

# China Customs Clearance Industry Report (2016–2021), Transformation, Upgrading and Market Forecast

## 目 录

### CONTENTS

#### Chapter 1: Overview of development of China's customs clearance industry

##### 1.1 analysis of definition and characteristics of customs clearance industry

- 1.1.1 related definitions of customs clearance
  - (1) definition of customs clearance
  - (2) definition of customs clearance unit
- 1.1.2 features of customs clearance industry
- 1.1.3 significance of development of customs clearance industry

##### 1.2 analysis of the development environment of customs clearance industry

- 1.2.1 analysis of policy environment of the industry
  - (1) legal environment of customs clearance industry
- 1.2.2 analysis of economic environment of the industry
  - (1) analysis of foreign economic development environment
    - 1) analysis of the macroeconomic environment in America
    - 2) analysis of the macroeconomic environment in Europe
    - 3) analysis of the macroeconomic environment in Korea and Japan
  - (2) analysis of domestic economic development environment
    - 1) analysis of GDP growth
    - 2) analysis of industrial growth
    - 3) analysis of import and export trade
    - 4) analysis of RMB exchange rate movements
    - 5) forecast of domestic macroeconomy
  - (3) analysis of the macroeconomic impact on customs clearance industry

##### 1.3 analysis of status quo of development of customs clearance industry

- 1.3.1 analysis of the scale of development of customs clearance industry
  - (1) scale of customs clearance volume
  - (2) scale of enterprise quantity
- 1.3.2 analysis of geographic distribution of customs clearance business
- 1.3.3 analysis of form of customs clearance
  - (1) analysis of form of customs clearance
  - (2) analysis of requirements of the industry
- 1.3.4 analysis of problems of customs clearance industry

#### Chapter 2: Analysis of development of China's import and export trade

##### 2.1 analysis of development environment of the international economic trade

- 2.1.1 the overall situation of the world economy and trade
- 2.1.2 analysis of risks of the world economy and trade
  - (1) risk of economic growth
  - (2) risk of European debt crisis
  - (3) risk of monetary policy
  - (4) risk of trade protection
- 2.1.3 forecast of economic trade in major countries
- 2.1.4 analysis of the international trade commodity market
  - (1) analysis of performance of the international commodity market
  - (2) factors that affect commodity market changes

##### 2.2 analysis of the overall situation of China's import and export trade

- 2.2.1 analysis of the overall situation of foreign trade
  - (1) analysis of the overall situation of import and export
  - (2) analysis of characteristics of foreign trade
- 2.2.2 analysis of China's foreign trade dependence
- 2.2.3 forecast of foreign trade in.....2013

- (1) international factors
- (2) domestic factors

### **2.3 analysis of the structure of China's foreign trade**

- 2.3.1 regional structure of import and export trade
  - (1) regional structure of major commodity exporters
  - (2) regional structure of major commodity importers
  - (3) analysis of features of regional structure of import and export trade
- 2.3.2 structure of import and export commodity
  - (1) structure of export commodity
  - (2) characteristics of structure of export commodity
  - (3) structure of import commodity
  - (4) characteristics of structure of import commodity
- 2.3.3 analysis of China's import and export trade modes
  - (1) analysis of the export trade mode
  - (2) analysis of the import trade mode
  - (3) characteristics of import and export trade modes

### **2.4 analysis of import and export of China's major customs passes**

## **Chapter 3: Analysis of development of China's customs clearance industry in key regions**

### **3.1 analysis of development of customs clearance industry in Shanghai**

- 3.1.1 analysis of import and export trade in Shanghai
  - (1) total amount of import and export trade
  - (2) analysis of import and export commodity
  - (3) analysis of import and export country
  - (4) mode of import and export trade
- 3.1.2 import and export of customs district in Shanghai
- 3.1.3 analysis of paperless clearance reform in Shanghai
- 3.1.4 analysis of development of customs clearance industry in Shanghai
  - (1) analysis of scale of customs clearance institution
  - (2) analysis of characteristics of customs clearance industry
  - (3) analysis of competitiveness of customs clearance industry
- 3.1.5 forecast of customs clearance industry in Shanghai

