

China Railway Informatization Industry Indepth Research and Investment Strategy Report, 2013–2017

目 录

CONTENTS

Chapter 1: Development Overview of China Railway Informatization Industry

1.1 Concepts Related to Railway Informatization Industry

- 1.1.1 Concept of Railway Informatization Industry
- 1.1.2 Classification of Railway Informatization Market
- 1.1.3 Development History of Railway Informatization
- 1.1.4 Features of Railway Informatization
- 1.1.5 Informatization of Wisdom Railway

1.2 Industrial Chain of Railway Informatization Industry

- 1.2.1 Industrial Chain Profile of Railway Informatization Industry
- 1.2.2 Downstream Industrial Chain of Railway Informatization Industry
 - (1) Development of Railway Transport Management
 - (2) Development of Railway Freight Market
 - (3) Development of Railway Transport Market
 - (4) Development Mines Transport Market
- 1.2.3 Upstream Industrial Chain of Railway Informatization Industry
 - (1) Development of IT Industry
 - (2) Development of Electronic Component Industry
 - (3) Development of New Materials Industry
 - (4) Development of Basic Energy Industry
- 1.2.4 Impact of Upstream and Downstream Parts on Railway Informatization

1.3 Development Factors of Railway Informatization Industry

- 1.3.1 Driving Factors of Developing Railway Informatization Industry
- 1.3.2 Impact of Train Speed Increase on Informatization
 - (1) Development History of Increase in Train Speed
 - (2) Social Economic Benefit of Increase in Train Speed
 - (3) Impact of Train Speed Increase on Informatization
- 1.3.3 Informatization Requirement for Railway Development
- 1.3.4 Impact of Upstream and Downstream Parts on Railway Informatization

1.4 Railway Traffic Accident Enlightenment on Railway Informatization

- 1.4.1 Railway Traffic Accident in Foreign Countries
 - (1) Railway Traffic Accident in Foreign Countries
 - (2) The Enlightenment on Railway Informatization
- 1.4.2 Railway Traffic Accident in China
 - (1) Railway Traffic Accident for Years
 - (2) 4.28 Jiaozhou-Jinan Railway Accident
 - (3) 7.23 Ningbo-Wenzhou Railway Serious Traffic Accident
 - (4) Beijing-Shanghai High-speed Railway Accident
- 1.4.3 Causes for Railway Accident Accidents
 - (1) Directing Factors of Accident
 - (2) Hidden Dangers of Accident
- 1.4.4 Traffic Accident Impact on Railway Construction
- 1.4.5 Measures for Safe Railway Transportation
- 1.4.6 Emergency Plan for National Train Accident
- 1.4.7 Train Accident Enlightenment on Railway Informatization in the Future

Chapter 2: Development Environment for China

2.1 Policy Environment for Railway Informatization Industry

- 2.1.1 Supervision Mechanism for Railway Informatization Industry
- 2.1.2 Policies Related to Railway Informatization Industry
- 2.1.3 Development Plan Explanation of Railway Industry

2.2 Economic Environment for Railway Informatization Industry

- 2.2.1 International Macro-economic Environment
 - (1) Economic Environment for US
 - (2) Economic Environment for Japan
 - (3) Economic Environment for EU Zone
 - (4) Economic Environment for Emerging Nations
 - (5) Bulk Commodity Market Price
- 2.2.2 Domestic Macro-economic Environment
 - (1) Domestic GDP Growth
 - (2) Industrial Economic Growth
 - (3) FAI
 - (4) Total Import & Export and Growth
 - (5) PMI

2.3 Technology Environment for Railway Informatization Industry

- 2.3.1 Development of Railway Signal Computer Monitoring Technology
- 2.3.2 Development of Traffic Safety Monitoring System Technology
- 2.3.3 Development Train Dispatching and Controlling System Technology
- 2.3.4 Development of Ticket Sales and Booking System Technology

2.4 Social Environment for Railway Informatization Industry

- 2.4.1 Development of China Transport Informatization
- 2.4.2 Frequent Occurrence of Traffic Accidents

Chapter 3: Analysis of Development of International Railway Informatization Industry

3.1 Development Status of International Railway Informatization Industry

- 3.1.1 Development of International Railway Investment and Construction
- 3.1.2 System Application of International Traffic Informatization
- 3.1.3 Competitive Landscape of International Traffic Informatization Market
- 3.1.4 Development Features of International Railway Cargo Informatization

