

China Primary Plastics and Synthetic Resins Industry Report, Investment Forecast and Demand of Production and Sales

目 录

CONTENTS

Chapter 1: Overview of development of China's primary plastics and synthetic resins industry

1.1 definition and classification of primary plastics and synthetic resins industry

- 1.1.1 concept and definition of the industry
- 1.1.2 classification of major products of the industry
- 1.1.3 status of the industry in the national economy

1.2 statistic standards of primary plastics and synthetic resins industry

1.2.1 statistic departments and statistic caliber of primary plastics and synthetic resins industry

1.2.2 statistic methods of primary plastics and synthetic resins industry

1.2.3 data type of primary plastics and synthetic resins industry

1.3 analysis of industry chain of primary plastics and synthetic resins industry

1.3.1 introduction of industry chain of primary plastics and synthetic resins industry

1.3.2 analysis of main downstream industry chain of primary plastics and synthetic resins industry

- (1) analysis of the overall development of plastics industry
- (2) analysis of development of plastic plate, tube, profile manufacturing industry
- (3) analysis of development of foam plastics manufacturing industry
- (4) analysis of development of plastic crate and container manufacturing industry
- (5) analysis of development of plastic film manufacturing industry
- (6) analysis of development of plastic artificial leather, synthetic leather manufacturing industry

industry

(7) analysis of development of plastic parts manufacturing industry

(8) analysis of development of daily plastics manufacturing industry

(9) analysis of development of plastic rope and woven goods manufacturing industry

1.3.3 analysis of upstream industry chain of primary plastics and synthetic resins industry

- (1) analysis of development of refining industry
- (2) analysis of the international oil market price
- (3) analysis of domestic oil market price
- (4) analysis of development of chlor-alkali industry

Chapter 2: Analysis of development of China's primary plastics and synthetic resins industry in 2012-2013

2.1 analysis of development of China's primary plastics and synthetic resins industry

2.1.1 overview of overall development of China's primary plastics and synthetic resins industry

2.1.2 major characteristics of development of China's primary plastics and synthetic resins industry

2.1.3 analysis of operation of primary plastics and synthetic resins industry in 2012-2013

(1) analysis of operation efficiency of primary plastics and synthetic resins industry in 2012-2013

(2) analysis of profitability capability of primary plastics and synthetic resins industry in 2012-2013

(3) analysis of operation capability of primary plastics and synthetic resins industry in 2012-2013

(4) analysis of solvency capability of primary plastics and synthetic resins industry in 2012-2013

(5) analysis of development capability of primary plastics and synthetic resins industry in 2012-2013

2.2 analysis of economic indicators of primary plastics and synthetic resins industry in 2012-2013

2.2.1 analysis of influencing factors of economic efficiency of the industry

2.2.2 analysis of economic indicators of primary plastics and synthetic resins industry in 2012-

2013

2.2.3 analysis of economic indicators of enterprises of different scale in 2012-2013

2.2.4 analysis of economic indicators of enterprises of different nature in 2012-2013

2.3 analysis of sales and output of primary plastics and synthetic resins industry in 2012-2013

2.3.1 analysis of supply of the national primary plastics and synthetic resins industry in 2012-2013

(1) analysis of total output value of the national primary plastics and synthetic resins industry in 2012-2013

(2) analysis of finished products of the national primary plastics and synthetic resins industry in 2012-2013

2.3.2 analysis of supply of primary plastics and synthetic resins industry in various regions in 2012-2013

(1) analysis of the top 10 regions ranking in total output value in 2012-2013

(2) analysis of the top 10 regions ranking in finished products in 2012-2013

2.3.3 analysis of demand of the national primary plastics and synthetic resins industry in 2012-2013

(1) analysis of sales value of the national primary plastics and synthetic resins industry in 2012-2013

(2) analysis of sales revenue of the national primary plastics and synthetic resins industry in 2012-2013

2.3.4 analysis of demand of primary plastics and synthetic resins industry in various regions in 2012-2013

(1) analysis of the top 10 regions ranking in sales value in 2012-2013

(2) analysis of the top 10 regions ranking in sales revenue in 2012-2013

2.3.5 analysis of sales-output rate of the national primary plastics and synthetic resins industry in 2012-2013

2.4 analysis of operation of primary plastics and synthetic resins industry in.....2013

2.4.1 analysis of scale of the industry in.....2013

2.4.2 analysis of capital / labor intensity of the industry in.....2013

2.4.3 analysis of sales-output of primary plastics and synthetic resins industry in.....2013

