

China Rare Earth Industry Indepth Research and Investment Strategy Planning Report, 2013-2017

目 录

CONTENTS

Chapter 1: Development Overview of China Rare Earth Industry

- 1.1 Comprehensive Concept of Rare Earth Industry**
 - 1.1.1 Concept and Definition of Rare Earth
 - 1.1.2 Features of Rare Earth Elements
 - 1.1.3 Main Categories of Rare Earth Products
 - 1.1.4 Introduction to Rare Earth Industrial Chain
 - 1.1.5 Analysis of Major Applications of Rare Earth
- 1.2 Analysis of Policy Environment of Rare Earth Industry**
 - 1.2.1 Competent Departments and Management Mechanism in Industry
 - 1.2.2 Policies and Regulations Related to Rare Earth Industry in Recent Years
 - 1.2.3 Analysis of Policy Trends of China Rare Earth Industry
- 1.3 Analysis of Economic Environment of Rare Earth Industry**
 - 1.3.1 Analysis of International Macro-economic Environment
 - 1.3.2 Analysis of Domestic Macro-economic Environment
 - 1.3.3 Analysis of Industry Macro-economic Environment
- 1.4 Analysis of Technology Environment of Rare Earth Industry**
 - 1.4.1 Analysis of Technological Process of Rare Earth Industry
 - 1.4.2 Development Trend of Technologies in Rare Earth Industry
 - (1) Development Trend of Technologies in International Rare Earth Industry
 - (2) Development Trend of Technologies in Domestic Rare Earth Industry

Chapter 2: Distribution and Utilization of Resources in Rare Earth Industry

- 2.1 Resources Distribution and Exploitation of Rare Earth Mineral Resources**
 - 2.1.1 Resources Distribution and Exploitation of Global Rare Earth Mineral Resources
 - (1) Distribution of Global Rare Earth Resources
 - (2) Analysis of Capacity and Output of Global Rare Earth
 - (3) Analysis of Both Constructed and in Process Rare Earth Capacity
 - 2.1.2 Distribution and Exploitation of China Rare Earth Mineral Resources
 - (1) Distribution of China Rare Earth Mineral Resources
 - (2) Development and Utilization Status of China Main Rare Earth Minerals
 - 1) Bayan Obo Mining Deposit
 - 1. Profile of Mining Deposit
 - 2. Features of Mining Deposit
 - 3. Main Exploitation Enterprises and Development/Utilization Status
 - 2) Liangshan Rare Earth Mine in Sichuan
 - 1. Profile of Mining Deposit
 - 2. Features of Mining Deposit
 - 3. Main Exploitation Enterprises and Development/Utilization Status
 - 3) Weishan Rare Earth Mine in Shandong
 - 1. Profile of Mining Deposit
 - 2. Features of Mining Deposit
 - 3. Main Exploitation Enterprises and Development/Utilization Status
 - 4) Ion Absorpt Deposits in Seven Provinces of Southern China
 - 1. Profile of Mining Deposit
 - 2. Features of Mining Deposit
 - 3. Main Exploitation Enterprises and Development/Utilization Status
- 2.2 Exploitation and Supply of China Rare Earth**
 - 2.2.1 Analysis of China Rare Earth Exploitation Indexes
 - (1) Analysis of Rare Earth Production Indexes in Past Few Years
 - (2) Analysis of Rare Earth Production Index in.....2012

- 2.2.2 Analysis of Export Quotas China Rare Earth
 - (1) Export Tax Policies for China Rare Earth
 - (2) Analysis of Rare Earth Export Quotas in Past Few Years
 - (3) Analysis of Rare Earth Export Quotas in.....2012
- 2.2.3 Analysis of Actual Production of China Rare Earth
- 2.3 Consumption of China Rare Earth Industry**
 - 2.3.1 Consumption in Field of Metallurgy/Mechanical
 - 2.3.2 Consumption in Fields of Petroleum/Chemical
 - 2.3.3 Consumption in Fields of Glass/Ceramics
 - 2.3.4 Consumption in Fields of New Materials (eg. Permanent Magnet/Light)
 - 2.3.5 Consumption in Fields of Agricultural/Light Industry/Textile
- 2.4 Analysis of Resource Production Enterprises in Rare Earth Industry**
 - 2.4.1 Operation Analysis of Inner Mongolia Baotou Steel Rare-Earth (Group) Hi-Tech Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
 - 2.4.2 Operation Analysis of Guangdong Rising Nonferrous Metals Share Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
 - 2.4.3 Operation Analysis of China Nonferrous Metal Industry's Foreign Engineering and Construction Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
 - 2.4.4 Operation Analysis of Jiangxi Copper Corporation
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability

