

China Car Seat Industry Report 2016–2021, Market Forecast and Investment Strategic Planning

目 录

CONTENTS

Chapter 1: Overview of development of China's car seat industry

1.1 related overview of car seat industry

1.1.1 definition of car seat

1.1.2 basic structure of car seat

- (1) rail station
- (2) functional pieces
- (3) co-cotton
- (4) epidermal

1.1.3 core components of car seat

1.2 analysis of policy environment of car seat industry

1.2.1 summary of national standards of car seat industry

1.2.2 interpretation of main regulations and policies of car seat industry

1.2.3 impact of policy environment of car seat industry

1.3 analysis of industrial environment of car seat industry

1.3.1 analysis of operation of automobile manufacturing industry

- (1) total industrial output of automobile manufacturing industry
- (2) sales revenue of automobile manufacturing industry
- (3) sales margin of automobile manufacturing industry
- (4) gross profit margin of automotive manufacturing industry
- (5) return on total assets of automotive manufacturing industry

1.3.2 analysis of operation of automotive components manufacturing industry

- (1) total industrial output of automotive components manufacturing industry
- (2) sales revenue of automotive components manufacturing industry
- (3) sales margin of automotive components manufacturing industry
- (4) gross profit margin of automotive components manufacturing industry
- (5) return on total assets of automotive components manufacturing industry

1.3.3 analysis of import and export of automotive products

- (1) analysis of import of automotive products
- (2) analysis of export of automotive products
- (3) analysis of import of auto parts
- (4) analysis of export of auto parts

1.4 analysis of car seat industry chain

1.4.1 introduction of car seat industry chain

- (1) analysis of auto industry chain
- (2) analysis of car seat industry chain

1.4.2 analysis of the upstream raw material market of industry chain

- (1) analysis of steel market
- (2) analysis of leather market
- (3) analysis of functional pieces market

1.4.3 analysis of downstream demand market of industry chain

- (1) analysis of major global automotive markets in October.....2013
- (2) analysis of China's auto market in October.....2013

Chapter 2: Development of global car seat industry

2.1 analysis of development of global car seat industry

2.1.1 forecast of scale of global car seat market

2.1.2 regional structure of global car seat market

2.1.3 competitive landscape of global car seat enterprises

2.1.4 development trends of global car seat industry

2.2 analysis of the world's major car seat markets

- 2.2.1 analysis of development of car seat industry in America
 - (1) access system for car seat market
 - (2) scale of car seat industry and the competitive structure
 - (3) child safety seat market
- 2.2.2 analysis of development of car seat industry in Europe
 - (1) scale of car seat market and the competitive structure
 - (2) child safety seat market
- 2.2.3 analysis of development of car seat industry in Asia-Pacific
 - (1) scale of car seat market and the competitive structure
 - (2) child safety seat market

2.3 analysis of the global market demand for car seats

- 2.3.1 scale of total global demand for car seats
 - (1) scale of demand in automobile aftermarket
 - 1) scale of demand in automotive manufacturing industry
- 2.3.2 analysis of structure of global demand for car seats
- 2.3.3 analysis of demand for car seats in major countries
 - (1) analysis of demand for car seats and structure in America
 - (2) analysis of demand for car seats and structure in Germany
 - (3) analysis of demand for car seats and structure in Japan
 - (4) analysis of demand for car seats and structure in South Korea
 - (5) analysis of demand for car seats and structure in India
 - (6) analysis of demand for car seats and structure in Brazil

Chapter 3: Analysis of development of China's car seat industry

3.1 development of car seat industry

- 3.1.1 status quo of development of car seat industry
 - (1) foreign brands have obvious advantages
 - (2) independent brands take the low-end road
 - (3) serious competition homogenization
- 3.1.2 analysis of scale of car seat industry
- 3.1.3 analysis of structure of car seat market
- 3.1.4 analysis of problems of car seat industry
 - (1) the strength of independent brands is weak
 - (2) low barriers to enter the industry
 - (3) relationship between complete vehicle and supporting parts needs improvement

