

# China Financial Leasing Industry Report (2014–2020), Development Trends and Investment Strategic Decisions

## 目 录

### CONTENTS

#### Chapter 1: Overview of financial leasing industry

##### 1.1 definition of the industry and the report

###### 1.1.1 definition of financial leasing

###### 1.1.2 classification of financial leasing

###### 1.1.3 classification of financial leasing companies and scope of operation

##### 1.2 analysis of profit model of the industry

###### 1.2.1 analysis of profitability points

###### 1.2.2 analysis of profit -driven models

###### (1) asset -driven model

###### (2) revenue -driven model

#### Chapter 2: Forecast of market capacity of traditional areas of China financial leasing industry in 2014 – 2020

##### 2.1 analysis of structure of main application areas of China's financial leasing industry in recent 10 years

##### 2.2 forecast of market capacity of financial leasing in the field of aircraft

###### 2.2.1 analysis of application of financial leasing in the field of aircraft

###### (1) analysis of demand of financial leasing in the field of aircraft

###### (2) analysis of main problems of financial leasing in the field of aircraft in recent 10 years

###### 2.2.2 analysis of main competitors of financial leasing in the field of aircraft in the future

###### 2.2.3 analysis of main operation models of China airplane leasing in the future

###### (1) model of foreign aviation leasing company leading

###### (2) model of independent aviation leasing companies leading

###### (3) model of airlines cooperation with commercial banks leading

###### (4) mixed model of commercial banks leading

###### (5) SPV leasing model

###### 2.2.4 forecast of market capacity of financial leasing in the field of aircraft in 2014–.....2020

###### (1) forecast of market scale of China aircraft industry in 2014–.....2020

###### (2) forecast of market capacity of Chinese financial leasing in the field of aircraft in 2014–.....2020

##### 2.3 forecast of market capacity of financial leasing in the field of ship

###### 2.3.1 analysis of demand of financial leasing in the field of ship

###### 2.3.2 analysis of main competitors of financial leasing in the field of ship in the future

###### 2.3.3 analysis of main operation models of ship leasing in the future

###### (1) reference of foreign typical modes of operation

###### 1) model of German KG fund

###### 2) ) analysis of the pattern

###### 1. ) analysis of the pattern in applicable regions in China

###### 3) model of Singapore Maritime Trust

###### 1. ) analysis of the pattern

###### 2. ) analysis of the pattern in applicable regions in China

###### 4) model of UK tax

###### 1. ) analysis of the pattern

###### 2. ) analysis of the pattern in applicable regions in China

###### (2) analysis of China's main ship leasing models in the future

###### 1) the continuation of the traditional model

###### 1. ) direct leasing

###### 2. ) leasing back after sales

###### 2) innovation of new models

###### 2.3.4 forecast of market capacity of Chinese financial leasing in the field of ship in 2014–....2020

	(1) forecast of market scale of China aircraft industry in 2014-.....2020	
	(2) forecast of market capacity of Chinese financial leasing in the field of aircraft in 2014-	
2	0	2 0
	<b>2.4 forecast of market capacity of financial leasing in the field of printing equipment</b>	
	2.4.1 analysis of demand of financial leasing in the field of printing	
	2.4.2 analysis of main competitors of financial leasing in the field of printing in the future	
	2.4.3 analysis of major leasing models of printing equipment in the future	
	2.4.4 forecast of market capacity of Chinese financial leasing in the field of printing in 2014-	
2	0	2 0
	(1) forecast of market scale of China printing equipment in 2014-.....2020	
	(2) forecast of market capacity of Chinese financial leasing in the field of printing equipment	
i n	2 0 1 4 - 2 0 2 0	
	<b>2.5 forecast of market capacity of financial leasing in the field of construction machinery</b>	
	2.5.1 analysis of demand of financial leasing in the field of construction machinery	
	2.5.2 analysis of main competitors of financial leasing in the field of construction machinery in the future	
	(1) competition between different types of enterprises	
	1) analysis of types of leasing companies	
	2) analysis of percentage of different types of enterprises	
	(2) competition between enterprises of different sizes	
	1) analysis of percentage of enterprises of different asset scale	
	2) analysis of percentage of enterprises of the amount of equipment ownership	
	3) analysis of percentage of enterprises of different registered capital	
	(3) competition between different types of enterprises	
	1) analysis of percentage of enterprises of different nature	
	1. analysis of advantages and disadvantages of enterprises of different nature	
	2.5.3 analysis of major leasing models of construction machinery in the future	
	(1) reference of typical foreign models	
	1) analysis of leasing model of U.S. Caterpillar	
	2) analysis of leasing model of Volvo Construction Equipment	
	(2) analysis of major leasing models of Chinese construction machinery in the future	
	1) analysis of mature typical model	
	2) innovation of the ideal model	
	2.5.4 forecast of market capacity of Chinese financial leasing in the field of construction	
m a c h i n e r y i n	2 0 1 4 - 2 0 2 0	
	(1) forecast of market scale of China construction machinery industry in 2014-.....2020	
	(2) forecast of market capacity of Chinese financial leasing in the field of construction	
m a c h i n e r y i n	2 0 1 4 - 2 0 2 0	
	<b>2.6 forecast of market capacity of financial leasing in the field of automobile</b>	
	2.6.1 analysis of demand of financial leasing in the field of automobile	
	2.6.2 analysis of main competitors of financial leasing in the field of automobile in the future	
	2.6.3 analysis of major automobile financial leasing models in the future	
	(1) analysis of model of direct financial leasing	
	(2) analysis of model of leasing back after sales	
	(3) analysis of model of commissioned leasing	
	2.6.4 forecast of market capacity of Chinese financial leasing in the field of automobile in 2014-	
2	0	2 0
	(1) forecast of market scale of China automobile industry in 2014-.....2020	
	(2) forecast of market capacity of Chinese financial leasing in the field of automobile in 2014-	
2	0	2 0
	<b>Chapter 3: Forecast of market capacity of emerging areas of China financial leasing</b>	
i n d u s t r y i n	2 0 1 4 - 2 0 2 0	
	<b>3.1 forecast of market capacity of financial leasing in the field of medical equipment in 2014-2020</b>	
	3.1.1 analysis of demand of financial leasing in the field of medical equipment	
	3.1.2 analysis of main competitors of financial leasing in the field of medical equipment in the future	
	3.1.3 analysis of major financial leasing models of medical equipment in the future	
	(1) analysis of traditional models	
	1) analysis of model of commission leasing	

