

China Electronic Information Manufacturing Industry Report (2016–2021), Development Forecast and Investment Strategic Planning

目 录

CONTENTS

Chapter 1: Analysis of development environment of China's electronic information manufacturing industry

- 1.1 definition of electronic information manufacturing industry
 - 1.1.1 definition of electronic information manufacturing industry
 - 1.1.2 classification of electronic information manufacturing industry
 - 1.1.3 industry chain of electronic information manufacturing industry
- 1.2 policy environment of electronic information manufacturing industry
 - 1.2.1 analysis of departments in charge of the industry
 - 1.2.2 analysis of regulatory system of the industry
 - 1.2.3 main policies and regulations of the industry
 - 1.2.4 main development planning of the industry
- 1.3 economic environment of electronic information manufacturing industry
 - 1.3.1 the association of the industry and macro economy
 - 1.3.2 domestic economic performance
 - (1) status quo of global economic development
 - 1) domestic economic growth
 - 1.3.3 forecast of economic trends at home and abroad
 - (1) forecast of global economic trends
 - 1) forecast of domestic economic trends
- 1.4 technology environment of electronic information manufacturing industry
 - 1.4.1 activity level of the industry's technology
 - (1) quantity of patent applications of the industry
 - (2) quantity of patent disclosures of the industry
 - 1.4.2 leading technology companies of the industry
 - 1.4.3 analysis of hot technologies of the industry

Chapter 2: Status quo and development trends of global electronic information manufacturing industry

- 2.1 analysis of development of global electronic information manufacturing industry
 - 2.1.1 market scale of the global electronic information manufacturing industry
 - 2.1.2 market pattern of the global electronic information manufacturing industry
 - 2.1.3 product structure of the global electronic information manufacturing industry
 - 2.1.4 forecast of the global electronic information manufacturing industry
- 2.2 analysis of leading enterprises of the global electronic information manufacturing industry
 - 2.2.1 computer
 - (1) Apple
 - (2) Hewlett-Packard
 - (3) Dell
 - (4) Acer Group
 - 2.2.2 home audio-visual equipment
 - (1) Sony
 - (2) Panasonic
 - (3) Philips
 - (4) Sanyo
 - 2.2.3 communication equipment
 - (1) Apple
 - (2) Samsung
 - (3) Huawei

- (4) Ericsson
- (5) Siemens
- (6) Alcatel - Lucent
- (7) ZTE (ZTE)
- 2.2.4 electronic components
 - (1) Intel
 - (2) U.S. ADI Group
 - 1) Atmel company
 - (3) Freescale
 - (4) NXP Semiconductors
- 2.2.5 broadcast television equipment
 - (1) UT Starcom in USA
 - (2) U.S. Broadcom Corporation (Broadcom)
 - (3) Sony
 - (4) Panasonic
 - (5) Belgian Barco
- 2.2.6 electronic equipment
 - (1) Japan Tokyo Electron
 - (2) German SCHMID Group
 - (3) AMAT

2.3 development trends of the global electronic information manufacturing industry

- 2.3.1 further adjustment of the global industrial layout
- 2.3.2 further deepening of application of information technology
- 2.3.3 green IT technology has become the focus of future development
- 2.3.4 emerging market expansion will be the development of a new engine
- 2.3.5 technology and product innovation will continue

Chapter 3: Analysis of operation of China's electronic information manufacturing industry

3.1 overall development of electronic information manufacturing industry

- 3.1.1 overview of the development of the industry
- 3.1.2 characteristics of the development of the industry
 - (1) The steady expansion of industrial scale
 - (2) remarkable structural adjustment
 - (3) further enhance the capability of independent innovation
 - (4) significantly enhance the strength of enterprises
- 3.1.3 analysis of factors influencing the industry
 - (1) favorable factors
 - (2) adverse factors

3.2 analysis of operation of the industry in 2012年以来

- 3.2.1 analysis of growth of the industry
 - (1) analysis of changes of the scale of the industry
 - (2) analysis of growth rate of the industry
 - (3) analysis of sales value of the industry
- 3.2.2 analysis of operation efficiency of the industry
 - (1) total profit of the industry
 - (2) total taxes of the industry
 - (3) benefit structure of the industry
- 3.2.3 analysis of investment of the industry
 - (1) analysis of investment scale of the industry
 - (2) analysis of investment structure of the industry

