

China Pharmacy Education Model Research and Pharmacy Talent Demand Forecast Report, 2013–2017

目 录

CONTENTS

Chapter 1: Development Overview of China Pharmacy Education

1.1 Overview of Pharmacy Education

1.1.1 Definition of Pharmacy Education

- (1) Definition of Pharmacy
- (2) Definition of Pharmacy Education

1.1.2 Classification of Pharmacy Education

1.2 Development Environment of Pharmacy Education

1.2.1 Policy Environment Analysis of the Development of Pharmacy Education

- (1) Major Policies Explanation of Higher Education Industry
- (2) Effects of Relevant Policies on Pharmacy Education
- (3) Policy Development Trend of Pharmacy Education

1.2.2 Economic Environment Analysis of the Development of Pharmacy Education

- (1) Analysis of International Macroeconomic Environment
- (2) Analysis of Domestic Macroeconomic Environment
- (3) Effects of Economic Environment on Employment of Pharmaceutical Talents

1.2.3 Social Environment Analysis of the Development of Pharmacy Education

1.2.4 Technology Environment Analysis of the Development of Pharmacy Education

1.3 Research Background and Methods of Report

1.3.1 Introduction to Report Research Institutions

1.3.2 Analysis of Report Research Background

1.3.3 Overview of Report Research Methods

- (1) Data Statistical Standard
- (2) Overview of Research Methods

Chapter 2: Mode and Enlightenment of Foreign Pharmacy Education

2.1 Development Experiential Learning from Foreign Pharmacy Education

2.1.1 Development Overview of Foreign Pharmacy Education

- (1) Diversification of Training Plan
- (2) Large Proportion of Training Service Talents
- (3) Focusing on Biology and Clinical Pharmacotherapy
- (4) Great Proportion of Internship and Practical Training
- (5) Focusing on Both Curricula Education and Further Education

2.1.2 Development Experiential Learning of Foreign Pharmacy Education

- (1) Simple Education Mode Focusing on Drug Supply
- (2) Chemical Education Mode Focusing on Drug Manufacturing
- (3) Clinical Pharmacy Education Mode Focusing on Rational Drug Use

2.1.3 Necessity For Transition of Foreign Pharmacy Education Mode

- (1) Objective Laws of the Development of Pharmacy Education
- (2) Inevitable Demand of Economic and Social Development

2.2 Mode and Enlightenment of Foreign Pharmacy Education

2.2.1 Mode and Enlightenment of USA Pharmacy Education

- (1) Training Goals for USA Pharmacy Education
- (2) Degree System of USA Pharmacy Education
- (3) Curriculum System of USA Pharmacy Education
- (4) Teaching Methods of USA Pharmacy Education
- (5) Practice Arrangement of USA Pharmacy Education
- (6) Development Enlightenment of USA Pharmacy Education

2.2.2 Mode and Enlightenment of UK Pharmacy Education

- (1) Training Goals for UK Pharmacy Education
- (2) Degree System of UK Pharmacy Education

- (3) Curriculum System of UK Pharmacy Education
- (4) Teaching Methods of UK Pharmacy Education
- (5) Practice Arrangement of UK Pharmacy Education
- (6) Development Enlightenment of UK Pharmacy Education
- 2.2.3 Mode and Enlightenment of Japan Pharmacy Education
 - (1) Training Goals for Japan Pharmacy Education
 - (2) Degree System of Japan Pharmacy Education
 - (3) Curriculum System of Japan Pharmacy Education
 - (4) Teaching Methods of Japan Pharmacy Education
 - (5) Practice Arrangement of Japan Pharmacy Education
 - (6) Development Enlightenment of Japan Pharmacy Education
- 2.2.4 Mode and Enlightenment of France Pharmacy Education
 - (1) Training Goals for France Pharmacy Education
 - (2) Degree System of France Pharmacy Education
 - (3) Curriculum System of France Pharmacy Education
 - (4) Teaching Methods of France Pharmacy Education
 - (5) Practice Arrangement of France Pharmacy Education
 - (6) Development Enlightenment of France Pharmacy Education
- 2.2.5 Mode and Enlightenment of India Pharmacy Education
 - (1) Training Goals for India Pharmacy Education
 - (2) Degree System of India Pharmacy Education
 - (3) Curriculum System of India Pharmacy Education
 - (4) Teaching Methods of India Pharmacy Education
 - (5) Practice Arrangement of India Pharmacy Education
 - (6) Development Enlightenment of India Pharmacy Education

