

China High-end Equipment Manufacturing Park Development Pattern and Investment Strategic Planning Report, 2013-2020

目 录

CONTENTS

Chapter 1: Definition and Development Model of High-end Equipment Manufacturing Park

1.1 Definition of High-end Equipment Manufacturing Park

- 1.1.1 Definition of High-end Equipment Manufacturing Industry
- 1.1.2 Definition of High-end Equipment Manufacturing Park

1.2 Construction Model of High-end Equipment Manufacturing Park

- 1.2.1 Supporting Construction Model
- 1.2.2 Trusteeship Model
- 1.2.3 Joint Stock Partnership Model
- 1.2.4 Industrial Investment Attracting Model
- 1.2.5 Comprehensive Model

1.3 Business Model of High-end Equipment Manufacturing Park

- 1.3.1 Classification of the Business Models
- 1.3.2 Comparison of the Three Models

1.4 Profit Model of High-end Equipment Manufacturing Park

Chapter 2: Development Prospect and Planning of High-end Equipment Manufacturing Industry

2.1 Development Prospect and Planning of Aeronautic Equipment Industry

- 2.1.1 Development Prospect of Aeronautic Equipment Industry
 - (1) Development Scale of Aeronautic Equipment Industry
 - (2) Development Prospect of Aeronautic Equipment Industry
- 2.1.2 Development Focuses and Planning of Aeronautic Equipment Industry
 - (1) Researching Status and Planning of Air Bus
 - (2) Researching Status and Planning of Regional Aircraft
 - (3) Researching Status and Planning of General-purpose Plane and Helicopter
 - (4) Researching Status and Planning of Aero-engine
 - (5) Researching Status and Planning of Aeronautical Facility

2.2 Development Prospect and Planning of Satellite and the Application Industry

- 2.2.1 Development Prospect of Satellite and the Application Industry
 - (1) Development Scale of Satellite and the Application Industry
 - (2) Development Prospect of Satellite and the Application Industry
- 2.2.2 Development Focuses and Planning of Satellite and the Application Industry
 - (1) Construction Status and Planning of Space Transportation System
 - (2) Researching Status and Planning of Application Satellite System
 - (3) Construction Status and Planning of Satellite Ground System
 - (4) Researching Status and Planning of Satellite Application System

2.3 Development Prospect and Planning of Railway Transportation Equipment Industry

- 2.3.1 Development Prospect of Railway Transportation Equipment Industry
 - (1) Development Scale of Railway Transportation Equipment Industry
 - (2) Development Prospect of Railway Transportation Equipment Industry
- 2.3.2 Development Focuses and Planning of Railway Transportation Equipment Industry
 - (1) Researching Status and Planning of Motor Train Unit
 - (2) Researching Status and Planning of Heavy Haul Train
 - (3) Researching Status and Planning of Signal and Comprehensive Monitoring/Management System
 - (4) Researching Status and Planning of Core Components and Parts

2.4 Development Prospect and Planning of Ocean Engineering Equipment Industry

- 2.4.1 Development Prospect of Ocean Engineering Equipment Industry
 - (1) Development Scale of Ocean Engineering Equipment Industry
 - (2) Development Prospect of Ocean Engineering Equipment Industry
- 2.4.2 Development Focuses and Planning of Ocean Engineering Equipment Industry
 - (1) Technology Status and Planning of Semi-submersible Drilling Platform

- (2) Technology Status and Planning of Self-elevating Drilling Platform
- (3) Technology Status and Planning of Deep-water Drilling Ship
- (4) Technology Status and Planning of Ocean Drilling Vessel
- (5) Technology Status and Planning of Offshore Wind Power Equipment
 - 1) Technology Status and Planning of Offshore Wind Power Installation Ship
 - 2) Technology Status and Planning of Offshore Wind Turbine
- (6) Technology Status and Planning of Sea Water Desalination Equipment

2.5 Development Prospect and Planning of Intelligent Manufacturing Equipment Industry

- 2.5.1 Development Prospect of Intelligent Manufacturing Equipment Industry
 - (1) Development Scale of Intelligent Manufacturing Equipment Industry
 - (2) Development Prospect of Intelligent Manufacturing Equipment Industry
- 2.5.2 Development Focuses and Planning of Intelligent Manufacturing Equipment Industry
 - (1) Market Status and Planning of Numerical Control System
 - (2) Market Status and Planning of Intelligent Control System
 - (3) Market Status and Planning of Servo System
 - (4) Market Status and Planning of Industrial Robot
 - (5) Market Status and Planning of Sensor
 - (6) Market Status and Planning of Power Electronic Devices

Chapter 3: Development Status and Trend of High-end Equipment Manufacturing Industry Cluster Districts

3.1 Regional Distribution of High-end Equipment Manufacturing Industry

- 3.1.1 Distribution of High-end Equipment Manufacturing Industry in Circum-Bohai-Sea Area
- 3.1.2 Distribution of High-end Equipment Manufacturing Industry in Yangtze River Delta
- 3.1.3 Distribution of High-end Equipment Manufacturing Industry in Pearl River Delta
- 3.1.4 Distribution of High-end Equipment Manufacturing Industry in the Middle Part of China
- 3.1.5 Distribution of High-end Equipment Manufacturing Industry in the Western Part of China