3.2 Development of Railway Informatization in Key Countries around the World

- 3.2.1 Development of Japan Railway Informatization Construction
 - (1) Construction of Japan Railway Investment
 - (2) Development Status of Japan Railway Informatization
 - (3) Development Features of Japan Railway Informatization
- 3.2.2 Development of US Railway Informatization Construction
 - (1) Construction of US Railway Investment
 - (2) Development Status of US Railway Informatization
 - (3) Development Features of US Railway Informatization
- 3.2.3 Development of Canada Railway Informatization Construction
 - (1) Construction of Canada Railway Investment
 - (2) Development Status of Canada Railway Informatization
 - (3) Development Features of Canada Railway Informatization
- 3.2.4 Development of Russia Railway Informatization Construction
 - (1) Construction of Russia Railway Investment
 - (2) Development Status of Russia Railway Informatization
 - (3) Development Features of Russia Railway Informatization
- 3.2.5 Development of Europe Railway Informatization Construction
 - (1) Construction of Europe Railway Investment
 - (2) Development Status of Europe Railway Informatization
 - (3) Development Features of Europe Railway Informatization

3.3 Development of Major International Railway Informatization Companies

- 3.3.1 Development of Cisco Systems, Inc.
 - (1) Development Profile
 - (2) Corporate Operation
 - (3) Business in China
- 3.3.2 Development of McAfee, Inc.
 - (1) Development Profile
 - (2) Corporate Operation
 - (3) Business in China
- 3.3.3 Siemens
 - (1) Development Profile

- (2) Corporate Operation
- (3) Business in China

Chapter 4: Development of China Railway Informatization Industry

4.1 Overall Development Information of China Railway Informatization Industry

- 4.1.1 Development Overview of Operation of Railway Industry
- 4.1.2 Railway Investment Construction and Development Planning
- 4.1.3 High-speed Railway Construction and Development Planning

4.2 Development Status of China Railway Informatization Industry

- 4.2.1 Construction Status of China Railway Informatization
- 4.2.2 Market Competition of Railway Informatization
- 4.2.3 Market Concentration of Railway Informatization Product
- 4.2.4 Investment and Construction of China Railway Informatization
 - (1) Investment of Railway Informatization Industry
 - (2) Regional Investment in Railway Informatization
 - (3) Railway Informatization Investment for Mines Companies

4.3 Development Strategy for China Railway Informatization Industry

- 4.3.1 Major Problems in Railway Informatization
- 4.3.2 Development Strategy for Railway Informatization Construction
- 4.3.3 Major Directions for Railway Informatization Construction
- 4.3.4 Development Strategy and Planning for Railway Informatization

4.4 Construction of Railway Informatization for Chinese Local Railway Bureaus

- 4.4.1 Informatization Construction for Beijing Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.2 Informatization Construction for Guangzhou Railway Group
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.3 Informatization Construction for Shanghai Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.4 Informatization Construction for Shenyang Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.5 Informatization Construction for Zhengzhou Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.6 Informatization Construction for Jinan Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.7 Informatization Construction for Taiyuan Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.8 Informatization Construction for Wuhan Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.9 Informatization Construction for Chengdu Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.10 Informatization Construction for Nanning Railway Bureau
 - (1) Development Profile

- (2) Scope of Jurisdiction
- (3) Informatization Construction
- 4.4.11 Informatization Construction for Harbin Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.12 Informatization Construction for Hohhot Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction
- 4.4.13 Informatization Construction for Urumchi Railway Bureau
 - (1) Development Profile
 - (2) Scope of Jurisdiction
 - (3) Informatization Construction

Chapter 5: Analysis of Development of Railway Informatization Segment Market

5.1 Railway Electrification System Markets

- 5.1.1 Railway Electrification Market
 - (1) Power-supply Market
 - (2) Power-supply System Market
 - (3) Box-type Substation
 - (4) Traction Transformer
- 5.1.2 Railway Power Source Market
 - (1) Composition of Railway Power Source System
 - (2) Market Size of Railway Power Source
 - (3) Market Size of Traffic Signal Source
- 5.1.3 Major Railway Electrification System Companies
- 5.1.4 Construction and Investment of Railway Electrification
- 5.1.5 Development Prospects for Railway Electrification System Market

