

China Railway Locomotive and CRH Train Manufacturing Industry Report (2016–2021), Market Demand Forecast and Investment Strategic Planning

目 录

CONTENTS

Chapter 1: Overview of development of China's railway locomotive and CRH train manufacturing industry

- 1.1 definition and classification of railway locomotive and CRH train manufacturing industry
 - 1.1.1 concept and definition of the industry
 - 1.1.2 categories of main products of the industry
 - 1.1.3 position of the industry in the national economy
- 1.2 statistical standard of railway locomotive and CRH train manufacturing industry
 - 1.2.1 statistical offices and statistical caliber of the industry
 - 1.2.2 statistical methods of the industry
 - 1.2.3 types of data of the industry
- 1.3 analysis of raw materials market of railway locomotive and CRH train manufacturing industry
 - 1.3.1 analysis of composition of industrial chain of the industry
 - 1.3.2 analysis of the raw materials market of the industry
 - (1) analysis of development and operation of the steel market
 - (2) analysis of development and operation of the copper market
 - (3) analysis of development and operation of the aluminum market

Chapter 2: Analysis of development of China's railway locomotive and CRH train manufacturing industry

- 2.1 analysis of development of China's railway locomotive and CRH train manufacturing industry
 - 2.1.1 general overview of the development of the industry
 - 2.1.2 main features of the development of the industry
 - 2.1.3 analysis of operation of the industry
 - (1) analysis of operation efficiency of the industry
 - (2) analysis of profitability capability of the industry
 - (3) analysis of operation capability of the industry
 - (4) analysis of solvency capability of the industry
 - (5) analysis of development capacity of the industry
- 2.2 analysis of economic indicators of railway locomotive and CRH train manufacturing industry
 - 2.2.1 analysis of factors influencing economic efficiency of the industry
 - 2.2.2 analysis of main economic indicators of the industry
 - 2.2.3 analysis of economic indicators of enterprises of different scales
 - 2.2.4 analysis of economic indicators of enterprises of different nature
 - 2.2.5 analysis of economic indicators economic indicators of enterprises of different regions
- 2.3 analysis of supply and demand balance of railway locomotive and CRH train manufacturing industry
 - 2.3.1 analysis of supply situation of the national railway locomotive and CRH train manufacturing industry
 - (1) analysis of output value
 - (2) analysis of finished products
 - 2.3.2 analysis of supply situation of the railway locomotive and CRH train manufacturing industry in various regions
 - (1) analysis of top 10 regions leading in total output value
 - (2) analysis of top 10 regions leading in finished products
 - 2.3.3 analysis of demand situation of the national railway locomotive and CRH train manufacturing industry
 - (1) analysis of sales value
 - (2) analysis of sales revenue
 - 2.3.4 analysis of demand situation of the railway locomotive and CRH train manufacturing industry

in various regions

- (1) analysis of top 10 regions leading in sales value
- (2) analysis of top 10 regions leading in sales revenue

2.3.5 analysis of production and sales rate of the national railway locomotive and CRH train manufacturing industry

Chapter 3: Analysis of main products of China's railway locomotive and CRH train manufacturing industry

3.1 characteristics of structure of main products of the industry

- 3.1.1 analysis of characteristics of structure of products of the industry
- 3.1.2 overview of market technology of products of the industry

3.2 analysis of market of main products of the industry

- 3.2.1 analysis of market of locomotive products
 - (1) scale of output of China's locomotives
 - 1) analysis of the demand for China's locomotives
 - (2) R&D of locomotive
 - (3) latest market trends of China's locomotives
- 3.2.2 analysis of market of passenger vehicle products
 - (1) scale of output of China's passenger vehicle
 - 1) analysis of the demand for China's passenger vehicle
 - (2) R&D of passenger vehicle
 - (3) latest market trends of China's passenger vehicle
- 3.2.3 analysis of market of truck products
 - (1) scale of output of China's truck
 - 1) analysis of the demand for China's truck
 - (2) R&D of truck
 - (3) latest market trends of China's truck
- 3.2.4 analysis of market of CRH train products
 - (1) overview of the world's CRH train
 - (2) market scale of China's CRH train
 - 1) analysis of the demand for China's CRH train
 - (3) R&D of CRH train
 - (4) latest market trends of China's CRH train
- 3.2.5 analysis of market of urban rail transit vehicles
 - (1) the scale of development of urban rail transit vehicles
 - 1) analysis of the demand for urban rail transit vehicles
 - (2) latest market trends of urban rail transit vehicles