3.2 Development of High-end Equipment Manufacturing Industry in Major Cities

- 3.2.1 Development of High-end Equipment Manufacturing Industry in Beijing
 - (1) Resource Superiority
 - (2) Industrial Characteristics
 - (3) Regional Distribution
 - (4) Leading Enterprises
 - (5) Government Action
- 3.2.2 Development of High-end Equipment Manufacturing Industry in Shenyang
 - (1) Resource Superiority
 - (2) Industrial Characteristics
 - (3) Regional Distribution
 - (4) Leading Enterprises
 - (5) Government Action
- 3.2.3 Development of High-end Equipment Manufacturing Industry in Dalian
 - (1) Resource Superiority
 - (2) Industrial Characteristics
 - (3) Regional Distribution
 - (4) Leading Enterprises
 - (5) Government Action
- 3.2.4 Development of High-end Equipment Manufacturing Industry in Tangshan
 - (1) Resource Superiority
 - (2) Industrial Characteristics
 - (3) Regional Distribution
 - (4) Leading Enterprises
 - (5) Government Action
- 3.2.5 Development of High-end Equipment Manufacturing Industry in Qingdao
 - (1) Resource Superiority
 - (2) Industrial Characteristics
 - (3) Regional Distribution
 - (4) Leading Enterprises
 - (5) Government Action
- 3.2.6 Development of High-end Equipment Manufacturing Industry in Shanghai
 - (1) Resource Superiority

- (2) Industrial Characteristics
 - (3) Regional Distribution
 - (4) Leading Enterprises
 - (5) Government Action
- 3.2.7 Development of High-end Equipment Manufacturing Industry in Nantong
- (1) Resource Superiority
 - (2) Industrial Characteristics
 - (3) Regional Distribution
 - (4) Leading Enterprises
 - (5) Government Action
- 3.2.8 Development of High-end Equipment Manufacturing Industry in Xi'an
- (1) Resource Superiority
 - (2) Industrial Characteristics
 - (3) Regional Distribution
 - (4) Leading Enterprises
 - (5) Government Action
- 3.2.9 Development of High-end Equipment Manufacturing Industry in Tsitsihar
- (1) Resource Superiority
 - (2) Industrial Characteristics
 - (3) Regional Distribution
 - (4) Leading Enterprises
 - (5) Government Action
- 3.3 Regional Distribution Strategy and Trend of High-end Equipment Manufacturing Industry**
- 3.3.1 Regional Distribution Strategy of High-end Equipment Manufacturing Industry
- (1) Strengthen Regional Coordination, and Promote Resources to Concentrate
 - (2) Upgrade Supporting Services, and Promote Industry Cluster
 - (3) Complete Industrial Chain, and Form Industry Cluster
- 3.3.2 Regional Distribution Trend of High-end Equipment Manufacturing Industry

Chapter 4: Development Model and Investment Planning of Aeronautic Equipment Industrial Park

4.1 Development Factors of Aeronautic Equipment Industrial Park

- 4.1.1 Primary Factors
- (1) Land Factor
 - (2) Policy Factor
 - (3) Capital Factor
 - (4) Talent Factor
 - (5) Regional Factor
- 4.1.2 Key Factors to Success
- (1) Core Competitiveness
 - (2) Management Capability

4.2 Status and Planning of Aeronautic Equipment Industrial Park

- 4.2.1 Distribution of Aeronautic Equipment Industrial Park
- (1) Distribution of Aeronautic Equipment Industrial Park
 - (2) Aggregation Effect of Aeronautic Equipment Industrial Park
- 4.2.2 Planning of Aeronautic Equipment Industrial Park

4.3 Cases Study of Aeronautic Equipment Industrial Park

- 4.3.1 Xi'an Yanliang National Aviation Hi-Tech Industrial Base
- (1) Overview of the Industrial Park
 - 1) Briefing of the Industrial Park
 - 2) Positioning of the Industrial Park
 - 3) Scale of the Industrial Park
 - 4) Nature of the Industrial Park
 - 5) Development Idea of the Base
 - (2) Development Model of the Industrial Park
 - (3) Investment and Financing of the Industrial Park
 - 1) Investment and Financing Environment of the Industrial Park
 - 2) Investment and Financing Platform of the Industrial Park
 - 3) Investment and Financing Model of the Industrial Park
 - (4) Investment Attracting of the Industrial Park

- 1) Investment Attracting Policy of the Industrial Park
- 2) Corporations to Enter the Industrial Park
- (5) Development Planning of the Industrial Park
 - 1) Space Planning of the Industrial Park
 - 2) Industry Planning of the Industrial Park
- (6) Agglomeration Effect of the Industrial Park
- 4.3.2 Zhuhai Aviation Industry Park
 - (1) Overview of the Industrial Park
 - 1) Briefing of the Industrial Park
 - 2) Positioning of the Industrial Park
 - 3) Development Idea
 - 4) Advantages of the Industrial Park
 - (2) Development Model of the Industrial Park
 - 1) Construction Model of the Industrial Park
 - 2) Management Model of the Industrial Park
 - (3) Investment Attracting of the Industrial Park
 - 1) Investment Policy of the Industrial Park
 - 2) Investment Attracting Policy of the Industrial Park
 - 3) Investment Attracting Projects of the Industrial Park
 - 4) Corporations to Enter the Industrial Park
 - (4) Development Planning of the Industrial Park
 - 1) Space Planning of the Industrial Park
 - 2) Industry Planning of the Industrial Park
 - (5) Agglomeration Effect of the Industrial Park
- 4.3.3 Beijing Aviation Industry Park
 - (1) Overview of the Industrial Park
 - 1) Positioning of the Industrial Park
