

China Fertilizer Manufacturing Industry Report (2016-2021), Market Demand Forecast and Investment Strategy Planning

目 录

CONTENTS

Chapter 1: Background of Chinese fertilizer manufacturing industry development

1.1 related definitions of fertilizer manufacturing industry

- 1.1.1 related connotation of fertilizer manufacturing industry
- 1.1.2 statistical standards of fertilizer manufacturing industry
 - (1) statistical standards of fertilizer manufacturing industry
 - (2) statistical methods of fertilizer manufacturing industry
 - (3) types of fertilizer manufacturing industry data
- 1.1.3 the research scope of the fertilizer manufacturing report
 - (1) the research scope of industry chain
 - (2) the research scope of sub industry

1.2 background of global fertilizer manufacturing industry supply and demand

- 1.2.1 global economic background and agricultural situation
- 1.2.2 analysis of the global fertilizer market pattern
- 1.2.3 analysis of the global fertilizer demand trend
- 1.2.4 analysis of the global fertilizer supply trend

1.3 characteristics of the fertilizer manufacturing industry investment

- 1.3.1 analysis of resource and regional properties
- 1.3.2 analysis of the seasonal and cyclical properties
- 1.3.3 capital and scale economic properties
- 1.3.4 characteristics of homogenization investment

Chapter 2: Operation of Chinese fertilizer manufacturing industry

2.1 analysis of Chinese fertilizer manufacturing industry development

- 2.1.1 analysis of operation efficiency
- 2.1.2 analysis of profitability capability
- 2.1.3 analysis of operation capability
- 2.1.4 analysis of solvency capability
- 2.1.5 analysis of development capability

2.2 analysis of economic indicators of the fertilizer manufacturing industry

- 2.2.1 analysis of economic indicators of the fertilizer manufacturing industry
- 2.2.2 analysis of economic indicators of enterprises of different sizes
 - (1) large enterprises
 - (2) medium-sized enterprises
 - (3) small enterprises
 - (4) analysis of major economic indicators of enterprises of different scales
- 2.2.3 analysis of economic indicators of enterprises of different nature
 - (1) state-owned enterprise
 - (2) collective enterprises
 - (3) stock cooperative enterprises
 - (4) joint-stock company
 - (5) private company
 - (6) foreign company
 - (7) companies of other nature
 - (8) analysis of major economic indicators of enterprises of different nature
- 2.2.4 analysis of economic indicators of enterprises in different regions
 - (1) share of sales revenue in different regions
 - (2) share of total assets in different regions
 - (3) share of product sales profit in different regions
 - (4) share of total profit in different regions
 - (5) share of the finished products in different regions

2.3 analysis of supply and demand balance of fertilizer manufacturing industry

2.3.1 analysis of supply of national fertilizer manufacturing industry

- (1) analysis of output of the national fertilizer manufacturing industry
- (2) analysis of finished products of national fertilizer manufacturing industry

2.3.2 analysis of supply of the regional fertilizer manufacturing industry

- (1) analysis of top 10 regions ranked in output value
- (2) analysis of top 10 regions ranked in finished products

2.3.3 analysis of demand of national fertilizer manufacturing industry

- (1) analysis of sales value of national fertilizer manufacturing industry
- (2) analysis of sales revenue of national fertilizer manufacturing industry

2.3.4 analysis of demand of the fertilizer manufacturing industry in different regions

- (1) analysis of top 10 regions ranked in sales value
- (2) analysis of top 10 regions ranked in sales revenue

2.3.5 analysis of production and sales rate of national fertilizer manufacturing industry

2.4 analysis of operation of fertilizer manufacturing industry of the first three quarters of.....2013

Chapter 3: Operation of subdivided industries of China fertilizer manufacturing industry

3.1 analysis of operation of nitrogen fertilizer industry

3.1.1 analysis of nitrogen fertilizer industry scale

3.1.2 production situation of nitrogen fertilizer industry

3.1.3 demand of nitrogen fertilizer industry

3.1.4 profit situation of nitrogen fertilizer industry

3.1.5 the supply and demand balance of nitrogen fertilizer industry

3.1.6 financial operations of nitrogen fertilizer industry

- (1) analysis of operation efficiency
- (2) analysis of profitability capability
- (3) analysis of operation capability
- (4) analysis of solvency capability
- (5) analysis of development capability

3.1.7 analysis of operation characteristics and development trend of nitrogen fertilizer industry

- (1) analysis of operation characteristics
- (2) analysis of development trend

3.2 analysis of operation of the phosphate fertilizer industry

3.2.1 analysis of phosphate fertilizer industry scale

3.2.2 production situation of phosphate fertilizer industry

3.2.3 demand of phosphate fertilizer industry

3.2.4 profit situation of phosphate fertilizer industry

3.2.5 the supply and demand balance of phosphate fertilizer industry

3.2.6 financial operations of phosphate fertilizer industry

- (1) analysis of operation efficiency
- (2) analysis of profitability capability
- (3) analysis of operation capability
- (4) analysis of solvency capability
- (5) analysis of development capability

