

# China Architectural Design Industry Indepth Research and Investment Strategy Planning Report, 2013-2017

## 目 录

### CONTENTS

#### Chapter 1: Development Overview of China Architectural Design Industry

##### 1.1 Concept Related to Architectural Design

###### 1.1.1 Definition of Architectural Design

- (1) Definition of Architectural Design
- (2) Development History of Architectural Design
- (3) Science Category of Architectural Design

###### 1.1.2 Architectural Design Methods

- (1) Principles of Architectural Design
- (2) Ideological Trend and Philosophical Thinking of Architectural Design

###### 1.1.3 Significance of Architectural Design

- (1) Relation between Architectural Design and City
- (2) Relation between Architectural Design and Social Civilization
- (3) Relation between Architectural Design and Human Being

###### 1.1.4 Position of Architectural Design

- (1) Design Scheme's Direct Impact on Investment
- (2) Design Quality's Indirect Impact on Investment
- (3) Design Scheme's Impact on Regular Costs

##### 1.2 Development Factors Impacting on Architectural Design Industry

###### 1.2.1 Political Factors

###### 1.2.2 Economic Factors

###### 1.2.3 Social Factors

###### 1.2.4 Technological Factors

##### 1.3 Policy for Architectural Design Industry

###### 1.3.1 Supervision for Architectural Design Industry

- (1) Major Supervision Policies for Architectural Design Industry
- (2) Supervision Trend for Architectural Design Industry

###### 1.3.2 Laws and Regulations Related to Architectural Design Industry

###### 1.3.3 Departmental Regulations Related to Architectural Design Industry

##### 1.4 Economic Conditions of Architectural Design Industry

###### 1.4.1 Correlation between Industry and Economic Development

###### 1.4.2 Development Status of National Macro-economy

###### 1.4.3 Development Prospects for National Macro-economy

##### 1.5 Social Environment for Architectural Design Industry

###### 1.5.1 Impact of Social and Cultural Environment

###### 1.5.2 Domestic Urbanization Progress's Impact on Market

###### 1.5.3 Change of Domestic Population Structure's Impact on Market

###### 1.5.4 Changes of National Residents' Requirement for Living Environment

##### 1.6 Market Demand for Architectural Design Industry

###### 1.6.1 Growth of Total Output Value in Architecture

###### 1.6.2 Income Growth and Structure of Architecture Industry

###### 1.6.3 Total Profits and Growth of Architecture Industry

##### 1.7 Charging System for Architectural Design Industry

###### 1.7.1 Charging Historic Development of Architectural Design Industry

###### 1.7.2 Charging Documents for Engineering Exploration Design Industry

###### 1.7.3 Features of Charge Standard of Engineering Investigation & Design

###### 1.7.4 Practical Income of China Architectural Design Industry

###### 1.7.5 Major Charging Problems for Architectural Design

###### 1.7.6 Charging Strategies and Suggestions for Architectural Design Industry

#### Chapter 2: Development Experience of Global Architectural Design Industry

## 2.1 Development Experience of US Architectural Design

- 2.1.1 Development Status of US Architecture Industry
- 2.1.2 Market Barriers to Entry of US Architectural Design
  - (1) Entry Management System for Architectural Design Market
  - (2) Barriers to Entry for Oversea Enterprises and Individuals
- 2.1.3 Bidding Management for US Engineering Design
- 2.1.4 Development of Architectural Studios in US
- 2.1.5 Typical Cases of US Architectural Design

## 2.2 Development Experience of UK Architectural Design

- 2.2.1 Development Status of UK Architecture Industry
- 2.2.2 Market Barriers to Entry of UK Architectural Design
  - (1) Entry Management System for Architectural Design Market
  - (2) Barriers to Entry for Oversea Enterprises and Individuals
- 2.2.3 Bidding Management for UK Engineering Design
- 2.2.4 Development of Architectural Studios in UK
- 2.2.5 Typical Cases of UK Architectural Design

## 2.3 Development Status of Spain Architectural Design

- 2.3.1 Development Status of Spain Architecture Industry
- 2.3.2 Development of Architectural Studios in Spain
- 2.3.3 Typical Cases of Spain Architectural Design

## 2.4 Development Experience of Germany Architectural Design

- 2.4.1 Development Status of Architecture Industry
- 2.4.2 Market Access System for Germany Architectural Design Market
- 2.4.3 Market Barriers to Entry of Germany Architectural Studios
- 2.4.4 Typical Cases of Germany Architectural Design

## 2.5 Development Experience of Japan Architectural Design

- 2.5.1 Development Status of Japan Architecture Industry
- 2.5.2 Development of Architectural Studios in Japan
- 2.5.3 Typical Cases of Japan Architectural Design

## 2.6 Experiential Significance on China Architectural Design Industry

# Chapter 3: Development Status of China Architectural Design Industry

## 3.1 Development Scale of Architectural Design Industry

- 3.1.1 Registration Situation of Enterprise
- 3.1.2 Qualification Situation of Enterprise
- 3.1.3 Personnel Scale of Industry