3.3 development trends of new technologies of main products of the industry

- 3.3.1 development trends of new technologies of major foreign products
 - (1) further strengthening of the application of computer technology
 - (2) accelerate the technical transformation of railway vehicles
 - (3) expand the scope of application of new materials and new technologies
- 3.3.2 development trends of new technologies of major domestic products
 - (1) motorcycle plate
 - (2) passenger vehicle and CRH train plate
 - (3) truck plate
 - (4) urban transit vehicle plate

Chapter 4: Analysis of market competition of railway locomotive and CRH train manufacturing industry

4.1 analysis of the international market competition of railway locomotive and CRH train manufacturing industry

- 4.1.1 development of the international market of railway locomotive and CRH train
 - (1) scale of the international market of railway locomotive and CRH train
 - (2) development of the international subdivided market of railway locomotive and CRH train
- 4.1.2 analysis of competition of the international market of railway locomotives and CRH train
- 4.1.3 development trends of the international market of railway locomotives and CRH train
 - (1) market will keep the expanding trend
 - (2) regional railway construction is developing rapidly, driven by demand growth

4.2 analysis of key international urban rail transportation equipment companies

- 4.2.1 Canadian Bombardier

- (1) technical developments
- (2) market development trends
- (3) operation of the company
- 4.2.2 French Alstom
 - (1) technical developments
 - (2) market development trends
 - (3) operation of the company
- 4.2.3 German Siemens
 - (1) technical developments
 - (2) market development trends
 - (3) operation of the company
- 4.2.4 Japan's Kawasaki Heavy Industries
 - (1) technical developments
 - (2) market development trends
 - (3) operation of the company
- 4.2.5 American General Electric Company
 - (1) technical developments
 - (2) market development trends
 - (3) operation of the company

4.3 analysis of competition in the domestic market of railway locomotive and CRH train manufacturing industry

- 4.3.1 analysis of market scale of the industry
- 4.3.2 analysis of concentration of the industry
 - (1) analysis of the sales concentration of the industry
 - (2) analysis of the assets concentration of the industry
- 4.3.3 analysis of 5-force model of the industry
- 4.3.4 summary of competition of the industry

4.4 analysis of competition in regional markets of railway locomotive and CRH train manufacturing industry

- 4.4.1 general characteristics of regional structure of the industry
- 4.4.2 analysis of regional concentration of the industry

Chapter 5: Analysis of import and export markets of railway locomotive and CRH train manufacturing industry

5.1 review of import and export markets of railway locomotive and CRH train manufacturing industry

5.2 analysis of export market of railway locomotive and CRH train manufacturing industry

- 5.2.1 structure of export products of the industry in.....2011
- 5.2.2 structure of export products of the industry in.....2012
- 5.2.3 structure of export products of the industry in.....2013
- 5.2.4 forecast of export of the industry and recommendations

5.3 analysis of import market of railway locomotive and CRH train manufacturing industry

- 5.3.1 structure of import products of the industry in.....2011
- 5.3.2 structure of import products of the industry in.....2012
- 5.3.3 structure of import products of the industry in.....2013
- 5.3.4 forecast of import of the industry and recommendations

Chapter 6: Analysis of production and operation of major companies of railway locomotive and CRH train manufacturing industry

6.1 CSR Qingdao Sifang Locomotive Co., Ltd.

- 6.1.1 brief introduction of the company's development
- 6.1.2 analysis of the company's organizational structure
- 6.1.3 analysis of the company's production and marketing capabilities
- 6.1.4 analysis of the company's profitability capability
- 6.1.5 analysis of the company's operation capability
- 6.1.6 analysis of the company's solvency capability
- 6.1.7 analysis of the company's development capability
- 6.1.8 analysis of structure of the company's major products
- 6.1.9 analysis of the company's R & D strength
- 6.1.10 analysis of advantages and disadvantages of the company's operation
- 6.1.11 analysis of the company's latest developments

6.2 Changchun Railway Vehicles Co., Ltd.