Chapter 3: Development Situation of China Pharmacy Education Mode

3.1 Review of Pharmacy Education Development History

- 3.1.1 Beginning of China Modern Pharmacy Education
- 3.1.2 Development History of Pharmacy Education in “Military Medical Academies”
- 3.1.3 Development History of Pharmacy Education After the Founding of New China
 - (1) Pharmacy Education at the Beginning of Founding of China (1949–1977)
 - (2) Pharmacy Education in Reform and Opening Up Period (1978–1999)
 - (3) Pharmacy Education in the 21st Century

3.2 Reform Analysis of Pharmacy Education Mode

- 3.2.1 Development Status of Pharmacy Education Mode
 - (1) Training Goals
 - (2) Degree System
 - (3) Curriculum System
 - (4) Teaching Methods
 - (5) Practice Arrangement
- 3.2.2 Existing Problems in Pharmacy Education Mode
- 3.2.3 Reform Thinking of Pharmacy Education Mode

3.3 Analysis of Higher Pharmacy Education Mode

- 3.3.1 Development Overview of Higher Medical Academies
 - (1) Types Composition of Higher Medical Academies
 - (2) Regional Distribution of Higher Medical Academies
 - (3) Management System of Higher Medical Academies
- 3.3.2 Major Setting of Higher Medical Academies
- 3.3.3 Development Status of Higher Medical Academies
 - (1) School Size
 - (2) Enrollment Size
 - (3) Employment Situation
- 3.3.4 Faculties in Higher Medical Academies
 - (1) Basic Situation of Faculties
 - (2) Faculties Allocation for Specialized Courses
 - (3) Experimental Technical Personnel Allocation
 - (4) Suggestions for Teaching Team
- 3.3.5 Postgraduate Education of Higher Medical Academies
 - (1) Development Overview of Postgraduate Education

- (2) Development Size of Postgraduate Students in University
- (3) Employment Direction of Graduated Postgraduates
- 3.3.6 Teaching Materials Construction of Higher Medical Academies
- 3.3.7 Education Reform of Higher Medical Academies
- 3.3.8 Existing Problems of Higher Medical Academies
- 3.3.9 Development Suggestions for Higher Medical Academies
- 3.4 Analysis of Secondary Pharmacy Education Mode**
 - 3.4.1 Development Status and Prospects of Secondary Pharmacy Education
 - 3.4.2 University/College and Major Setting of Secondary Pharmacy Education
 - 3.4.3 Existing Problems in the Development of Secondary Pharmacy Education
 - 3.4.4 Development Strategies and Suggestions for the Development of Secondary Pharmacy Education
- 3.5 Analysis of Adult Pharmacy Education Mode**
 - 3.5.1 University/College and Major Setting of Adult Pharmacy Education
 - 3.5.2 Correspondence Student Situation of Adult Higher Pharmacy Education
 - 3.5.3 Existing Problems of the Development of Adult Higher Pharmacy Education
 - 3.5.4 Development Strategies and Suggestions for Adult Higher Pharmacy Education
- 3.6 Analysis of Further Pharmacy Education Mode**
 - 3.6.1 Concept and Implementation of Further Pharmacy Education
 - 3.6.2 Education Activity and National Level Projects of Further Pharmacy Education
 - 3.6.3 Existing Problems in the Development of Further Pharmacy Education
 - 3.6.4 Development Strategies and Suggestions for the Development of Further Pharmacy Education