3.2 analysis of market demand of car seats

- 3.2.1 analysis of demand of automobile aftermarket
- 3.2.2 analysis of demand of automotive manufacturing industry
- 3.2.3 analysis of structure of demand for car seats
 - (1) structure of regional demand of automobile aftermarket
 - (2) structure of model demand of automobile aftermarket
 - (3) structure of regional demand of automotive manufacturing industry
 - (4) structure of model demand of automotive manufacturing industry

3.3 analysis of market demand for passenger car seat

- 3.3.1 analysis of total demand for passenger cars
 - (1) scale of demand for passenger cars
 - (2) trends of demand for passenger cars
- 3.3.2 analysis of demand of sedan market
 - (1) scale of demand for sedan
 - (2) trends of demand for sedan
- 3.3.3 analysis of demand of MPV market
 - (1) scale of demand for MPV
 - (2) trends of demand for MPV
- 3.3.4 analysis of demand of SUV market
 - (1) scale of demand for SUV
 - (2) trends of demand for SUV
- 3.3.5 analysis of demand of cross passenger car market
 - (1) scale of demand for cross passenger cars
 - (2) trends of demand for cross passenger cars

3.4 analysis of market demand for commercial car seat

- 3.4.1 analysis of total demand for commercial cars
 - (1) scale of demand for commercial cars
 - (2) trends of demand for commercial cars
- 3.4.2 analysis of demand of motor bus market
 - (1) scale of demand for motor bus
 - (2) trends of demand for motor bus
- 3.4.3 analysis of demand of medium bus market
 - (1) scale of demand for medium bus
 - (2) trends of demand for medium bus
- 3.4.4 analysis of demand of small bus market
 - (1) scale of demand for small bus
 - (2) trends of demand for small bus
- 3.4.5 analysis of demand of heavy truck market
 - (1) scale of demand for heavy truck
 - (2) trends of demand for heavy truck
- 3.4.6 analysis of demand of medium truck market
 - (1) scale of demand for medium truck
 - (2) trends of demand for medium truck
- 3.4.7 analysis of demand of light truck market
 - (1) scale of demand for light truck
 - (2) trends of demand for light truck
- 3.4.8 analysis of demand of micro truck market
 - (1) scale of demand for micro truck
 - (2) trends of demand for micro truck

Chapter 4: Analysis of China's child safety seat market

- 4.1 overview of development of child safety seat
 - 4.1.1 development course of child safety seat
 - 4.1.2 classification of child safety seat
 - (1) classified by way of fixation
 - (2) classified by age and weight
 - 4.1.3 legislation of child safety seat
 - 4.1.4 international brands of child safety seat
- 4.2 analysis of application market of child safety seat
 - 4.2.1 necessity of application of child safety seat
 - 4.2.2 analysis of legislation of child safety seat
 - 4.2.3 analysis of pass rate of child safety seat
 - 4.2.4 analysis of penetration rate of child safety seat
- 4.3 analysis of production and sales of child safety seat
 - 4.3.1 status quo of production of child safety seat market
 - 4.3.2 analysis of scale of child safety seat market
 - (1) scale of child safety seat enterprise
 - (2) scale and structure of sales of child safety seat
 - 4.3.3 analysis of structure of child safety seat market
 - 4.3.4 analysis of sales channels of child safety seat
 - 4.3.5 market price of child safety seat
- 4.4 analysis of consumer market research of child safety seat
 - 4.4.1 analysis of children's transportation mode
 - 4.4.2 analysis of willingness to buy child safety seat
 - 4.4.3 analysis of time to buy child safety seats
 - 4.4.4 influencing factors of buying child safety seats
 - 4.4.5 analysis of preference of child safety seat brands
 - 4.4.6 analysis of price choice of child safety seat
 - 4.4.7 analysis of channel selection of child safety seat