- (5) Analysis of Enterprise Operational Advantages and Disadvantages
- (6) Analysis of Enterprise Latest Development Trend
- 2.4.5 Operation Analysis of Xiamen Tungsten Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 2.4.6 Operation Analysis of Minmetals Development Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 2.4.7 Operation Analysis of Aluminum Corporation of China
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 2.5 Integration Analysis of Resource Production Enterprises in Rare Earth Industry**
 - 2.5.1 Necessity Analysis of Integration of China's Rare Earth Resources
 - 2.5.2 Dynamics Mechanism of Rare Industry Integration
 - (1) Driven by Strategies Reverses of Rare Earth-Oriented Countries
 - (2) Driven by Fighting for Discourse Power on Rare Earth Price
 - (3) Driven by Improving Resource and Industry Effectiveness
 - (4) Driven by Ecological Environmental Protection
 - (5) Driven by Improvement of Industry Technology Level
 - (6) Driven by National Economic and Political Safety
 - 2.5.3 Current Modes of Integration of Rare Earth Industry
 - (1) Subject Integration: 4+X Mode
 - (2) Current Integrated Mode
 - 1) Mode in Inner Mongolia
 - 2) Mode in Sichuan and Guangxi
 - 3) Mode in Jiangxi and Guangdong
 - 4) Mode in Hunan and Fujian
 - 2.5.4 Ways Selection of Integrating Rare Earth Industry
 - (1) Premise of Ways Selection: Balancing Profits Both in Nation and Regions
 - (2) Integration Ways
 - 1) Strength Merger
 - 2) Powerful Combination

3) Overseas Strategies

2.5.5 Analysis of Integration Progress for Resources Production Enterprises in China Rare Earth Industry

- (1) Analysis of Integration Status of Rare Earth Enterprises in Upstream Industry
- (2) Analysis of Integration Targets for Rare Earth Industry in.....2012

2.5.6 Analysis of Integration Trend of Upstream Enterprises in China Rare Earth Industry

Chapter 3: Analysis of Rare Earth Metal Smelting Processing**3.1 Analysis of Main Products in Rare Earth Metal Smelting Processing**

3.1.1 Analysis of Rare Earth Metal Products Market

- (1) Analysis of Lanthanum Metal Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Analysis of Price Trend
- (2) Analysis of Cerium Metal Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Analysis of Price Trend
- (3) Analysis of Neodymium Metal Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Analysis of Price Trend
- (4) Analysis of Dysprosium Metal Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Analysis of Price Trend
- (5) Analysis of Terbium Metal Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Analysis of Price Trend
- (6) Analysis of Other Rare Earth Metal Products Markets
 - 1) Analysis of Praseodymium Metal Market
 - 2) Analysis of Scandium Metal Market

3.1.2 Analysis of REO Product Markets

- (1) Analysis of Lanthanum Oxide Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Analysis of Price Trend
- (2) Analysis of Neodymium Oxide Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Analysis of Price Trend
- (3) Analysis of Yttrium Oxide Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Analysis of Price Trend
- (4) Analysis of Dysprosium Oxide Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Analysis of Price Trend
- (5) Analysis of Other Rare Earth REO Product Markets

3.1.3 Analysis of Rare Earth Alloy Markets

- (1) Analysis of Rare Earth Ferroalloy Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Market Prospects Forecast
- (2) Analysis of Rare Earth Aluminum Alloy Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Market Prospects Forecast

