

China Label Printing Industry Report (2016–2021), Market Research and Investment Forecast

目 录

CONTENTS

Chapter 1: Overview of development of China's label printing industry

1.1 definition of label printing industry

1.1.1 definition of label printing industry

(1) definition and classification of label

1) definition of label printing industry

1.1.2 position of label printing in the packaging printing industry

1.2 statistical standards of label printing industry

1.2.1 statistical departments and statistical caliber of label printing industry

1.2.2 statistical methods of label printing industry

1.2.3 types of data of label printing industry

1.3 analysis of development environment of label printing industry

1.3.1 analysis of policy environment of label printing industry

(1) departments in charge and regulatory system of the industry

(2) main laws and regulations of the industry

(3) major industrial policy of the industry

(4) the latest policy developments of the industry

(5) interpretation of product import policy

1) adjustment of product standard of the industry

2) government support policies of the industry

3) adjustments of EU's label printing policy

1.3.2 analysis of economic environment of label printing industry

(1) analysis of China's macroeconomic environment

1) GDP growth

2) fixed asset investment

3) domestic residents' income

(2) correlation between the industry and China's macroeconomy

(3) forecast of China's macroeconomic environment

1) favorable factors

2) unfavorable factors

3) impact on the development of the industry

1.3.3 analysis of technical environment of label printing industry

(1) analysis of patent applications of the industry

(2) analysis of patent applications of main areas of the industry

(3) analysis of patent applicants of the industry

(4) analysis of main patent application technologies of the industry

Chapter 2: Analysis of development of China's label printing industry

2.1 overall development situation of label printing industry

2.1.1 overview of the overall development of the global label printing industry

(1) the overall scale of the global label printing market

(2) regional market growth rate of the global label printing

(3) structure of the global label printing products

(4) global per capita consumption of label printing

(5) share of application areas of label printing products

2.1.2 operation of China's label printing industry

(1) analysis of operation efficiency of the industry in.....2013

(2) analysis of profitability capability of the industry in.....2013

(3) analysis of operation capability of the industry in.....2013

(4) analysis of solvency capability of the industry in.....2013

(5) analysis of development capacity of the industry in.....2013

2.2 analysis of economic indicators of China's label printing industry**2.2.1 analysis of economic indicators of label printing industry in 2012年以来****2.2.2 analysis of economic indicators of enterprises of different nature in 2012年以来**

- (1) state-owned enterprise
- (2) collective enterprise
- (3) joint-stock cooperative enterprise
- (4) joint-stock enterprise
- (5) private enterprise
- (6) foreign-owned and Hong Kong, Macao and Taiwan -funded enterprise
- (7) enterprises of other nature
- (8) analysis of changes in the proportion of major economic indicators of enterprises of

different nature over the years

- (9) analysis of the quantity of enterprises of different nature
 - 1) analysis of the asset of enterprises of different nature
 - 2) analysis of sales revenue of enterprises of different nature
 - 3) analysis of profit of enterprises of different nature

2.3 analysis of supply and demand balance of China's label printing industry**2.3.1 analysis of supply situation of the national label printing industry**

- (1) analysis of output value
- (2) analysis of finished products

2.3.2 analysis of demand situation of the national label printing industry

- (1) analysis of sales value
- (2) analysis of sales revenue

2.3.3 analysis of production and sales rate of the national label printing industry**2.4 analysis of the regional development of China's label printing industry in 2012年以来****2.4.1 analysis of economic indicators of label printing enterprises in various regions in 2012年以来**

来

- 2.4.2 analysis of sales income in various regions
- 2.4.3 analysis of total assets in various regions
- 2.4.4 analysis of liabilities in various regions
- 2.4.5 analysis of sales profit in various regions
- 2.4.6 analysis of total profit in various regions
- 2.4.7 analysis of finished goods in various regions
- 2.4.8 analysis of the quantity of units and the quantity of units' loss
- 2.4.9 analysis of total loss in various regions

Chapter 3: Analysis of development of major label products of China's label printing industry**3.1 analysis of structure of label products of domestic and foreign label printing industry**

- 3.1.1 analysis of the structure of foreign label products
- 3.1.2 analysis of the structure of domestic label products

3.2 analysis of development of self-adhesive label**3.2.1 basic content of self-adhesive label**

- (1) connotation of self-adhesive label
- (2) typical structure of self-adhesive label
- (3) features of self-adhesive label

3.2.2 printing methods of self-adhesive label

- (1) mainstream printing methods of domestic and foreign self-adhesive printing
- (2) analysis of reasons for difference of domestic and foreign self-adhesive label printing

methods

- (3) printing costs
 - 1) platemaking period
 - 2) printing results
 - 3) compatibility
- 3.2.3 production and management of label printing
 - (1) prepress management and platemaking management
 - (2) printing production management
 - (3) quality management
 - (4) other project management

3.2.4 analysis of status quo of China's self-adhesive label printing

- (1) analysis of status quo of China' s self-adhesive label printing industry
 - 1) analysis of printing methods of China' s self-adhesive label printing industry
 - 2) analysis of China' s self-adhesive label manufacturing enterprises
 - 3) analysis of application areas of China' s self-adhesive label
- 3.2.5 development trends and forecast of China' s self-adhesive label

