

China Interior Design Industry Report (2016–2021), Market Forecast and Investment Strategic Planning

目 录

CONTENTS

Chapter 1: Analysis of background of development trends and macro environment of China's interior design industry

1.1 overview of development of interior design industry

1.1.1 definition of China's interior design industry

1.1.2 similar concept of interior design industry

(1) interior design and architectural design

(2) interior design and decoration

1.1.3 main business scope of China's interior design industry

1.1.4 main development process of China's interior design industry

1.1.5 analysis of status quo of development of China's interior design industry

1.1.6 comparison of development of Chinese and foreign interior design industry

1.1.7 analysis of problems of China's interior design industry

1.2 analysis of macro environment of interior design industry

1.2.1 analysis of social environment of interior design industry

(1) analysis of population environment

(2) analysis of educational environment

(3) analysis of cultural environment

(4) analysis of ecological environment

(5) analysis of urbanization process

(6) consumer attitudes and habits

1.2.2 analysis of political environment of interior design industry

1.2.3 analysis of economic environment of interior design industry

1.2.4 analysis of technical environment of interior design industry

Chapter 2: Market scale of China's interior design industry and customer development strategy

2.1 forecast of market scale of interior design industry

2.1.1 analysis of scale of output of interior design industry

2.1.2 analysis of scale of personnel of interior design industry

2.1.3 analysis of scale of projects of interior design industry

2.1.4 analysis of scale of profits of interior design industry

2.2 analysis of competition of interior design industry

2.2.1 analysis of characteristics of competition of interior design industry

2.2.2 analysis of competition pattern of interior design industry

2.2.3 forecast of market concentration of interior design industry

2.2.4 analysis of key factors of competition of interior design industry

2.2.5 analysis of competition trend of interior design industry

2.3 analysis of consumer psychology and design strategy of interior design industry

2.3.1 analysis of consumer psychology of interior design industry

(1) specificity of of consumer psychology of interior design

(2) analysis of factor of of consumer psychology of interior design

(3) reasons and motives of of consumer psychology of interior design

2.3.2 analysis of elements and consumer psychology of interior design

(1) space layout of interior design and consumer psychology

(2) color tone of interior design and consumer psychology

(3) lighting effect of interior design and consumer psychology

(4) material mechanism of interior design and consumer psychology

(5) decorative elements of interior design and consumer psychology

(6) decorative style of interior design and consumer psychology

2.3.3 interior design strategies based on consumer psychology

2.4 forecast of market demand of interior design industry

- 2.4.1 forecast of characteristics of market demand of interior design industry
- 2.4.2 analysis of market potential of interior design industry
- 2.4.3 development trends of market potential of interior design industry

2.5 analysis of strategy of customer development of interior design industry

- 2.5.1 analysis of characteristics of customers of interior design industry
- 2.5.2 analysis of strategy of customer selection of interior design industry
- 2.5.3 analysis of strategy of customer mining of interior design industry
- 2.5.4 analysis of strategy of customer maintenance of interior design industry
- 2.5.5 analysis of developer clients of interior design industry

- (1) analysis of residential real estate developers
 - 1) analysis of characteristics of customers
 - 2) analysis of customers' access to land
 - 3) analysis of customers' new projects
 - 4) analysis of strategy of customer development
 - 5) analysis of key element of capturing customers
- (2) analysis of tourism real estate developers
 - 1) analysis of characteristics of customers
 - 2) analysis of customers' access to land
 - 3) analysis of customers' new projects
 - 4) analysis of strategy of customer development
 - 5) analysis of key element of capturing customers
- (3) analysis of commercial real estate developers
 - 1) analysis of characteristics of customers
 - 2) analysis of customers' access to land
 - 3) analysis of customers' new projects
 - 4) analysis of strategy of customer development
 - 5) analysis of key element of capturing customers