- (3) Analysis of Rare Earth Magnesium Alloy Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Market Prospects Forecast
- 3.1.4 Analysis of Rare Earth New Materials Markets
 - (1) Analysis of NdFeB Permanent Magnet Materials Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Main Production Enterprises
 - 4) Market Prospects Forecast
 - (2) Analysis of Rare Earth Luminescent Materials Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Main Production Enterprises
 - 4) Market Prospects Forecast
 - (3) Analysis of Rare Earth Hydrogen Storage Materials Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Main Production Enterprises
 - 4) Market Prospects Forecast
 - (4) Analysis of Rare Earth Catalytic Materials Market
 - 1) Analysis of Application Fields
 - 2) Analysis of Production and Marketing Demand
 - 3) Main Production Enterprises
 - 4) Market Prospects Forecast
- 3.2 Analysis of Import and Export of China Rare Earth Metal Smelting Industry**
 - 3.2.1 Analysis of Export of Rare Earth Metal Smelting Industry
 - (1) Overall Export of Rare Earth Metal Smelting Industry
 - (2) Analysis of Export Product Structure of Rare Earth Metal Smelting Industry
 - 3.2.2 Analysis of Import of Rare Earth Metal Smelting Industry
 - (1) Overall Import of Rare Earth Metal Smelting Industry
 - (2) Analysis of Import Product Structure of Rare Earth Metal Smelting Industry
 - 3.2.3 Prospects and Suggestions for Import and Export of Rare Earth Industry
 - (1) Prospects and Suggestions for Export of Rare Earth Industry
 - (2) Prospects and Suggestions for Import of Rare Earth Industry
- 3.3 Analysis of Waste Water Treatment for Rare Earth Metal Smelting**
 - 3.3.1 Comprehensive Overview of Waste Water Pollution in China Rare Earth Metal Smelting
 - 3.3.2 Waste Water Classification in Course of Rare Earth Metal Smelting
 - (1) Mixed Rare Earth Mineral Acid Decomposition Process Waste Water
 - (2) Fluorine Carbon Cerium Ore Oxidizing Roasting Process
 - (3) Analysis of Highly Concentrated Ammonia-Nitrogen Wastewater and Ammonia Recovery
 - 3.3.3 Analysis of Various Waste Water Treatment Technologies in Course of Rare Earth Metal Smelting
 - (1) Analysis of Fluorine-containing Acidic Waste Water Treatment
 - (2) Analysis of Fluorine-containing Alkaline Waste Water Treatment
 - (3) Analysis of Ammonia Nitrogen Wastewater Treatment
 - 3.3.4 Suggestions for Waste Water Treatment of Rare Earth Metal Smelting
- 3.4 Analysis of Rare Earth Metal Smelting Process Enterprises**
 - 3.4.1 Operation Analysis of Beijing Zhong Ke San Huan Hi-tech Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages

- (6) Analysis of Enterprise Latest Development Trend
- 3.4.2 Operation Analysis of Taiyuan Twin-Tower Aluminum Oxide Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 3.4.3 Operation Analysis of Chengdu Galaxy Magnet Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 3.4.4 Operation Analysis of Yantai Zhenghai Magnetic Material Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 3.4.5 Operation Analysis of Jiangmen City Powder Metallurgy Factory Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 3.4.6 Operation Analysis of BGRIMM Magnetic Materials & Technology Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability

- (5) Analysis of Enterprise Operational Advantages and Disadvantages
- (6) Analysis of Enterprise Latest Development Trend
- 3.4.7 Operation Analysis of Hengdian Group DMEGC Magnetic Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 3.4.8 Operation Analysis of Advanced Technology & Materials Co., Ltd. (AT&M)
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 3.4.9 Operation Analysis of Guangdong Fenghua Advanced Technology (Holding) Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 3.4.10 Operation Analysis of Tianjin Jinbin Development Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 3.4.11 Operation Analysis of Sinosteel Tianyuan Technology Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability

- 5) Analysis of Enterprise Development Capability
- (5) Analysis of Enterprise Operational Advantages and Disadvantages
- (6) Analysis of Enterprise Latest Development Trend
- 3.4.12 Operation Analysis of Maanshan Dingtai Rare Earth& New Materials Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 3.4.13 Operation Analysis of TDG Holding Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 3.4.14 Operation Analysis of Ningbo Yunsheng Co., Ltd.
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Product Structure and Capacity
 - (3) Enterprise Marketing Channels and Networks
 - (4) Analysis of Enterprise Operational Capability
 - 1) Analysis of Enterprise Production and Marketing Capability
 - 2) Analysis of Enterprise Profitability Capability
 - 3) Analysis of Enterprise Operational Capability
 - 4) Analysis of Enterprise Debt-paying Ability
 - 5) Analysis of Enterprise Development Capability
 - (5) Analysis of Enterprise Operational Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend

Chapter 4: Analysis of Application Fields of Rare Earth Industry

4.1 Analysis of Application of Rare Earth Permanent Magnet Materials

- 4.1.1 In Wind Power Generation
 - (1) Development Status of Wind Power Generation Industry
 - (2) Application of Rare Earth Permanent Magnet Materials in Wind Power Generation Field
 - (3) Development Prospects for Rare Earth Permanent Magnet Materials in Wind Power Generation

