

China Engineering Blasting Industry Indepth Research and Investment Strategy Report, 2013–2017

目 录

CONTENTS

Chapter 1: Development Overview of China Engineering Blasting Industry

- 1.1 Definition of Engineering Blasting Industry**
 - 1.1.1 Definition and Role of the Industry
 - 1.1.2 Classification of Engineering Blasting Business
 - (1) Underground Blasting
 - (2) Surface Blasting
 - (3) Pre-splitting Blasting
 - (4) Pothole Blasting
- 1.2 Development Process of Engineering Blasting Industry**
 - 1.2.1 Review of Industry Development Process
 - 1.2.2 National Economic Position of the Industry
- 1.3 Entry Barriers of Engineering Blasting Industry**
 - 1.3.1 Barrier of Business Qualification
 - 1.3.2 Barrier of Capital Strength
 - 1.3.3 Barrier of HR
 - 1.3.4 Barrier of Technological Capability
- 1.4 Market Status of Engineering Blasting Industry**
 - 1.4.1 Development Status of Engineering Blasting Industry
 - 1.4.2 Bidding Analysis of Engineering Blasting Industry
 - 1.4.3 Existing Problems of Engineering Blasting Industry
- 1.5 New Concept of Engineering Blasting Industry**
 - 1.5.1 Concept of Fine Blasting
 - 1.5.2 Technological System of Fine Blasting
 - (1) Target of Fine Blasting
 - (2) Core Technology of Fine Blasting
 - (3) Technology Supporting Condition to Realize Fine Blasting
 - (4) Comprehensive Evaluation System and Supervision System
 - 1.5.3 Feasibility of Fine Blasting

Chapter 2: External Development Environment of Engineering Blasting Industry

- 2.1 Economic Environment of Engineering Blasting Industry**
 - 2.1.1 Relationship between the Industry and Economic Development
 - 2.1.2 Operational Track of China's GDP
 - 2.1.3 Changing Track of Fixed Investment
 - 2.1.4 Forecast of China's Macro Economic Development
- 2.2 Policy Environment of Engineering Blasting Industry**
 - 2.2.1 Interpretation of China's "Twelfth Five Years" Plan
 - (1) Interpretation of Relevant Content of "Twelfth Five Years" Plan
 - (2) Influence of "Twelfth Five Years" Plan to the Industry
 - 2.2.2 Interpretation of the West Development Strategy in.....2010
 - (1) Investment Scale of West Development Strategy
 - (2) Projects and Engineering relate to West Development Strategy
 - 2.2.3 Major Laws, Regulations and Policy of the Industry
 - (1) Regulation on Safe Blasting
 - (2) Regulation on the Management of Safe Civil Blasting Material
 - (3) Security Act on Mines
 - (4) Technical Regulation on Water and Hydroelectric Engineering Blasting
- 2.3 Technology Environment of Engineering Blasting Industry**
 - 2.3.1 Application of Computer in the Industry
 - 2.3.2 Analysis of Typical Blasting Design Expert Systems

Chapter 3: Technology Design and Application Trend of Engineering Blasting Industry

3.1 Analysis of International Advanced Blasting Design and Construction Technology

3.2 Technology Design and Application Condition of Domestic Engineering Blasting

3.2.1 Design and Application Condition of Surface Blasting Technology

- (1) Surface Footstep Blasting
- (2) Slope Controlled Blasting
- (3) Chamber Blasting

3.2.2 Technology Design and Application Condition of Underground Blasting

- (1) Drivage Blasting
- (2) Tunnel Blasting
- (3) Underground Mining Blasting
- (4) Underground Coal Mine Blasting
- (5) Radioactive Mineral Deposit Mining Blasting
- (6) High-temperature Vulcanizing Mine Blasting

3.2.3 Technology Design and Application Condition of Underwater Blasting

- (1) Underwater Drill Blasting
- (2) Underwater Chamber Blasting
- (3) Underwater Structures Dismantling Blasting

3.2.4 Technology Design and Application Condition of Dismantling Blasting

- (1) Principle, Classification and Characteristics of Dismantling Blasting
- (2) Technology Design of Dismantling Blasting

3.2.5 Technology Design and Application Condition of Special Blasting

3.2.6 Technology Design and Application Condition of Blasting Safety and Test

Chapter 4: Selection of Engineering Blasting Equipment and Construction Machine

4.1 Major Products of Blasting Equipments

4.1.1 Major Characteristics of Product Structure

- (1) Characteristics of Product Structure
- (2) Development Overview of Product Market

