airport
 - (1) Research on Zhuzhou General Aviation Industry
 - (2) Development Status of Hunan General Airport
 - (3) Prospects Forecast for Hunan General Aviation Industry
 - (4) Hunan's Demand for General Airport
 - (5) Hunan General Airport Projects on Progress
- 6.3.3 Demand of Hubei General Airport
 - (1) Development Status of Hubei General Aviation Industry
 - (2) Development Status of Hubei General Airport
 - (3) Prospects Forecast for Hubei General Aviation Industry
 - (4) Hubei's Demand for General Airport
 - (5) Hubei General Airport Projects on Progress
- 6.3.4 Demand of Hainan General Airport
 - (1) Development Status of Hainan General Aviation Industry
 - (2) Development Status of Hainan General Airport
 - (3) Prospects Forecast for Hainan General Aviation Industry
 - (4) Hainan's Demand for General Airport
 - (5) Hainan General Airport Projects on Progress
- 6.3.5 Demand of Henan General Airport
 - (1) Development Status of Henan General Aviation Industry
 - (2) Development Status of Henan General Airport
 - (3) Prospects Forecast for Henan General Aviation Industry
 - (4) Henan's Demand for General Airport

6.4 Southwest China's Demand for General Airport

- 6.4.1 Demand of Chongqing General Airport
 - (1) Development Status of Chongqing General Aviation Industry
 - (2) Development Status of Chongqing General Airport
 - (3) Prospects Forecast for Chongqing General Aviation Industry
 - (4) Chongqing's Demand for General Airport
 - (5) Chongqing General Airport Projects on Progress
- 6.4.2 Demand of Sichuan General Airport
 - (1) Development Status of Sichuan General Aviation Industry
 - (2) Development Status of Sichuan General Airport
 - (3) Prospects Forecast for Sichuan General Aviation Industry
 - (4) Sichuan's Demand for General Airport
 - (5) Sichuan General Airport Projects on Progress
- 6.4.3 Demand of Guizhou General Airport
 - (1) Development Status of Guizhou General Aviation Industry
 - (2) Development Status of Guizhou General Airport
 - (3) Prospects Forecast for Guizhou General Aviation Industry
 - (4) Guizhou's Demand for General Airport
 - (5) Guizhou General Airport Projects on Progress

6.5 East China's Demand for General Airport

- 6.5.1 Demand of Shanghai General Airport
 - (1) Development Status of Shanghai General Aviation Industry
 - (2) Development Status of Shanghai General Airport
 - (3) Prospects Forecast for Shanghai General Aviation Industry

- (4) Shanghai' s Demand for General Airport
- (5) Shanghai General Airport Projects on Progress
- 6. 5. 2 Demand of Jiangsu General Airport
 - (1) Development Status of Jiangsu General Aviation Industry
 - (2) Development Status of Jiangsu General Airport
 - (3) Prospects Forecast for Jiangsu General Aviation Industry
 - (4) Jiangsu' s Demand for General Airport
 - (5) Jiangsu General Airport Projects on Progress
- 6. 5. 3 Demand of Zhejiang General Airport
 - (1) Development Status of Zhejiang General Aviation Industry
 - (2) Development Status of Zhejiang General Airport
 - (3) Prospects Forecast for Zhejiang General Aviation Industry
 - (4) Zhejiang' s Demand for General Airport
 - (5) Zhejiang General Airport Projects on Progress
- 6. 5. 4 Demand of Jiangxi General Airport
 - (1) Development Status of Jiangxi General Aviation Industry
 - (2) Development Status of Jiangxi General Airport
 - (3) Prospects Forecast for Jiangxi General Aviation Industry
 - (4) Jiangxi' s Demand for General Airport
 - (5) Jiangxi General Airport Projects on Progress
- 6. 5. 5 Demand of Shandong General Airport
 - (1) Development Status of Shandong General Aviation Industry
 - (2) Development Status of Shandong General Airport
 - (3) Prospects Forecast for Shandong General Aviation Industry
 - (4) Shandong' s Demand for General Airport
 - (5) Shandong General Airport Projects on Progress
