

China Rubber Products Industry Report (2016–2021), Market Demand Forecast and Investment Strategy Planning

目 录

CONTENTS

Chapter 1: Summary of development of China' s rubber products industry

- 1.1 definition and classification of rubber products industry
 - 1.1.1 definition of rubber products industry
 - 1.1.2 classification of products of rubber products industry
- 1.2 statistic standards of rubber products industry
 - 1.2.1 statistical offices and statistical caliber of rubber products industry
 - 1.2.2 statistical methods of rubber products industry
- 1.3 analysis of the status of rubber products industry
 - 1.3.1 analysis of industrial chain of rubber products industry
 - 1.3.2 position of rubber products industry in the national economy

Chapter 2: Analysis of market environment of China' s rubber products industry

- 2.1 analysis of policy environment of the industry
 - 2.1.1 departments in charge of the industry
 - 2.1.2 management system and key regulations of the industry
 - 2.1.3 development planning of rubber products industry
- 2.2 analysis of economic environment of the industry
 - 2.2.1 China' s GDP growth
 - 2.2.2 growth of the industrial economy
 - 2.2.3 investment in fixed assets
 - 2.2.4 residents' income growth
 - 2.2.5 the relationship between economic environment and rubber products industry
- 2.3 analysis of trade environment of the industry
 - 2.3.1 status quo of development of trade environment of the industry
 - 2.3.2 development trends of trade environment of the industry
- 2.4 analysis of technology environment of the industry
 - 2.4.1 status quo of development of technology environment of the industry
 - 2.4.2 development trends of technology environment of the industry
- 2.5 analysis of energy saving and environmental protection of the industry
 - 2.5.1 analysis of environmental protection of the industry
 - (1) wastewater discharge and treatment
 - (2) gas emission and treatment
 - (3) solid waste emission and treatment
 - 2.5.2 analysis of energy consumption of the industry
 - (1) analysis of the total volume of energy consumption of the industry
 - (2) analysis of the structure of energy consumption of the industry

Chapter 3: Analysis of development of China' s rubber products industry

- 3.1 analysis of development of China' s rubber products industry
 - 3.1.1 overview of the overall development of China' s rubber products industry
 - 3.1.2 main features of the development of China' s rubber products industry
 - 3.1.3 analysis of operation of China' s rubber products industry
 - (1) analysis of operation efficiency of the industry
 - (2) analysis of profitability capability of the industry
 - (3) analysis of operation capability of the industry
 - (4) analysis of solvency capability of the industry
 - (5) analysis of development capacity of the industry
- 3.2 analysis of economic indicators of China' s rubber products industry
 - 3.2.1 main economic factors of rubber products industry
 - 3.2.2 analysis of economic indicators of China' s rubber products industry
 - 3.2.3 analysis of economic indicators of enterprises of different nature

- 3.2.4 analysis of economic indicators of enterprises of different regions
 - (1) analysis of sales income of different regions
 - (2) analysis of total assets of different regions
 - (3) analysis of liabilities of different regions
 - (4) analysis of sales profit situation of different regions
 - (5) analysis of total profit situation of different regions
 - (6) analysis of finished goods of different regions
 - (7) analysis of total loss of different regions

3.3 analysis of supply and demand balance of China's rubber products industry

- 3.3.1 analysis of supply situation of China's rubber products industry
 - (1) analysis of output value
 - (2) analysis of finished products
- 3.3.2 analysis of supply situation of rubber products industry in various regions
- 3.3.3 analysis of demand for China's rubber products industry
 - (1) analysis of sales value of China's rubber products industry
 - (2) analysis of sales revenue of China's rubber products industry
- 3.3.4 analysis of regional demand for rubber products industry
- 3.3.5 analysis of production and sales rate of China's rubber products industry

