

# China Livestock and Poultry Farming Industry Report (2016–2021), Forecast and Business Model

## 目 录

### CONTENTS

#### Chapter 1: Analysis of development environment of China's livestock and poultry farming industry

##### 1.1 concept of livestock and poultry farming industry

1.1.1 definition of livestock and poultry farming industry

1.1.2 features of livestock and poultry farming industry

(1) cyclical nature of the industry

(2) regional characteristics of the industry

1.1.3 status of livestock and poultry farming industry

##### 1.2 policy environment of livestock and poultry farming industry

1.2.1 departments in charge of the industry

1.2.2 main laws and regulations of the industry

1.2.3 main industrial policies and planning of the industry

##### 1.3 economic environment of livestock and poultry farming industry

1.3.1 domestic economic performance

1.3.2 residents' income level

1.3.3 consumption expenditure by urban and rural residents

##### 1.4 social environment of livestock and poultry farming industry

1.4.1 impact of the spread of epidemics on the industry

1.4.2 impact of pollutant emissions of livestock and poultry farming on the industry

##### 1.5 technical environment of livestock and poultry farming industry

1.5.1 analysis of activity level of technology of the industry

1.5.2 analysis of leading technology companies of the industry

1.5.3 structure of patent applications of the industry

##### 1.6 PEST summary of livestock and poultry farming industry

#### Chapter 2: Analysis of related industries of livestock and poultry farming industry

##### 2.1 analysis of lawn resources

2.1.1 scale of area of various types of lawn

2.1.2 scale of area of lawn of various regions

2.1.3 statistics of productivity of various types of lawn

2.1.4 statistics of carrying capacity of various types of lawn

##### 2.2 analysis of operation of feed market

2.2.1 operation of corn market

(1) supply and demand of corn

(2) changes of corn price

2.2.2 operation of soybean market

(1) supply and demand of soybean

(2) changes of soybean price

2.2.3 analysis of operation of fish meal market

(1) supply and demand of fish meal

(2) changes of fish meal price

2.2.4 feed additives market

(1) supply and demand of feed additives

(2) changes of feed additives price

##### 2.3 analysis of R & D and production of veterinary drugs

2.3.1 analysis of R & D of veterinary drugs

2.3.2 analysis of production of veterinary drugs

##### 2.4 analysis of slaughtering and meat processing industry

2.4.1 analysis of slaughter capacity of slaughtering and meat processing industry

2.4.2 analysis of market concentration of slaughtering and meat processing industry

- 2.4.3 analysis of supply and demand balance of slaughtering and processing industry
- 2.4.4 analysis of profitability capability of slaughtering and meat processing industry
- 2.4.5 analysis of development trends of slaughtering and meat processing industry

## **2.5 analysis of logistics development of meat products cold chain**

- 2.5.1 development of foreign meat products cold chain logistics
- 2.5.2 analysis of development of China's meat products cold chain logistics
- 2.5.3 problems of China's meat products cold chain logistics
- 2.5.4 interpretation of development planning of meat cold chain logistics
- 2.5.5 forecast of meat cold chain logistics market

## **Chapter 3: Reference of development experience of foreign livestock and poultry farming industry**

### **3.1 analysis of status quo of development of foreign livestock and poultry farming industry**

- 3.1.1 status quo of foreign pig farming industry
  - (1) analysis of production of the global pig market
  - (2) analysis of consumption of the global pig market
- 3.1.2 status quo of foreign beef cattle farming industry
  - (1) scale of the global farming stock of beef cattle
  - (2) regional distribution of the global beef cattle farming
  - (3) regional distribution of consumption of the global beef
- 3.1.3 status quo of foreign cow farming industry
  - (1) scale of the global cow farming
  - (2) analysis of the global milk output
  - (3) analysis of regional distribution of the global milk output
- 3.1.4 status quo of foreign poultry industry
- 3.1.5 status quo of foreign sheep farming industry

### **3.2 analysis of development model of foreign livestock and poultry farming industry**

- 3.2.1 model of foreign livestock and poultry farming industry
- 3.2.2 Australian model and characteristics
  - (1) status quo of development of livestock and poultry farming industry
  - (2) characteristics of development of livestock and poultry farming industry
  - (3) measures of development of livestock and poultry farming industry
- 3.2.3 New Zealand model and features
  - (1) status quo of development of livestock and poultry farming industry
  - (2) characteristics of development of livestock and poultry farming industry
  - (3) measures of development of livestock and poultry farming industry
- 3.2.4 European model and features
  - (1) status quo of development of livestock and poultry farming industry
  - (2) characteristics of development of livestock and poultry farming industry
  - (3) measures of development of livestock and poultry farming industry
- 3.2.5 North American model and features
  - (1) status quo of development of livestock and poultry farming industry
  - (2) characteristics of development of livestock and poultry farming industry
  - (3) measures of development of livestock and poultry farming industry
- 3.2.6 South Korean modes and features
  - (1) status quo of development of livestock and poultry farming industry
  - (2) characteristics of development of livestock and poultry farming industry
  - (3) measures of development of livestock and poultry farming industry

### **3.3 implications of development of foreign livestock and poultry farming industry for China**

- 3.3.1 the feature of organization of livestock and poultry farming industry in developed countries
- 3.3.2 features of business model of livestock and poultry farming industry in developed countries
- 3.3.3 the role of industry organizations

