

# China Aluminum Electrolytic Capacitor Industry Report (2013–2017), Market Forecast and Investment Strategy Planning

## 目 录

### CONTENTS

#### Chapter 1: Analysis of development environment of China's aluminum electrolytic capacitor industry

##### 1.1 related concepts of aluminum electrolytic capacitor industry

- 1.1.1 definition of aluminum electrolytic capacitor
- 1.1.2 composition of aluminum electrolytic capacitor
- 1.1.3 classification of aluminum electrolytic capacitor
- 1.1.4 periodic property of aluminum electrolytic capacitor industry
- 1.1.5 regional property of aluminum electrolytic capacitor industry
- 1.1.6 seasonal property of aluminum electrolytic capacitor industry

##### 1.2 analysis of policy environment of electrolytic capacitor industry

- 1.2.1 analysis of related policies of electrolytic capacitor industry
- 1.2.2 analysis of related planning of electrolytic capacitor industry

##### 1.3 analysis of economic environment of electrolytic capacitor industry

- 1.3.1 analysis of international macroeconomic trends
- 1.3.2 analysis of domestic macroeconomic trends
- 1.3.3 analysis of the impact of economic environment changes on the industry

##### 1.4 analysis of technical environment of aluminum electrolytic capacitor industry

- 1.4.1 analysis of technical activity level of the industry
- 1.4.2 analysis of technology leader of the industry
- 1.4.3 analysis of hot technologies of the industry

#### Chapter 2: Analysis of development of China's aluminum electrolytic capacitor industry chain

##### 2.1 introduction of aluminum electrolytic capacitor industry chain

##### 2.2 analysis of upstream supply of aluminum electrolytic capacitor industry chain

- 2.2.1 analysis of supply of high purity aluminum
  - (1) analysis of output of high purity aluminum
  - (2) analysis of price of high purity aluminum
  - (3) impact of supply of high purity aluminum on the industry
- 2.2.2 analysis of supply of electronic aluminum foil
  - (1) comparison of subdivide product of electronic aluminum foil
  - (2) comparison of technical level of domestic and foreign electronic aluminum foil
  - (3) analysis of concentration of electronic aluminum foil industry
  - (4) analysis of market demand of electronic aluminum foil
- 2.2.3 analysis of supply of electrode foil
  - (1) analysis of output of electrode foil
  - (2) analysis of market capacity of electrode foil
  - (3) impact of supply of electrode foil on the industry
- 2.2.4 analysis of supply of electrolyte
  - (1) analysis of major producers of electrolyte
  - (2) analysis of technical level of electrolyte
  - (3) analysis of development trends of electrolyte
- 2.2.5 analysis of market of electrolytic paper
  - (1) overview of development of electrolytic paper industry
  - (2) analysis of market of electrolytic paper
  - (3) analysis of main producers of electrolytic paper
  - (4) analysis of development trends of electrolytic paper

##### 2.3 analysis of downstream demand of aluminum electrolytic capacitor industry chain

- 2.3.1 analysis of structure of application areas of aluminum electrolytic capacitor
- 2.3.2 analysis of demand of electronic products for aluminum electrolytic capacitor

- (1) application of aluminum electrolytic capacitor in the electronics industry
- (2) analysis of current development of China's electronic equipment manufacturing industry
- (3) analysis of demand of electronic products for aluminum electrolytic capacitor
- 2.3.3 analysis of demand of industrial product for aluminum electrolytic capacitor
  - (1) application of aluminum electrolytic capacitor in industry
  - (2) analysis of current development of China's electronic industry
  - (3) analysis of demand of industrial product for aluminum electrolytic capacitor
- 2.3.4 analysis of demand of new energy product for aluminum electrolytic capacitor
  - (1) application of aluminum electrolytic capacitor in the new energy industry
  - (2) analysis of current development of China's new energy industry
  - (3) analysis of demand of new energy product for aluminum electrolytic capacitor

## **Chapter 3: Analysis of development trends of global aluminum electrolytic capacitor industry**

### **3.1 analysis of supply and demand of the global aluminum electrolytic capacitor industry**

- 3.1.1 analysis of the global aluminum electrolytic capacitor market
  - (1) analysis of sales volume of aluminum electrolytic capacitor
  - (2) analysis of production distribution of aluminum electrolytic capacitor products
- 3.1.2 analysis of consumption of the global aluminum electrolytic capacitor
  - (1) analysis of scale of aluminum electrolytic capacitor consumption
  - (2) analysis of market distribution of aluminum electrolytic capacitor consumption
- 3.1.3 analysis of price of the global aluminum electrolytic capacitor