Chapter 5: Analysis of China's regional market demands for car seat

- 5.1 analysis of market demand in Northeast China
 - 5.1.1 analysis of market demand in Heilongjiang
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market

- 5.1.2 analysis of market demand in Jilin
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.1.3 analysis of market demand in Liaoning
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market

5.2 analysis of market demand in North China

- 5.2.1 analysis of market demand in Beijing
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.2.2 analysis of market demand in Tianjin
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.2.3 analysis of market demand in Hebei
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.2.4 analysis of market demand in Shanxi
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market

5.3 analysis of market demand in East China

- 5.3.1 analysis of market demand in Shanghai
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.3.2 analysis of market demand in Zhejiang
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.3.3 analysis of market demand in Jiangsu
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.3.4 analysis of market demand in Shandong
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.3.5 analysis of market demand in Anhui
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.3.6 analysis of market demand in Jiangxi
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.3.7 analysis of market demand in Fujian
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market

5.4 analysis of market demand in Central China

- 5.4.1 analysis of market demand in Henan
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market

- 5.4.2 analysis of market demand in Hubei
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.4.3 analysis of market demand in Hunan
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.4.4 analysis of market demand in Guangdong
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.4.5 analysis of market demand in Guangxi
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market

5.5 analysis of market demand in Southwest China

- 5.5.1 analysis of market demand in Chongqing
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.5.2 analysis of market demand in Sichuan
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market

5.6 analysis of market demand in Northwest China

- 5.6.1 analysis of market demand in Shaanxi
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market
- 5.6.2 analysis of market demand in Gansu
 - (1) analysis of demand of automobile aftermarket
 - 1) analysis of demand of automotive manufacturing industry
 - (2) analysis of demand of sedan market

Chapter 6: Analysis of competition among enterprises in China's car seat industry

6.1 analysis of operation of major international car seat enterprises

- 6.1.1 magna group
 - (1) brief introduction of the company's development
 - (2) analysis of the company's major economic indicators
 - (3) analysis of the company's profitability capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's development capability
 - (7) the company's products and business structure
 - (8) analysis of advantages and disadvantages of the company's operation
 - (9) analysis of the company's investment in China
 - (10) analysis of the company's latest development trend
- 6.1.2 lear corporation
 - (1) brief introduction of the company's development
 - (2) analysis of the company's major economic indicators
 - (3) analysis of the company's profitability capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's development capability
 - (7) scale of the company's car seat market
 - (8) analysis of the company's sales channels and network
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's investment in China
 - (11) analysis of the company's latest development trend

6.1.3 Johnson controls international

- (1) brief introduction of the company's development
- (2) analysis of the company's major economic indicators
- (3) analysis of the company's profitability capability
- (4) analysis of the company's operation capability
- (5) analysis of the company's solvency capability
- (6) analysis of the company's development capability
- (7) analysis of the company's investment in China
- (8) analysis of the company's operation business
- (9) analysis of the company's sales channels and network
- (10) analysis of advantages and disadvantages of the company's operation
- (11) analysis of the company's latest development trend

6.1.4 faurecia group

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure and new product developments
- (3) analysis of the company's sales channels and network
- (4) analysis of the company's car seat market
- (5) analysis of the company's operation
- (6) analysis of advantages and disadvantages of the company's operation
- (7) analysis of the company's investment in China
- (8) analysis of the company's latest development trend

6.1.5 Toyota boshoku company

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure and new product developments
- (3) analysis of the company's sales channels and network
- (4) analysis of advantages and disadvantages of the company's operation
- (5) analysis of the company's investment in China
- (6) analysis of the company's latest development trend

6.1.6 denso corporation

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure and new product developments
- (3) analysis of the company's sales channels and network
- (4) analysis of advantages and disadvantages of the company's operation
- (5) analysis of the company's investment in China