2.6 analysis of supplier brands of interior design industry

- 2.6.1 sanitary products
 - (1) analysis of China's famous bathroom brands
 - (2) analysis of characteristics of China's famous bathroom products
 - (3) analysis of strategy of selection of bathroom brand
- 2.6.2 office furniture
 - (1) analysis of China's famous brands of office furniture
 - (2) analysis of characteristics of China's famous office furniture products
 - (3) analysis of strategy of selection of office furniture brand
- 2.6.3 kitchen-type
 - (1) analysis of China's famous brands of kitchen products
 - (2) analysis of characteristics of China's famous kitchen products
 - (3) analysis of strategy of selection of kitchen product brands
- 2.6.4 ground materials
 - (1) analysis of China's famous brands of ground materials
 - (2) analysis of characteristics of China's famous ground material products
 - (3) analysis of strategy of selection of ground material brands
- 2.6.5 furniture
 - (1) analysis of China's famous brands of furniture
 - (2) analysis of characteristics of China's famous furniture products
 - (3) analysis of strategy of selection of furniture brands
- 2.6.6 decorative lighting
 - (1) analysis of China's famous decorative lighting brands
 - (2) analysis of characteristics of China's famous decorative lighting products
 - (3) analysis of strategy of selection of decorative lighting brands
- 2.6.7 lighting
 - (1) analysis of China's famous lighting brands
 - (2) analysis of characteristics of China's famous lighting products
 - (3) analysis of strategy of selection of lighting brands

2.7 analysis of lean management of interior design industry

- 2.7.1 comparison of traditional design and lean design

- 2.7.2 analysis of framework of implementation of lean design
- 2.7.3 analysis of the overall planning process of lean design
- 2.7.4 analysis of assessment of construction completion of interior design
- 2.7.5 case of lean design - design color lean
- 2.7.6 case of lean design - lean construction

Chapter 3: Analysis of market demand for China's hotel design and forecast

3.1 analysis of the overall development of hotel industry

- 3.1.1 analysis of characteristics of development of China's hotel industry
- 3.1.2 analysis of characteristics of brands of China's hotel industry
- 3.1.3 analysis of scale of development of China's hotel industry
- 3.1.4 analysis of the overall development of hotel design industry
- 3.1.5 analysis of problems of hotel design industry
- 3.1.6 forecast of development trends of hotel design industry

3.2 analysis of market demand for budget hotel design and development trends

- 3.2.1 analysis of definition and characteristics of budget hotel
- 3.2.2 market scale of budget hotel and potential market capacity
- 3.2.3 analysis of market expansion strategy of leading enterprises of budget hotel
- 3.2.4 analysis of status quo of budget hotel design market and problems
- 3.2.5 analysis of typical design cases of budget hotel design market
- 3.2.6 analysis of development trends of budget hotel design market and forecast

3.3 analysis of market demand for resort hotel design and development trends

- 3.3.1 analysis of definition and characteristics of resort hotel
- 3.3.2 market scale of resort hotel and potential market capacity
- 3.3.3 analysis of market expansion strategy of leading enterprises of resort hotel
- 3.3.4 analysis of status quo of resort hotel design market and problems
- 3.3.5 analysis of typical design cases of resort hotel design market
- 3.3.6 analysis of development trends of resort hotel design market and forecast

3.4 analysis of market demand for property hotel design and development trends

- 3.4.1 analysis of definition and characteristics of property hotel
- 3.4.2 market scale of property hotel and potential market capacity
- 3.4.3 analysis of market expansion strategy of leading enterprises of property hotel
- 3.4.4 analysis of status quo of property hotel design market and problems
- 3.4.5 analysis of typical design cases of property hotel design market
- 3.4.6 analysis of development trends of property hotel design market and forecast

3.5 analysis of market demand for boutique hotel design and development trends

- 3.5.1 analysis of definition and characteristics of boutique hotel
- 3.5.2 market scale of boutique hotel and potential market capacity
- 3.5.3 analysis of market expansion strategy of leading enterprises of boutique hotel
- 3.5.4 analysis of status quo of boutique hotel design market and problems
- 3.5.5 analysis of typical design cases of boutique hotel design market
- 3.5.6 analysis of development trends of boutique hotel design market and forecast

3.6 analysis of market demand for theme hotel design and development trends

- 3.6.1 analysis of definition and characteristics of theme hotel
- 3.6.2 market scale of theme hotel and potential market capacity
- 3.6.3 analysis of market expansion strategy of leading enterprises of theme hotel
- 3.6.4 analysis of status quo of theme hotel design market and problems
- 3.6.5 analysis of typical design cases of theme hotel design market
- 3.6.6 analysis of development trends of theme hotel design market and forecast

Chapter 4: Analysis of market demand for China's residential space design and forecast

4.1 analysis of development trend of China's real estate industry

- 4.1.1 analysis of climate index of development of real estate industry
- 4.1.2 analysis of scale of investment of real estate development
- 4.1.3 analysis of supply and demand of land market of real estate industry
- 4.1.4 analysis of market supply of real estate industry
- 4.1.5 analysis of sales situation of real estate industry
- 4.1.6 analysis of price growth trend of real estate industry