3.3 analysis of development of membrane label products

- 3.3.1 overview of membrane label
- (1) connotation of membrane label
 - (2) features of membrane label
 - (3) application areas of membrane label
- 3.3.2 printing process of membrane label
- (1) membrane label material
 - (2) prepress management of membrane label materials
 - (3) printing of membrane label
 - (4) processing after membrane label printing
- 3.3.3 applications of membrane label
- (1) application limitations
 - (2) application prospects

3.4 analysis of development of shrinkable label

- 3.4.1 overview of shrinkable label
- (1) connotation of shrinkable label
 - (2) features of shrinkable label
 - (3) application areas of shrinkable label
- 3.4.2 printing process of shrinkable label
- (1) material selection
 - (2) printing process
- 3.4.3 status quo of development of China' s shrinkable label
- 3.4.4 forecast of China' s shrinkable label application

3.5 analysis of development of RFID tag

- 3.5.1 overview of RFID tag
- (1) connotation of RFID tag
 - 1) analysis of composition of RFID industry chain
 - (2) category of RFID tag technology
 - (3) category of RFID tag application
- 3.5.2 demand scale of China' s RFID tag market
- 3.5.3 analysis of scale of China' s RFID tag market
- (1) analysis of scale of the national RFID tag market
 - 1) analysis of scale of the regional RFID tag market
- 3.5.4 analysis of application areas of China' s RFID tag
- 3.5.5 forecast of China' s RFID tag application

3.6 analysis of development of anti-counterfeit label

- 3.6.1 overview of anti-counterfeit label
- (1) connotation of anti-counterfeit label
 - (2) classification of anti-counterfeit label
 - (3) application areas of anti-counterfeit label
- 3.6.2 technical requirements of anti-counterfeit label
- 3.6.3 anti-channeling solutions by anti-counterfeit label
- (1) anti-channeling solutions by partition
 - (2) anti-channeling solutions by the sequence number
 - (3) anti-channeling solutions by sets of standard
- 3.6.4 developments of anti-counterfeit label
- (1) Russia' s will use " security label " for high-tech military products
 - (2) new anti-counterfeit label on the nominal value of € 10 banknotes
- 3.6.5 forecast of anti-counterfeit label market

3.7 developments of new label products

- 3.7.1 novel gene tags
- 3.7.2 record label

Chapter 4: Analysis of market demand of China' s label printing industry

4.1 analysis of main application areas of China' s label

4.2 analysis of demand for label printing in China' s daily chemical industry

- 4.2.1 status quo of label printing use in the industry
- 4.2.2 application of label printing on the packaging of cosmetic products
 - (1) selection of label material
 - (2) label design and printing
- 4.2.3 analysis of demand for label printing in the industry
 - (1) analysis of demand of daily chemical industry for types of label products
 - (2) analysis of scale of label printing market in daily chemical industry

4.3 analysis of demand for label printing in China' s food and beverage industry

- 4.3.1 development of food and beverage industry
- 4.3.2 analysis of demand for label printing in food and beverage industry
 - (1) analysis of demand for label products in food and beverage industry
 - (2) analysis of demand for printing technology in food and beverage industry
 - (3) analysis of scale of label printing market in food and beverage industry

4.4 analysis of demand for label printing in China' s pharmaceutical industry

- 4.4.1 development of pharmaceutical industry
- 4.4.2 analysis of demand for label printing in pharmaceutical industry
 - (1) analysis of demand for label products in pharmaceutical industry
 - (2) analysis of demand for printing technology in pharmaceutical industry
 - (3) analysis of scale of label printing market in pharmaceutical industry

4.5 analysis of demand for label printing in China' s electronics appliance industry

- 4.5.1 development of electronics appliance industry
- 4.5.2 analysis of demand for label printing in electronics appliance industry
 - (1) analysis of demand for label products in electronics appliance industry
 - (2) analysis of demand for printing technology in electronics appliance industry
 - (3) analysis of scale of label printing market in electronics appliance industry

4.6 analysis of demand for label printing in China' s logistics industry

- 4.6.1 development of logistics industry
- 4.6.2 analysis of demand for label printing in logistics industry
 - (1) analysis of demand for label products in logistics industry
 - (2) analysis of demand for printing technology in logistics industry
 - (3) analysis of scale of label printing market in logistics industry

Chapter 5: Analysis of development of China' s major label printing process**5.1 use of printing process by label manufacturers****5.2 analysis of development of offset printing**

- 5.2.1 overview of offset printing
 - (1) connotation of offset printing
 - (2) features of offset printing
 - (3) application areas of offset printing
- 5.2.2 analysis of offset printing process
- 5.2.3 analysis of mainstream offset printing equipment
- 5.2.4 development history of China' s offset printing and status quo of its application
- 5.2.5 developments of offset printing technology
- 5.2.6 development trends and prospects of China' s offset printing

5.3 analysis of development of gravure printing

- 5.3.1 overview of gravure printing
 - (1) connotation of gravure printing
 - (2) features of gravure printing
