

China Natural Gas Industry Development Trend and Investment Decision Analysis Report, 2013-2020

目 录

CONTENTS

Chapter 1: Life Cycle and Development Trend of Natural Gas Industry

1.1 Definition of the Industry

- 1.1.1 Definition
- 1.1.2 Classification
- 1.1.3 Analysis of the Industry Chain

1.2 Life Cycle of the Industry

- 1.2.1 Life Cycle Theory
- 1.2.2 Life Cycle of Natural Gas Industry
 - (1) Growth Characteristics of Natural Gas Industry
 - (2) Competition Characteristics of Natural Gas Industry
 - (3) Profit Characteristics of Natural Gas Industry
- 1.2.3 Admeasurement of the Life Cycle Phrase of China Natural Gas Industry

1.3 Overall Development Trend of China Natural Gas in next 8 Years

- 1.3.1 The Natural Gas Gap May Enlarged in next 8 Years
- 1.3.2 The Unconventional Gas will Develop in Large-scale in next 8 Years
- 1.3.3 China Natural Gas Industry will be Faced with Price System Problem in next 8 Years
- 1.3.4 The Shale-Gas Resource May be Developed in Large-scale in next 8 Years
- 1.3.5 China Natural Gas Distributed-energy-resource is Hopefully to Develop in Large-scale in next 8 Years
- 1.3.6 The Investment Focuses of Natural Gas will lay in Downstream Chain in next 8 Years

Chapter 2: Supply Market Forecast of China Natural Gas Industry during 2013-2020

2.1 Supply Scale Forecast of China Natural Gas Market during 2013-2020

- 2.1.1 Influencing Factors to the Natural Gas Supply Scale in the Future
 - (1) Reserve and Production Ratio of Natural Gas in the Future
 - (2) Influence of the Policy Trend to Natural Gas in the Future
 - 1) As the Clean Energy, Natural Gas Will Be the Emphasized Energy to Develop in the Future
 - 2) Develop Natural Gas Will Be the Inevitable Choice to Adjust National Energy Structure and Energy Security
 - (3) Influence of the Technology to Natural Gas in the Future
 - (4) Price Trend Forecast of Natural Gas during 2013-2020
 - 1) Price Trend of Natural Gas in Foreign Countries
 - 2) Price Trend Forecast of Natural Gas during 2013-2020 in China
- 2.1.2 Supply Scale Forecast of China Natural Gas Market during 2013-2020

2.2 Supply Structure Forecast of China Natural Gas during 2013-2020

- 2.2.1 Supply Structure Forecast of China Natural Gas in the Future
 - (1) Hierarchical Prediction Method
 - (2) Data Reasoning of China Natural Gas Supply Source in the Future
 - (3) Supply Structure Forecast of China Natural Gas during 2013-2020
- 2.2.2 Forecast of the Largest Supply Market in the Future-Conventional Gas
 - (1) Influencing Factors
 - 1) Production Trend of China Conventional Gas
 - 2) Planning on Major China Conventional Gas in the Future
 - (2) Supply Scale Forecast of China Conventional Gas during 2013-2020
- 2.2.3 Forecast of the Most Potential Supply Market in the Future-Unconventional Gas
 - (1) Tight Gas Will Develop in Large-scale in next 8 Years
 - 1) Distribution of China Tight Gas Resources
 - 2) Supply Scale Forecast of China Tight Gas during 2013-2020
 - (2) Shale Gas May Become the New Power of Unconventional Gas in next 8 Years
 - 1) Distribution of China Shale Gas Resources

- 2) Supply Scale Forecast of China Shale Gas during 2013-2020
- (3) Coal-bed Gas Will Be Marketization in next 8 Years
 - 1) Distribution of China Coal-bed Gas Resources
 - 2) Supply Scale Forecast of China Coal-bed Gas during 2013-2020
- (4) Coal Gas Will Become the Significant Supplement in next 8 Years
 - 1) Distribution of China Coal Gas Resources
 - 2) Supply Scale Forecast of China Coal Gas during 2013-2020
- (5) Import Gas Will Steadily Increase in next 8 Years
 - 1) Imports of Pipeline Gas Will Increase Fast in next 8 Years
 - 2) Imports of LNG Will Grow Steadily in next 8 Years

