

China Automobile Accessories Industry Report (2016-2021), Market Research and Investment Forecast

目 录

CONTENTS

Chapter 1: Summary of automobile accessories industry

1.1 related overview of the automobile accessories industry

1.1.1 related concepts of automobile accessories

1.1.2 categories of automobile accessories products

1.2 analysis of policy environment of automobile accessories industry

1.2.1 interpretation of related policies of automobile accessories

(1) "development planning of energy-saving and new energy automobile industry of "twelfth-five-year period" "

(2) "guidance on the promotion of car circulation of "twelfth-five-year period"

(3) "regulations on defective auto product recall "

(4) "opinions on the sustained and healthy development of the promotion of China's auto exports "

(5) "notice on special action programs to combat IPR infringement and selling counterfeit and shoddy goods "

1.2.2 analysis of related standards of automobile accessories

(1) recent policies on standards of automobile accessories

(2) "General requirements for safety of car decoration"

(3) standard system of China Standard Association for automobile accessories

(4) "operating norms on automobile beauty decoration industry "

1.3 analysis of economic environment of the automobile accessories industry

1.3.1 analysis of GDP growth

1.3.2 analysis of manufacturing industry

1.3.3 analysis of residents' disposable income

1.4 analysis of social environment of automobile accessories industry

1.4.1 continuous improvement of the level of urbanization

1.4.2 changes of lifestyles and values

(1) changes of lifestyles

(2) changes of values

1.4.3 changes of consumption structure and consumption psychology

(1) changes of consumption structure

(2) changes of consumption psychology

1.4.4 car culture gradually evolves

1.5 analysis of technical environment of automobile accessories industry

1.5.1 analysis of operation of the automobile industry

(1) industrial output of the automobile industry

(2) sales revenues of the automobile industry

(3) sales margin of the automobile industry

(4) the gross profit margin of the automobile industry

(5) return rate on total assets of the automobile industry

1.5.2 analysis of operation of auto parts manufacturing industry

(1) industrial output of auto parts manufacturing industry

(2) sales revenues of auto parts manufacturing industry

(3) sales margin of auto parts manufacturing industry

(4) the gross profit margin of auto parts manufacturing industry

(5) return rate on total assets of auto parts manufacturing industry

1.5.3 analysis of auto product import and export markets

(1) analysis of imports of auto products

(2) analysis of exports of auto products

(3) analysis of auto parts imports

- (4) analysis of auto parts exports
- 1.5.4 analysis of developments of automobile aftermarket
 - (1) development course of automobile aftermarket
 - (2) development stage of automobile aftermarket
 - (3) development status quo of automobile aftermarket
 - (4) analysis of channels of automobile aftermarket
 - (5) development scale of automobile aftermarket
 - (6) development trends of automobile aftermarket
- 1.5.5 analysis of car networking market
 - (1) market size of global car networking
 - (2) market size of Chinese car networking
 - (3) pre-installed market size of Chinese car networking
 - (4) after-installed market size of Chinese car networking
 - (5) application market of Chinese car networking
- 1.5.6 analysis of car modification market
 - (1) market size of the global car modification
 - (2) market structure of Chinese car modification
 - (3) the development trends of China's auto modification
- 1.5.7 forecast of market size of Chinese car modification

Chapter 2: Development of automobile accessories industry and demand

2.1 analysis of development of automobile accessories industry

- 2.1.1 analysis of development status quo of automobile accessories
- 2.1.2 analysis of scale of the automobile accessories industry
- 2.1.3 analysis of profit of automobile accessories industry
- 2.1.4 analysis of automobile accessories market structure

2.2 analysis of competition of auto accessories

- 2.2.1 analysis of pattern of automobile product brands
 - (1) analysis of regional pattern of domestic automobile accessories
 - (2) analysis of new brand competition of automobile accessories
 - (3) analysis of famous brand competition of automobile accessories
 - (4) analysis of famous proof membrane brand competition of automobile accessories
 - (5) competition of decorative brands of automobile accessories
- 2.2.2 analysis of competitive defects of domestic automobile accessories
- 2.2.3 analysis of competitiveness of international brands of automobile accessories