4.2 analysis of development scale and trends of China's residential market

- 4.2.1 analysis of definition and characteristics of China's residential market
- 4.2.2 analysis of residential land supply in 2012年以来

- 4.2.3 development scale of residential market and potential market capacity
- 4.2.4 analysis of latest trends of leading residential developers' access to land
- 4.2.5 future development trends of residential market and forecast

4.3 analysis of market demand for China's residential space design

- 4.3.1 analysis of definition and characteristics of residential space design
- 4.3.2 analysis of residential space design strategies and typical cases
 - (1) analysis of cases of typical residential space design
 - (2) analysis of strategy of characteristic residential space design
 - (3) analysis of strategy of low-carbon residential space design
 - 1) rational design of interior space and furnishings
 - 2) analysis of selection of indoor interface materials
 - 3) analysis of rational use of color and texture
 - 4) optimize the design of indoor lighting way
- 4.3.3 analysis of competitive landscape and concentration of residential space design market
- 4.3.4 market scale of residential space design and potential market capacity
- 4.3.5 analysis of market expansion strategy of leading enterprises in residential space design
- 4.3.6 analysis of status quo of residential space design market and problems
- 4.3.7 analysis of development trends of residential space design market and forecast

Chapter 5: Analysis of market demand for China's office space design and forecast

5.1 analysis of supply and demand of commercial office land market

- 5.1.1 analysis of supply of commercial office land in 2010年以来
- 5.1.2 analysis of demand of commercial office land in 2010年以来
- 5.1.3 analysis of supply and demand balance of commercial office land in 2010年以来

5.2 analysis of scale of newly-added supply and demand of office building market

- 5.2.1 analysis of scale of newly-added supply of office building
 - (1) analysis of new construction area of office building in 2010年以来
 - (2) analysis of new construction area of office building in 2010年以来
 - (3) analysis of new completion area of office building in 2010年以来
- 5.2.2 analysis of scale of demand of office building market
 - (1) analysis of sales area of office building in 2010年以来
 - (2) analysis of sales amount of office building in 2010年以来
 - (3) analysis of sales price of office building in 2010年以来

5.3 market demand for office space design and forecast

- 5.3.1 analysis of definition and characteristics of office space design
- 5.3.2 analysis of strategies of office space design and typical cases
- 5.3.3 analysis of competitive landscape and concentration of office space design market
- 5.3.4 market scale of office space design and potential market capacity
- 5.3.5 analysis of market expansion strategy of leading enterprises in office space design
- 5.3.6 analysis of status quo of office space design market and problems
- 5.3.7 analysis of development trends of office space design market and forecast

Chapter 6: Analysis of market demand for China's transportation spatial design and forecast

6.1 market demand for subway space design and forecast

- 6.1.1 analysis of definition and characteristics of subway space design
- 6.1.2 scale of subway construction and potential market capacity
- 6.1.3 analysis of market expansion strategy of leading enterprises in subway station design
- 6.1.4 analysis of status quo of subway space design market and problems
- 6.1.5 analysis of typical design cases of subway station design market
- 6.1.6 analysis of development trends of subway station design market and forecast

6.2 market demand for airport design and forecast

- 6.2.1 analysis of definition and characteristics of airport design
- 6.2.2 scale of airport construction and potential market capacity
- 6.2.3 analysis of market expansion strategy of leading enterprises in airport design
- 6.2.4 analysis of status quo of airport design market and problems
- 6.2.5 analysis of typical design cases of airport design market
- 6.2.6 analysis of development trends of airport design market and forecast

6.3 market demand for yacht design and forecast

- 6.3.1 analysis of definition and characteristics of yacht design
- 6.3.2 scale of yacht market and potential market capacity

- 6.3.3 analysis of market expansion strategy of leading enterprises in yacht design
- 6.3.4 analysis of status quo of yacht design market and problems
- 6.3.5 analysis of typical design cases of yacht design market
- 6.3.6 analysis of development trends of yacht design market and forecast

6.4 market demand for wharf design and forecast

- 6.4.1 analysis of definition and characteristics of wharf design
- 6.4.2 scale of wharf construction and potential market capacity
- 6.4.3 analysis of market expansion strategy of leading enterprises in wharf design
- 6.4.4 analysis of status quo of wharf design market and problems
- 6.4.5 analysis of typical design cases of wharf design market
- 6.4.6 analysis of development trends of wharf design market and forecast

Chapter 7: Analysis of investment opportunities of regional market of China's interior design industry