Chapter 4: Demand Analysis of Clinical Pharmaceutical Talents

- 4.1 Development Analysis of Clinical Pharmaceutical Education**
 - 4.1.1 Concept and Positioning of Clinical Pharmaceutical Education
 - 4.1.2 Development Status Analysis of Pharmaceutical Education
 - 4.1.3 Development Status Analysis of Pharmaceutical Education
 - (1) Major Setting
 - (2) Universities or Colleges
 - (3) Education System and Confer Degree
 - (4) Curriculum Setting
 - (5) Enrollment and Employment
 - 4.1.4 Existing Problems Analysis of Clinical Pharmacy Education
- 4.2 Talent Training Mode of Clinical Pharmacy**
 - 4.2.1 USA PharmD Talent Training Mode
 - (1) Training Goal
 - (2) Curriculum Setting
 - (3) Course Teaching Content
 - (4) Curriculum Characteristics of PharmD
 - 4.2.2 Analysis of USA PharmD Mode
 - (1) PharmD Mode of University of California, San Francisco
 - (2) PharmD Mode of University of Texas at Austin
 - (3) PharmD Mode of The University of North Carolina at Chapel Hill
 - (4) PharmD Mode of The University of Arizona
 - (5) PharmD Mode of University of Michigan Ann Arbor
 - (6) PharmD Mode of University of Minnesota
 - (7) PharmD Mode of University of Illinois at Chicago
 - (8) Analysis of Curriculum Characteristics of PharmD
 - 4.2.3 China Clinical Pharmacy Talent Training Mode
 - (1) Talent Training Positioning
 - (2) Setting Up Master Degree for Clinical Pharmacy
 - (3) Specialized Curriculum Setting for Clinical Pharmacy
 - (4) College-University Combing Education Mode
- 4.3 Pharmacist Demand Status for Medical Institutions**
 - 4.3.1 Statistics of Medical and Health Resources Status
 - (1) Total Health Expenditure
 - (2) Quantity of Medical and Health Institutions
 - (3) Quantity of Medical and Health Staff
 - (4) Quantity of Beds in Medical Institutions
 - 4.3.2 Analysis of Medical Institution Service Status

- (1) Workload of Out Patients and In Patients
- (2) Operating Load of Doctors in Hospital
- (3) Hospital Bed Use Situation
- 4.3.3 Overall Demand for Clinical Pharmacists in Medical Institutions
 - (1) Total Number of Clinical Pharmacists in Medical Institutions
 - (2) Types Distribution of Clinical Pharmacists in Medical Institutions
 - (3) Degree Distribution of Clinical Pharmacists in Medical Institutions
 - (4) Qualification Distribution of Clinical Pharmacists in Medical Institutions
- 4.3.4 Demand Status and Distribution of Clinical Pharmacists in Hospitals
 - (1) Total Number of Clinical Pharmacists in Hospitals
 - (2) Types Distribution of Clinical Pharmacists in Hospitals
 - (3) Degree Distribution of Clinical Pharmacists in Hospitals
 - (4) Qualification Distribution of Clinical Pharmacists in Hospitals
- 4.3.5 Analysis of Clinical Pharmacists for Primary Medical Institutions
 - (1) Clinical Pharmacists Demand for Primary Medical Institutions
 - (2) Pharmacists Demand for Community Health Service Centers
 - (3) Pharmacists Demand for Professional Public Health Institutions
 - (4) Pharmacists Demand for Disease Prevention Control Center
 - (5) Pharmacists Demand for Health Clinics in Counties and Towns
 - (6) Pharmacists Demand for Maternal and Child Health Hospitals

4.4 Pharmacists Demand Status of Chain Drugstores

- 4.4.1 Development Size Analysis of Chain Drugstores
 - (1) Pharmacy Retail Market Size
 - (2) Operational Enterprises Quantity of Chain Drugstores
 - (3) Direct Store Quantity of Chain Drugstores
 - (4) Outlet Distribution Situation of Chain Drugstores
- 4.4.2 Analysis of Top 100 Enterprises of Chain Drugstores
 - (1) Sales Revenue of Top 100 Enterprises of Chain Drugstores
 - (2) Outlets Quantity of Top 100 Enterprises of Chain Drugstores
 - (3) Human Resources of Top 100 Enterprises of Chain Drugstores
- 4.4.3 Influencing Factors of Chain Drugstores Development
 - (1) Advantages
 - (2) Disadvantages
- 4.4.4 Pharmacists Demand Status for Chain Drugstores
 - (1) Pharmacists' Role in Chain Drugstores
 - (2) Pharmacists Allocation Status of Chain Drugstores