4.1.2 Analysis of Major Product Markets

- (1) Analysis of Commercial Explosive Market
- (2) Analysis of Industrial Detonator Market
- (3) Industrial Cord-type Explosive Device Market
- (4) Analysis of Oil-gas-well-oriented Blasting Equipment Market
- (5) Analysis of Seismic Prospecting Blasting Equipment Market
- (6) Analysis of Special Blasting Equipment Market
- (7) Analysis of other Blasting Equipments Market

4.1.3 Development Direction of Major Products

4.1.4 Gap of Major Product Technology at Home and Abroad

- (1) Gap of Major Product Technology at Home and Abroad
- (2) Causes of the Gap

4.1.5 Development Trend of Major Product and New Technology

4.2 Analysis of Engineering Blasting Construction Machine

4.2.1 Selection of Drill Machine Equipment

- (1) Classification of Drill Machine Equipment
- (2) Major Characteristics and Application Range of General Drill Machines
 - 1) Major Characteristics and Application Range of Jackdrill
 - 2) Major Characteristics and Application Range of Rock Drilling Vehicle
 - 3) Major Characteristics and Application Range of Down-the-hole Drill
 - 4) Major Characteristics and Application Range of Rotary Drill
- (3) Environmental Measures of Drill Machines during Construction

4.2.2 Selection of Air Compressor

- (1) Overview of Air Compressor
- (2) Selection Principle of Air Compressor

4.2.3 Supporting Selection of Rock Engineering Machinery

- (1) Model-selection and Supporting Principle of Rock Engineering Machinery
- (2) Model-selection and Supporting Method of Rock Engineering Machinery
- (3) Supporting Examples of Rock Engineering Machinery
 - 1) Supporting Rock Engineering Machinery to General Mine
 - 2) Supporting Machinery to Surface Metal Mine

- 3) Supporting Machinery to Surface Nonferrous Mine
- 4) Supporting Machinery to Surface Coal Mine
- 4.2.4 Selection of On-site Charge Machine
 - (1) Overview and Classification of On-site Charge Machine
 - (2) Analysis of Surface Blasting Charge Machine
 - 1) On-site Mixed ANFO Vehicle
 - 2) On-site Mixed Granular ANFO Vehicle
 - 3) On-site Mixed Emulsion Explosive Vehicle
 - (3) Analysis of Underground Blasting Charge Machine
 - (4) Analysis of Ground Station

Chapter 5: Market Competitive Landscape and Competitiveness of Engineering Blasting Industry

5.1 Competitive Landscape of Engineering Blasting Industry

- 5.1.1 Competitive Landscape of Engineering Blasting Industry
- 5.1.2 Market Concentration Ratio of Engineering Blasting Industry
- 5.1.3 Competitive Strategy of Engineering Blasting Industry

5.2 Core Competitiveness of Engineering Blasting Industry

- 5.2.1 Profit Factors of Engineering Blasting Industry
- 5.2.2 Profit Model of Engineering Blasting Industry
- 5.2.3 Core Competitiveness of Engineering Blasting Enterprises
 - (1) Core Factors for Engineering Blasting Enterprises to Success
 - (2) Core Competitiveness of Engineering Blasting Enterprises

Chapter 6: Management of Major Engineering Blasting Enterprises

6.1 Overall Operation of Engineering Blasting Enterprises

6.2 Management of Major Engineering Blasting Enterprises

- 6.2.1 Management Analysis of Guangdong Hongda Blasting Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise Management Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 6.2.2 Management Analysis of Guangdong Zhongren Enterprise (Group) Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise Management Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 6.2.3 Management Analysis of Gezhouba Explosive Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise's Core Technology
 - (6) Analysis of Enterprise Management Advantages and Disadvantages
 - (7) Analysis of Enterprise Latest Development Trend
- 6.2.4 Management Analysis of Hunan Nanling Civilian Blasting Equipment Inc.
 - (1) Brief Analysis of Enterprise Development
 - (2) Analysis of Major Economic Index
 - (3) Analysis of Enterprise Profitability
 - (4) Analysis of Enterprise Operational Capability
 - (5) Analysis of Enterprise Debt-paying Ability
 - (6) Analysis of Enterprise Development Capability
 - (7) Enterprise Product Structure and New Product Trend
 - (8) Analysis of Enterprise Marketing Channels and Networks
 - (9) Analysis of Enterprise's Equity Structure
 - (10) Analysis of Enterprise Management Advantages and Disadvantages
 - (11) Analysis of Enterprise Investment, Merger and Reconstruction