6.2 analysis of operation of major domestic car seat enterprises

6.2.1 Huayu Automotive Systems Co., Ltd.

- (1) brief introduction of the company's development
- (2) analysis of the company's major economic indicators
- (3) analysis of the company's profitability capability
- (4) analysis of the company's operation capability
- (5) analysis of the company's solvency capability
- (6) analysis of the company's development capability
- (7) analysis of corporate scale
- (8) analysis of the company's sales channels and network
- (9) analysis of advantages and disadvantages of the company's operation
- (10) analysis of investment, merger and restructuring of the company
- (11) analysis of the company's latest development trend

6.2.2 Changchun FAW Fuwei Automobile Parts Co., Ltd.

- (1) brief introduction of the company's development
- (2) analysis of the company's major economic indicators
- (3) analysis of the company's profitability capability
- (4) analysis of the company's operation capability
- (5) analysis of the company's solvency capability
- (6) analysis of the company's development capability
- (7) analysis of corporate scale
- (8) analysis of the company's sales channels and network
- (9) analysis of advantages and disadvantages of the company's operation

6.2.3 Ningbo Huaxiang Electronic Co., Ltd.

- (1) brief introduction of the company's development

- (2) analysis of the company's major economic indicators
 - (3) analysis of the company's profitability capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure
 - (8) analysis of the company's customer resources
 - (9) analysis of advantages and disadvantages of the company's operation
- 6.2.4 Chengdu Tianxing Instrument Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's major economic indicators
 - (3) analysis of the company's profitability capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure
 - (8) analysis of the company's sales channels and network
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
- 6.2.5 Huangshan Jinma Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's major economic indicators
 - (3) analysis of the company's profitability capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure
 - (8) analysis of the company's sales channels and network
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 6.2.6 Ningbo Shuanglin Auto Parts Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's major economic indicators
 - (3) analysis of the company's profitability capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's solvency capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure
 - (8) analysis of the company's sales channels and network
 - (9) analysis of advantages and disadvantages of the company's operation
- 6.2.7 Shenyang Lear Car Seat Interior Systems Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's main products
 - (3) analysis of the company's sales network
 - (4) analysis of the company's profit-creating capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's solvency capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
- 6.2.8 Sitech Fairmont Car Seat Technology Co., Ltd.
- (1) brief introduction of the company's development
 - (2) analysis of the company's production equipment
 - (3) analysis of the company's main products
 - (4) analysis of the company's profit-creating capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's solvency capability
 - (8) analysis of the company's development capability

- (9) analysis of advantages and disadvantages of the company's operation
- 6.2.9 Wuhu Johnson Yunhe Car Seat Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's main business
 - (3) analysis of the company's profit-creating capability
 - (4) analysis of the company's profitability capability
 - (5) analysis of the company's operation capability
 - (6) analysis of the company's solvency capability
 - (7) analysis of the company's development capability
- 6.2.10 Zhengzhou Jingen Auto Parts Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's organizational structure
 - (3) analysis of the company's production equipment
 - (4) analysis of the company's main business
 - (5) analysis of the company's sales network
 - (6) analysis of the company's profit-creating capability
 - (7) analysis of the company's profitability capability
 - (8) analysis of the company's operation capability
 - (9) analysis of the company's solvency capability
 - (10) analysis of the company's development capability
 - (11) analysis of advantages and disadvantages of the company's operation
- 6.2.11 Xiamen Kinglong Automotive Seats Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's main products
 - (3) analysis of the company's production equipment
 - (4) analysis of the company's sales network
 - (5) analysis of the company's profit-creating capability
 - (6) analysis of the company's profitability capability
 - (7) analysis of the company's operation capability
 - (8) analysis of the company's solvency capability
 - (9) analysis of the company's development capability
 - (10) analysis of advantages and disadvantages of the company's operation
- 6.2.12 Yanfeng Automotive Trim Systems Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's main products
 - (3) analysis of the company's sales network
 - (4) analysis of the company's profit-creating capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's solvency capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
 - (10) analysis of the company's latest development trend
- 6.2.13 Shanghai Intier Jiaoyun Auto Parts Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's products
 - (3) analysis of the company's sales network
 - (4) analysis of the company's profit-creating capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's operation capability
 - (7) analysis of the company's solvency capability
 - (8) analysis of the company's development capability
 - (9) analysis of advantages and disadvantages of the company's operation
- 6.2.14 Jiangsu Liyang Automobile Seat Recliner Plant
 - (1) brief introduction of the company's development
 - (2) analysis of the company's main products
 - (3) analysis of the company's sales network
 - (4) analysis of the company's profit-creating capability
 - (5) analysis of the company's profitability capability