4.5 Demand Forecast for Clinical Pharmacy Talents

- 4.5.1 Problems and Suggestions for Clinical Pharmacists in Pharmacy Service
- 4.5.2 Opportunities of Pharmacists Facing in Pharmacy Service
- 4.5.3 Demand Forecast for Pharmacists in Medical Institutions
 - (1) Medical Institution Service Demand Prospects
 - (2) Overall Demand Forecast for Clinical Pharmacists
 - (3) Hospital Demand Forecast Pharmacists
 - (4) Primary Medical Institution Demand for Pharmacists
- 4.5.4 Chain Drugstore Demand for Pharmacists
 - (1) Development Planning Explanation of Chain Drugstore
 - (2) Chain Drugstore Demand Forecast for Pharmacists

Chapter 5: Demand Analysis of China R&D Pharmacy Talents

5.1 Demand Analysis of R&D Pharmacy Talents in Universities or Colleges

- 5.1.1 Scientific R&D Advantages of Universities or Colleges of Science and Technology
- 5.1.2 Scientific R&D Status of Universities or Colleges of Science and Technology
 - (1) R&D Staff Allocation of Universities or Colleges of Science and Technology
 - (2) Research Topic Quantity in Universities or Colleges of Science and Technology
 - (3) R&D Expenditure of Universities or Colleges of Science and Technology
 - (4) R&D Science Output of Universities or Colleges of Science and Technology
- 5.1.3 Analysis of Pharmacy R&D Topic Status of Universities or Colleges
 - (1) Pharmacy R&D Topics
 - (2) Traditional Chinese Medicine R&D Topics
- 5.1.4 R&D Expenditure Investment Status of Universities or Colleges

- (1) Pharmacy R&D Expenditure Investment
- (2) Traditional Chinese Medicine R&D Expenditure Investment
- 5.1.5 Pharmacy R&D Talent Demand Status in Universities or Colleges
 - (1) Pharmacy R&D Talent Demand
 - (2) Traditional Chinese Medicine R&D Talent Demand
- 5.1.6 Pharmacy R&D Talent Demand Forecast of Universities or Colleges
 - (1) Pharmacy R&D Investment Size Forecast of Universities or Colleges
 - (2) Pharmacy R&D Investment Forecast of Universities or Colleges
- 5.2 Talent Demand Analysis of Medical Science Research Institutions**
 - 5.2.1 R&D Investment Status of Medical Science Research Institutions
 - (1) Investment Expenditure of Pharmacy R&D Topics
 - (2) Investment Expenditure of Traditional Chinese Medicine R&D Topics
 - (3) R&D Expenditure of Pharmacy R&D Topics
 - 5.2.2 R&D Talent Demand of Medical Science Research Institutions
 - (1) Quantity of Medical Science Research Institutions
 - (2) Employees of Medical Science Research Institutions
 - (3) R&D Staff of Medical Science Research Institutions
 - 5.2.3 R&D Topic Talent Demand Analysis of Medical Science Research Institutions
 - (1) Pharmacy of R&D Topic Talent Demand
 - (2) Traditional Chinese Medicine R&D Topic Talent Demand
 - (3) Medical Science R&D Topic Talent Demand
 - 5.2.4 Science Output Analysis of Medical Science Research Institutions
 - (1) Development Scientific Thesis and Works of Medical Science Research Institutions
 - (2) Patent Application Situation of Medical Science Research Institutions
 - 5.2.5 Talent Demand Forecast of Medical Science Research Institutions
- 5.3 R&D Talent Demand Forecast of Drug Manufacturing Enterprises**
 - 5.3.1 R&D Necessity Analysis of Drug Manufacturing Enterprises
 - (1) R&D Investment and Enterprise Growth Analysis
 - (2) Gap Between China R&D Expenditure and That of Foreign Countries
 - 5.3.2 R&D Talent Demand Status of Drug Manufacturing Enterprises
 - (1) Enterprise Overall Demand for R&D Talents
 - (2) R&D Talents Demand for Enterprises with Different Sizes
 - 5.3.3 Talent Demand for R&D Institutions of Drug Manufacturing Enterprises
 - (1) Expenditure of R&D Institutions of Drug Manufacturing Enterprises
 - (2) Talent Demand of R&D Institutions of Drug Manufacturing Enterprises
 - 5.3.4 Talent Demand for R&D Projects of Drug Manufacturing Enterprises
 - (1) Expenditure of Enterprise R&D Projects
 - (2) Talent Demand for Enterprise R&D Projects
 - 5.3.5 Talent Demand Forecast for R&D Talents of Drug Manufacturing Enterprises
 - (1) Development Opportunities Drug Manufacturing Enterprises Facing
 - (2) R&D Investment Size Forecast of Drug Manufacturing Enterprises
 - (3) R&D Talent Demand Forecast for Drug Manufacturing Enterprises

