

# China Hardware Product Industry Report of Prospects and Investment Strategy Planning, 2013-2017

## 目 录

### CONTENTS

#### Chapter 1: Review of China hardware industry development

##### 1.1 Definition and classification of hardware industry

- 1.1.1 industry concepts and definitions
- 1.1.2 I main categories of products
- 1.1.3 its status and significance in the national economy

##### 1.2 analysis of raw material market

- 1.2.1 introduction of industry chain
- 1.2.2 market analysis of main raw materials of the industry
  - (1) steel market
  - (2) non-ferrous metals market
  - (3) the plastics market
  - (4) glass fiber market

##### 1.3 analysis of the development environment of hardware industry

- 1.3.1 policy environment analysis
  - (1) regulatory system analysis
  - (2) developments of industry-related policies
  - (3) development plan
- 1.3.2 economic environment analysis
  - (1) international economic situation and forecasts
  - (2) domestic economic situation and forecasts
  - (3) the impact of macroeconomic on the industry
- 1.3.3 technical environment analysis
  - (1) analysis of the level of activity of industry technology
  - (2) analysis of the leading industry enterprises
  - (3) analysis of the leading industry technologies

#### Chapter 2: Analysis of development of domestic hardware industry

##### 2.1 analysis of the overall development of the world's hardware industry

- 2.1.1 development status of hardware industry in the world
- 2.1.2 technical status of hardware industry in the world
- 2.1.3 development trend of hardware industry in the world

##### 2.2 analysis of the overall development of China hardware industry

- 2.2.1 overview of China hardware industry
- 2.2.2 factors of China hardware industry
- 2.2.3 operating conditions of China hardware industry in.....2012

##### 2.3 industrial clusters of China hardware industry

- 2.3.1 overview of industrial clusters
- 2.3.2 patterns and characteristics of industrial clusters
- 2.3.3 construction of industrial clusters of China hardware industry
  - (1) to build and improve public service platform for SMEs
  - (2) governmental support policies
  - (3) to build a common industry platform
- 2.3.4 advantages of industrial clusters of China hardware industry

#### Chapter 3: Analysis of import and export and international competitiveness of China hardware industry

##### 3.1 analysis of export market of China hardware industry

- 3.1.1 summary of import and export status
- 3.1.2 product structure of import and export
- 3.1.3 foreign trade mode
- 3.1.4 exports in different regions

3.1.5 Characteristics of the import and export countries

### 3.2 internationally competitive advantages and disadvantages of China hardware industry

3.2.1 international competitive advantage

3.2.2 international competitive disadvantage

### 3.3 analysis of international competitiveness index of China hardware industry

3.3.1 international market share analysis

3.3.2 Analysis of trade competitiveness index

(1) analysis of trade specialization index

(2) analysis of comparative advantage index

### 3.4 analysis of changing competitiveness of China hardware industry

3.4.1 change of environmental competitiveness

3.4.2 change of organizational competitiveness

3.4.3 change of innovation competitiveness

### 3.5 measures to improve international competitiveness of China hardware industry

## Chapter 4: Analysis of market segments of China hardware industry

### 4.1 analysis of market of daily hardware

4.1.1 market size

4.1.2 market competition

4.1.3 market trends

4.1.4 development plan

### 4.2 Analysis of market of tool hardware

4.2.1 market size

4.2.2 market competition

4.2.3 market trends

4.2.4 development plan

### 4.3 Analysis of market of architectural hardware

4.3.1 market size

4.3.2 market competition

4.3.3 market trends

4.3.4 development plan

### 4.4 Analysis of market of cabinet hardware

4.4.1 market size

4.4.2 market competition

4.4.3 market trends

4.4.4 development plan

### 4.5 Analysis of market of lock

4.5.1 market size

4.5.2 market competition

4.5.3 market trends

4.5.4 development plan

## Chapter 5: Analysis of key areas of China hardware industry

### 5.1 analysis of the overall structure of the regional industry

### 5.2 analysis of development of hardware industry in Guangdong

5.2.1 development status of hardware industry in Guangdong

5.2.2 major companies of hardware industry in Guangdong

5.2.3 industry cluster of hardware industry in Guangdong

(1) China capital of gas appliance (Shund)

(2) China capital of daily hardware (Danza)

(3) China capital of button (Qiaoto)

(4) Other industry clusters of hardware industry in Guangdong

5.2.4 trends of hardware industry in Guangdong

### 5.3 analysis of development of hardware industry in Zhejiang

5.3.1 development status of hardware industry in Zhejiang

5.3.2 major companies of hardware industry in Zhejiang

5.3.3 industry cluster of hardware industry in Zhejiang

(1) China capital of cooker (Shengzho)

(2) China capital of lock (Wenzho)

(3) China capital of valve (Yuhua)

(4) China capital of lighter (Yuhuan)

- (5) Other industry clusters of hardware industry in Zhejiang  
5.3.4 trends of hardware industry in Zhejiang