5.2 Railway Communication Signal System Markets

- 5.2.1 Overview of Railway Communication Signal System
 - (1) Composition of Communication Signal System
 - (2) Major Communication Signal Systems
 - (3) Features of Communication Signal System Technology
 - (4) Significance of Communication Signal System
- 5.2.2 Application of Railway Communication System
 - (1) Features of Railway Communication System
 - (2) Development of Railway Communication System
 - (3) Application of Railway Communication System
- 5.2.3 Application of Railway Signal System
 - (1) Features of Railway Signal System
 - (2) Development of Railway Signal System
 - (3) Application of Railway Signal System
- 5.2.4 Development of Railway Communication Signal System Market
 - (1) Market Status of Railway Communication Signal System
 - (2) Certification of Railway Communication Signal System Company
 - (3) Pricing of Railway Communication Signal System
 - (4) Market Competition of Railway Communication Signal System
 - (5) Investment of Railway Communication Signal System
 - (6) Development Prospects for Railway Communication Signal System Market
- 5.2.5 Railway Signal Computer Monitoring System Market
 - (1) Development Overview of Signal Computer Monitoring System
 - (2) Market Size of Signal Computer Monitoring System
 - (3) Pricing of Signal Computer Monitoring System
 - (4) Competitive Landscape of Signal Computer Monitoring System
 - (5) Development Prospects for Signal Computer Monitoring System Market
- 5.2.6 Railway Signal Interlock System Market
 - (1) Development Overview of Railway Signal Interlock System
 - (2) Market Factor of Railway Signal Interlock System
 - (3) Market Size of Railway Signal Interlock System

(4) Development Prospect for Railway Signal Interlock System Market

5.3 Development of Railway Information System Markets

5.3.1 Development Overview of Railway Information System

- (1) Composition of Railway Information System
- (2) Application Field of Railway Information System

5.3.2 Development of Train Dispatching Command System

- (1) Development Overview of Train Dispatching Command System
- (2) Market Size of Train Dispatching Command System
- (3) Competitive Landscape of Train Dispatching Command System
- (4) Influencing Factor of Train Dispatching Command System Market
- (5) Market Barrier to Train Dispatching Command Product
- (6) Technology Trend for Train Dispatching Command System
- (7) Market Prospects for Train Dispatching Command System

5.3.3 Development of Train Number Automatic Identification System

- (1) Development Overview of Train Number Automatic Identification System
- (2) Market Competition of Train Number Automatic Identification System
- (3) Market Prospects for Train Number Automatic Identification System

5.3.4 Development of Train Safety Monitoring and Processing System

- (1) Development Overview of Train Safety Monitoring and Processing System
- (2) Investment Size of Train Safety Monitoring and Processing System
- (3) Competitive Landscape of Train Safety Monitoring and Processing System
- (4) Barriers to Train Safety Monitoring and Processing System Industry
- (5) Development of Disaster Prevention and Safety Monitoring System
- (6) Prospects for Train Safety Monitoring and Processing System Industry

5.3.5 Development of Railway Passenger Service and AFC System

- (1) Development Overview of Passenger Service and AFC System
- (2) Market Size of Passenger Service and AFC System
- (3) Competitive Landscape of Passenger Service and AFC System
- (4) Development Status of Rail Transit AFC System
- (5) Development Prospects for Rail Transit AFC System

5.3.6 Development of Transportation Management Information System

- (1) Profile of TMIS
- (2) Analysis of Freight Marketing and Production Management System
- (3) Development of Railway Freight Ticket System
- (4) Development of Railway Consist Information System
- (5) Development of Rail Wagon Tracing System
- (6) Development of Railway Station Integrated Management System
- (7) Development of Container Tracking Management Information System
- (8) Development of Railway Dispatching Management Information System

5.3.7 Development of Railway Vehicle Management Information Platform

- (1) Overview of Railway Vehicle Management Information Platform
- (2) Features of Railway Vehicle Management Information Platform
- (3) Necessity for Railway Vehicle Management Information Platform
- (4) Application Status and Prospects for Railway Vehicle Management Information Platform

5.4 Application Markets for High-speed Train Informatization System

5.4.1 Development of High-speed Train Informatization and Digitization System

- (1) Profile of High-speed Train Informatization and Digitization System
- (2) Construction Size of High-speed Train Digitization System
- (3) Market Size Forecast for High-speed Train Digitization System