Chapter 6: Pharmacist Talent Demand Analysis of China Key Regions

6.1 Analysis of Pharmacist Talent Demand in Beijing

- 6.1.1 Beijing Residents Healthcare Level
 - (1) Beijing Overall Economy Level
 - (2) Beijing Residents Income Level
 - (3) Beijing Residents Medical Treatment Expense
- 6.1.2 Development Status of Beijing Pharmacy Education
 - (1) Development Size of Beijing Pharmacy Education
 - (2) Development Characteristics of Beijing Pharmacy Education
- 6.1.3 Development Status of Beijing Drug Terminal
 - (1) Development Status of Beijing Medical Institutions
 - (2) Development Status of Beijing Chain Drugstores
- 6.1.4 R&D Status of Beijing Pharmacy Industry
 - (1) New Product Output Value of Beijing Pharmacy Industry
 - (2) R&D Fruits of Beijing Pharmacy Industry
- 6.1.5 Demand for Beijing Clinical Pharmaceutical Talents
 - (1) Demand Status of Beijing Clinical Pharmaceutical Talents

- (2) Demand Forecast for Beijing Clinical Pharmaceutical Talents
- 6.1.6 Demand for Beijing R&D Pharmaceutical Talents
 - (1) Demand Status of Beijing R&D Pharmaceutical Talents
 - (2) Demand Forecast for Beijing R&D Pharmaceutical Talents
- 6.2 Analysis of Pharmacist Talent Demand in Shanghai**
 - 6.2.1 Shanghai Residents Healthcare Level
 - (1) Shanghai Overall Economy Level
 - (2) Shanghai Residents Income Level
 - (3) Shanghai Residents Medical Treatment Expense
 - 6.2.2 Development Status of Shanghai Pharmacy Education
 - (1) Development Size of Shanghai Pharmacy Education
 - (2) Development Characteristics of Shanghai Pharmacy Education
 - 6.2.3 Development Status of Shanghai Drug Terminal
 - (1) Development Status of Shanghai Medical Institutions
 - (2) Development Status of Shanghai Chain Drugstores
 - 6.2.4 R&D Status of Shanghai Pharmacy Industry
 - (1) New Product Output Value of Shanghai Pharmacy Industry
 - (2) R&D Fruits of Shanghai Pharmacy Industry
 - 6.2.5 Demand for Shanghai Clinical Pharmaceutical Talents
 - (1) Demand Status of Shanghai Clinical Pharmaceutical Talents
 - (2) Demand Forecast for Shanghai Clinical Pharmaceutical Talents
 - 6.2.6 Demand for Shanghai R&D Pharmaceutical Talents
 - (1) Demand Status of Shanghai R&D Pharmaceutical Talents
 - (2) Demand Forecast for Shanghai R&D Pharmaceutical Talents
- 6.3 Analysis of Pharmacist Talent Demand in Guangdong**
 - 6.3.1 Guangdong Residents Healthcare Level
 - (1) Guangdong Overall Economy Level
 - (2) Guangdong Residents Income Level
 - (3) Guangdong Residents Medical Treatment Expense
 - 6.3.2 Development Status of Guangdong Pharmacy Education
 - (1) Development Size of Guangdong Pharmacy Education
 - (2) Development Characteristics of Guangdong Pharmacy Education
 - 6.3.3 Development Status of Guangdong Drug Terminal
 - (1) Development Status of Guangdong Medical Institutions
 - (2) Development Status of Guangdong Chain Drugstores
 - 6.3.4 R&D Status of Guangdong Pharmacy Industry
 - (1) New Product Output Value of Guangdong Pharmacy Industry
 - (2) R&D Fruits of Guangdong Pharmacy Industry
 - 6.3.5 Demand for Guangdong Clinical Pharmaceutical Talents
 - (1) Demand Status of Guangdong Clinical Pharmaceutical Talents
 - (2) Demand Forecast for Guangdong Clinical Pharmaceutical Talents
 - 6.3.6 Demand for Guangdong R&D Pharmaceutical Talents
 - (1) Demand Status of Guangdong R&D Pharmaceutical Talents
 - (2) Demand Forecast for Guangdong R&D Pharmaceutical Talents
- 6.4 Analysis of Pharmacist Talent Demand in Shandong**
 - 6.4.1 Shandong Residents Healthcare Level
 - (1) Shandong Overall Economy Level
 - (2) Shandong Residents Income Level
 - (3) Shandong Residents Medical Treatment Expense
 - 6.4.2 Development Status of Shandong Pharmacy Education
 - (1) Development Size of Shandong Pharmacy Education
 - (2) Development Characteristics of Shandong Pharmacy Education
 - 6.4.3 Development Status of Shandong Drug Terminal
 - (1) Development Status of Shandong Medical Institutions
 - (2) Development Status of Shandong Chain Drugstores
 - 6.4.4 R&D Status of Shandong Pharmacy Industry
 - (1) New Product Output Value of Shandong Pharmacy Industry
 - (2) R&D Fruits of Shandong Pharmacy Industry
 - 6.4.5 Demand for Shandong Clinical Pharmaceutical Talents

