China Special Electronic Equipment manufacturing Industry Report (2016-2021), Investment Forecast and Demands of Production and Sales

目 录

CONTENTS

Chapter 1: Summary of electronic equipment manufacturing industry
1.1 definition and classification of the industry
1.1.1 definition of the industry
1.1.2 main categories of the industry
1.2 analysis of electronic information industry
1.2.1 market scale of the industry
1.2.2 operating efficiency of the industry
1.2.3 fixed asset investment
1.2.4 development trends of the industry
1.3 analysis of policy environment of the industry
1.3.1 management system of the industry
(1) departments in charge of the industry
(2) regulatory regime of the industry
1.3.2 major policies of the industry
1.3.3 development planning of the industry
1.4 analysis of economic environment of the industry
1.4.1 analysis of the international economic environment
(1) status quo of the international economy
(2) forecast of the international economy
1.4.2 analysis of the domestic economic environment
(1) status quo of the domestic economy
(2) forecast of the domestic economy
1.5 analysis of technical environment of the industry
1.5.1 technical level of the industry
1.5.2 technical progress of the industry
1.5.3 trends of industry technology
Chapter 2: Analysis of operation of electronic equipment manufacturing industry
2.1 overall situation of development of the industry
2.1.1 overall situation of development of the industry
2.1.2 localization of industry products
2.1.3 analysis of characteristics of development of the industry
2.2 analysis of operation of the industry
2.2.1 analysis of operation benefit of the industry
2.2.2 analysis of profitability capability of the industry
2.2.3 analysis of operation capability of the industry
2.2.4 analysis of solvency capability of the industry
2.2.5 analysis of development capability of the industry
2.3 analysis of supply and demand of the industry
2.3.1 analysis of overall supply of the industry
(1) analysis of total output value of the industry
(2) analysis of finished products of the industry
2.3.2 analysis of supply in various regions
(1) top 10 regions ranking in total output value
(2) top 10 regions ranking in finished products
2.3.3 analysis of overall demand of the industry
(1) analysis of sales value of the industry
(2) analysis of sales revenue of the industry

2.3.4 analysis of demand in various regions
(1) top 10 regions ranking in total sales value
(2) top 10 regions ranking in total sales revenue
2.3.5 analysis of sales-output ratio of the industry
2.4 analysis of operation of the industry
2.4.1 analysis of scale of the industry
2.4.2 analysis of capital / labor intensity of the industry
2.4.3 analysis of sales-output ratio of the industry
(1) analysis of cost structure of the industry
(2) analysis of gains and losses of the industry
Chapter 3: Analysis of competition of electronic equipment manufacturing industry
3.1 analysis of competition of the international market
3.1.1 status quo of development of the international market
3.1.2 competitive landscape of the international market
3.1.3 development trends of the international market
3.2 analysis of competition of multinational companies in China
3.2.1 Tokyo Electron Limited
3.2.2 Japan Anneihua Ltd.
3.2.3 Germany Schmidt Brothers Ltd.
3.2.4 Japan ESPEC Corporation
3.2.5 Hong Kong Putuoda Information Communication Co., Ltd.
3.2.6 APIC YAMADA
3.2.7 Applied Materials, Inc.
3.2.8 TOKYO ELECTRON LIMITED
3.3 analysis of competition of the domestic market
3.3.1 analysis of five-force model of the industry
(1) internal competitive landscape of the industry
(2) bargaining power of the upstream of the industry
(3) bargaining power of the downstream of the industry
(4) threat of potential entrants to the industry
(5) threat of substitute products of the industry
3.3.2 analysis of M & A and restructuring of the industry
(1) M & A trends of the industry
(2) characteristics of M & A and restructuring of the industry
(3) trends of M & A and restructuring of the industry
Chapter 4: Status quo of development and trends of semiconductor equipment manufacturing industry
4.1 status quo of development of semiconductor equipment manufacturing industry
4.1.1 overview of semiconductor equipment industry
4.1.2 market scale of semiconductor equipment
4.1.3 innovation products of semiconductor equipment
4.1.4 situation of import of semiconductor equipment
4.2 analysis of subdivided semiconductor equipment market
4.2.1 analysis of integrated circuit device market
(1) status quo of development of integrated circuit industry
1) manufacturing of integrated circuit
2) packaging of integrated circuit
(2) production technology of integrated circuit and equipment
(3) analysis of supply and demand of integrated circuit device
1) scale of the world's demand for integrated circuit devices
2) scale of China's demand for integrated circuit devices
3) supply of China's integrated circuit devices
(4) competitive landscape of integrated circuit device market
(5) development trends of integrated circuit device industry
1) development trends of industry technology
2) change trends of industry market
3) forecast of development prospects of the industry
4.2.2 analysis of LED manufacturing equipment market
(1) status quo of development and trends of LED industry