2.4.4 analysis of cost structure in.....2013

2.4.5 analysis of gains and losses of primary plastics and synthetic resins industry in.....2013

Chapter 3: Analysis of operation of related industries of China's primary plastics and synthetic resins industry in 2013**3.1 analysis of operation of plastic plate, tube, profile manufacturing industry in.....2013**

3.1.1 analysis of scale of plastic plate, tube, profile manufacturing industry

3.1.2 analysis of production of plastic plate, tube, profile manufacturing industry

3.1.3 analysis of demand of plastic plate, tube, profile manufacturing industry

3.1.4 analysis of supply and demand balance of plastic plate, tube, profile manufacturing industry

3.1.5 analysis of financial operation of plastic plate, tube, profile manufacturing industry

3.1.6 analysis of characteristics of operation and trends of plastic plate, tube, profile manufacturing industry

3.2 analysis of operation of foam plastics manufacturing industry

3.2.1 analysis of scale of foam plastics manufacturing industry

3.2.2 production of foam plastics manufacturing industry

3.2.3 demand of foam plastics manufacturing industry

3.2.4 supply and demand balance of foam plastics manufacturing industry

3.2.5 financial operation of foam plastics manufacturing industry

3.2.6 analysis of characteristics of operation and trends of foam plastics manufacturing industry

3.3 analysis of operation of plastic crate and container manufacturing industry in.....2013

3.3.1 analysis of scale of plastic crate and container manufacturing industry

3.3.2 production of plastic crate and container manufacturing industry

3.3.3 demand of plastic crate and container manufacturing industry

3.3.4 supply and demand balance of plastic crate and container manufacturing industry

3.3.5 financial operation of plastic crate and container manufacturing industry

3.3.6 analysis of characteristics of operation and trends of plastic crate and container manufacturing industry

3.4 analysis of operation of plastic film manufacturing industry in.....2013

3.4.1 analysis of scale of plastic film manufacturing industry

- 3.4.2 analysis of production of plastic film manufacturing industry
- 3.4.3 analysis of demand of plastic film manufacturing industry
- 3.4.4 analysis of supply and demand balance of plastic film manufacturing industry
- 3.4.5 analysis of financial operation of plastic film manufacturing industry
- 3.4.6 analysis of characteristics of operation and trends of plastic film manufacturing industry
- 3.5 analysis of operation of daily plastics manufacturing industry in.....2013**
 - 3.5.1 analysis of scale of daily plastics manufacturing industry
 - 3.5.2 production of daily plastics manufacturing industry
 - 3.5.3 demand of daily plastics manufacturing industry
 - 3.5.4 supply and demand balance of daily plastics manufacturing industry
 - 3.5.5 financial operation of daily plastics manufacturing industry
 - 3.5.6 analysis of characteristics of operation and trends of daily plastics manufacturing industry
- 3.6 analysis of operation of plastic artificial leather, synthetic leather manufacturing industry**
 - 3.6.1 analysis of scale of plastic artificial leather, synthetic leather manufacturing industry
 - 3.6.2 production of plastic artificial leather, synthetic leather manufacturing industry
 - 3.6.3 demand of plastic artificial leather, synthetic leather manufacturing industry
 - 3.6.4 supply and demand balance of plastic artificial leather, synthetic leather manufacturing industry
 - 3.6.5 financial operation of plastic artificial leather, synthetic leather manufacturing industry
 - 3.6.6 analysis of characteristics of operation and trends of plastic artificial leather, synthetic leather manufacturing industry
- 3.7 analysis of operation of plastic parts manufacturing industry in.....2013**
 - 3.7.1 analysis of scale of plastic parts manufacturing industry
 - 3.7.2 analysis of production of plastic parts manufacturing industry
 - 3.7.3 analysis of demand of plastic parts manufacturing industry
 - 3.7.4 analysis of supply and demand balance of plastic parts manufacturing industry
 - 3.7.5 analysis of financial operation of plastic parts manufacturing industry
 - 3.7.6 analysis of characteristics of operation and trends of plastic parts manufacturing industry
- 3.8 analysis of operation of plastic rope and woven goods manufacturing industry in.....2013**
 - 3.8.1 analysis of scale of plastic rope and woven goods manufacturing industry
 - 3.8.2 production of plastic rope and woven goods manufacturing industry
 - 3.8.3 demand of plastic rope and woven goods manufacturing industry
 - 3.8.4 supply and demand balance of plastic rope and woven goods manufacturing industry
 - 3.8.5 financial operation of plastic rope and woven goods manufacturing industry
 - 3.8.6 analysis of characteristics of operation and trends of plastic rope and woven goods manufacturing industry

