

China Taxi Industry Report (2016–2021), Investment Forecast, Model of Operation and Management

目 录

CONTENTS

Chapter 1: Review of development of Chinese taxi industry

1.1 related overview of taxi industry

- 1.1.1 definition of taxi industry
- 1.1.2 nature of taxi industry
- 1.1.3 operation model of taxi industry
 - (1) company model (Beijing model)
 - 1) individual model (Wenzhou model)
 - 2) analysis of advantages and disadvantages of different models
 - 3) development trends of operation models
- 1.1.4 comparison of taxi and car rental
 - (1) relationship between taxi and car rental
 - (2) difference between taxi and car rental
- 1.1.5 position and role of taxi industry

1.2 analysis of the balance of interests of taxi industry

- 1.2.1 analysis of governmental interests of taxi industry
- 1.2.2 analysis of corporate interests of taxi industry
- 1.2.3 analysis of drivers' interests of taxi industry
- 1.2.4 analysis of passengers' interests of taxi industry

1.3 relationship between taxi and other industries

- 1.3.1 relationship with the financial industry
- 1.3.2 relationship with the automobile industry
- 1.3.3 relationship with the transport industry
- 1.3.4 relationship with vehicle maintenance industry

1.4 development environment of China 's taxi industry

- 1.4.1 analysis of policy environment of taxi industry
 - (1) management system of taxi industry
 - (2) related policies for taxi in various regions
 - (3) latest developments of taxi policy
- 1.4.2 analysis of economic environment of taxi industry
 - (1) analysis of domestic GDP growth
 - (2) analysis of residents' income levels
 - (3) analysis of national urbanization
- 1.4.3 analysis of social demand of taxi industry

Chapter 2: Analysis of development of Chinese taxi industry

2.1 development of China's auto market

- 2.1.1 analysis of total production and sales volume and growth of car market
- 2.1.2 analysis of production and sales volume and growth of passenger car
- 2.1.3 analysis of total production and sales volume and growth of commercial vehicle
- 2.1.4 forecast of production and sales volume and growth of car market
- 2.1.5 analysis of mainstream models of Chinese taxi industry

2.2 analysis of current situation of the development of taxi industry in China

- 2.2.1 analysis of the development process of taxi industry in China
- 2.2.2 analysis of current situation of the development of taxi industry in China
 - (1) change from resources of the city into a "hot potato"
 - (2) argument over the "management rights"
 - (3) analysis of taxi drivers' revenue
 - (4) analysis of "out of touch" phenomenon of the industry
- 2.2.3 analysis of market scale of taxi industry in China
- 2.2.4 analysis of problems of taxi industry in China

2.3 analysis of fare of Chinese taxi market

- 2.3.1 analysis of taxi price management mechanism
- 2.3.2 analysis of taxi tax institution
- 2.3.3 mechanism of taxi oil price linkage with fare
- 2.3.4 adjustments of taxi price in various regions

2.4 analysis of development of China's new energy taxi

- 2.4.1 analysis of development of Chinese new energy automobile
- 2.4.2 application of Chinese new energy taxi
 - (1) application of new energy taxi in Shenzhen
 - (2) application of new energy taxi in Hangzhou
 - (3) application of new energy taxi in Beijing
 - (4) application of new energy taxi in Chongqing
 - (5) application of new energy taxi in Shenyang
 - (6) application of new energy taxi in Guangzhou
 - (7) application of new energy taxi in Wuhan
 - (8) application of new energy taxi in Nanchang
- 2.4.3 problems of taxi's "oil to gas" and solutions
 - (1) necessity of taxi's "oil to gas"
 - (2) problems of taxi's "oil to gas"
 - (3) countermeasures for taxi's "oil to gas"

2.5 analysis of development of intelligentization of Chinese taxi industry

- 2.5.1 analysis of status quo of foreign electric taxi
 - (1) analysis of electric taxi in America
 - (2) analysis of electric taxi in Japan
 - (3) analysis of electric taxi in Singapore
- 2.5.2 analysis of status quo of Chinese electric taxi
- 2.5.3 analysis of taxi intelligent scheduling system
 - (1) introduction of taxi intelligent scheduling system
 - (2) significance of taxi intelligent scheduling system
 - (3) workflow of taxi intelligent scheduling system
 - (4) analysis of feasibility of taxi intelligent scheduling system
- 2.5.4 latest developments of construction of intelligentization of taxi industry
- 2.6 analysis of group incidents of Chinese taxi industry
 - 2.6.1 analysis of characteristics of group incidents of taxi industry
 - 2.6.2 analysis of impact of group incidents of taxi industry
 - 2.6.3 analysis of reasons for group incidents of taxi industry
 - 2.6.4 development trends of group incidents of taxi industry
 - 2.6.5 problems of group incidents of taxi industry
 - 2.6.6 challenges for dealing with of group incidents of taxi industry

Chapter 3: Development of taxi-related industries and comparative analysis of the advantages**3.1 analysis of development of Chinese city bus industry**