3.3 analysis of import and export of the industry in 2012年以来

- 3.3.1 analysis of exports of the industry
 - (1) analysis of export trends
 - (2) structure of export products
 - (3) methods of export trade
 - (4) pattern of export enterprises
 - (5) structure of export market
 - (6) distribution of export regions
- 3.3.2 analysis of imports of the industry
 - (1) analysis of import trends

- (2) structure of import products
- (3) methods of import trade
- (4) pattern of import enterprises
- (5) structure of import market
- (6) distribution of import regions

Chapter 4: Analysis of operation of market segments of China's electronic information industry

4.1 analysis of operation of computer manufacturing industry

- 4.1.1 summary of computer manufacturing industry
- 4.1.2 operation of computer manufacturing industry in.....2012
 - (1) analysis of operation benefit of the industry
 - (2) analysis of profitability capability of the industry
 - (3) analysis of operation capability of the industry
 - (4) analysis of solvency capability of the industry
 - (5) analysis of development capability of the industry
- 4.1.3 operation of computer manufacturing industry in.....2013
 - (1) analysis of industry scale from January to September in.....2013
 - (2) capital / labor intensive degree of the industry from January to September in.....2013
 - (3) cost structure of the industry from January to September in.....2013
 - (4) profit and loss of the industry from January to September in.....2013
- 4.1.4 analysis of supply and demand balance of computer manufacturing industry
 - (1) analysis of supply of the industry
 - (2) analysis of demand of the industry
 - (3) analysis of production and sales rate of the industry
- 4.1.5 competition of computer manufacturing industry
 - (1) competition of enterprises of different nature
 - (2) competition of enterprises of different regions
- 4.1.6 forecast of computer manufacturing industry

4.2 analysis of operation of communications equipment manufacturing industry

- 4.2.1 summary of communications equipment manufacturing industry
- 4.2.2 operation of communications equipment manufacturing industry in.....2012
 - (1) analysis of operation benefit of the industry
 - (2) analysis of profitability capability of the industry
 - (3) analysis of operation capability of the industry
 - (4) analysis of solvency capability of the industry
 - (5) analysis of development capability of the industry
- 4.2.3 operation of communications equipment manufacturing industry in.....2013
 - (1) analysis of industry scale from January to September in.....2013
 - (2) capital / labor intensive degree of the industry from January to September in.....2013
 - (3) cost structure of the industry from January to September in.....2013
 - (4) profit and loss of the industry from January to September in.....2013
- 4.2.4 analysis of supply and demand balance of communications equipment manufacturing industry
 - (1) analysis of supply of the industry
 - (2) analysis of demand of the industry
 - (3) analysis of production and sales rate of the industry
- 4.2.5 competition of communications equipment manufacturing industry
 - (1) competition of enterprises of different nature
 - (2) competition of enterprises of different regions
- 4.2.6 development trends of communications equipment manufacturing industry
- 4.2.7 forecast of communications equipment manufacturing industry

4.3 analysis of operation of radio and television equipment manufacturing industry

- 4.3.1 summary of radio and television equipment manufacturing industry
- 4.3.2 operation of radio and television equipment manufacturing industry in.....2012
 - (1) analysis of operation benefit of the industry
 - (2) analysis of profitability capability of the industry
 - (3) analysis of operation capability of the industry
 - (4) analysis of solvency capability of the industry
 - (5) analysis of development capability of the industry
- 4.3.3 operation of radio and television equipment manufacturing industry in.....2013