## **Chapter 4: Status quo of development of China's livestock and poultry farming industry**

### **4.1 overview of development of livestock and poultry farming industry**

- 4.1.1 development course of livestock and poultry farming industry
- 4.1.2 scale of development of livestock and poultry farming industry
  - (1) analysis of scale of output value of animal husbandry
  - (2) analysis of scale of output of livestock farming industry

### **4.2 analysis of status quo of development of pig farming industry**

- 4.2.1 changes of pig farming stock

- (1) national pig farming stock
- (2) stock of farming sow
- 4.2.2 changes of pig slaughter
- 4.2.3 value scale of pig farming
- 4.2.4 changes of scale of pig farming
- 4.2.5 subdivided markets of pig farming industry
  - (1) status quo of operation of pig market
  - (2) status quo of operation of piglet market
- 4.2.6 geographical distribution of pig farming industry
  - (1) overall geographical distribution of pig farming
  - (2) regional concentration of pig slaughter
  - (3) comparison of pig slaughter of various regions
  - (4) comparison of scale of pig farming of various regions
- 4.2.7 status quo of competition of pig farming industry
  - (1) concentration of pig farming industry
  - (2) competition of pig farming industry
  - (3) potential entrants of pig farming industry
- 4.3 analysis of status quo of development of cattle farming industry**
  - 4.3.1 overview of development of cattle farming industry
  - 4.3.2 changes of beef cattle stock
    - (1) national beef cattle stock
    - (2) beef cattle stock
  - 4.3.3 regional distribution of beef cattle farming industry
  - 4.3.4 status quo of scale of cattle farming
  - 4.3.5 status quo of competition of beef cattle farming industry
- 4.4 analysis of status quo of development of cow farming industry**
  - 4.4.1 overview of development of cow farming industry
    - (1) total cow stock
    - (2) lactating cow stock
  - 4.4.2 regional distribution of cow farming industry
  - 4.4.3 status quo of scale of cow farming
  - 4.4.4 pasture and source of milk of dairy enterprises
  - 4.4.5 development trends of cow farming industry
- 4.5 analysis of status quo of development of poultry industry**
  - 4.5.1 overview of development of poultry industry
    - (1) scale of development of poultry industry
    - (2) types of poultry products
    - (3) production efficiency of poultry industry
  - 4.5.2 status quo of development of broiler farming industry
    - (1) broiler farming stock trends
    - (2) broiler slaughter trends
    - (3) regional distribution of broiler farming
    - (4) status quo of scale broiler farming
    - (5) development trends of broiler farming industry
  - 4.5.3 status quo of development of hen farming industry
    - (1) chicken farm of ancestral eggs
    - (2) chicken farm of parental eggs
    - (3) chicken farm of commercial eggs
    - (4) regional distribution of hen farming industry
    - (5) status quo of scale of hen farming industry
    - (6) development trends of
  - 4.5.4 status quo of development of duck farming industry
    - (1) changes of duck farming stock and slaughter
    - (2) regional distribution of duck farming industry
    - (3) status quo of scale of duck farming industry
    - (4) development trends of duck farming industry
  - 4.5.5 status quo of development of other poultry industries
    - (1) status quo of development of laying duck farming industry
    - (2) status quo of development of geese farming industry

4.5.6 development trends of poultry industry

#### **4.6 status quo of development of other livestock farming industry**

4.6.1 analysis of status quo of development of sheep farming industry

4.6.2 analysis of status quo of development of rabbit farming industry

4.6.3 analysis of status quo of development of Kennel farming industry

### **Chapter 5: Analysis of development trends of China's livestock and poultry farming model**

#### **5.1 scale trend of China's livestock and poultry farming**

5.1.1 disadvantages of model of farmers' free-range

5.1.2 advantages of large-scale livestock and poultry farming

5.1.3 standard for large-scale livestock and poultry farming farm

5.1.4 drivers of large-scale livestock and poultry farming

(1) contract farming model

(2) retail investors get out of the market

(3) governmental policy-driven

5.1.5 core competitiveness of large-scale livestock and poultry farming

#### **5.2 specialization trend of China's livestock and poultry farming**

5.2.1 meaning of specialization of China's livestock and poultry farming

5.2.2 status quo of specialization of China's livestock and poultry farming

5.2.3 path of specialization of China's livestock and poultry farming

#### **5.3 industrialization trend of China's livestock and poultry farming**

5.3.1 meaning of industrialization of livestock and poultry farming industry

5.3.2 problems of industrialization of China's livestock and poultry farming industry

5.3.3 strategies of industrialization of China's livestock and poultry farming industry

#### **5.4 standardization trend of China's livestock and poultry farming**

5.4.1 meaning of standardization of livestock and poultry farming

5.4.2 China's demonstration farm of standardization of livestock and poultry farming

5.4.3 patterns of China's standardization of livestock and poultry farming

(1) standardized patterns of pig farming

(2) standardized patterns of poultry farming

(3) standardized patterns of herbivores farming

### **Chapter 6: Analysis of business model of China's livestock and poultry farming industry**

#### **6.1 analysis of business model of pig farming**

6.1.1 analysis of model of scale pig farming

(1) independent farming model

(2) "company + farmer" model

(3) "company + cell + farmer" model

(4) "company + base + farmer" model

(5) "company + base + farmer cooperative + farmer" model

6.1.2 analysis of typical business model of pig farming enterprises

(1) Guangdong Wensi model

(2) Henan Makihara model

(3) Eagles Model

#### **6.2 analysis of business model of poultry farming**

6.2.1 analysis of model of scale poultry farming

(1) model of leading contract farming

(2) "company + farmer" model

(3) "company + base + farmer" model

(4) "company + park + farmer" model