7.1 analysis of investment opportunity of interior design market in Beijing

- 7.1.1 scale of development of interior design market in Beijing
- 7.1.2 status quo of competition of interior design market in Beijing
- 7.1.3 characteristics of development of interior design market in Beijing
- 7.1.4 investment potential of interior design market in Beijing
- 7.1.5 investment strategy of interior design market in Beijing

7.2 analysis of investment opportunity of interior design market in Shanghai

- 7.2.1 scale of development of interior design market in Shanghai
- 7.2.2 status quo of competition of interior design market in Shanghai
- 7.2.3 characteristics of development of interior design market in Shanghai
- 7.2.4 investment potential of interior design market in Shanghai
- 7.2.5 investment strategy of interior design market in Shanghai

7.3 analysis of investment opportunity of interior design market in Shenzhen

- 7.3.1 scale of development of interior design market in Shenzhen
- 7.3.2 status quo of competition of interior design market in Shenzhen
- 7.3.3 characteristics of development of interior design market in Shenzhen
- 7.3.4 investment potential of interior design market in Shenzhen
- 7.3.5 investment strategy of interior design market in Shenzhen

7.4 analysis of investment opportunity of interior design market in Guangzhou

- 7.4.1 scale of development of interior design market in Guangzhou
- 7.4.2 status quo of competition of interior design market in Guangzhou
- 7.4.3 characteristics of development of interior design market in Guangzhou
- 7.4.4 investment potential of interior design market in Guangzhou
- 7.4.5 investment strategy of interior design market in Guangzhou

7.5 analysis of investment opportunity of interior design market in Tianjin

- 7.5.1 scale of development of interior design market in Tianjin
- 7.5.2 status quo of competition of interior design market in Tianjin
- 7.5.3 characteristics of development of interior design market in Tianjin
- 7.5.4 investment potential of interior design market in Tianjin
- 7.5.5 investment strategy of interior design market in Tianjin

7.6 analysis of investment opportunity of interior design market in Chongqing

- 7.6.1 scale of development of interior design market in Chongqing
- 7.6.2 status quo of competition of interior design market in Chongqing
- 7.6.3 characteristics of development of interior design market in Chongqing
- 7.6.4 investment potential of interior design market in Chongqing
- 7.6.5 investment strategy of interior design market in Chongqing

7.7 analysis of investment opportunity of interior design market in Shijiazhuang

- 7.7.1 scale of development of interior design market in Shijiazhuang
- 7.7.2 status quo of competition of interior design market in Shijiazhuang
- 7.7.3 characteristics of development of interior design market in Shijiazhuang
- 7.7.4 investment potential of interior design market in Shijiazhuang
- 7.7.5 investment strategy of interior design market in Shijiazhuang

7.8 analysis of investment opportunity of interior design market in Taiyuan

- 7.8.1 scale of development of interior design market in Taiyuan
- 7.8.2 status quo of competition of interior design market in Taiyuan
- 7.8.3 characteristics of development of interior design market in Taiyuan