Chapter 4: Analysis of market environment of China's primary plastics and synthetic resins industry

- 4.1 analysis of policy environment of the industry**
 - 4.1.1 policy trend of the industry
 - 4.1.2 development planning of the industry
- 4.2 analysis of economic environment of the industry**
 - 4.2.1 analysis of the international macro economic environment
 - 4.2.2 analysis of the domestic macro economic environment
 - 4.2.3 analysis of macro economic environment of the industry
- 4.3 analysis of demand environment of the industry**
 - 4.3.1 analysis of characteristics of demand of the industry
 - 4.3.2 analysis of trends of demand of the industry
- 4.4 analysis of social environment of the industry**
 - 4.4.1 coordination between social economy and the development of the industry
 - 4.4.2 environmental issues facing the development of the industry
 - 4.4.3 regional development imbalance of the industry

Chapter 5: Analysis of market competition of China's primary plastics and synthetic resins industry

- 5.1 analysis of competition of the international market**
 - 5.1.1 development of the international primary plastics and synthetic resins market
 - 5.1.2 analysis of competition of the international primary plastics and synthetic resins market
 - 5.1.3 development trends of the international primary plastics and synthetic resins market
- 5.2 investment layout of multinational companies in China market**

- 5.2.1 Dow Chemical Company
- 5.2.2 Exxon Mobil Corporation
- 5.2.3 Celanese Chemical Company
- 5.2.4 PolyOne
- 5.2.5 BASF
- 5.2.6 Bayer
- 5.2.7 Teijin Kasei Co., Ltd.
- 5.2.8 Mitsubishi Chemical Group
- 5.2.9 Asahi Kasei Corporation
- 5.2.10 Korea SKN Company
- 5.2.11 French Total Group
- 5.2.12 Dutch DSM Group

5.3 analysis of competition of the domestic market of the industry

- 5.3.1 analysis of market scale of the industry
- 5.3.2 analysis of concentration of the industry
 - (1) analysis of assets concentration of the industry
 - (2) analysis of sales concentration of the industry
 - (3) analysis of profit concentration of the industry
- 5.3.3 analysis of bargaining power of the industry
- 5.3.4 analysis of potential treats of the industry
- 5.3.5 analysis of status quo of competition of the industry

5.4 analysis of competition of different economic types of enterprises of the industry

- 5.4.1 characteristics of different economic types of enterprises
- 5.4.2 analysis of economic-type concentration of the industry

5.5 analysis of investment, merger and restructuring of the industry

- 5.5.1 overview of investment, merger and restructuring of the industry
- 5.5.2 characteristics of investment, merger and restructuring of the industry
- 5.5.3 trends of investment, merger and restructuring of the industry

Chapter 6: Analysis of major product markets of China's primary plastics and synthetic resins industry

6.1 structural characteristics of main products of the industry

6.2 analysis of market of general plastics products

- 6.2.1 analysis of Polyethylene (PE) products market
 - (1) analysis of application fields
 - (2) analysis of yield
 - (3) analysis of demand
 - (4) price trend
- 6.2.2 analysis of Polypropylene (PP) market
 - (1) analysis of production capacity
 - (2) analysis of yield
 - (3) analysis of demand
 - (4) analysis of import and export
 - (5) price trend
- 6.2.3 analysis of polystyrene (PS) products market
 - (1) analysis of yield
 - (2) analysis of demand
 - (3) price trend
- 6.2.4 analysis of PVC market
 - (1) analysis of yield
 - (2) analysis of demand
 - (3) price trend
- 6.2.5 analysis of ABS products market
 - (1) analysis of yield
 - (2) analysis of demand
 - (3) price trend

6.3 analysis of engineering plastics market

- 6.3.1 analysis of polyamide products market
- 6.3.2 analysis of Polycarbonate products market
- 6.3.3 analysis of POM products market

- 6.3.4 analysis of polyphenylene products market
- 6.3.5 analysis of PPS products market
- 6.3.6 analysis of Polyurethane products market
- 6.3.7 analysis of market of fluorine plastic products
- 6.3.8 analysis of epoxy market

