

# Traditional Chinese Medicinal Materials GAP Base Report (2016–2021), Development Model and Investment Strategy Planning

## 目 录

### CONTENTS

#### Chapter 1: Summary of development background of China' s TCMM GAP base

##### 1.1 related overview of TCMM GAP

- 1.1.1 concept of TCMM GAP
- 1.1.2 features of TCMM GAP
- 1.1.3 difference between certification of two kinds of GAP
- 1.1.4 development process of TCMM GAP

##### 1.2 analysis of development environment of TCMM GAP base construction

- 1.2.1 analysis of industrial environment of TCMM GAP
  - (1) overview of the development of Chinese medicine industry
  - (2) overview of the development of Chinese medicine piece industry
  - (3) overview of the development of health care industry
- 1.2.2 analysis of policy environment of TCMM GAP
  - (1) production support project of TCMM in.....2013
  - (2) fund support project of TCMM in.....2013
  - (3) production support project of TCMM in.....2012
  - (4) fund support project of TCMM in.....2012
  - (5) production support project of TCMM in.....2011
  - (6) fund support project of TCMM in.....2011
  - (7) " development plan of TCM modernization science and technology industrial base ( 2010–2020 )

"

- 1.2.3 analysis of talent environment of TCMM GAP
  - (1) analysis of talent demand of TCMM GAP
    - 1) talent of TCMM varieties screening
    - 2) talent of TCMM seed genetic variation research
      - 1. talent of cultivation of medicinal plants
    - 3) talent of TCMM GAP management
    - 4) talent of TCMM quality testing
    - 5) talent of TCMM technical training and promotion
    - 6) talent of management of TCMM plantation industry
  - (2) analysis of talent supply of TCMM GAP
    - 1) statistics of profession of TCMM cultivation
    - 2) personnel setting of TCMM GAP base

##### 1.3 research methods and research unit of the report

- 1.3.1 introduction of research unit of the report
- 1.3.2 overview of research methods of the report
  - (1) literature review
  - (2) quantitative analysis
  - (3) qualitative analysis
  - (4) case study

#### Chapter 2: Analysis and discussion of status quo of implementation progress of China' s TCMM GAP

##### 2.1 interpretation of TCMM GAP content

- 2.1.1 basic framework of TCMM GAP
  - (1) drafting principle of GAP
  - (2) basic framework of GAP
- 2.1.2 main content of TCMM GAP

##### 2.2 analysis of status quo of implementation of TCMM GAP

- 2.2.1 purpose and meaning of implementation of TCMM GAP
  - (1) purpose of implementation of TCMM GAP

- (2) meaning of implementation of TCMM GAP
- 2.2.2 analysis of effect and problems of implementation of TCMM GAP
  - (1) effect of implementation of TCMM GAP
    - 1) TCMM GAP certification and inspection
    - 2) effect of implementation of TCMM GAP
  - (2) problems of implementation of TCMM GAP
    - 1) related policies are not in place
    - 2) deficiencies of regulatory power
    - 3) lack of reasonable guidance
    - 4) companies are not enthusiastic
    - 5) lack of professionals
  - (3) recommendations for implementation of TCMM GAP
    - 1) to develop GAP implementation rules
    - 2) to strengthen promotion of GAP
    - 3) to accelerate the pace of implementation of GAP
    - 4) to develop supporting policies of GAP
    - 5) to focus on basic research and professional training

### Chapter 3: Analysis of status quo of China TCMM GAP base construction

#### 3.1 analysis of main participants of TCMM GAP base construction

- 3.1.1 analysis of the role of government in GAP base construction
- 3.1.2 analysis of the role of research in GAP base construction
- 3.1.3 analysis of the role of enterprise in GAP base construction
- 3.1.4 analysis of the role of herbalist in GAP base construction