- (1) Demand Status of Shandong Clinical Pharmaceutical Talents
- (2) Demand Forecast for Shandong Clinical Pharmaceutical Talents
- 6.4.6 Demand for Shandong R&D Pharmaceutical Talents
 - (1) Demand Status of Shandong R&D Pharmaceutical Talents
 - (2) Demand Forecast for Shandong R&D Pharmaceutical Talents
- 6.5 Analysis of Pharmacist Talent Demand in Jiangsu**
 - 6.5.1 Jiangsu Residents Healthcare Level
 - (1) Jiangsu Overall Economy Level
 - (2) Jiangsu Residents Income Level
 - (3) Jiangsu Residents Medical Treatment Expense
 - 6.5.2 Development Status of Jiangsu Pharmacy Education
 - (1) Development Size of Jiangsu Pharmacy Education
 - (2) Development Characteristics of Jiangsu Pharmacy Education
 - 6.5.3 Development Status of Jiangsu Drug Terminal
 - (1) Development Status of Jiangsu Medical Institutions
 - (2) Development Status of Jiangsu Chain Drugstores
 - 6.5.4 R&D Status of Jiangsu Pharmacy Industry
 - (1) New Product Output Value of Jiangsu Pharmacy Industry
 - (2) R&D Fruits of Jiangsu Pharmacy Industry
 - 6.5.5 Demand for Jiangsu Clinical Pharmaceutical Talents
 - (1) Demand Status of Jiangsu Clinical Pharmaceutical Talents
 - (2) Demand Forecast for Jiangsu Clinical Pharmaceutical Talents
 - 6.5.6 Demand for Jiangsu R&D Pharmaceutical Talents
 - (1) Demand Status of Jiangsu R&D Pharmaceutical Talents
 - (2) Demand Forecast for Jiangsu R&D Pharmaceutical Talents
- 6.6 Analysis of Pharmacist Talent Demand in Henan**
 - 6.6.1 Henan Residents Healthcare Level
 - (1) Henan Overall Economy Level
 - (2) Henan Residents Income Level
 - (3) Henan Residents Medical Treatment Expense
 - 6.6.2 Development Status of Henan Pharmacy Education
 - (1) Development Size of Henan Pharmacy Education
 - (2) Development Characteristics of Henan Pharmacy Education
 - 6.6.3 Development Status of Henan Drug Terminal
 - (1) Development Status of Henan Medical Institutions
 - (2) Development Status of Henan Chain Drugstores
 - 6.6.4 R&D Status of Henan Pharmacy Industry
 - (1) New Product Output Value of Henan Pharmacy Industry
 - (2) R&D Fruits of Henan Pharmacy Industry
 - 6.6.5 Demand for Henan Clinical Pharmaceutical Talents
 - (1) Demand Status of Henan Clinical Pharmaceutical Talents