### **3.2 development of aluminum electrolytic capacitor industry in key countries and regions**

- 3.2.1 development of aluminum electrolytic capacitor industry in Japan
  - (1) analysis of sales of aluminum electrolytic capacitor
  - (2) analysis of technical level of aluminum electrolytic capacitor
  - (3) major companies of electrolytic capacitor in Japan
- 3.2.2 development of aluminum electrolytic capacitor industry in the EU
  - (1) analysis of sales of aluminum electrolytic capacitor
  - (2) analysis of consumption of aluminum electrolytic capacitor
  - (3) analysis of technical level of aluminum electrolytic capacitor
- 3.2.3 development of aluminum electrolytic capacitor industry in America
  - (1) analysis of sales of aluminum electrolytic capacitor
  - (2) analysis of technical level of aluminum electrolytic capacitor
  - (3) major companies of electrolytic capacitor in America
- 3.2.4 development of aluminum electrolytic capacitor industry in South Korea
  - (1) major companies of electrolytic capacitor in South Korea
  - (2) analysis of technical level of aluminum electrolytic capacitor
- 3.2.5 development of aluminum electrolytic capacitor industry in Taiwan
  - (1) major companies of electrolytic capacitor in Taiwan
  - (2) analysis of technical level of aluminum electrolytic capacitor

### **3.3 analysis of investment, mergers, restructuring and integration of aluminum electrolytic capacitor industry**

- 3.3.1 analysis of investment, mergers, restructuring and integration of international aluminum electrolytic capacitor companies
- 3.3.2 analysis of investment, mergers, restructuring and integration of domestic aluminum electrolytic capacitor companies

### **3.4 analysis of development trends of the global aluminum electrolytic capacitor industry**

- 3.4.1 development trends of the global aluminum electrolytic capacitor market
- 3.4.2 forecast of scale of the global aluminum electrolytic capacitor market

## **Chapter 4: Analysis of development status quo of China's aluminum electrolytic capacitor industry**

### **4.1 the overall situation of development of China's aluminum electrolytic capacitor industry**

- 4.1.1 analysis of influencing factors of aluminum electrolytic capacitor industry
  - (1) analysis of favorable factors
  - (2) analysis of unfavorable factors
- 4.1.2 overview of development of aluminum electrolytic capacitor industry
- 4.1.3 analysis of profit level of aluminum electrolytic capacitor industry
  - (1) comparison of profit level of different grades of aluminum electrolytic capacitors
  - (2) trends of profit change in aluminum electrolytic capacitor industry

**4.2 analysis of supply and demand balance of China' s aluminum electrolytic capacitor industry**

## 4.2.1 analysis of supply of China' s aluminum electrolytic capacitor

## 4.2.2 analysis of consumption of China' s aluminum electrolytic capacitor

## (1) analysis of demand scale of aluminum electrolytic capacitor

## (2) analysis of sales volume of aluminum electrolytic capacitor

## (3) analysis of market scale of aluminum electrolytic capacitor

## 4.2.3 analysis of price of China' s aluminum electrolytic capacitor

## 4.2.4 analysis of Chinese aluminum electrolytic capacitor trade

## (1) analysis of overall situation of Chinese aluminum electrolytic capacitor trade

## (2) comparison of China' s import and export amount of aluminum electrolytic capacitor

## (3) development trends of Chinese aluminum electrolytic capacitor trade

**4.3 analysis of competition of five forces of China' s aluminum electrolytic capacitor industry**

## 4.3.1 analysis of competition of existing companies

## 4.3.2 analysis of the upstream bargaining power

## 4.3.3 analysis of the downstream bargaining power

## 4.3.4 analysis of threat of new entrants

## 4.3.5 analysis of threat of alternatives

## 4.3.6 summary of competition of aluminum electrolytic capacitor industry

**4.4 SWOT analysis of China' s aluminum electrolytic capacitor industry**

## 4.4.1 analysis of advantages of aluminum electrolytic capacitor industry

## 4.4.2 analysis of disadvantages of aluminum electrolytic capacitor industry

## 4.4.3 analysis of opportunities of aluminum electrolytic capacitor industry

## 4.4.4 analysis of threats of aluminum electrolytic capacitor industry

**Chapter 5: Analysis of market of main products of China' s aluminum electrolytic capacitor****5.1 analysis of market of solid electrolytic capacitor**

## 5.1.1 analysis of strengths and weaknesses

## 5.1.2 analysis of market demand

## 5.1.3 analysis of price trends

## 5.1.4 analysis of market competition

## 5.1.5 forecast of solid electrolytic capacitor

**5.2 analysis of market of lead aluminum electrolytic capacitor**

## 5.2.1 analysis of market demand

## 5.2.2 analysis of price trends

## 5.2.3 analysis of market competition

**5.3 analysis of market of solder lug and pin aluminum electrolytic capacitor**

## 5.3.1 analysis of market demand

## 5.3.2 analysis of price trends

## 5.3.3 analysis of market competition

**5.4 analysis of market of bolt aluminum electrolytic capacitor**

## 5.4.1 analysis of application market

## 5.4.2 analysis of price trends
