

China Road Passenger Transport Industry Indepth Research and Investment Strategy Planning Report, 2013-2017

目 录

CONTENTS

Chapter 1: Development Overview of China Road Transport Industry

- 1.1 Concept of Road Passenger Industry
 - 1.1.1 Definition of Road Passenger Industry
 - 1.1.2 Major Transport Methods of Road Passenger Industry
- 1.2 Policy Environment Analysis of Road Passenger Transport Industry
 - 1.2.1 Supervision System of Road Passenger Transport Industry
 - 1.2.2 Policies Related to Road Passenger Transport Industry
 - 1.2.3 Development Planning of Road Passenger Transport Industry
- 1.3 Economic Environment Analysis of Road Passenger Transport Industry
 - 1.3.1 Overall Development Conditions of Macro-economy
 - 1.3.2 Income Growth of Urban and Rural Residents
 - 1.3.3 Trend of CPI
- 1.4 Social Background Analysis of Road Passenger Transport Industry
 - 1.4.1 Unbalanced Development of China Regional Economy
 - 1.4.2 Continuing Acceleration of China Urbanization Progress
 - 1.4.3 Urban and Rural Floating Population Status and Trend
 - 1.4.4 Popularization Tendency of the Development of Tourism Industry

Chapter 2: Development Analysis of Industries Relate to Road Passenger Transport Industry

- 2.1 Development Analysis of Passenger Vehicle Manufacturing Industry
 - 2.1.1 Sales Volume Analysis of China Passenger Vehicle Market
 - 2.1.2 Sales Structure Analysis of China Passenger Vehicle
 - 2.1.3 Development Analysis of China Passenger Vehicle Import Market
 - 2.1.4 Development Analysis of China Passenger Vehicle Export Market
 - 2.1.5 Forecast for China Passenger Vehicle Import and Export Market
- 2.2 Development Analysis of Automobile Maintenance Industry
 - 2.2.1 Operation Benefits Analysis of Automobile Maintenance Industry
 - 2.2.2 Supply Analysis of National Automobile Maintenance Industry
 - 2.2.3 Demand Analysis of National Automobile Maintenance Industry
 - (1) Sales Value Analysis of National Automobile Maintenance Industry
 - (2) Sales Income Analysis of National Automobile Maintenance Industry
- 2.3 Development Analysis of China Tourism Industry
 - 2.3.1 Stages of China Tourism Industry
 - 2.3.2 Development Overview of Chinese Domestic Tourism
 - (1) Number of Domestic Travelers
 - (2) Income of Domestic Travelling
 - (3) Per Expense of Travelling
 - 2.3.3 Development Features of Chinese Domestic Tourism

Chapter 3: Operation Situation Analysis of China Road Passenger Transport Industry

- 3.1 Development Situation Analysis of Traffic Transportation Industry
 - 3.1.1 Development Overview of Traffic Transportation Industry
 - 3.1.2 Operation Trend of Traffic Transportation Industry
 - 3.1.3 Trend and Prospects of Traffic Transportation Industry
- 3.2 Operation Situation Analysis of Road Passenger Transport Industry
 - 3.2.1 Development Overview of Road Passenger Transport Industry
 - 3.2.2 Transport Equipment Situation of Road Passenger Transport Industry
 - (1) Number of Road Passenger Vehicles
 - (2) Transport Structure Capacity of Road Passenger
 - 3.2.3 Analysis of Passenger Traffic Volume of Road Passenger Transport Industry
 - (1) Growth of Road Traffic Volume

- (2) Turnover of Road Passenger
- (3) Comparison Analysis of Industry Regional Traffic Volumes
- 3.2.4 Problems and Strategies of Road Passenger Transport Industry
- 3.2.5 Development Prospects Forecast of Road Passenger Transport Industry
- 3.3 Development Analysis of Road Passenger Transport Market in Key Regions**
 - 3.3.1 Development Analysis of Road Passenger Transport Market in Yangtze River Areas
 - 3.3.2 Development Analysis of Road Passenger Transport Market in Pear River Areas
 - 3.3.3 Development Analysis of Road Passenger Transport Market in Beijing-Tianjin-Hebei Areas
 - 3.3.4 Development Analysis of Road Passenger Transport Market in Changsha-Zhuzhou-Xiangtan Areas
- 3.4 Development Situation of Rural Road Passenger Transport Industry**
 - 3.4.1 Analysis of Rural Road Network Construction Progress
 - 3.4.2 Development Status of Rural Road Passenger Transport Market
 - 3.4.3 Demand Features of Rural Road Passenger Transport Market
 - 3.4.4 Restraint Factors of Rural Road Passenger Transport Market
 - 3.4.5 Development Strategies of Rural Road Passenger Transport Market
- 3.5 Analysis of Road Passenger Intelligence Development Situation**
 - 3.5.1 Development Status of Intelligent Transport
 - (1) Development Status of Planning and Policies
 - (2) Development Status of Technology
 - (3) Development Status of Investment
 - 3.5.2 Intelligent Transport and Road Passenger Transport
 - 3.5.3 Development Direction of Road Passenger Transport Intelligence
 - 3.5.4 Development Trend of Road Passenger Transport System