1) status quo and trends of the global LED industry
2) status quo and trends of China's LED industry
3) expenditures of LED manufacturers in equipment
(2) analysis of LED manufacturing equipment and process
1) upstream wafer production equipment
2) major equipment of midstream chip manufacturing
3) major equipment of downstream packaging manufacturing
(3) analysis of status quo of LED manufacturing equipment market
1) overview of LED manufacturing equipment market
2) localization of LED manufacturing equipment
3) technology progress of LED manufacturing equipment market
4) pattern of LED manufacturing equipment market
(4) analysis of subdivided markets of LED manufacturing equipment
1) wafer production equipment
2) LED chip manufacturing equipment
3) LED packaging equipment
(5) development trends of LED manufacturing equipment and recommendations
1) development trends of LED manufacturing equipment
2) recommendations for development of LED manufacturing equipment
4.2.3 analysis of power semiconductor equipment market
(1) status quo and trends of power semiconductor industry
1) overview of power semiconductor industry
2) scale of development of the global power semiconductors
3) scale of development of China's power semiconductors
4) development trends of power semiconductor industry
(2) analysis of power semiconductor device market
1) overview of power semiconductor device market
2) pattern of power semiconductor device market
3) trends of power semiconductor device market
4.3 analysis of development trends of semiconductor equipment manufacturing industry
Chapter 5: Status quo and trends of solar cell equipment manufacturing industry
5.1 analysis of development of domestic and foreign photovoltaic industry
5.1.1 state quo of development of the global PV industry
(1) incentives of the global PV industry
(2) installed capacity of the global PV industry
(3) development trends of the global PV industry
5.1.2 analysis of development of China's PV industry
(1) policy and planning of China's PV industry
(2) installed capacity of of China's PV industry
(3) analysis of development bottleneck of photovoltaic industry
(4) forecast of development prospects of PV industry
5.2 analysis of development of solar cell at home and abroad
5.2.1 overview of solar cell industry chain
5.2.2 analysis of development of the global solar cell
(1) global polysilicon supply and demand
(2) global solar cell output
(3) structure of global solar cell
(4) development of the global solar cell
5.2.3 analysis of development of China's solar cell
(1) China's polysilicon supply and demand
(2) China's solar cell output
(3) structure of China's solar cell
1) output of crystalline silicon cell
2) production capacity of thin-film cell
(4) development trends of China's solar cell
5.3 overview of solar cell technology and equipment
5.3.1 solar cell manufacturing process
5.3.2 solar cell manufacturing equipment
(1) crystalline silicon growth furnace