6.4 analysis of product price of the industry

- 6.4.1 analysis of influencing factors of product price of the industry
- 6.4.2 analysis of price trend of product of the industry
- 6.4.3 forecast of price trend of product of the industry

Chapter 7: Analysis of technology of China's primary plastics and synthetic resins industry

7.1 analysis of progress of production technology of general plastics

- 7.1.1 independent coal Propylene technology has made a major breakthrough
- 7.1.2 progress of bimodal polyethylene technology
- 7.1.3 application of brominated polystyrene production technology
- 7.1.4 progress of production technology of ABS products
- 7.1.5 application of suspension PVC production technology

7.2 analysis of progress of production technology of engineering plastics

- 7.2.1 status quo of development of nylon production technology
- 7.2.2 status quo of polycarbonate production technology
- 7.2.3 status quo of development of POM production technology
- 7.2.4 progress of modified epoxy resin
- 7.2.5 progress of production technology of specialty engineering plastics

7.3 analysis of development trends of new technology of product of the industry

7.3.1 development trends of the international new technology of primary plastics and synthetic resins

7.3.2 development trends of domestic new technology of primary plastics and synthetic resins

Chapter 8: Analysis of markets of China's primary plastics and synthetic resins industry in key regions

8.1 characteristics of overall regional structure of China's primary plastics and synthetic resins industry in key regions

- 8.1.1 overall characteristics of regional structure of the industry
- 8.1.2 analysis of regional concentration of the industry
- 8.1.3 analysis of characteristics of regional distribution of the industry
- 8.1.4 analysis of regional distribution of scale indicators of the industry
- 8.1.5 analysis of regional distribution of performance indicators of the industry
- 8.1.6 analysis of regional distribution of enterprise quantity of the industry

8.2 analysis of development and forecast of primary plastics and synthetic resins industry in Jiangsu

8.2.1 development planning and supporting measures of primary plastics and synthetic resins industry in Jiangsu

8.2.2 analysis of status change of primary plastics and synthetic resins industry in Jiangsu in the whole industry

8.2.3 analysis of economic operation of primary plastics and synthetic resins industry in Jiangsu

8.2.4 analysis of corporate development of primary plastics and synthetic resins industry in Jiangsu

8.2.5 forecast of development trends of primary plastics and synthetic resins industry in Jiangsu

8.3 analysis of development and forecast of primary plastics and synthetic resins industry in Shandong

8.3.1 development planning and supporting measures of primary plastics and synthetic resins industry in Shandong

8.3.2 analysis of status change of primary plastics and synthetic resins industry in Shandong in the whole industry

8.3.3 analysis of economic operation of primary plastics and synthetic resins industry in Shandong

8.3.4 analysis of corporate development of primary plastics and synthetic resins industry in Shandong

8.3.5 forecast of development trends of primary plastics and synthetic resins industry in Shandong

8.4 analysis of development and forecast of primary plastics and synthetic resins industry in Zhejiang

8.4.1 development planning and supporting measures of primary plastics and synthetic resins industry in Zhejiang

8.4.2 analysis of status change of primary plastics and synthetic resins industry in Zhejiang in the whole industry

8.4.3 analysis of economic operation of primary plastics and synthetic resins industry in Zhejiang

8.4.4 analysis of corporate development of primary plastics and synthetic resins industry in Zhejiang

8.4.5 forecast of development trends of primary plastics and synthetic resins industry in Zhejiang

8.5 analysis of development and forecast of primary plastics and synthetic resins industry in Guangdong

8.5.1 development planning and supporting measures of primary plastics and synthetic resins industry in Guangdong

8.5.2 analysis of status change of primary plastics and synthetic resins industry in Guangdong in the whole industry

8.5.3 analysis of economic operation of primary plastics and synthetic resins industry in Guangdong

8.5.4 analysis of corporate development of primary plastics and synthetic resins industry in Guangdong

8.5.5 forecast of development trends of primary plastics and synthetic resins industry in Guangdong

8.6 analysis of development and forecast of primary plastics and synthetic resins industry in Shanghai

8.6.1 development planning and supporting measures of primary plastics and synthetic resins industry in Shanghai

8.6.2 analysis of status change of primary plastics and synthetic resins industry in Shanghai in the whole industry

8.6.3 analysis of economic operation of primary plastics and synthetic resins industry in Shanghai

8.6.4 analysis of corporate development of primary plastics and synthetic resins industry in Shanghai

8.6.5 forecast of development trends of primary plastics and synthetic resins industry in Shanghai