Chapter 3: Market Demand Forecast of China Natural Gas Industry during 2013-2020

3.1 Market Capacity Forecast of China Natural Gas Industry during 2013-2020

- 3.1.1 Econometric Model Construction of the Market Capacity of China Natural Gas Industry
 - (1) Model Setting
 - (2) Data Collection and Parameter Evaluation
 - (3) Model Test
 - 1) Goodness-of-fit Evaluation and Durbin-Watson Test
 - 2) Significance Testing of Regression Coefficient
 - 3) Overall Significance Testing of Regression Equation
 - 4) Normality Test
 - 5) Economic Significance Test
- 3.1.2 Market Capacity Forecast of China Natural Gas Industry during 2013-2020

3.2 Forecast of Major Segment Markets of China Natural Gas Industry during 2013-2020

- 3.2.1 Prediction Method and Idea of Segment Markets of China Natural Gas Industry
 - (1) Hierarchical Prediction Method
 - (2) Data Reasoning of China Natural Gas Segment Market in the Future
 - (3) Forecast of China Natural Gas Consumption during 2013-2020
- 3.2.2 Market Demand Forecast of Natural Gas in the Field of Residents' Fuel Gas during 2013-2020
 - (1) Natural Gas Market Demand to China Residents' Fuel Gas in next Decade
 - 1) Natural Gas Will Become the Alternative Energy with the Fast Growth in next Decade
 - 2) The Popularity Rate of Natural Gas Will Greatly Increase in next Decade
 - (2) Factors to Promote the Natural Gas Demand in Urban Areas
 - 1) Advantages of Natural Gas
 - 2) Strongly Policy Supports
 - 3) Construction of Natural Gas Pipeline Network
 - 4) Penetration Rate of User Amount Will Increase
 - 5) New Urbanization Promotes the Growth of User Amount
 - (3) Forecast of China Town Gas Market Capacity during 2013-2020
- 3.2.3 Market Demand Forecast of Natural Gas in the Field of Power Generation during 2013-2020
 - (1) Major Application of Natural Gas in Power Generation
 - 1) Peaking Power Plant
 - 2) Distributed Energy Sources
 - (2) Market Demand Forecast of Natural Gas in the Field of Power Generation during 2013-2020
 - 1) Planning on Natural Gas Power Generation Scale during 2013-2020
 - 2) Market Demand Forecast of Natural Gas in the Field of Power Generation during 2013-2020
- 3.2.4 Market Demand Forecast of Natural Gas in the Field of Transportation during 2013-2020
 - (1) Market Size Forecast of LNG Vehicle during 2013-2020
 - (2) Market Demand Forecast of Natural Gas in the Field of Transportation during 2013-2020

Chapter 4: Development Dilemma and Solutions of China Natural Gas Industry in next 8 Years

4.1 Enlarging Gap of Natural Gas Supply and Demand and the Solution in next 8 Years

- 4.1.1 China Natural Gas Supply and Demand during 2013-2020
 - (1) China Natural Gas Supply-Demand Gap Will Enlarge
 - (2) Foreign-trade Dependence of China Natural Gas Will Increase
 - (3) Early Warning Status of China Natural Gas
 - 1) Supply and Demand Ratio of Natural Gas
 - 2) Early Warning Evaluation of Natural Gas
 - 3) Early Warning Status of Natural Gas
- 4.1.2 Solutions to China Natural Gas Supply-Demand Gap in next 8 Years

- (1) Increase the Development of Unconventional Gas
- (2) Enlarge the Import Scale of Natural Gas

4.2 Improve the Reforming Way of Natural Gas Price Mechanism in next 8 Years

- 4.2.1 Overview of Natural Gas Pricing Mechanism
 - (1) Theory of Natural Gas Pricing Mechanism