(2) ingot furnace
(3) silicon ingot cutting machine
(4) etching machine
(5) wafer cleaning machine
(6) other equipment
5.4 status quo of development of solar cell equipment industry
5.4.1 the global solar cell equipment market
(1) overview of development of solar cell equipment
(2) orders of solar cell equipment
(3) pattern of solar cell equipment market
(4) trends of solar cell equipment market
5.4.2 China's solar cell equipment market
(1) overview of solar cell equipment market
(2) scale of solar cell equipment market
1) total scale of solar cell equipment
2) scale of solar grade silicon crystal growth equipment
3) scale of crystalline silicon solar cell chip manufacturing equipment
4) production capacity of thin film solar cell production equipment
(3) localization of solar cell equipment
(4) pattern of solar cell equipment market
(5) technical level of solar cell equipment
5.5 forecast of development prospects of solar cell equipment industry
5.5.1 forecast of the global solar cell equipment market
5.5.2 forecast of China's solar cell equipment market
Chapter 6: Status quo and trends of electronic vacuum devices and special equipment industry
6.1 overall situation of electronic vacuum devices and special equipment
6.1.1 analysis of development of electronic vacuum device industry
(1) scale of development of electronic vacuum device industry
(2) supply and demand of electronic vacuum device industry
(3) operation of electronic vacuum device industry
6.1.2 situation of electronic vacuum special equipment market
6.1.3 pattern of electronic vacuum special equipment market
6.2 analysis of subdivided electronic vacuum special equipment markets
6.2.1 analysis of valve production equipment market
(1) analysis of development of valve industry
(2) situation of valve production equipment market
(3) major manufacturers of valve production equipment
(4) trends of valve production equipment market
6.2.2 analysis of electric light production equipment market
(1) analysis of development of electric light industry
(2) situation of electric light production equipment market
(3) major manufacturers of electric light production equipment
(4) trends of electric light production equipment market
6.2.3 analysis of market of flat panel display production equipment
(1) analysis of LCD production equipment market
1) sales and output of LCD
2) main LCD production equipment
3) situation of LCD production equipment market
(2) analysis of PDP production equipment market
1) sales and output of PDP
2) main PDP production equipment
3) situation of PDP production equipment market
(3) analysis of VFD production equipment market
1) sales and output of VFD
2) main VFD production equipment
3) situation of VFD production equipment market
6.2.4 analysis of CRT production equipment market
(1) analysis of development of CRT industry

(2) situation of CRT production equipment market
(3) trends of CRT production equipment market
6.2.5 analysis of other electronic vacuum special equipment markets
6.3 analysis of development trends of electronic vacuum special equipment markets
Chapter 7: Status quo of development and trends of electronic components equipment industry
7.1 overall situation of electronic components equipment
7.1.1 analysis of development of electronic components equipment industry
(1) scale of development of electronic components equipment industry
(2) supply and demand of electronic components equipment industry
(3) operation of electronic components equipment industry
7.1.2 situation of electronic components equipment market
7.1.3 pattern of electronic components equipment market
7.1.4 technical progress of electronic components equipment market
7.2 analysis of main product markets of electronic components equipment
7.2.1 analysis of PCB production equipment market
(1) analysis of status quo of development of PCB industry
1) status quo and trends of the global PCB industry
2) status quo and trends of China's PCB industry
(2) overview of PCB production equipment market
(3) scale of PCB production equipment market
(4) subdivided PCB production equipment markets
1) PCB testing equipment market
2) PCB shape processing equipment market
(5) pattern of PCB production equipment market
(6) forecast of PCB production equipment
1) forecast of development of the global market
2) forecast of development of China's market
3) forecast of subdivided product markets
7.2.2 analysis of magnetic materials production equipment market
(1) analysis of status quo of development of magnetic materials industry
1) the global supply and demand of magnetic materials
2) China's supply and demand of magnetic materials
(2) situation of magnetic materials production equipment market
(3) major manufacturers of magnetic materials production equipment
(4) trends of magnetic materials production equipment market
7.2.3 analysis of green battery production equipment market
(1) analysis of lithium battery production equipment market
1) production of lithium battery
2) production technology of lithium battery and equipment
3) status quo of lithium battery production equipment market
4) forecast of lithium battery production equipment market
(2) analysis of NiMH battery production equipment market
1) production of NiMH battery
2) production technology of NiMH battery and equipment
3) status quo of NiMH battery production equipment market
4) forecast of NiMH battery production equipment market
(3) analysis of fuel cell production equipment market
1) production of fuel cell
2) production technology of fuel cell and equipment
3) status quo of fuel cell production equipment market
4) forecast of fuel cell production equipment market
(4) analysis of other green battery production equipment markets
7.2.4 analysis of other electronic components equipment markets
(1) high-performance drive permanent magnet synchronous motor
(2) ultra-thin film power metalized capacitor
7.3 analysis of development trends of electronic components equipment market
Chapter 8: Status quo and trends of electronic machine assembly equipment manufacturing industry