Chapter 4: Analysis of market of raw materials of rubber products industry

4.1 analysis of market of natural rubber

- 4.1.1 concept of natural rubber and category of products
 - (1) concept of natural rubber
 - (2) natural properties of natural rubber
 - (3) category of rubber products
- 4.1.2 analysis of market of the international natural rubber products industry
 - (1) analysis of international supply and demand balance
 - (2) analysis of supply and demand in major countries
- 4.1.3 analysis of market of China's natural rubber products industry
 - (1) analysis of supply and demand of China's natural rubber
 - (2) analysis of price of China's natural rubber
 - (3) analysis of stock of China's natural rubber
 - (4) analysis of imports of China's natural rubber

4.2 analysis of market of synthetic rubber

- 4.2.1 concept of synthetic rubber and category of products
 - (1) concept of synthetic rubber
 - (2) synthetic properties of synthetic rubber
 - (3) category of rubber products
- 4.2.2 analysis of market of the international synthetic rubber products industry
 - (1) analysis of international supply and demand balance
 - (2) analysis of supply and demand in major countries
- 4.2.3 analysis of market of China's synthetic rubber products industry
 - (1) analysis of supply and demand of China's synthetic rubber
 - (2) analysis of price of China's synthetic rubber
 - (3) analysis of stock of China's synthetic rubber
 - (4) analysis of imports of China's synthetic rubber

4.3 impact of market of raw materials on rubber products industry

- 4.3.1 the impact on tire manufacturing industry
- 4.3.2 the impact on rubber plate, pipe and band industry
- 4.3.3 the impact on other sub-industries of other rubber products

Chapter 5: Analysis of market competition of rubber products industry

5.1 analysis of competition of the international market of the industry

- 5.1.1 analysis of development of the international rubber products industry
- 5.1.2 market competition of the international rubber products industry
- 5.1.3 analysis of development trends of the international rubber products industry
- 5.1.4 investment layout of multinational companies in China market
 - (1) investment layout of Michelin in China
 - (2) investment layout of Goodyear in China
 - (3) investment layout of Bridgestone in China
 - (4) investment layout of Yokohama Rubber Company in China

- (5) investment layout of Japan's Sumitomo Rubber Industries, Ltd. in China
- 5.1.5 analysis of competition strategy of multinational companies in China
- 5.2 analysis of market competition of China's rubber products industry**
- 5.2.1 current pattern of China's rubber products industry
- 5.2.2 concentration of China's rubber products industry
 - (1) analysis of sales concentration of the industry
 - (2) analysis of assets concentration of the industry
 - (3) analysis of profit concentration of the industry
- 5.2.3 analysis of five forces of rubber products industry
 - (1) bargaining power of upstream suppliers
 - (2) bargaining power of downstream buyers
 - (3) threat of potential entrants
 - (4) threat of alternatives
 - (5) status quo of competition in the industry
 - (6) summary of five forces
- 5.3 analysis of investment, merger and restructuring of rubber products industry**
- 5.3.1 overview of investment, merger and restructuring of the industry
- 5.3.2 characteristics of investment, merger and restructuring of the industry
- 5.3.3 trends of investment, merger and restructuring of the industry
- 5.4 analysis of characteristics of different types of enterprises of rubber products industry**
- 5.4.1 characteristics of different types of enterprises
- 5.4.2 analysis of concentration of economic type of the industry
- Chapter 6: Analysis of development of China's rubber products sub-industries**
- 6.1 analysis of the development of tire manufacturing industry**
- 6.1.1 overview of the development of tire manufacturing industry
 - (1) overview of the overall development of tire manufacturing industry
 - (2) characteristics of development of tire manufacturing industry
- 6.1.2 market scale of tire manufacturing industry
- 6.1.3 analysis of supply and demand of tire manufacturing industry
 - (1) analysis of scale of supply of tire manufacturing industry
 - (2) analysis of scale of demand of tire manufacturing industry
 - (3) supply and demand balance of tire manufacturing industry
- 6.1.4 analysis of import and export of tire manufacturing industry
 - (1) the overall export situation of the industry
 - (2) structure of exported products of the industry
 - (3) the overall import situation of the industry
 - (4) structure of imported products of the industry
- 6.1.5 analysis of market of products of the industry
 - (1) analysis of product structure of the industry
 - (2) analysis of market of products of tire
 - (3) analysis of market of radial ply tire