- 7.8.4 investment potential of interior design market in Taiyuan
- 7.8.5 investment strategy of interior design market in Taiyuan
- 7.9 analysis of investment opportunity of interior design market in Shenyang**
 - 7.9.1 scale of development of interior design market in Shenyang
 - 7.9.2 status quo of competition of interior design market in Shenyang
 - 7.9.3 characteristics of development of interior design market in Shenyang
 - 7.9.4 investment potential of interior design market in Shenyang
 - 7.9.5 investment strategy of interior design market in Shenyang
- 7.10 analysis of investment opportunity of interior design market in Changchun**
 - 7.10.1 scale of development of interior design market in Changchun
 - 7.10.2 status quo of competition of interior design market in Changchun
 - 7.10.3 characteristics of development of interior design market in Changchun
 - 7.10.4 investment potential of interior design market in Changchun
 - 7.10.5 investment strategy of interior design market in Changchun
- 7.11 analysis of investment opportunity of interior design market in Harbin**
 - 7.11.1 scale of development of interior design market in Harbin
 - 7.11.2 status quo of competition of interior design market in Harbin
 - 7.11.3 characteristics of development of interior design market in Harbin
 - 7.11.4 investment potential of interior design market in Harbin
 - 7.11.5 investment strategy of interior design market in Harbin
- 7.12 analysis of investment opportunity of interior design market in Nanjing**
 - 7.12.1 scale of development of interior design market in Nanjing
 - 7.12.2 status quo of competition of interior design market in Nanjing
 - 7.12.3 characteristics of development of interior design market in Nanjing
 - 7.12.4 investment potential of interior design market in Nanjing
 - 7.12.5 investment strategy of interior design market in Nanjing
- 7.13 analysis of investment opportunity of interior design market in Hangzhou**
 - 7.13.1 scale of development of interior design market in Hangzhou
 - 7.13.2 status quo of competition of interior design market in Hangzhou
 - 7.13.3 characteristics of development of interior design market in Hangzhou
 - 7.13.4 investment potential of interior design market in Hangzhou
 - 7.13.5 investment strategy of interior design market in Hangzhou
- 7.14 analysis of investment opportunity of interior design market in Hefei**
 - 7.14.1 scale of development of interior design market in Hefei
 - 7.14.2 status quo of competition of interior design market in Hefei
 - 7.14.3 characteristics of development of interior design market in Hefei
 - 7.14.4 investment potential of interior design market in Hefei
 - 7.14.5 investment strategy of interior design market in Hefei
- 7.15 analysis of investment opportunity of interior design market in Fuzhou**
 - 7.15.1 scale of development of interior design market in Fuzhou
 - 7.15.2 status quo of competition of interior design market in Fuzhou
 - 7.15.3 characteristics of development of interior design market in Fuzhou
 - 7.15.4 investment potential of interior design market in Fuzhou
 - 7.15.5 investment strategy of interior design market in Fuzhou
- 7.16 analysis of investment opportunity of interior design market in Nanchang**
 - 7.16.1 scale of development of interior design market in Nanchang
 - 7.16.2 status quo of competition of interior design market in Nanchang
 - 7.16.3 characteristics of development of interior design market in Nanchang
 - 7.16.4 investment potential of interior design market in Nanchang
 - 7.16.5 investment strategy of interior design market in Nanchang
- 7.17 analysis of investment opportunity of interior design market in Jinan**
 - 7.17.1 scale of development of interior design market in Jinan
 - 7.17.2 status quo of competition of interior design market in Jinan
 - 7.17.3 characteristics of development of interior design market in Jinan
 - 7.17.4 investment potential of interior design market in Jinan
 - 7.17.5 investment strategy of interior design market in Jinan
- 7.18 analysis of investment opportunity of interior design market in Zhengzhou**
 - 7.18.1 scale of development of interior design market in Zhengzhou
 - 7.18.2 status quo of competition of interior design market in Zhengzhou

- 7.18.3 characteristics of development of interior design market in Zhengzhou
- 7.18.4 investment potential of interior design market in Zhengzhou
- 7.18.5 investment strategy of interior design market in Zhengzhou

7.19 analysis of investment opportunity of interior design market in Wuhan

- 7.19.1 scale of development of interior design market in Wuhan
- 7.19.2 status quo of competition of interior design market in Wuhan
- 7.19.3 characteristics of development of interior design market in Wuhan
- 7.19.4 investment potential of interior design market in Wuhan
- 7.19.5 investment strategy of interior design market in Wuhan

7.20 analysis of investment opportunity of interior design market in Changsha

- 7.20.1 scale of development of interior design market in Changsha
- 7.20.2 status quo of competition of interior design market in Changsha
- 7.20.3 characteristics of development of interior design market in Changsha
- 7.20.4 investment potential of interior design market in Changsha
- 7.20.5 investment strategy of interior design market in Changsha

7.21 analysis of investment opportunity of interior design market in Haikou

- 7.21.1 scale of development of interior design market in Haikou
- 7.21.2 status quo of competition of interior design market in Haikou
- 7.21.3 characteristics of development of interior design market in Haikou
- 7.21.4 investment potential of interior design market in Haikou
- 7.21.5 investment strategy of interior design market in Haikou

7.22 analysis of investment opportunity of interior design market in Chengdu

- 7.22.1 scale of development of interior design market in Chengdu
- 7.22.2 status quo of competition of interior design market in Chengdu
- 7.22.3 characteristics of development of interior design market in Chengdu
- 7.22.4 investment potential of interior design market in Chengdu
- 7.22.5 investment strategy of interior design market in Chengdu

7.23 analysis of investment opportunity of interior design market in Guiyang

- 7.23.1 scale of development of interior design market in Guiyang
- 7.23.2 status quo of competition of interior design market in Guiyang
- 7.23.3 characteristics of development of interior design market in Guiyang
- 7.23.4 investment potential of interior design market in Guiyang
- 7.23.5 investment strategy of interior design market in Guiyang