## 3.2 Operation Status of Architectural Design Industry

- 3.2.1 Operating Income of Industry
- 3.2.2 Per Capital Operating Income of Industry
- 3.2.3 Science and Technology Input of Industry
- 3.2.4 Operation Benefits of Industry

## 3.3 Development Structure of Architectural Design Industry

- 3.3.1 Ownership Structure of Industry
- 3.3.2 Qualification Structure of Enterprise
- 3.3.3 Talent Structure of Industry
- 3.3.4 Business Structure of Industry

## 3.4 Talent Flow of Architectural Design Industry

- 3.4.1 Talent Flow Status
- 3.4.2 Causes for Talent Flow
- 3.4.3 Trend for Talent Flow
- 3.4.4 Control Strategy for Talent Flow

## 3.5 Scientific and Technical Innovation for Architectural Design Industry

- 3.5.1 Scientific and Technical Status of Industry
  - (1) Scientific and Technical Innovation Consciousness
  - (2) Scientific and Technical Investment Level
  - (3) Types of Scientific and Technical Innovation
  - (4) Proprietary Technology and Patent
  - (5) Scientific Research Achievements Turn into Productivity
- 3.5.2 Problems in Scientific and Technical Innovation of Industry
  - (1) Lack of Enabling Environment for Scientific and Technical Innovation

- (2) Low Degree of Turning Scientific Research Achievements into Productivity
- (3) Lack of Professionals for Scientific and Technical Innovation
- (4) Severely Inadequate Investment in Scientific Research
- 3.5.3 Strategy for Promoting Scientific and Technical Innovation in the Industry
  - (1) Establish and Improve Innovation Institutions
  - (2) Increase Efforts to Investment in Scientific Research
  - (3) Promote to Turn Scientific Research Achievements into Productivity
  - (4) Strengthen Employment Mechanism Reform for Scientific and Technical Innovation
  - (5) Build An Incentive System for Scientific and Technical Innovation
  - (6) Build the Corporate Culture for Scientific and Technical Innovation

### 3.6 Analysis of BIM Technology in Architectural Design

- 3.6.1 Some Concepts and Mutual Relation Related to BIM
  - (1) (BIM) Building Information Modeling
  - (2) 3D BIM
  - (3) Collaborative Design and Joint Operation
- 3.6.2 Development Tracks and Technology Status of BIM
  - (1) Development Tracks of BIM Technology
  - (2) All Parties in BIM Value Chain
  - (3) Software & Hardware BIM Technologies
- 3.6.3 BIM Application in Architectural Design Stage
  - (1) BIM Value in Designing Stage
  - (2) Types of BIM Projects and Applications
  - (3) BIM Implementation Model for Design Company
- 3.6.4 BIM Collaborative Design and Joint Operation
  - (1) BIM Collaborative Design
  - (2) BIM Joint Operation
- 3.6.5 Value of BIM Service Provider in Design

### 3.7 Problems Confronted by Architectural Design Industry

- 3.7.1 Not High Position of Architectural Design Industry
- 3.7.2 Irrational Structure of Architectural Design Industry
- 3.7.3 Weak Innovation Capability of Architectural Design Industry
- 3.7.4 Inadequate Incentive & Restraint Mechanisms for Architectural Design Industry
- 3.7.5 Non-standard Market Behaviors for Architectural Design
- 3.7.6 Not High Enough Design Quality in Architectural Design Industry

## Chapter 4: Analysis of Development of China Architectural Design Market

### 4.1 Competition Status of Architectural Design Market

- 4.1.1 Competitive Landscape of Architectural Design Market
- 4.1.2 Competitive Structure of Architectural Design Market
  - (1) Competitive Rivalry within an Industry
  - (2) Bargaining Power of Customers
  - (3) Threat of New Entrants

### 4.2 Market Position of Architectural Design Company

- 4.2.1 Implication of Architectural Design Market Position
- 4.2.2 Focus on Both Commercial Value and Art Value
  - (1) Definition of Commercial Value and Art Value
  - (2) Coordination between Commercial Value and Art Value
- 4.2.3 Strategy Targeted in Market Operation
  - (1) Positioning of Targeted Market
  - (2) Positioning of Design Products
  - (3) Positioning of Project Scope
- 4.2.4 Focus on Whole Process of Service
  - (1) Definition of Whole Process of Service
  - (2) Contents Included in Whole Process of Service
  - (3) Stress Whole Process of Service
- 4.2.5 Focus on Developing Core Competitiveness
  - (1) Build Competitive Talent Strategy
  - (2) Build Competitive Customer Selection Strategy
  - (3) Build Competitive Brand Strategy

### 4.3 Bidding Strategy for Architectural Design Industry

- 4.3.1 Bidding Status of Architectural Design Industry
- 4.3.2 Bidding Flow of Architectural Design Industry
- 4.3.3 Bidding Trend for Architectural Design Industry
- 4.3.4 Bidding Strategy for Architectural Design Industry

#### **4.4 Marketing Strategy for Architectural Design Market**

- 4.4.1 “Price Marketing” Strategy
- 4.4.2 “Aperture Marketing” Strategy
- 4.4.3 “Ambush Marketing” Strategy
- 4.4.4 “Relationship Marketing” Strategy
- 4.4.5 “Gleaning Marketing” Strategy
- 4.4.6 “Auxiliary Marketing” Strategy