- 3.1.1 status quo of Chinese city bus
- 3.1.2 analysis of development of China's BRT
 - (1) status quo of construction of BRT in major cities
 - (2) planning of construction of BRT in major cities
- 3.1.3 analysis of fare of city bus
 - (1) analysis of ordinary bus fare
 - (2) analysis of BRT ticket system and fare
- 3.1.4 analysis of its competitive advantages against taxi industry

3.2 analysis of development of Chinese urban rail transit industry

- 3.2.1 status quo of development of urban rail transit
- 3.2.2 operation of urban rail transit
- 3.2.3 analysis of fare of urban rail transit
 - (1) analysis of the current variety of ticket systems
 - (2) structure of joint ticket system
 - (3) analysis of advantages of joint ticket system
- 3.2.4 analysis of its competitive advantages against taxi industry

3.3 analysis of the development of China's car leasing industry

- 3.3.1 status quo of development of car leasing industry
- 3.3.2 market structure of car leasing industry
 - (1) analysis of structure of user consumption
 - (2) analysis of structure of model of car leasing
 - (3) analysis of price of car rental
- 3.3.3 analysis of its competitive advantages against taxi industry

Chapter 4: analysis of services of Chinese taxi industry and research on demand

4.1 analysis of research on taxi' s facility design

- 4.1.1 summary of problems with taxi facility design
- 4.1.2 problems with taxi' s seat design
- 4.1.3 problems with taxi' s security isolation
- 4.1.4 problems with taxi' s interior space
- 4.1.5 problems with taxi' s meter
- 4.1.6 problems with taxi' s windows
- 4.1.7 problems with taxi' s recreational facilities
- 4.1.8 other problems with taxi

4.2 analysis of research on services of taxi drivers

- 4.2.1 summary of taxi drivers' service problems
- 4.2.2 problem of drivers' attitude to passengers
- 4.2.3 problem of drivers' driving detour behavior
- 4.2.4 problem of drivers' smoking in the car
- 4.2.5 problem of drivers' deliberate overcharging
- 4.2.6 problem of drivers' not using civilized language
- 4.2.7 problem of drivers' refusing to take passengers
- 4.2.8 problem of drivers' other services

4.3 analysis of passenger demand of taxi industry

- 4.3.1 analysis of classification of passenger demand of taxi
- 4.3.2 analysis of characteristics of passenger demand of taxi
- 4.3.3 formation mechanism of passenger demand of taxi
- 4.3.4 factors affecting passenger demand of taxi

4.4 analysis of research on taxi passenger demand

- 4.4.1 summary of passenger demands for taxis
- 4.4.2 passenger demand for taxi facilities
- 4.4.3 passenger demand for taxi services
- 4.4.4 suggestions for passengers' demand for taxi

Chapter 5: Analysis of development strategy of taxi industry in China

5.1 analysis of competition of taxi industry

- 5.1.1 analysis of competition between taxi companies
- 5.1.2 analysis of threat of potential entrants
- 5.1.3 analysis of threat of substitute products
- 5.1.4 analysis of bargaining power of upstream vehicle suppliers
- 5.1.5 analysis of bargaining power of downstream service buyers
- 5.1.6 analysis of conclusion of five forces of taxi industry

5.2 analysis of problems with the management of taxi industry

- 5.2.1 lack of unified positioning of management of the industry
- 5.2.2 less investment in studies into management of the industry
- 5.2.3 lack of mutual restraint mechanism of management of the industry
- 5.2.4 lack of sophisticated regulatory mechanisms of price control
- 5.2.5 failures of over regulation of the industry

5.3 analysis of development strategy of taxi industry

- 5.3.1 analysis of management strategy of taxi industry
 - (1) clear the positioning of public transport of the industry
 - 1) rationalize the interests mechanism of taxi industry
 - (2) increase funding of research on taxi industry
 - (3) scientific price control and access control
- 5.3.2 analysis of development strategy for taxi companies
 - (1) taxi intelligent management
 - (2) taxi service branding
 - (3) local market development strategy

- (4) off-site market development strategy
- (5) rural market development strategy
- 5.3.3 analysis of taxi inter-regional operation strategy
 - (1) significance of taxi inter-regional operation
 - (2) practice of taxi inter-regional operation
 - (3) strategy of taxi inter-regional operation

Chapter 6: Analysis of management experience and model of international taxi industry

6.1 analysis of development of the global taxi industry

- 6.1.1 analysis of development process of the global taxi industry
- 6.1.2 analysis of status quo of development of the global taxi industry
- 6.1.3 survey on services of the global taxi industry

6.2 analysis of operation and management of taxi industry in various countries

- 6.2.1 analysis of operation and management of taxi industry in America
- 6.2.2 analysis of operation and management of taxi industry in the UK
- 6.2.3 analysis of operation and management of taxi industry in France
- 6.2.4 analysis of operation and management of taxi industry in Germany
- 6.2.5 analysis of operation and management of taxi industry in Japan
- 6.2.6 analysis of operation and management of taxi industry in South Korea
- 6.2.7 analysis of operation and management of taxi industry in Singapore

6.3 analysis of development of taxi industry in major international cities

- 6.3.1 analysis of the development of taxi industry in London
 - (1) analysis of the scale of taxi industry in London