- (12) Analysis of Enterprise Latest Development Trend
- 6.2.5 Management Analysis of Sichuan Yahua Industrial Group Co., Ltd.
 - (1) Brief Analysis of Enterprise Development
 - (2) Analysis of Major Economic Index
 - (3) Analysis of Enterprise Profitability
 - (4) Analysis of Enterprise Operational Capability
 - (5) Analysis of Enterprise Debt-paying Ability
 - (6) Analysis of Enterprise Development Capability
 - (7) Analysis of Enterprise Organization Structure
 - (8) Enterprise Product Structure and New Product Trend
 - (9) Analysis of Enterprise Marketing Channels and Networks
 - (10) Analysis of Enterprise Management Advantages and Disadvantages
 - (11) Analysis of Enterprise Latest Development Trend
- 6.2.6 Management Analysis of Wuhan Blasting Engineering Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise Management Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 6.2.7 Management Analysis of Xiamen Engineering Blast Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise Management Advantages and Disadvantages
- 6.2.8 Management Analysis of Unitec International (Sichuan) Pte. Co., Ltd.
 - (1) Brief Analysis of Enterprise Development
 - (2) Analysis of Enterprise's Management
 - (3) Analysis of Enterprise Organization Structure
 - (4) Analysis of Enterprise's Equity Structure
 - (5) Introduction of Enterprise's Qualification
 - (6) Introduction of Enterprise's Engineering Achievement
 - (7) Analysis of Enterprise Management Advantages and Disadvantages
 - (8) Analysis of Enterprise Latest Development Trend
- 6.2.9 Management Analysis of Baotou Hongda Blasting Engineering Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise Management Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 6.2.10 Management Analysis of Dalian Kaisheng Blasting and Removal Engineering Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise Management Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 6.2.11 Management Analysis of Guizhou Jiulian Industrial Explosive Materials Development Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise Management Advantages and Disadvantages
 - (6) Analysis of Enterprise Latest Development Trend
- 6.2.12 Management Analysis of Anhui DunAn Explosive Materials Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise Organization Structure

- (3) Analysis of Enterprise Marketing Channels and Networks
- (4) Analysis of Enterprise Management Advantages and Disadvantages
- (5) Analysis of Enterprise Latest Development Trend
- 6.2.13 Management Analysis of Yantai Sanshan Blasting Engineering Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise Management Advantages and Disadvantages
- 6.2.14 Management Analysis of Henan Modern Explosive Technology Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise Management Advantages and Disadvantages
- 6.2.15 Management Analysis of Henan Xunda Blasting Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Analysis of Enterprise Organization Structure
 - (4) Introduction of Enterprise's Qualification
 - (5) Introduction of Enterprise's Engineering Achievement
 - (6) Analysis of Enterprise Management Advantages and Disadvantages
 - (7) Analysis of Enterprise Latest Development Trend
- 6.2.16 Management Analysis of Henan Wanshun Blasting Project Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Analysis of Enterprise Organization Structure
 - (4) Introduction of Enterprise's Qualification
 - (5) Introduction of Enterprise's Engineering Achievement
 - (6) Analysis of Enterprise Management Advantages and Disadvantages
- 6.2.17 Management Analysis of Zhejiang Zhenchong Geotechnical Engineering CO., LTD.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Qualification
 - (4) Introduction of Enterprise's Engineering Achievement
 - (5) Analysis of Enterprise Management Advantages and Disadvantages
- 6.2.18 Management Analysis of Zhejiang Gongtie Blasting Engineering Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Analysis of Enterprise Organization Structure
 - (4) Introduction of Enterprise's Qualification
 - (5) Introduction of Enterprise's Engineering Achievement
 - (6) Analysis of Enterprise Management Advantages and Disadvantages
- 6.2.19 Management Analysis of Shenzhen Huaxi Engineering Explosive Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Introduction of Enterprise's Engineering Achievement
 - (4) Analysis of Enterprise Management Advantages and Disadvantages
- 6.2.20 Management Analysis of Shenzhen Antuoshan Investment Development Co., Ltd.
 - (1) Analysis of Enterprise's Development Scale
 - (2) Analysis of Enterprise's Major Business
 - (3) Analysis of Enterprise Organization Structure
 - (4) Analysis of Enterprise Organization Structure
 - (5) Analysis of Enterprise Management Advantages and Disadvantages