2.3 analysis of market demand of global automobile accessories industry

- 2.3.1 analysis of global automobile accessories market demand
 - (1) analysis of automobile aftermarket demand
 - (2) market demand for automobile manufacturing industry
- 2.3.2 regional market demand structure of automobile accessories
- 2.3.3 analysis of major countries' automobile accessories demands
 - (1) analysis of automobile accessories demands and structure in the United States
 - (2) analysis of automobile accessories demands and structure in Germany
 - (3) analysis of automobile accessories demands and structure in Japan
 - (4) analysis of automobile accessories demands and structure in South Korea
 - (5) analysis of automobile accessories demands and structure in India
 - (6) analysis of automobile accessories demands and structure in Brazil

2.4 analysis of Chinese market demand of automobile accessories

- 2.4.1 analysis of automobile aftermarket demand
- 2.4.2 analysis of automobile manufacturing demand
- 2.4.3 analysis of demand structure of automobile accessories
 - (1) demand structure of regional automobile aftermarket
 - 1) demand structure of automobile model of automobile aftermarket
 - 2) demand structure of regional automobile manufacturing
 - 3) demand structure of automobile model of automobile manufacturing

2.5 analysis of Chinese passenger car market demand

- 2.5.1 analysis of total passenger car demand
 - (1) demand scale
 - (2) demand trends
- 2.5.2 analysis of saloon market demand

- (1) demand scale
- (2) demand trends
- 2.5.3 analysis of MPV market demand
 - (1) demand scale
 - (2) demand trends
- 2.5.4 analysis of SUV market demand
 - (1) demand scale
 - (2) demand trends
- 2.5.5 analysis of cross -type passenger car market demand analysis
 - (1) demand scale
 - (2) demand trends

2.6 analysis of market demand for commercial vehicles

- 2.6.1 analysis of the total demand for commercial vehicles
 - (1) demand scale
 - (2) demand trends
- 2.6.2 analysis of large passenger car market demand
 - (1) demand scale
 - (2) demand trends
- 2.6.3 analysis of medium passenger car market demand
 - (1) demand scale
 - (2) demand trends
- 2.6.4 analysis of light passenger car market demand
 - (1) demand scale
 - (2) demand trends
- 2.6.5 analysis of heavy truck market demand
 - (1) demand scale
 - (2) demand trends
- 2.6.6 analysis of medium truck market demand
 - (1) demand scale
 - (2) demand trends
- 2.6.7 analysis of light truck market demand
 - (1) demand scale
 - (2) demand trends
- 2.6.8 analysis of micro truck market demand
 - (1) demand scale
 - (2) demand trends

Chapter 3: Analysis of marketing pattern of automobile accessories industry

3.1 analysis of marketing channels of automobile accessories

- 3.1.1 analysis of major marketing channels of automobile accessories
 - (1) automobile parts city and automobile accessories stores
 - (2) large automobile accessories stores
 - (3) automobile 4S shop
 - 1) online purchase of automobile accessories
- 3.1.2 "depth marketing" theory
 - (1) introduction of depth marketing
 - (2) necessity of depth marketing of automobile accessories
 - (3) applications of depth marketing in the industry
- 3.1.3 analysis of problems in channels of automobile accessories

3.2 analysis of marketing model of automobile accessories in 4S shop

- 3.2.1 concept and development process of automobile 4S shop
- 3.2.2 analysis of current situation of automobile 4S shop
- 3.2.3 analysis of operation status quo of automobile 4S shop
 - (1) business forms of 4S shop' s automobile accessories
 - (2) marketing department of 4S shop' s automobile accessories
- 3.2.4 sales of automobile accessories in automobile 4S shop
 - (1) the proportion of vehicle sales along with automobile accessories sales
 - 1) average consumer spending in 4S stores on automobile accessories
 - 2) yearly spending of 4S store group on automobile accessories
 - 3) structure of all kinds of automobile accessories in 4S shop

3.2.5 Problems of automobile accessories marketing in 4S shop

3.3 analysis of automobile accessories exhibition

3.3.1 analysis of status quo of automobile accessories exhibition

- (1) too many fairs, confused fighting of exhibition companies
- (2) separate from the car exhibition
- (3) deepening of adapting to industry brands