Chapter 9: Analysis of import and export markets of primary plastics and synthetic resins industry

9.1 overview of import and export situation of primary plastics and synthetic resins industry

9.2 analysis of export market of primary plastics and synthetic resins industry

9.2.1 analysis of export of the industry in 2012-2013

(1) structure of export product of the industry

(2) analysis of key export enterprises of the industry

(3) national and regional characteristics of export of the industry

9.2.2 analysis of export of the industry in.....2012

(1) overall situation of export of the industry

(2) structure of export product of the industry

9.2.3 analysis of export of the industry in.....2013

(1) overall situation of export of the industry

(2) structure of export product of the industry

9.3 analysis of import market of primary plastics and synthetic resins industry

9.3.1 analysis of import of the industry in 2012-2013

(1) structure of import product of the industry

(2) analysis of key import enterprises of the industry

(3) national and regional characteristics of import of the industry

9.3.2 analysis of import of the industry in.....2012

(1) overall situation of import of the industry

(2) structure of import product of the industry

9.3.3 analysis of import of the industry in.....2013

(1) overall situation of import of the industry

(2) structure of import product of the industry

9.4 forecast of import and export of primary plastics and synthetic resins industry and suggestions

9.4.1 forecast of export of primary plastics and synthetic resins industry and suggestions

9.4.2 forecast of import of primary plastics and synthetic resins industry and suggestions

Chapter 10: Analysis of operation of main enterprises of China's primary plastics and

synthetic resins industry

10.1 analysis of overall development of China's primary plastics and synthetic resins enterprises

10.1.1 corporate scale of China's primary plastics and synthetic resins industry

10.1.2 industrial output value of China's primary plastics and synthetic resins industry

10.1.3 sales revenue and profits of China's primary plastics and synthetic resins industry

10.1.4 analysis of innovation capability of major China's primary plastics and synthetic resins enterprises

10.2 case study of leading enterprises of China's primary plastics and synthetic resins industry

10.2.1 Ningbo LG Yongxing Chemical Co., Ltd.

- (1) analysis of the company's production scale
- (2) analysis of the company's capabilities of production and marketing
- (3) analysis of the company's solvency capability
- (4) analysis of the company's operation capability
- (5) analysis of the company's profitability capability
- (6) analysis of the company's development capability
- (7) analysis of the company's product structure and new product developments
- (8) analysis of the company's sales channels and network
- (9) SWOT analysis of the company's operation
- (10) analysis of investment, merger and restructuring of the company
- (11) analysis of the company's latest development trend

10.2.2 Jiangsu Sanmu Group Co., Ltd.

- (1) analysis of the company's production scale
- (2) analysis of the company's capabilities of production and marketing
- (3) analysis of the company's solvency capability
- (4) analysis of the company's operation capability
- (5) analysis of the company's profitability capability
- (6) analysis of the company's development capability
- (7) analysis of the company's product structure and new product developments
- (8) analysis of the company's sales channels and network
- (9) SWOT analysis of the company's operation
- (10) analysis of investment, merger and restructuring of the company
- (11) analysis of the company's latest development trend

10.2.3 Wuxi Xingda Foam New Materials Co., Ltd.

- (1) analysis of the company's production scale
- (2) analysis of the company's capabilities of production and marketing
- (3) analysis of the company's solvency capability
- (4) analysis of the company's operation capability
- (5) analysis of the company's profitability capability
- (6) analysis of the company's development capability
- (7) analysis of the company's product structure and new product developments
- (8) analysis of the company's sales channels and network
- (9) SWOT analysis of the company's operation
- (10) analysis of investment, merger and restructuring of the company
- (11) analysis of the company's latest development trend

10.2.4 Zhenjiang Chi Mei Chemical Co., Ltd.

- (1) analysis of the company's production scale
- (2) analysis of the company's capabilities of production and marketing
- (3) analysis of the company's solvency capability
- (4) analysis of the company's operation capability
- (5) analysis of the company's profitability capability
- (6) analysis of the company's development capability
- (7) analysis of the company's product structure and new product developments
- (8) analysis of the company's sales channels and network
- (9) SWOT analysis of the company's operation
- (10) analysis of investment, merger and restructuring of the company
- (11) analysis of the company's latest development trend

10.2.5 Kingfa Technology Co., Ltd.

- (1) analysis of the company's production scale
- (2) analysis of the company's capabilities of production and marketing