Chapter 4: Development Situation of China Highway Passenger Transport Market

- 4.1 Development Overview of China Highway**
 - 4.1.1 Analysis of Highway Development History
 - 4.1.2 Highway Construction Progress
 - 4.1.3 Analysis of Highway Passenger Traffic Volume Growth
 - 4.1.4 Analysis of Highway Charge
 - (1) Analysis of Highway Charge Policies
 - (2) Major Highway Charge Standards
- 4.2 Organization and Operational Mode Analysis of Highway Road Passenger Transport**
 - 4.2.1 Organization Mode Analysis of Foreign Highway Road Passenger Transport
 - (1) Management Policies of Foreign Road Passenger Transport
 - (2) Passenger Transport Organization of Foreign Highway Passenger Transport
 - 1) USA Highway Passenger Transport Organization
 - 2) UK Highway Passenger Transport Organization
 - 3) Russia Highway Passenger Transport Organization
 - 4) France Highway Passenger Transport Organization
 - 5) Korea Highway Passenger Transport Organization
 - 6) Japan Highway Passenger Transport Organization
 - (3) Features of Foreign Highway Passenger Transport Organization
 - 4.2.2 China Current Highway Passenger Organization Mode
 - (1) Enterprise Operation and Management Mode
 - 1) Exclusive Management Mode
 - 2) Lead-Oriented Operation Mode
 - 3) Several Operation Mode
 - 4) New National Lines Transport Mode
 - 4.2.3 Operation Mode Analysis of China Highway Road Passenger Transport
 - (1) Major Problems in China Highway Passenger Transport Operation
 - (2) Comparison Analysis of Highway Passenger Transport Operation Modes
 - (3) Development Trend of Highway Passenger Transport Operation Modes
 - (4) Necessity of Highway Passenger Transport Intensive Operation
- 4.3 Overview Analysis of Highway Passenger Transport Market**
 - 4.3.1 Analysis of Highway Passenger Transport Market Status
 - 4.3.2 Analysis of Highway Passenger Transport Market Features
 - 4.3.3 Development Opportunities of Highway Passenger Transport Market
 - 4.3.4 Problems in Highway Passenger Transport Market
 - 4.3.5 Development Strategies of Highway Passenger Transport Market

Chapter 5: Analysis of Development Situation of Road Passenger Transport Stations

5.1 Grade Classification and Facility Allocation Analysis of Road Passenger Transport Station

5.1.1 Grade Classification Analysis of Road Passenger Transport Station

- (1) First Grade Road Passenger Transport Station
- (2) Second Grade Road Passenger Transport Station
- (3) Third Grade Road Passenger Transport Station
- (4) Forth Grade Road Passenger Transport Station

5.1.2 Facility Allocation Analysis of Road Passenger Transport Station

5.2 Analysis of Road Passenger Transport Station Site Selection

5.2.1 Basic Principles of Road Passenger Transport Station Site Selection

5.2.2 Principles of Road Passenger Transport Station Site Selection Under Goal of Low Carbon

5.2.3 Basic Requirements for Road Passenger Transport Station Site Selection

5.2.4 Ways Analysis of Road Passenger Transport Station Site Selection

5.2.5 Development Direction of Passenger Transport Stations Around Urban Areas

5.3 Functional Services of Road Passenger Transport Station Management

5.3.1 Positioning Selection of Passenger Transport Station Functional Services

5.3.2 Index System of Passenger Transport Station Functional Services

5.3.3 Station Management's Requirements for Functional Services

5.3.4 Station Management's Thinking of Functional Services

5.4 Operational Situation Analysis of Road Passenger Transport Station

5.4.1 Analysis of Road Passenger Transport Station Operation Status

5.4.2 Problems in Road Passenger Transport Station Operation

5.4.3 Analysis of Operation Thinking of Road Passenger Transport Station

Chapter 6: Experiential Learning Analysis of Foreign Road Passenger Transport Operational Modes

6.1 Experiential Learning Analysis of Foreign Road Passenger Transport Development Modes

6.1.1 Operational Situation Analysis of USA Road Passenger Transport

(1) Analysis of USA Road Management Mode

(2) Analysis of USA Road Passenger Transport Market

6.1.2 Operational Situation Analysis of Japan Road Passenger Transport

(1) Analysis of Japan Road Management Mode

(2) Analysis of Japan Road Passenger Transport Market

6.1.3 Operational Situation Analysis of Germany Road Passenger Transport

(1) Analysis of Germany Road Management Mode

(2) Analysis of Germany Road Passenger Transport Market

6.1.4 Operational Situation Analysis of UK Road Passenger Transport

(1) Analysis of UK Road Management Mode

(2) Analysis of UK Road Passenger Transport Market

6.1.5 Experiential Learning Analysis of Foreign Road Passenger Transport Development Modes

6.2 Experiential Learning Analysis of Foreign Road Passenger Transport Station Development Modes

6.2.1 Major Service Projects of Foreign Road Passenger Transport Stations

6.2.2 Analysis of Development Modes of Foreign Road Passenger Transport Stations

6.2.3 Development Experiential Learning of Foreign Bus Stations

(1) Precondition and Scientificity of Station Construction

(2) Multimodal Station Construction and Investment Efforts

(3) Structure Layout and Function Collocation within Stations

(4) Competition Mechanism and Economic Benefits of Management Modes