Chapter 8: Analysis of operation of China's leading interior design enterprises

8.1 analysis of business strategy of leading integrated design enterprises' interior design business

8.1.1 Gold Mantis

- (1) overview of the company's development and analysis of its main business fields
- (2) analysis of the company's four operation capabilities
 - 1) analysis of the company's profitability capability
 - 2) analysis of the company's operation capability
 - 3) analysis of the company's solvency capability
 - 4) analysis of the company's development capability
- (3) analysis of status quo of operation of the company's interior design business
- (4) market expansion strategy of the company's interior design business
- (5) analysis of the company's development strategy and advantages and disadvantages

8.1.2 Shenzhen Hongtao Decoration Co., Ltd.

- (1) overview of the company's development and analysis of its main business fields
- (2) analysis of the company's four operation capabilities
 - 1) analysis of the company's profitability capability
 - 2) analysis of the company's operation capability
 - 3) analysis of the company's solvency capability
 - 4) analysis of the company's development capability
- (3) analysis of status quo of operation of the company's interior design business
- (4) market expansion strategy of the company's interior design business
- (5) analysis of the company's development strategy and advantages and disadvantages

8.1.3 Shenzhen Guangtian Decoration Group Co., Ltd.

- (1) overview of the company's development and analysis of its main business fields
- (2) analysis of the company's four operation capabilities
 - 1) analysis of the company's profitability capability

- 2) analysis of the company's operation capability
- 3) analysis of the company's solvency capability
- 4) analysis of the company's development capability
- (3) analysis of status quo of operation of the company's interior design business
- (4) market expansion strategy of the company's interior design business
- (5) analysis of the company's development strategy and advantages and disadvantages

8.1.4 Zhejiang Yasha Decoration Co., Ltd.

- (1) overview of the company's development and analysis of its main business fields
- (2) analysis of the company's four operation capabilities
 - 1) analysis of the company's profitability capability
 - 2) analysis of the company's operation capability
 - 3) analysis of the company's solvency capability
 - 4) analysis of the company's development capability
- (3) analysis of status quo of operation of the company's interior design business
- (4) market expansion strategy of the company's interior design business
- (5) analysis of the company's development strategy and advantages and disadvantages

8.2 operation of leading interior design enterprises and market strategy

8.2.1 Beijing Kuoda Building Decoration Engineering Co., Ltd.

- (1) overview of the company's development and analysis of its main business fields
- (2) analysis of status quo of operation of the company's interior design business
- (3) market expansion strategy of the company's interior design business
- (4) advantages and disadvantages of the company's development and latest development trend

8.2.2 Beijing Yenova Decoration Co., Ltd.

- (1) overview of the company's development and analysis of its main business fields
- (2) analysis of status quo of operation of the company's interior design business
- (3) market expansion strategy of the company's interior design business
- (4) advantages and disadvantages of the company's development and latest development trend

8.2.3 Guangdong Xingyi Decoration Co., Ltd.

- (1) overview of the company's development and analysis of its main business fields
- (2) analysis of status quo of operation of the company's interior design business
- (3) market expansion strategy of the company's interior design business
- (4) advantages and disadvantages of the company's development and latest development trend

8.2.4 Dalian V2 Architectural Decoration Engineering Co., Ltd.

- (1) overview of the company's development and analysis of its main business fields
- (2) analysis of status quo of operation of the company's interior design business
- (3) market expansion strategy of the company's interior design business
- (4) advantages and disadvantages of the company's development and latest development trend

8.2.5 Dalian Xincheng Decoration Co., Ltd.

- (1) overview of the company's development and analysis of its main business fields
- (2) analysis of status quo of operation of the company's interior design business
- (3) market expansion strategy of the company's interior design business
- (4) advantages and disadvantages of the company's development and latest development trend

there are another 23 enterprises

Chapter 9: Development trends and investment strategic planning of China's interior design industry

9.1 analysis of entry and exit barriers of interior design industry

- 9.1.1 analysis of entry barriers of interior design industry
- 9.1.2 analysis of development barriers of interior design industry
- 9.1.3 analysis of exit barriers of interior design industry

9.2 risks of investment of interior design industry and countermeasures

- 9.2.1 analysis of major risks of investment of interior design industry
- 9.2.2 major suggestions for investment of interior design industry

9.3 development trends of interior design industry and forecast

- 9.3.1 forecast of market scale of interior design industry
- 9.3.2 forecast of market gap of interior design industry
- 9.3.3 forecast of scale of interior design market in key cities
- 9.3.4 forecast of overseas M & A of interior design companies