- (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network
 - (9) SWOT analysis of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 10.2.6 Yibin Tianyuan Group Co., Ltd.
- (1) analysis of the company's production scale
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network
 - (9) SWOT analysis of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 10.2.7 Shanghai Chlor-Alkali Chemical Co., Ltd.
- (1) analysis of the company's production scale
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network
 - (9) SWOT analysis of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 10.2.8 Haohua Yuhang Chemical Co., Ltd.
- (1) analysis of the company's production scale
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network
 - (9) SWOT analysis of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 10.2.9 China Petroleum Daqing Petrochemical Company
- (1) analysis of the company's production scale
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network
 - (9) SWOT analysis of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 10.2.10 Maoming Petrochemical Shihua Co., Ltd.
- (1) analysis of the company's production scale

- (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network
 - (9) SWOT analysis of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 10.2.11 Zhejiang Shaoxing Sanyuan Petrochemical Co., Ltd.
- (1) analysis of the company's production scale
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network
 - (9) SWOT analysis of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 10.2.12 China Sinopec Zhongyuan Petroleum Chemical Co., Ltd.
- (1) analysis of the company's production scale
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network
 - (9) SWOT analysis of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 10.2.13 SABIC Innovative Plastics (China) Co., Ltd.
- (1) analysis of the company's production scale
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network
 - (9) SWOT analysis of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 10.2.14 Bluestar New Chemical Materials Co., Ltd.
- (1) analysis of the company's production scale
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network
 - (9) SWOT analysis of the company's operation
 - (10) analysis of investment, merger and restructuring of the company
 - (11) analysis of the company's latest development trend
- 10.2.15 Jinan Shengquan Group Inc.

- (1) analysis of the company's production scale
 - (2) analysis of the company's capabilities of production and marketing
 - (3) analysis of the company's solvency capability
 - (4) analysis of the company's operation capability
 - (5) analysis of the company's profitability capability
 - (6) analysis of the company's development capability
 - (7) analysis of the company's product structure and new product developments
 - (8) analysis of the company's sales channels and network

Chapter 11: Analysis of investment and forecast of China's primary plastics and synthetic resins industry

11.1 analysis of characteristics of investment of China's primary plastics and synthetic resins industry

- 11.1.1 analysis of entry barrier of primary plastics and synthetic resins industry
- 11.1.2 analysis of profit mode of primary plastics and synthetic resins industry
- 11.1.3 analysis of profit factor of primary plastics and synthetic resins industry

11.2 forecast of development trends of China's primary plastics and synthetic resins industry

- 11.2.1 analysis of development trends of primary plastics and synthetic resins industry
- 11.2.2 forecast of development prospects of primary plastics and synthetic resins industry
 - (1) forecast of development prospects of general plastic products market
 - (2) forecast of development prospects of engineering plastic products market

11.3 suggestions for investment of China's primary plastics and synthetic resins industry

- 11.3.1 analysis of risks of investment of primary plastics and synthetic resins industry
- 11.3.2 Forward's suggestions for investment of primary plastics and synthetic resins industry

Chapter 12: Analysis of credit risk and opportunity of China's primary plastics and synthetic resins industry

12.1 analysis of environmental risk of the industry and prompt

- 12.1.1 impact of the international environment on the industry and risk prompt
- 12.1.2 impact of the macro environment on the industry and risk prompt
- 12.1.3 monetary policy of the Central Bank and banking regulation

12.2 analysis of industrial policy and prompt

- 12.2.1 impact of industrial policy and risk prompt
- 12.2.2 impact of environmental protection policy and risk prompt
- 12.2.3 impact of energy saving and emission reduction policy and risk prompt
- 12.2.4 impact of energy planning and risk prompt

12.3 market risk and prompt

- 12.3.1 risk prompt of market supply and demand
- 12.3.2 risk prompt of market price
- 12.3.3 risk prompt of industrial competition

12.4 credit opportunity of the industry and suggestions

- 12.4.1 overall credit opportunity and credit suggestions
- 12.4.2 credit opportunity of sub-industries and credit suggestions

12.5 regional credit opportunity and suggestions

- 12.5.1 features and summary of regional development
- 12.5.2 credit suggestions for regional market

12.6 credit opportunity of the enterprise and suggestions

12.7 credit opportunity of the industry chain and suggestions

- 12.7.1 credit opportunity of plastic products industry and suggestions
- 12.7.2 credit opportunity of petroleum refining industry