### **3.2 analysis of development of customs clearance industry in Guangdong**

- 3.2.1 analysis of import and export trade in Guangdong
- 3.2.2 import and export of customs district in Guangdong
  - (1) analysis of setting of customs district in Guangdong
  - (2) import and export of customs district in Shenzhen
  - (3) import and export of customs district in Guangzhou
- 3.2.3 analysis of paperless clearance reform in Guangdong
- 3.2.4 analysis of development of customs clearance industry in Guangdong
  - (1) analysis of scale of customs clearance institution
  - (2) analysis of status quo of customs clearance industry
  - (3) analysis of competitiveness of customs clearance industry
- 3.2.5 forecast of customs clearance industry in Guangdong

### **3.3 analysis of development of customs clearance industry in Jiangsu**

- 3.3.1 analysis of import and export trade in Jiangsu
  - (1) total amount of import and export trade
  - (2) analysis of import and export commodity
  - (3) analysis of import and export country
  - (4) mode of import and export trade
- 3.3.2 analysis of paperless clearance reform in Jiangsu
- 3.3.3 analysis of development of customs clearance industry in Jiangsu
  - (1) analysis of scale of customs clearance institution
  - (2) analysis of competitiveness of customs clearance industry
- 3.3.4 forecast of customs clearance industry in Jiangsu

### **3.4 analysis of development of customs clearance industry in Zhejiang**

- 3.4.1 analysis of import and export trade in Zhejiang
  - (1) analysis of overall situation of import and export in Zhejiang
  - (2) analysis of import and export trade in Ningbo
  - (3) analysis of import and export trade in Zhoushan

- (4) analysis of import and export trade in Wenzhou
- 3.4.2 analysis of paperless clearance reform in Zhejiang
- 3.4.3 analysis of development of customs clearance industry in Zhejiang
  - (1) analysis of scale of customs clearance institution
  - (2) analysis of status quo of customs clearance industry
  - (3) analysis of competitiveness of customs clearance industry
- 3.4.4 forecast of customs clearance industry in Zhejiang

### **3.5 analysis of development of customs clearance industry in Fujian**

- 3.5.1 analysis of import and export trade in Fujian
  - (1) total amount of import and export trade
  - (2) analysis of import and export commodity
  - (3) analysis of import and export country
  - (4) mode of import and export trade
- 3.5.2 analysis of paperless clearance reform in Fujian
- 3.5.3 analysis of development of customs clearance industry in Fujian
  - (1) analysis of competitiveness of customs clearance industry
- 3.5.4 forecast of customs clearance industry in Fujian

### **3.6 analysis of development of customs clearance industry in Shandong**

- 3.6.1 analysis of import and export trade in Shandong
  - (1) total amount of import and export trade
  - (2) analysis of import and export commodity
  - (3) analysis of import and export country
  - (4) mode of import and export trade
- 3.6.2 analysis of paperless clearance reform in Shandong
- 3.6.3 analysis of development of customs clearance industry in Shandong
  - (1) analysis of scale of customs clearance institution
  - (2) analysis of competitiveness of customs clearance industry
- 3.6.4 forecast of customs clearance industry in Shandong

### **3.7 analysis of development of customs clearance industry in Tianjin**

- 3.7.1 analysis of import and export trade in Tianjin
- 3.7.2 analysis of paperless clearance reform in Tianjin
- 3.7.3 analysis of development of customs clearance industry in Tianjin
  - (1) analysis of scale of customs clearance institution
  - (2) analysis of competitiveness of customs clearance industry
- 3.7.4 forecast of customs clearance industry in Tianjin