#### **4.5 Open up Overseas Market for Architectural Design Company**

- 4.5.1 Necessity of Opening up Overseas Architectural Design Market
- 4.5.2 Feasibility of Opening up
- 4.5.3 Shortcomings of China Architectural Design Companies
- 4.5.4 Overseas Business Expanding Status in Architectural Design Industry
  - (1) Major Routes to Enter Overseas Architectural Design Market
  - (2) Major Places for Expanding Overseas Architectural Design Market
  - (3) Status of Expanding Overseas Architectural Design Market
  - (4) Major Problems in Expanding Overseas Architectural Design Market
- 4.5.5 Strategy for Expanding Overseas Architectural Design Market
  - (1) Make Sure Major Targeted Markets
  - (2) Build Information Channel for Overseas Projects
  - (3) Positively Open up International Market
- 4.5.6 Risks in Opening up Overseas Architectural Design Market

### **Chapter 5: Analysis of Market Segments of China Architectural Design**

#### **5.1 Residential Building Design Market**

- 5.1.1 Total Quantity of Residential Building
- 5.1.2 Development Status of Residential Building
  - (1) Types of Building
  - (2) Layers of Building
  - (3) Total Areas of Building
  - (4) Functional Zone of Building
  - (5) Structural Types of Building
  - (6) Engineering Quality of Building
  - (7) Technological Application in Building
- 5.1.3 Problems in Designing Residential Building
- 5.1.4 Energy Saving Standard for Designing Residential Building
- 5.1.5 Typical Residential Building Design Cases
- 5.1.6 Development Trend for Residential Building Design Market

#### **5.2 Commercial Building Design Market**

- 5.2.1 Guiding Principles of Management in Designing Commercial Building
- 5.2.2 Development Status of Commercial Building Design Market
- 5.2.3 Typical Commercial Building Design Market
- 5.2.4 Development Trend for Commercial Building Design Market

#### **5.3 Office Building Design Market**

- 5.3.1 Office Building Design Market Status
- 5.3.2 Strategy for Designing Office Building
  - (1) Classification of Office Buildings
  - (2) Confirm Decision-maker for Project
  - (3) Confirm Construction Goal for Project
  - (4) Confirm Design Concept for Project
  - (5) Drawing up Design Strategy for Project
  - (6) Highlight Key Value of Project
  - (7) Focus on Details When Designing
  - (8) Take Economic and Time Factors into Consideration
  - (9) Other Factors
  - (10) Extension of Office Building Design
- 5.3.3 Office Building Designing Trend

#### 5.3.4 Municipal Office Building Design

- (1) Site Selection for Municipal Office Building
- (2) Efficiency and Scale of Municipal Office Building
- (3) Planning and Design Creativity for Municipal Office Building
- (4) External Spatial Design for Municipal Office Building
- (5) Internal Spatial Design for Municipal Office Building
- (6) Art Style and Aesthetics of Municipal Office Building

#### 5.4 Medical Building Design Market

##### 5.4.1 Development Status of Medical Building Design Market

- (1) Demand for Medical Building Design Market
- (2) Strategy for Design Medical Building
- (3) Major Problems in Medical Building Design Market

##### 5.4.2 Typical Medical Building Design Cases

##### 5.4.3 Development Trend for Medical Building Design Market

#### 5.5 Sports Building Design Market

##### 5.5.1 Development Status of Sports Building Design Market

##### 5.5.2 Typical Sports Building Design Cases

##### 5.5.3 Development Trend for Sports Building Design Market

#### 5.6 Education Building Design Market

##### 5.6.1 Development Status of Education Building Design Market

##### 5.6.2 Typical Education Building Design Cases

##### 5.6.3 Development Trend for Education Building Design Market

#### 5.7 Cultural Building Design Market

##### 5.7.1 Development Status of Cultural Building Design Market

##### 5.7.2 Typical Cultural Building Design Cases

##### 5.7.3 Development Trend for Cultural Building Design Market

#### 5.8 Villa Design Market

##### 5.8.1 Development Status of Villa Design Market

##### 5.8.2 Typical Villa Design Cases

##### 5.8.3 Development Trend for Villa Design Market

### Chapter 6: Analysis of Regional Architectural Design Markets in China

#### 6.1 Investment Opportunities for Architectural Design Market in First-tier Cities

##### 6.1.1 Investment Opportunity for Beijing Architectural Design Market

- (1) Urban Construction and Planning in Beijing
- (2) Industrial Value of Beijing Architecture Industry
- (3) Market Scale of Architectural Design in Beijing
- (4) Beijing Architectural Design Company
- (5) Investment Opportunity for Architectural Design in Beijing

##### 6.1.2 Investment Opportunity for Shanghai Architectural Design Market

- (1) Urban Construction and Planning in Shanghai
- (2) Industrial Value of Shanghai Architecture Industry
- (3) Market Scale of Architectural Design in Shanghai
- (4) Shanghai Architectural Design Company
- (5) Investment Opportunity for Architectural Design in Shanghai
