

China Dredging Engineering Industry Development Prospect and Investment Strategic Planning Report, 2013-2017

目 录

CONTENTS

Chapter 1: Overview of China Dredging Engineering Industry

1.1 Definition and Classification of Dredging Engineering

1.2 Characteristics of Dredging Engineering Industry

1.2.1 Low Sensitivity

1.2.2 Low Regional Limitation

1.2.3 Strong Policy Influence

1.2.4 Supervision of Dredging Engineering Industry

(1) Major Administration Departments

(2) Major Laws and Regulations

(3) Management of Business Qualification

Chapter 2: Development Status of Dredging Engineering Industry

2.1 Development Status of International Dredging Engineering Industry

2.1.1 Analysis of International Dredging Engineering Market

(1) Analysis of Overall Scale

(2) Analysis of Business Structure

(3) Analysis of Regional Structure

2.1.2 Status of Typical Dredging Engineering Corporations in the World

2.2 Development Status of China Dredging Engineering Market

2.2.1 Overall Status of China Dredging Engineering Market

(1) Overall Scale of China Dredging Engineering Market

(2) Business Structure of China Dredging Engineering Market

2.2.2 Analysis of Dredging Engineering Segment Market Size in China

(1) Analysis of Infrastructure Dredging Market Size

(2) Analysis of Maintaining Dredging Market Size

(3) Analysis of Environmental-Protection Dredging Market Size

(4) Analysis of Hydraulic-reclamation Dredging Market Size

2.2.3 Development Characteristics of China Dredging Engineering Industry

2.2.4 Influencing Factors to China Dredging Engineering Industry

2.3 Market Competition of Dredging Engineering Industry

2.3.1 Competitive Structure of International Dredging Engineering Industry

2.3.2 Competition of China Dredging Engineering Industry

(1) Entry Barriers of China Dredging Engineering Industry

1) Barrier of Business Qualification and Project Experience

2) Capital and Scale Barrier

3) Equipment Barrier

4) Technology Barrier

(2) Competition Status of China Dredging Engineering Industry

2.3.3 Profit Level and the Changing Tendency of the Industry

Chapter 3: Industry Chain of Dredging Engineering Industry

3.1 Briefing of Dredging Engineering Industry Chain

3.2 Upstream of Dredging Engineering Industry

3.2.1 Development Trend of Shipbuilding Industry

3.2.2 Development of the Dredging Ships

3.3 Operation of Major Downstream Industries

3.3.1 Operation of the Ports in China

(1) Passenger Throughput of the Ports in China

(2) Cargo Throughput of the Ports in China

(3) Container Throughput of the Ports in China

(4) Key Product Throughput of the Ports in China

Chapter 4: Demand Market of Dredging Engineering Industry

4.1 Overall Demanding Fields of China Dredging Engineering Industry

4.2 Segment Demanding Fields of China Dredging Engineering Industry

4.2.1 Port and Wharf Construction Field

- (1) Planning of Port and Wharf Construction
- (2) Construction Status of Port and Wharf
 - 1) Investment to Port and Wharf Construction
 - 2) Construction Amount of Port and Wharf in China
- (3) Competitive Corporations of Port and Wharf Construction Market
- (4) Development Trend of Port and Wharf Construction Market
- (5) Prospects Forecast of Port and Wharf Construction

4.2.2 Inland Waterway Construction Field

- (1) Planning of Inland Waterway Construction
- (2) Construction Status of Inland Waterway
- (3) Construction Focus to the Waterways in Major Regions
- (4) Influencing Factors to Waterway Construction
- (5) Development Prospects of Inland Waterway Construction Market

4.2.3 Reservoir Project Construction Field

- (1) Construction Status of Reservoir Project
 - 1) Investment to Reservoir Project Construction
 - 2) Construction Scale of Reservoir Project
 - 3) Amount of the Reservoir Project under Construction
- (2) Major Competitive Corporations of Reservoir Project Market
- (3) Influencing Factors to Reservoir Project Construction
- (4) Trend and Prospects of Reservoir Project Construction Market

4.2.4 Urban Marine Reclamation Land Field

- (1) Development of the Coastal Cities in China
 - 1) Development Scale of Coastal Cities
 - 2) Population Size of Coastal Cities
- (2) Development of the Coastal Economy in China
- (3) Supply-Demand Contradiction of the Coastal Land
- (4) Scale of Urban Marine Reclamation Land
- (5) Dredging Demand of Urban Marine Reclamation Land

4.2.5 Construction Field of Offshore Oil and Gas Equipment

- (1) Development of Offshore Oil and Gas Industry
- (2) Scale of Offshore Oilfield Service Market
- (3) Dredging Demand to Offshore Oil and Gas Equipment Construction

4.2.6 Environmental Engineering Construction Field

- (1) Pollution Controlling Status of Ten Major Drainage Basins in China
 - 1) Pollution Condition of Ten Major Drainage Basins in China
 - 2) Pollution Controlling Status of Ten Major Drainage Basins in China
- (2) Pollution Controlling Status of Five Major Lakes in China
 - 1) Pollution Condition of Five Major Lakes in China
 - 2) Pollution Controlling Status of Five Major Lakes in China
- (3) Controlling Status of Land-based Pollution to Sea in China
 - 1) Land-based Pollution to Sea in China
 - 2) Pollution Controlling Status of Four Major Sea Areas in China
- (4) Dredging Demand to River, Lake and Sea Area Pollution in China

4.2.7 Seawall Protective Engineering Construction Field

- (1) Structural Style of Seawall Construction
- (2) Planning of Seawall Construction in China
- (3) Market Status of Seawall Construction in China
 - 1) Investment to Seawall Construction in China
 - 2) Construction Size of the Seawall in China
- (4) Competition of Seawall Protective Engineering Corporations in China
- (5) Influencing Factors to Seawall Construction
- (6) Development Trend and Prospects of Seawall Construction
- (7) Dredging Demand of Seawall Construction

4.2.8 Coastal Tourism Construction Field

- (1) Development Overview of Coastal Tourism
- (2) Revenue Scale of Coastal Tourism
- (3) Added Value Scale of Coastal Tourism
- (4) Dredging Demand of Coastal Tourism Projects
- 4.2.9 Water Conservancy Project Construction Field
 - (1) Development Overview of Water Conservancy Project
 - (2) Investment to Water Conservancy Project
 - (3) Water Conservancy Project under Construction or Planning
 - (4) Influencing Factors to Water Conservancy Project
 - (5) Development Trend of Water Conservancy Project Market
 - (6) Dredging Demand of Water Conservancy Project

Chapter 5: Technology Status of Dredging Engineering Industry

5.1 Technology Status of Dredging Engineering Industry

- 5.1.1 Development Status of Foreign Dredging Engineering Technology
- 5.1.2 Development Status of China Dredging Engineering Technology
 - (1) Development Progress of China Dredging Engineering Technology
 - (2) R&D Level of China Dredging Engineering Technology
 - (3) Corporation Distribution of China Dredging Engineering Technology
 - (4) Analysis of Major Dredging Engineering Technologies in China

5.2 New Technologies of Dredging Engineering Industry

- 5.2.1 Analysis of Bottom Sediment Dredging Technology
 - (1) Analysis and Field Research of Bottom Sediment Dredging