3.2.7 analysis of operation characteristics and development trend of phosphate fertilizer industry

- (1) analysis of operation characteristics
- (2) analysis of development trend

3.3 analysis of operation of the potash fertilizer industry

3.3.1 analysis of potash fertilizer industry scale

3.3.2 production situation of potash fertilizer industry

3.3.3 demand of potash fertilizer industry

3.3.4 profit situation of potash fertilizer industry

3.3.5 the supply and demand balance of potash fertilizer industry

3.3.6 financial operations of potash fertilizer industry

- (1) analysis of operation efficiency
- (2) analysis of profitability capability
- (3) analysis of operation capability
- (4) analysis of solvency capability
- (5) analysis of development capability

3.3.7 analysis of operation characteristics and development trend of potash fertilizer industry

- (1) analysis of operation characteristics
- (2) analysis of development trend

3.4 analysis of operation of the compound fertilizer industry

- 3.4.1 analysis of compound fertilizer industry scale
- 3.4.2 production situation of compound fertilizer industry
- 3.4.3 demand of compound fertilizer industry
- 3.4.4 profit situation of compound fertilizer industry
- 3.4.5 the supply and demand balance of compound fertilizer industry
- 3.4.6 financial operations of compound fertilizer industry
 - (1) analysis of operation efficiency
 - (2) analysis of profitability capability
 - (3) analysis of operation capability
 - (4) analysis of solvency capability
 - (5) analysis of development capability
- 3.4.7 analysis of operation characteristics and development trend of compound fertilizer industry
 - (1) analysis of operation characteristics
 - (2) analysis of development trend

3.5 analysis of operation of organic fertilizer and microbial fertilizer industry

- 3.5.1 analysis of organic fertilizer and microbial fertilizer industry scale
- 3.5.2 production situation of organic fertilizer and microbial fertilizer industry
- 3.5.3 demand of organic fertilizer and microbial fertilizer industry
- 3.5.4 profit situation of organic fertilizer and microbial fertilizer industry
- 3.5.5 the supply and demand balance of organic fertilizer and microbial fertilizer industry
- 3.5.6 financial operations of organic fertilizer and microbial fertilizer industry
 - (1) analysis of operation efficiency
 - (2) analysis of profitability capability
 - (3) analysis of operation capability
 - (4) analysis of solvency capability
 - (5) analysis of development capability
- 3.5.7 analysis of operation characteristics and development trend of organic fertilizer and microbial fertilizer industry
 - (1) analysis of operation characteristics
 - (2) analysis of development trend

3.6 analysis of operation of other fertilizer industry

- 3.6.1 analysis of other fertilizer industry scale
- 3.6.2 production situation of other fertilizer industry
- 3.6.3 demand of other fertilizer industry
- 3.6.4 profit situation of other fertilizer industry
- 3.6.5 the supply and demand balance of other fertilizer industry
- 3.6.6 financial operations of other fertilizer industry
 - (1) analysis of operation efficiency
 - (2) analysis of profitability capability
 - (3) analysis of operation capability
 - (4) analysis of solvency capability
 - (5) analysis of development capability

- 3.6.7 analysis of operation characteristics and development trend of other fertilizer industry

Chapter 4: Analysis of upstream and downstream industry of Chinese fertilizer manufacturing industry chain

4.1 introduction of the fertilizer manufacturing industry chain

4.2 analysis of upstream of fertilizer manufacturing industry chain

- 4.2.1 forecast of coal industry price trend
- 4.2.2 forecast of natural gas industry price trend
- 4.2.3 forecast of phosphate industry price trend
- 4.2.4 forecast of potash industry price trend

4.3 analysis of midstream of fertilizer manufacturing industry chain

- 4.3.1 analysis of fertilizer manufacturing technology patent
 - (1) analysis of fertilizer manufacturing technology
 - (2) development of fertilizer manufacturing process
 - (3) development of fertilizer manufacturing patent

- 1) utility model
- 2) invention patent
- 3) appearance design

4.3.2 analysis of fertilizer production equipment market

4.4 analysis of downstream of fertilizer manufacturing industry chain

4.4.1 scale of agricultural planting

- (1) analysis of farming area
- (2) structure of farming category

4.4.2 analysis of the level of agricultural fertilizer

4.4.3 analysis of correlation between fertilizer and food price

Chapter 5: Analysis of competition of Chinese fertilizer manufacturing industry

5.1 analysis of main participants of fertilizer manufacturing industry

- 5.1.1 categories of main participants of fertilizer manufacturing industry
- 5.1.2 structure features of the domestic fertilizer manufacturers

5.2 analysis of competition patterns of fertilizer manufacturing industry

- 5.2.1 competition pattern of international fertilizer manufacturing industry
 - (1) analysis of development status of the international fertilizer manufacturing market
 - 1) the international phosphate fertilizer market