### **3.8 analysis of development of customs clearance industry in Beijing**

- 3.8.1 analysis of import trade in Beijing
  - (1) total amount of import and export trade
  - (2) analysis of import and export commodity
  - (3) analysis of import and export country
- 3.8.2 analysis of paperless clearance reform in Beijing
- 3.8.3 analysis of development of customs clearance industry in Beijing
  - (1) analysis of scale of customs clearance institution
  - (2) analysis of competitiveness of customs clearance industry
- 3.8.4 forecast of customs clearance industry in Beijing

### **3.9 analysis of development of customs clearance industry in Liaoning**

- 3.9.1 analysis of import and export trade in Liaoning
  - (1) total amount of import and export trade
  - (2) analysis of import and export country
  - (3) mode of import and export trade
- 3.9.2 analysis of paperless clearance reform in Liaoning
- 3.9.3 analysis of development of customs clearance industry in Liaoning
  - (1) analysis of scale of customs clearance institution
  - (2) analysis of competitiveness of customs clearance industry
- 3.9.4 forecast of customs clearance industry in Liaoning

## **Chapter 4: Analysis of development of customs clearance business of China's logistics enterprises**

### **4.1 analysis of status quo of development of logistics customs clearance company**

- 4.1.1 background of generation of logistics customs clearance company

- 4.1.2 manifestations of logistics customs clearance company
- 4.1.3 impact of logistics customs clearance company on customs clearance industry
- 4.1.4 development trends of logistics customs clearance company
- 4.2 analysis of status quo of development of international freight forwarding industry**
  - 4.2.1 analysis of the scale of development of international freight forwarding industry
  - 4.2.2 analysis of corporate scale of international freight forwarding industry
  - 4.2.3 analysis of status quo of development of international freight forwarding industry
    - (1) full opening up of international freight forwarding business
    - (2) foreign-owned enterprises compete to seize the domestic market
    - (3) domestic companies integrate into the global market
  - 4.2.4 analysis of customer structure of international freight forwarding industry
  - 4.2.5 analysis of problems of international freight forwarding industry
    - (1) small-scale operation
    - (2) low degree of specialization
    - (3) low level of networking

#### **4.3 analysis of competition pattern of China's international freight forwarding industry**

- 4.3.1 analysis of competition of enterprises of different nature of the industry
  - (1) analysis of state-owned international freight forwarding company
  - (2) analysis of private international freight forwarding company
  - (3) analysis of foreign-owned international freight forwarding company
  - (4) analysis of joint-stock international freight forwarding company
- 4.3.2 analysis of competition trends of international freight forwarding industry
- 4.3.3 analysis of resource competition of international freight forwarding company
- 4.3.4 SWOT analysis of international freight forwarding industry
  - (1) opportunities of international freight forwarding industry
  - (2) challenges of international freight forwarding industry
  - (3) SWOT analysis of international freight forwarding company

#### **4.4 analysis of strategy of customs clearance business of the international freight forwarding company**

- 4.4.1 status quo of customs clearance business of freight forwarding company
- 4.4.2 importance of customs clearance business of freight forwarding company
  - (1) based on requirements of source security
  - (2) based on requirements of service quality
  - (3) based on requirements of increased revenue
  - (4) based on requirements of contract business qualification
- 4.4.3 analysis of the development of customs clearance agent
  - (1) analysis of market position of customs clearance agent
  - (2) analysis of geographical distribution of customs clearance business
  - (3) analysis of competition of customs clearance market

### **Chapter 5: Analysis of transformation and upgrade model of China's customs clearance company**

#### **5.1 analysis of professional development model of customs clearance company**

- 5.1.1 analysis of factors of professional development of customs clearance company
  - (1) analysis of market supply and demand environment
  - (2) analysis of the customer's own integration
  - (3) analysis of customs policy adjustment
- 5.1.2 analysis of advantages and disadvantages of professional development of customs clearance company
  - (1) analysis of the advantages of professional development
  - (2) analysis of the disadvantages of professional development
- 5.1.3 analysis of logistics informatization system of customs clearance company
  - (1) background of development of customs clearance company
  - (2) introduction of customs clearance company