Field

- 4.1.2 In Electric Car
 - (1) Development Status of Electric Car Industry
 - (2) Application of Rare Earth Permanent Magnet Materials in Electric Car Field
 - (3) Development Prospects for Rare Earth Permanent Magnet Materials in Electric Car Field
- 4.1.3 In Inverter Home Appliances
 - (1) Development Status of Inverter Home Appliances Industry
 - (2) Application of Rare Earth Permanent Magnet Materials in Inverter Home Appliances Field
 - (3) Development Prospects for Rare Earth Permanent Magnet Materials in Inverter Home Appliances

Field

4.2 Analysis of Application of Rare Earth Optical Materials & Luminescent Materials

- 4.2.1 Profile and Application of Rare Earth Optical Materials
 - (1) Application of Photoluminescence Materials
 - (2) Application of Cathodoluminescence Materials

- (3) Application of Electroluminescence Materials
- 4.2.2 Analysis of Application Market of Rare Earth Optical Materials & Luminescent Materials
 - (1) In Optical Instrument
 - 1) Development Status of Optical Instrument Manufacturing Industry
 - 2) Application of Rare Earth Optical Materials in Optical Instrument Industry
 - 3) Rare Earth Optical Materials Development Prospects in Optical Instrument Industry
 - (2) Lighting and Lighting Fixtures
 - 1) Development Status of Lighting and Lighting Fixtures Industry
 - 2) Application of Rare Earth Optical Materials in Lighting and Lighting Fixtures Industry
 - 3) Rare Earth Optical Materials Development Prospects in Lighting and Lighting Fixtures

Industry

4.3 Analysis of Application of Rare Earth Catalyst Materials

- 4.3.1 Analysis of Application Market of Rare Earth Catalyst Materials
- 4.3.2 Application of Rare Earth in Field of Catalyst
 - (1) Petroleum Cracking Catalysts
 - (2) Rare Earth Auto Exhaust Catalysts
 - (3) Synthetic Rubber Catalysts
- 4.3.3 Analysis of Application Prospects for Rare Earth Catalyst Materials

4.4 Analysis of Application of Rare Earth Anti-corrosion Materials

- 4.4.1 Analysis of Application Market of Rare Earth Anti-corrosion Materials
- 4.4.2 Analysis of Rare Earth Anti-corrosion Materials Market
 - (1) Analysis of Rare Earth Aluminum Alloy Market
 - (2) Analysis of Lanthanum-Cerium Rare Earth Compounds
- 4.4.3 Analysis of Application Prospects for Rare Earth Anti-corrosion Materials

4.5 Analysis of Application of Rare Earth Hydrogen Storage Materials

- 4.5.1 Analysis of Application Market of Rare Earth Hydrogen Storage Materials
- 4.5.2 Analysis of Rare Earth Hydrogen Storage Materials Market
 - (1) Profile of Rare Earth Hydrogen Storage Materials
 - (2) Production Status of Rare Earth Hydrogen Storage Materials
- 4.5.3 Rare Earth Hydrogen Storage Materials and Analysis of Application Prospects

Chapter 5: Development Trend and Prospects Forecast of China Rare Earth Industry

5.1 Investment Risks of China Rare Earth Industry

- 5.1.1 Policy Risk
- 5.1.2 Supply Risk
- 5.1.3 Technology Risk
- 5.1.4 Substitute Risk
- 5.1.5 Other Risks

5.2 Analysis of Investment Features of China Rare Earth Industry

- 5.2.1 Analysis of Entry Barriers of Rare Earth Industry
- 5.2.2 Analysis of Profit Modes of Rare Earth Industry
- 5.2.3 Main Economic Benefit Influencing Factors to Rare Earth Industry

5.3 Analysis of Main Problems of China Rare Earth Industry

- 5.3.1 Main Problems in Rare Earth Industry
- 5.3.2 Suggestions for Accelerating Development of China Rare Earth Industry

5.4 Development Trend of China Rare Earth Industry

- 5.4.1 Analysis of Development Trend of China Rare Earth Industry
- 5.4.2 Factors Affecting Development of Rare Earth Industry
- 5.4.3 Key Directions to Development of China Rare Earth Industry

5.5 Investment Suggestions for China Rare Earth Industry

- 5.5.1 Analysis of Investment Status of Rare Earth Industry
- 5.5.2 Main Investment Suggestions for Rare Earth Industry

如需了解报告详细内容，请直接致电前瞻客服中心。