		2)	analysis of model of profit-sharing leasing						
		3)	analysis of model of cooperation leasing						
		4)	analysis of model of leasing back after sales						
		(2)	innovation of new models						
		1)	analysis of sub-leasing model						
		2)	analysis of innovative product leasing model						
		3.1.4	forecast of market capacity of Chinese financial leasing in the field of medical equipment						
i	n			2	0	1	4	-	2
		(1)	forecast of market scale of Chinese medical equipment industry in 2014-.....2020						
		(2)	forecast of market capacity of financial leasing in the field of medical equipment in 2014-						
2				0			2		0
		3.1.5	analysis of structure of demand of China financial leasing in the field of medical equipment in the future						
		<b>3.2</b>	<b>forecast of market capacity of financial leasing in the field of infrastructure in 2014-2020</b>						
		3.2.1	analysis of demand of financial leasing in the field of infrastructure						
		3.2.2	analysis of main competitors of financial leasing in the field of infrastructure in the future						
		3.2.3	analysis of major infrastructure financial leasing models in the future						
		(1)	analysis of model of direct financial leasing						
		(2)	analysis of model of leasing back after sales						
		(3)	analysis of model of leveraged financial leasing						
		3.2.4	forecast of market capacity of Chinese financial leasing in the field of infrastructure in						
2				0	1	4	-	2	0
		(1)	forecast of market scale of Chinese infrastructure industry in 2014-.....2020						
		(2)	forecast of market capacity of financial leasing in the field of infrastructure in 2014-2020						
		<b>3.3</b>	<b>prediction of new fields of great potential in the future</b>						
		3.3.1	pioneering strategy of the field of education						
		(1)	recommendations for the main participants						
		(2)	recommendations for the model						
		(3)	recommendations for the risks						
		3.3.2	pioneering strategy of the field of real estate						
		(1)	recommendation for the main participants						
		(2)	recommendations for the model						
		(3)	recommendations for the risks						
		3.3.3	pioneering strategy of the field of IT						
		(1)	recommendation for the main participants						
		(2)	recommendations for the model						
		(3)	recommendations for the risks						
		3.3.4	pioneering strategy of the field of clean energy, new energy						
		(1)	recommendation for the main participants						
		(2)	recommendations for the model						
		(3)	recommendations for the risks						
		3.3.5	pioneering strategy of the field of energy saving equipment						
		(1)	recommendation for the main participants						
		(2)	recommendations for the model						
		(3)	recommendations for the risks						
		<b>Chapter 4:</b>	<b>Forecast of the overall market capacity of China financial leasing industry in</b>						
2				0	1	4	-	2	0
		<b>4.1</b>	<b>summary of forecast of market capacity of major segments of financial leasing industry in 2014-</b>						
2				0			2		0
		<b>4.2</b>	<b>analysis of the development environment of China's financial leasing industry in the future</b>						
		4.2.1	analysis of macroeconomic trends and impact						
		(1)	analysis of China GDP trends and impact						
		(2)	analysis of fixed asset investment trends and impact						
		(3)	analysis of industrial development trends and impact						
		4.2.2	analysis of relevant policies and their impacts						
		(1)	reference of experience of related policies of financial leasing in developed countries						
		1)	reference of experience of support policies of financial leasing industry in America						
		2)	reference of experience of support policies of financial leasing industry in Japan						

- 3) reference of experience of support policies of financial leasing industry in South Korea
- (2) analysis of impact of policies of China's financial leasing industry in recent years
  - 1) analysis of regulatory environment and impact
  - 2) analysis of legal environment and impact
  - 3) analysis of accounting environment and impact
  - 4) analysis of revenue environment and impact
  - 5) interpretation of Commerce Department's comments on development indicators of financial leasing
- 6) Qianzhan's proposals on the future policy trends of China's financial leasing industry
- 4.2.3 analysis of social environment and impact
  - (1) analysis of the process of urbanization and its impact
  - (2) analysis of energy saving and its impact
- 4.2.4 analysis of financial environment and impact
  - (1) analysis of environment of social funding supply
  - (2) analysis of environment of social funding demand
  - (3) analysis of competition of other financial types
    - 1) financial types of commercial bank
    - 2) financial types of the trust industry
    - 3) financial types of the pawn industry
    - 4) financial types of the guarantee industry
- 4.2.5 analysis of impact of PEST model of financial leasing industry
  - (1) impact on the level of profitability of the industry
  - (2) impact on the industry's operation environment