8.1 status quo of development of electronic machine assembly equipment industry
8.1.1 overview of electronic machine assembly technology
(1) status of electronic assembly technology
(2) main ways of electronic assembly
(3) trends of electronic assembly technology
8.1.2 overview of electronic machine assembly equipment market
8.1.3 pattern of electronic machine assembly equipment market
8.2 status quo of development and trends of SMT equipment industry
8.2.1 analysis of industry demand for surface mount
(1) analysis of status quo of application of surface mount
(2) status quo of development and trends of mobile phone market
1) total mobile phone shipments
2) smartphone shipments
(3) status quo and trends of digital camera market
1) global digital camera output
2) China's digital camera output
(4) status quo and trends of computer industry
1) computer output
2) output of desktop computers
3) output of notebook computers
4) tablet output
8.2.2 status quo of SMT equipment manufacturing industry
(1) overview of surface mount technology and equipment
1) development of SMT production line
2) development of SMT equipment
3) development of SMT components
4) development of SMT process materials
(2) overview of surface mount equipment market
(3) scale of surface mount equipment market
(4) pattern of surface mount equipment market
8.2.3 status quo of and trends of automatic placement machine market
(1) overview of development of automatic placement machine
(2) import of automatic placement machine
1) import amount of automatic placement machine
2) import value of automatic placement machine
3) import price of automatic placement machine
4) import source of automatic placement machine
5) import region of automatic placement machine
(3) localization of automatic placement machine
(4) forecast of automatic placement machine market
8.2.4 forecast of SMT equipment manufacturing industry
8.3 analysis of other machine assembly equipment markets
8.3.1 analysis of automatic insertion machine market
8.3.2 analysis of assembly line market
8.3.3 overview of welding equipment market
Chapter 9: Analysis of development of other electronic equipment manufacturing industries
9.1 analysis of purification equipment manufacturing industry
9.1.1 overview of purification equipment
9.1.2 overview of purification equipment market
9.1.3 major purification equipment manufacturers
9.1.4 development trends of purification equipment industry
9.2 analysis of test equipment manufacturing industry
9.2.1 overview of test equipment
9.2.2 overview of test equipment market
9.2.3 major test equipment manufacturers
9.2.4 development trends of test equipment industry
9.3 analysis of electronic general equipment manufacturing industry
9.3.1 overview of electronic general equipment
9.3.2 overview of test equipment market

(1) vacuum equipment
(2) ultrasonic equipment
(3) precision welding equipment
(4) drying equipment
(5) other equipment
9.3.3 development trends of test equipment industry
Chapter 10: Analysis of operation of major electronic equipment manufacturers
10.1 overall development of electronic equipment manufacturers
10.2 analysis of operation of major electronic equipment manufacturers
10.2.1 No.48 Research Institute of China Electronics Technology Group Corporation
(1) overview of the institution's development
(2) the institution's products and services
(3) the institution's R&D strength
(4) the institution's sales channels and network
(5) analysis of the institution's operation
(6) analysis of advantages and disadvantages of the institution's operation
(7) the institution's investment, mergers and acquisitions
(8) analysis of the institution's latest development trend
10.2.2 Jiangsu Sujing Group Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) analysis of capabilities of production and marketing
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.3 Beijing Sevenstar Electronics Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) major economic indicators
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of the company's operation mode
(7) analysis of advantages and disadvantages of the company's operation
(8) analysis of the company's latest development trend
(9) the company's investment, mergers and acquisitions
10.2.4 Jiangsu Huasheng Tianlong Photoelectric Equipment Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) major economic indicators
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation

(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.5 Beijing Jingyi Century Electronics Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) analysis of capabilities of production and marketing
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.6 Granda Technology (Shenzhen) Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.7 Beijing Jingyuntong Technology Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.8 No.45 Research Institute of China Electronics Technology Group Corporation
(1) brief introduction of the institution's development
(2) the institution's business scope and technology
(3) the institution's R&D strength
(4) the institution's sales channels and network
(5) analysis of the institution's operation
(6) analysis of advantages and disadvantages of the institution's operation
(7) the institution's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.9 Xi'an Polytechnic Crystal Technology Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) analysis of capabilities of production and marketing
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.10 Northwest Machine Co., Ltd.
(1) brief introduction of the company's development

(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) analysis of capabilities of production and marketing
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend

10.2.11 Qingdao Sairuida Equipment Manufacturing Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend

10.2.12 China Electronics Technology Group Corporation Institute
(1) brief introduction of the institution's development
(2) the institution's business scope and technology
(3) the institution's R&D strength
(4) the institution's sales channels and network
(5) analysis of the institution's operation
(6) analysis of advantages and disadvantages of the institution's operation
(7) the institution's investment, mergers and acquisitions
(8) analysis of the institution's latest development trend