- (6) analysis of the company's operation capability
- (7) analysis of the company's solvency capability
- (8) analysis of the company's development capability
- (9) analysis of advantages and disadvantages of the company's operation
- 6.2.15 Toyota Boshoku (China) Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's main products
 - (3) analysis of the company's sales network
 - (4) advantages and disadvantages of the company's operation
- 6.2.16 Jiangyin Huashi Vehicle Seat Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of corporate scale
 - (3) analysis of the company's main products
 - (4) analysis of the company's production capability
 - (5) analysis of the company's sales network
 - (6) analysis of advantages and disadvantages of the company's operation
- 6.2.17 Langfang Zhongde Car Seat Manufacturing Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's organizational structure
 - (3) analysis of the company's main products
 - (4) analysis of the company's production equipment
 - (5) analysis of advantages and disadvantages of the company's operation
- 6.2.18 Beijing Langech Automotive Systems Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's main business
 - (3) analysis of the company's product structure
 - (4) analysis of advantages and disadvantages of the company's operation
- 6.2.19 Changchun Faway - Johnson Controls Automotive Systems Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's main business
 - (3) analysis of the company's sales network
 - (4) analysis of advantages and disadvantages of the company's operation
- 6.2.20 Guangzhou Automobile Group Component Co., Ltd.
 - (1) brief introduction of the company's development
 - (2) analysis of the company's investment of other companies
 - (3) analysis of the company's sales channels and network
 - (4) analysis of the company's product structure and new product developments
 - (5) analysis of advantages and disadvantages of the company's operation
 - (6) analysis of investment, merger and restructuring of the company
 - (7) analysis of the company's development strategy and planning

Chapter 7: Analysis of investment of China's car seat industry and forecast

7.1 analysis of characteristics of investment of car seat industry

- 7.1.1 analysis of entry barriers of car seat industry
 - (1) a solid procurement system of vehicle parts
 - (2) high product quality and technical requirements
 - (3) strong capabilities of R&D and tool machine development
 - (4) barrier of management technology
- 7.1.2 supply and business model of car seat industry
- 7.1.3 analysis of profit factor of car seat industry
 - (1) raw material prices
 - (2) the international export market
 - (3) product segments

7.2 analysis of opportunity and risk of investment of car seat industry

- 7.2.1 analysis of opportunity of investment of car seat industry
 - (1) involved in independent own-brand car enterprise market
 - (2) joint venture with local car seat enterprise
 - (3) investment in second and third-tier suppliers
- 7.2.2 analysis of risk of investment of car seat industry
 - (1) risk of economic fluctuation

- (2) risk of price fluctuations in raw materials
- (3) risk of changes in exchange rates
- (4) analysis of risk of supply and demand
- (5) analysis of technical risk

7.3 analysis of influencing factors of car seat industry

- 7.3.1 favorable factors for the development of the industry
 - (1) promotion of industrial policy
 - (2) development of automobile industry
 - (3) progress of technical level
- 7.3.2 unfavorable factors affecting the development of the industry
 - (1) core technologies
 - (2) the level of mold development and manufacturing

7.4 forecast of development of car seat

- 7.4.1 analysis of vehicle ownership
- 7.4.2 forecast of auto sales and output
- 7.4.3 forecast of scale of car seat market