Chapter 7: Investment Opportunities of Engineering Blasting Market Segmentation

7.1 Investment Opportunities of Mining Engineering Blasting Market

- 7.1.1 Status and Trend of China Mineral Resource
 - (1) Exploration and Development Condition of Mineral Resource
 - (2) Basic Condition of Mineral Resource Guarantee Degree

- (3) Exploration and Development Challenge of Mineral Resource
- 7.1.2 Characteristics of Mining Engineering Blasting
- 7.1.3 Prospects of Mining Engineering Blasting Market
- 7.1.4 Investment Opportunities of Mining Engineering Blasting Market
- 7.2 Investment Opportunities of Water and Hydroelectric Engineering Blasting Market**
 - 7.2.1 Development Status of Water and Hydroelectric Industry
 - 7.2.2 Investment Completion of Water and Hydroelectric Industry
 - (1) Investment Completion of Water and Hydroelectric Industry in.....2010
 - (2) Forecast of Investment Completion of the “Twelfth Five Years” Plan for Water and Hydroelectric Construction
 - 7.2.3 Plan of Water and Hydroelectric Engineering Construction
 - 7.2.4 Characteristics of Water and Hydroelectric Engineering Blasting
 - 7.2.5 Prospects of Water and Hydroelectric Engineering Blasting Market
 - 7.2.6 Investment Opportunities of Water and Hydroelectric Engineering Blasting Market
- 7.3 Investment Opportunities of Road, Bridge and Railway Engineering Blasting Market**
 - 7.3.1 Investment Opportunities of Road and Bridge Engineering Blasting Market
 - (1) Development and Investment of Highway Engineering
 - 1) Investment of New Projects
 - 2) Investment of Bidding Projects
 - (2) Design of Bridge Dismantling Blasting Engineering
 - 1) Arch Bridge Dismantling Blasting
 - 2) Bridge Dismantling Blasting
 - 3) Cable-stayed Bridge and Suspension Bridge Dismantling Blasting
 - (3) Prospects of Road and Bridge Engineering Blasting Market
 - 7.3.2 Investment Opportunities of Railway Engineering Blasting Market
 - (1) Development and Investment of Railway Engineering
 - 1) Investment of New Projects
 - 2) Investment of Bidding Projects
 - (2) Characteristics of Railway Engineering Controlled Blasting
 - (3) Considered Factors of Controlled Blasting Construction
 - (4) Prospects of Railway Engineering Blasting Market
 - 7.3.3 Investment Opportunities of Road, Bridge and Railway Engineering Blasting Market
- 7.4 Investment Opportunities of City Dismantling Blasting Market**
 - 7.4.1 Analysis of China's Urbanization
 - (1) Status of China's Urbanization
 - (2) Opportunities Bring along with Urbanization Strategy
 - 7.4.2 Reconstruction Engineering of Rural Dangerous Building
 - 7.4.3 Urban Stone Blasting Engineering
 - (1) Characteristics and Requirements of Urban Stone Blasting Engineering
 - (2) Construction Method and Notices of Urban Stone Blasting Engineering
 - 7.4.4 Design of City Dismantling Blasting Engineering
 - (1) Way of Building Dismantling Blasting
 - (2) Construction of Building Dismantling Blasting
 - 1) Construction Organization of Dismantling Blasting
 - 2) Dust-fall Measures of Dismantling Blasting
 - 3) Dismantling Blasting Construction of Dangerous Building
 - 7.4.5 Prospects of City Dismantling Blasting Market
 - 7.4.6 Investment Opportunities of City Dismantling Blasting Market

Chapter 8: Investment and Financing Analysis and Prospects Forecast of Engineering Blasting Industry

8.1 Investment and Financing of Engineering Blasting Industry

- 8.1.1 Investment of Engineering Blasting Industry
 - (1) Investment Risks of Engineering Blasting Industry
 - (2) Investment Model of Engineering Blasting Industry
- 8.1.2 Financing of Engineering Blasting Industry

8.2 Prospects of Engineering Blasting Industry

- 8.2.1 Driving Factors of Engineering Blasting Industry
- 8.2.2 Prospects Forecast of Engineering Blasting Industry