 - (2) Demand Forecast for Henan Clinical Pharmaceutical Talents
 - 6.6.6 Demand for Henan R&D Pharmaceutical Talents
 - (1) Demand Status of Henan R&D Pharmaceutical Talents
 - (2) Demand Forecast for Henan R&D Pharmaceutical Talents
- 6.7 Analysis of Pharmacist Talent Demand in Hunan**
 - 6.7.1 Hunan Residents Healthcare Level
 - (1) Hunan Overall Economy Level
 - (2) Hunan Residents Income Level
 - (3) Hunan Residents Medical Treatment Expense
 - 6.7.2 Development Status of Hunan Pharmacy Education
 - (1) Development Size of Hunan Pharmacy Education
 - (2) Development Characteristics of Hunan Pharmacy Education
 - 6.7.3 Development Status of Hunan Drug Terminal
 - (1) Development Status of Hunan Medical Institutions
 - (2) Development Status of Hunan Chain Drugstores
 - 6.7.4 R&D Status of Hunan Pharmacy Industry
 - (1) New Product Output Value of Hunan Pharmacy Industry
 - (2) R&D Fruits of Hunan Pharmacy Industry

- 6.7.5 Demand for Hunan Clinical Pharmaceutical Talents
 - (1) Demand Status of Hunan Clinical Pharmaceutical Talents
 - (2) Demand Forecast for Hunan Clinical Pharmaceutical Talents
- 6.7.6 Demand for Hunan R&D Pharmaceutical Talents
 - (1) Demand Status of Hunan R&D Pharmaceutical Talents
 - (2) Demand Forecast for Hunan R&D Pharmaceutical Talents
- 6.8 Analysis of Pharmacist Talent Demand in Sichuan**
 - 6.8.1 Sichuan Residents Healthcare Level
 - (1) Sichuan Overall Economy Level
 - (2) Sichuan Residents Income Level
 - (3) Sichuan Residents Medical Treatment Expense
 - 6.8.2 Development Status of Sichuan Pharmacy Education
 - (1) Development Size of Sichuan Pharmacy Education
 - (2) Development Characteristics of Sichuan Pharmacy Education
 - 6.8.3 Development Status of Sichuan Drug Terminal
 - (1) Development Status of Sichuan Medical Institutions
 - (2) Development Status of Sichuan Chain Drugstores
 - 6.8.4 R&D Status of Sichuan Pharmacy Industry
 - (1) New Product Output Value of Sichuan Pharmacy Industry
 - (2) R&D Fruits of Sichuan Pharmacy Industry
 - 6.8.5 Demand for Sichuan Clinical Pharmaceutical Talents
 - (1) Demand Status of Sichuan Clinical Pharmaceutical Talents
 - (2) Demand Forecast for Sichuan Clinical Pharmaceutical Talents