(1) analysis of industry scale from January to September in.....	2013
(2) capital / labor intensive degree of the industry from January to September in.....	2013
(3) cost structure of the industry from January to September in.....	2013
(4) profit and loss of the industry from January to September in.....	2013
4.3.4 analysis of supply and demand balance of radio and television equipment manufacturing industry	
(1) analysis of supply of the industry	
(2) analysis of demand of the industry	
(3) analysis of production and sales rate of the industry	
4.3.5 competition of radio and television equipment manufacturing industry	
(1) competition of enterprises of different nature	
(2) competition of enterprises of different regions	
4.3.6 development trends of radio and television equipment manufacturing industry	
4.3.7 forecast of radio and television equipment manufacturing industry	
4.4 analysis of operation of household audio-visual equipment manufacturing industry	
4.4.1 summary of household audio-visual equipment manufacturing industry	
4.4.2 operation of household audio-visual equipment manufacturing industry in.....	2012
(1) analysis of operation benefit of the industry	
(2) analysis of profitability capability of the industry	
(3) analysis of operation capability of the industry	
(4) analysis of solvency capability of the industry	
(5) analysis of development capability of the industry	
4.4.3 operation of household audio-visual equipment manufacturing industry in.....	2013
(1) analysis of industry scale from January to September in.....	2013
(2) capital / labor intensive degree of the industry from January to September in.....	2013
(3) cost structure of the industry from January to September in.....	2013
(4) profit and loss of the industry from January to September in.....	2013
4.4.4 analysis of supply and demand balance of household audio-visual equipment manufacturing industry	
(1) analysis of supply of the industry	
(2) analysis of demand of the industry	
(3) analysis of production and sales rate of the industry	
4.4.5 competition of household audio-visual equipment manufacturing industry	
(1) competition of enterprises of different nature	
(2) competition of enterprises of different regions	
4.4.6 development trends of household audio-visual equipment manufacturing industry	
4.4.7 forecast of household audio-visual equipment manufacturing industry	
4.5 analysis of operation of electronic device manufacturing industry	
4.5.1 summary of electronic device manufacturing industry	
4.5.2 operation of electronic device manufacturing industry in.....	2012
(1) analysis of operation benefit of the industry	
(2) analysis of profitability capability of the industry	
(3) analysis of operation capability of the industry	
(4) analysis of solvency capability of the industry	
(5) analysis of development capability of the industry	
4.5.3 operation of electronic device manufacturing industry in.....	2013
(1) analysis of industry scale from January to September in.....	2013
(2) capital / labor intensive degree of the industry from January to September in.....	2013
(3) cost structure of the industry from January to September in.....	2013
(4) profit and loss of the industry from January to September in.....	2013
4.5.4 analysis of supply and demand balance of electronic device manufacturing industry	
(1) analysis of supply of the industry	
(2) analysis of demand of the industry	
(3) analysis of production and sales rate of the industry	
4.5.5 competition of electronic device manufacturing industry	
(1) competition of enterprises of different nature	
(2) competition of enterprises of different regions	
4.5.6 development trends of electronic device manufacturing industry	
4.5.7 forecast of electronic device manufacturing industry	

4.6 analysis of operation of electronic components manufacturing industry

- 4.6.1 summary of electronic components manufacturing industry
- 4.6.2 operation of electronic components manufacturing industry in.....2012
 - (1) analysis of operation benefit of the industry
 - (2) analysis of profitability capability of the industry
 - (3) analysis of operation capability of the industry
 - (4) analysis of solvency capability of the industry
 - (5) analysis of development capability of the industry
- 4.6.3 operation of electronic components manufacturing industry in.....2013
 - (1) analysis of industry scale from January to September in.....2013
 - (2) capital / labor intensive degree of the industry from January to September in.....2013
 - (3) cost structure of the industry from January to September in.....2013
 - (4) profit and loss of the industry from January to September in.....2013
- 4.6.4 analysis of supply and demand balance of electronic components manufacturing industry
 - (1) analysis of supply of the industry
 - (2) analysis of demand of the industry
 - (3) analysis of production and sales rate of the industry
- 4.6.5 competition of electronic components manufacturing industry
 - (1) competition of enterprises of different nature
 - (2) competition of enterprises of different regions
- 4.6.6 development trends of electronic components manufacturing industry
- 4.6.7 forecast of electronic components manufacturing industry

4.7 analysis of operation of electronic measuring instrument manufacturing industry

- 4.7.1 summary of electronic measuring instrument manufacturing industry
- 4.7.2 operation of electronic measuring instrument manufacturing industry in.....2012
 - (1) analysis of operation benefit of the industry
 - (2) analysis of profitability capability of the industry
 - (3) analysis of operation capability of the industry
 - (4) analysis of solvency capability of the industry
 - (5) analysis of development capability of the industry