3.3.2 analysis of major exhibitions of automobile accessories

- (1) Guangzhou Jiuzhou Automobile Accessories Exhibition (AAITF)
- (2) Beijing Yasen CIAACE Automobile Accessories Exhibition
- (3) Zhengzhou Hongda Automobile Accessories Fair
- (4) Shanghai Gehua Exhibition

3.4 analysis of e-commerce marketing of automobile accessories

3.4.1 analysis of the development of e-commerce market

- (1) development scale of e-commerce market
- (2) scale of e-commerce netizens and online shopping penetration rate
- (3) analysis of e-commerce market competition
- (4) development scale of mobile e-commerce market
- (5) analysis of competition of mobile e-commerce market
- (6) development trends of Chinese e-commerce industry
- (7) forecast of Chinese e-commerce industry

3.4.2 analysis of automobile e-commerce market development

- (1) the development of foreign automobile e-commerce market
- (2) analysis of automobile e-commerce business model
- (3) analysis of automobile E-commerce applications
- (4) forecast of automobile e-commerce development

3.4.3 development of automobile accessories e-commerce market

- (1) online shopping preferences
- (2) online shopping scale
- (3) major online shopping products
- (4) development proposals

Chapter 4: Analysis of car care and beauty market

4.1 analysis of car maintenance market

- 4.1.1 introduction of car maintenance market
- 4.1.2 analysis of car maintenance market demand
- 4.1.3 analysis of car maintenance market profit
- 4.1.4 brand pattern of car maintenance market
- 4.1.5 consumption structure of car maintenance market
- 4.1.6 operating mode of car maintenance market
- 4.1.7 problems of car maintenance market

4.2 analysis of automobile beauty market

- 4.2.1 introduction of automobile beauty market
- 4.2.2 analysis of car beauty market demand
 - (1) the demand scale
 - (2) the demand structure
- 4.2.3 automobile beauty market in developed countries
- 4.2.4 characteristics of car beauty market
- 4.2.5 business model of automobile beauty market
 - (1) automobile beauty shop
 - (2) automobile beauty school
 - (3) automobile beauty chain
- 4.2.6 development trends of car beauty market

Chapter 5: Analysis of car decoration market

5.1 overview of related knowledge of car decoration

- 5.1.1 overview and classification of car decoration
- 5.1.2 analysis of main contents of car decoration
 - (1) main contents of automobile exterior decoration
 - (2) main contents of automobile interior decoration
- 5.1.3 analysis of foreign and domestic decoration market development
 - (1) analysis of foreign market development

- (2) analysis of domestic market development
- (3) problems of the domestic market

5.2 analysis of competition status quo of car decoration

- 5.2.1 analysis of brand competition of car decoration
 - (1) market brand competition
 - (2) ten brands of decoration chain
- 5.2.2 analysis of homogenization competition of car decoration
- 5.2.3 analysis of price competition of car decoration

5.3 analysis of investment prospects of car decoration

- 5.3.1 development trends of car decoration market
- 5.3.2 prospects of car decoration market
- 5.3.3 investment strategy of car decoration market

Chapter 6: Analysis of automobile electronics accessories market

6.1 analysis of development of automobile electronics industry

- 6.1.1 development of the global automobile electronics industry
 - (1) the proportion of automobile electronics in the value of the automobile
 - (2) analysis of market size of the automobile electronics
 - (3) regional competition of automobile electronics market
 - (4) product competition of the automobile electronics market
- 6.1.2 development of China's automobile electronics industry
 - (1) analysis of the overall development of the industry
 - (2) analysis of market size of the automobile electronics
- 6.1.3 competition of China's automobile electronics industry
 - (1) analysis of regional competitive pattern
 - 1) analysis of corporate competitive pattern
 - 2) analysis of product competition pattern
 - 3) analysis of market concentration
- 6.1.4 development trends of China's automobile electronics industry
- 6.1.5 forecast of China's automobile electronics industry

6.2 analysis of car navigation system market

- 6.2.1 development status quo of car navigation market
- 6.2.2 analysis of market size of car navigation
 - (1) market size of pre-installed car navigation equipment
 - (2) market size of after-installed car navigation equipment
- 6.2.3 analysis of market penetration rate of car navigation