10.2.13 Zhejiang Jinggong Technology Corporation
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) major economic indicators
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend

10.2.14 Lanzhou Rapid Industrial Group Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend

10.2.15 Shanghai Huisheng Electronic Machinery Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation

1) analysis of capabilities of production and marketing
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend

10.2.16 Chinese Academy of Science
(1) Photoelectric Institute of Chinese Academy of Science
1) brief introduction of the institution's development
2) the institution's R&D outcomes
3) analysis of scale of the institution's development
4) analysis of the institution's latest development trend
(2) Microelectronics Institute of Chinese Academy of Science
1) brief introduction of the institution's development
2) the institution's R&D outcomes
3) analysis of scale of the institution's development
4) analysis of the institution's latest development trend
5) analysis of the company's latest development trend

10.2.17 Beijing North Microelectronics Technology Research Center Base LLC
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend

10.2.18 Shanghai Microelectronics Equipment Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend

10.2.19 Xunde Machinery (Shenzhen) Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) analysis of capabilities of production and marketing
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend

10.2.20 Wuxi Huajing Electronics Equipment Manufacturing Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
(6) analysis of advantages and disadvantages of the company's operation

(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.21 Shenzhen Han's Laser Technology Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) major economic indicators
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.22 Beijing Beiyi Innovation Vacuum Technology Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) analysis of capabilities of production and marketing
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.23 Nitto Electronics Development (Shenzhen) Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) analysis of capabilities of production and marketing
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.24 Beijing Jinglianfa CNC Technology Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) major economic indicators
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.25 Shenzhen Tuopuda Information Co., Ltd.

(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology

(5) analysis of the company's operation
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend

10.2.26 Shanghai Xirui Electronic Equipment Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) analysis of the institution's operation
(5) analysis of the company's operation
(6) analysis of the company's operation mode
(7) the company's investment, mergers and acquisitions
(8) the company's investment, mergers and acquisitions
(9) the institution's latest development trend

10.2.27 Changzhou Quick Electronic Equipment Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) analysis of the institution's operation
(5) analysis of the company's operation
(6) analysis of the company's operation mode
(7) the company's investment, mergers and acquisitions
(8) the company's investment, mergers and acquisitions
(9) analysis of the institution's latest development trend

10.2.28 Sichuan Danfu Refrigeration Compressor Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) major economic indicators
2) analysis of profitability capability
3) analysis of operation capability

4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend

10.2.34 Dongguan Folungwin Automation Equipment Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) analysis of capabilities of production and marketing
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability

(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.35 Chengdu Nanguang Machinery Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
1) analysis of capabilities of production and marketing
2) analysis of profitability capability
3) analysis of operation capability
4) analysis of solvency capability
5) analysis of development capability
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
10.2.36 Wuxi Ang Yida Machinery Co., Ltd.
(1) brief introduction of the company's development
(2) analysis of the company's business scope and technology
(3) the company's R&D strength
(4) the company's sales channels and network
(5) analysis of the company's operation
(6) analysis of advantages and disadvantages of the company's operation
(7) the company's investment, mergers and acquisitions
(8) analysis of the company's latest development trend
Chapter 11: Development trends of electronic equipment manufacturing industry and investment advice
11.1 development trends and forecast of the industry
11.1.1 existing main problems of the industry
11.1.2 analysis of development trends of the industry
11.1.3 forecast of development prospects of the industry
(1) development drivers of the industry
(2) forecast of market scale of the industry
11.2 analysis of status quo of investment of the industry
11.2.1 total investment of the industry
11.2.2 new fixed assets of the industry
11.2.3 latest investment trends of the industry
11.3 early warning for investment risks of the industry
11.3.1 risk of replacement of electronic products
11.3.2 risk of cycle fluctuation of the industry
11.3.3 risk of increasing competition of the industry
11.3.4 technical risk facing the industry
11.3.5 risk of limitations of foreign export policy
11.3.6 risk of human resources facing the industry
11.4 opportunities of investment of the industry and recommendations
11.4.1 analysis of investment opportunities of the industry
11.4.2 major investment advice for the industry