#### 3.2 analysis and discussion of TCMM GAP base construction

- 3.2.1 stage of progress of TCMM GAP base construction
  - (1) stage of standardized base
  - (2) stage of demonstration base
  - (3) stage of industrial base
- 3.2.2 analysis of status quo of construction of TCMM GAP base
  - (1) status quo of construction of TCMM production base
  - (2) scale of construction of TCMM GAP base
  - (3) regional distribution of TCMM GAP certified companies
    - 1) distribution of quantity of TCMM GAP cultivation companies and regions
    - 2) distribution of counties of TCMM GAP cultivation companies
  - (4) distribution of TCMM GAP cultivation companies and planting species
    - 1) companies having more varieties of planting of TCMM GAP
    - 2) provinces having more approved companies of more varieties of planting of TCMM GAP
    - 3) more medicinal species and the number of regions of companies of more varieties of planting of TCMM GAP
  - (5) TCMM GAP base construction features
- 3.2.3 problems of TCMM GAP base construction
  - (1) subjective reasons
    - 1) government 's lack of awareness of GAP base construction
    - 2) enterprise 's lack of awareness of GAP base construction
    - 3) medicine dealer 's lack of awareness of GAP base construction
    - 4) medicinal grower 's lack of awareness of GAP base construction
  - (2) objective reasons
    - 1) lack of fund
      - 1. lack of talent
      - 2. organizational form
      - 3. marketing
      - 4. scattered planting

### Chapter 4: Operation model of Chinese TCMM GAP base and case study

#### 4.1 analysis of operation model of "company + farmer"

- 4.1.1 analysis of model of "company + farmer"
  - (1) operation mechanism
  - (2) operation features
  - (3) typical base
- 4.1.2 analysis of model of "company + base + farmer"

- (1) operation mechanism
- (2) operation features
- (3) typical base
- 4.1.3 analysis of model of "company + base + research + farmer"
  - (1) operation mechanism
  - (2) operation features
  - (3) typical base
- 4.1.4 analysis of model of " company + research + farmer"
  - (1) operation mechanism
  - (2) operation features
  - (3) typical base
- 4.1.5 analysis of model of " government + company + farmer"
  - (1) operation mechanism
  - (2) operation features
  - (3) typical base
- 4.2 analysis of operation model of " company + base"**
  - 4.2.1 analysis of model of "company + base"
    - (1) operation mechanism
    - (2) operation features
    - (3) typical base
  - 4.2.2 analysis of model of " company + research + base"
    - (1) operation mechanism
    - (2) operation features
    - (3) typical base
  - 4.2.3 analysis of model of " company + association + base"
    - (1) operation mechanism
    - (2) operation features
    - (3) typical base
- 4.3 analysis of operation model of " land share type "**
  - 4.3.1 operation mechanism
  - 4.3.2 operation features
  - 4.3.3 typical base
- 4.4 analysis of cultivation model of TCMM GAP base**
  - 4.4.1 concept of dimensional planting of TCMM GAP
  - 4.4.2 superiority of dimensional planting of TCMM GAP
    - (1) help to improve energy efficiency
    - (2) in favor of regulating the ecological balance
  - 4.4.3 operation model of dimensional planting of TCMM GAP
    - (1) model of intercropping of herbs and crops
      - 1) operation mechanism
      - 2) operation characteristics
    - (2) model of intercropping of herbs and orchards
      - 1) according to age of trees
      - 2) according to the canopy cover
      - 3) according to phenology of fruit trees
      - 4) according to the orchard location
    - (3) model of intercropping of medicinal herbs and medicinal herbs
      - 1) operation mechanism
      - 2) operation characteristics
- 4.5 case study of TCMM GAP base**
  - 4.5.1 Tasly Salvia GAP production base
    - (1) development process of the base
    - (2) operation model of the base
    - (3) construction level of the base
    - (4) experience of the base
  - 4.5.2 Wanxi pharmaceutical Xixia dogwood planting base
    - (1) development process of the base
    - (2) operation model of the base
    - (3) construction level of the base

(4) experience of the base

## Chapter 5: Analysis of construction of Chinese TCMM GAP base in key areas

### 5.1 geographical distribution and utilization of Chinese genuine regional drug

5.1.1 concept of Chinese genuine regional drug

5.1.2 construction of TCMM GAP base and genuine regional drug

5.1.3 geographical distribution and utilization of Chinese genuine regional drug

### 5.2 analysis of construction of TCMM GAP base and prospect in Sichuan

5.2.1 situation of production of TCMM in Sichuan

(1) distribution of resources of TCMM in Sichuan

(2) status quo of planting of TCMM in Sichuan

(3) economic benefit of TCMM industry in Sichuan

5.2.2 status quo of construction of TCMM GAP base in Sichuan

(1) species of planting of TCMM GAP base in Sichuan
