

China Generator and Generator Set Industry Report (2013–2017), Market Forecast and Investment Opportunities

目 录

CONTENTS

Chapter 1: Overview of development of China's generator and generator set industry

1.1 definition and classification of generator and generator set industry

- 1.1.1 concept and definition of the industry
- 1.1.2 classification of major products of the industry
- 1.1.3 status of the industry in the national economy

1.2 statistical standards of generator and generator set industry

- 1.2.1 statistical standards of the industry
- 1.2.2 statistical methods of the industry
- 1.2.3 data type of the industry

1.3 analysis of development environment of generator and generator set industry

- 1.3.1 analysis of policy environment of the industry
- 1.3.2 analysis of economic environment of the industry
- 1.3.3 analysis of demand environment of the industry
- 1.3.4 analysis of social environment of the industry
 - (1) prospect of thermal power unit market and forecast

1.4 status quo of thermal power installed capacity and forecast

- 1.4.1 status quo of thermal power installed capacity
- 1.4.2 analysis of outlook for thermal power

1.5 analysis of competition of thermal power unit market

1.6 outlook of market demand for thermal power unit

- 1.6.1 forecast of coal-fired generator market
- 1.6.2 forecast of gas generator market
- 1.6.3 forecast of diesel generator market
- 1.6.4 forecast of gasoline generator market
 - (1) status quo of hydroelectric generator market and outlook

1.7 status quo of thermal power installed capacity and Forecast

1.8 status quo of hydroelectric generator market

1.9 analysis of competition of hydroelectric generator market

1.10 outlook of market demand for hydroelectric generator

- 1.10.1 status quo of nuclear power unit market and outlook

1.11 status quo of nuclear power installed capacity and forecast

1.12 status quo of nuclear power unit market

- 1.12.1 nuclear power construction and investment
- 1.12.2 construction of nuclear power plant

1.13 analysis of competition of nuclear power unit market

1.14 outlook of market demand for nuclear power unit

- 1.14.1 status quo of wind turbine market and outlook

1.15 status quo of wind turbine installed capacity and forecast

1.16 analysis of status quo of wind turbine market

- 1.16.1 scale of investment of wind power
- 1.16.2 capacity of wind power unit
- 1.16.3 wind turbine prices

1.17 analysis of competition of wind turbine market

1.18 outlook of market demand for wind turbine

1.18.1 analysis of development of major product technologies of generator and generator set industry

1.19 the gap with foreign main product technology of the industry

1.20 major reasons for the gap between domestic and foreign technology

1.21 development trends of major product technologies of the industry

- 1.21.1 investment of China's generator and generator set industry and forecast
- 1.22 risk of investment of generator and generator set industry and suggestions**
 - 1.22.1 analysis of risk of investment of generator and generator set industry
 - 1.22.2 analysis of investment proposals of generator and generator set industry
- 1.23 analysis of characteristics of investment of China's generator and generator set industry**
 - 1.23.1 analysis of entry barriers of generator and generator set industry
 - 1.23.2 analysis of profit model of generator and generator set industry
- 1.24 analysis of profit factor of generator and generator set industry**
- 1.25 forecast of development prospect of China's generator and generator set industry**
 - 1.25.1 development trends of generator and generator set market
 - 1.25.2 forecast of generator and generator set market