5.4.2 Application of High-speed Train Intelligent Network Video Monitoring System

- (1) Profile of High-speed Train Intelligent Network Video Monitoring System
- (2) Major Demand for High-speed Train Intelligent Network Video Monitoring System
- (3) Construction Difficulties in High-speed Train Intelligent Network Video Monitoring System
- (4) Considering Factors of High-speed Train Intelligent Network Video Monitoring System
- (5) Application of Video Analysis of Technology in High-speed Monitoring

5.5 Application Markets for Urban Rail Transit Intelligence System

5.5.1 Development of Urban Rail Transit Intelligence System

- (1) Composition of Urban Rail Transit Intelligence System
- (2) Policy Background of Urban Rail Transit Intelligence System

- (3) Advantages of Urban Rail Transit Intelligence System
- (4) Market Size of Urban Rail Transit Intelligence System
- 5.5.2 Competitive Landscape of Urban Rail Transit Intelligence System
 - (1) Market Share of Intelligence System
 - (2) Market Share of Passenger Information System and Comprehensive Security System
 - (3) Market Share of Comprehensive Monitoring System Segments
- 5.5.3 Intelligent Traffic Information Service Market
 - (1) Flow of Intelligent Traffic Information Service System
 - (2) Major Information Service System Markets
 - (3) Growth of Information Service System Markets
- 5.5.4 Urban Rail Traffic Comprehensive Monitoring System
 - (1) Concepts Related to Urban Rail Traffic Comprehensive Monitoring System
 - (2) Operation Model for Urban Rail Traffic Comprehensive Monitoring System
 - (3) Development Status of Urban Rail Traffic Comprehensive Monitoring System
- 5.5.5 Urban Rail Transit AFC System
 - (1) Development History of Urban Rail Transit AFC System
 - (2) Development Status of Urban Rail Transit AFC System
 - (3) Development Key for Urban Rail Transit AFC System
 - (4) Development Trend for Urban Rail Transit AFC System
- 5.5.6 Urban Transit Traffic Signal System
 - (1) Development Overview of Urban Transit Traffic Signal System
 - (2) Development Status of Urban Transit Traffic Signal System
- 5.5.7 Urban Transit Platform Screen Door System
 - (1) Concepts Related to PSD System
 - (2) Advantages and Disadvantages of PSD System
 - (3) Case Study of PSD System
 - (4) Application Prospect for PSD System in Metro

Chapter 6: Analysis of Operation of Leading Companies in China Railway Informatization Industry

6.1 Beijing Century Real Technology Co., Ltd.

- 6.1.1 Development Profile
- 6.1.2 Major Economic Index
- 6.1.3 Operation Capability
- 6.1.4 Profitability
- 6.1.5 Debt-paying Ability
- 6.1.6 Development Capability
- 6.1.7 Product Structure
- 6.1.8 Industry Application Case
- 6.1.9 Core Competitiveness
- 6.1.10 Operation Model
- 6.1.11 Operational Advantages and Disadvantages
- 6.1.12 Future Development Strategy
- 6.1.13 Investment, Merger and Restructuring
- 6.1.14 Latest Development Trend

6.2 Invengo Information Technology Co., Ltd.

- 6.2.1 Development Profile
- 6.2.2 Major Economic Index
- 6.2.3 Operation Capability
- 6.2.4 Profitability
- 6.2.5 Debt-paying Ability
- 6.2.6 Development Capability
- 6.2.7 Product Structure
- 6.2.8 Industry Application Case
- 6.2.9 Sales Channel and Network
- 6.2.10 Operational Advantages and Disadvantages
- 6.2.11 Future Development Strategy
- 6.2.12 Latest Development Trend

6.3 Henan Splendor Science & Technology Co., Ltd.

- 6.3.1 Development Profile

- 6.3.2 Major Economic Index
- 6.3.3 Operation Capability
- 6.3.4 Profitability
- 6.3.5 Debt-paying Ability
- 6.3.6 Development Capability
- 6.3.7 Organization Structure
- 6.3.8 Product Structure
- 6.3.9 Product Application Case
- 6.3.10 Product Competition
- 6.3.11 Operational Advantages and Disadvantages
- 6.3.12 Future Development Strategy
- 6.3.13 Investment, Merger and Restructuring
- 6.3.14 Latest Development Trend
