

China Hydrogen Fluoride Industry Report (2016–2021), Development Prospect and Investment Strategic Planning

目 录

CONTENTS

Chapter 1: Analysis of development environment of China's hydrogen fluoride industry

- 1.1 definition of hydrogen fluoride industry
 - 1.1.1 characteristics of hydrogen fluoride
 - 1.1.2 main purposes of hydrogen fluoride
 - 1.1.3 industry chain of hydrogen fluoride industry
- 1.2 analysis of hydrogen fluoride production technology
 - 1.2.1 technical evolution of hydrogen fluoride
 - 1.2.2 status quo of hydrogen fluoride production technology
 - 1.2.3 existing production processes of hydrogen fluoride
 - (1) "fluorite - sulfuric acid method"
 - (2) fluosilicate method
 - 1.2.4 development trends of hydrogen fluoride technology
 - (1) improvement of "fluorite - sulfuric acid method"
 - (2) production of hydrogen fluoride from phosphate by-products
- 1.3 resources environment of hydrogen fluoride industry
 - 1.3.1 classification and uses of fluorite
 - 1.3.2 distribution of fluorite resources
 - 1.3.3 supply of fluorite industry
 - 1.3.4 structure of consumption of fluorite industry
 - 1.3.5 analysis of import and export of fluorite industry
 - 1.3.6 forecast of market price trend of fluorite
 - 1.3.7 development trends of fluorite industry
- 1.4 policy environment of hydrogen fluoride industry
 - 1.4.1 related policies of fluorite industry
 - 1.4.2 access policy of hydrogen fluoride industry
 - 1.4.3 adjusted directory of hydrogen fluoride industry
 - 1.4.4 related policies of export of hydrogen fluoride
 - 1.4.5 main criteria for hydrogen fluoride industry
 - 1.4.6 development planning of hydrogen fluoride industry
- 1.5 economic environment of hydrogen fluoride industry
 - 1.5.1 association between the industry and the economy
 - 1.5.2 operation of domestic and foreign economies
 - 1.5.3 forecast of domestic and foreign economic trends

Chapter 2: operation of the global hydrogen fluoride industry in 2013 and forecast

- 2.1 analysis of status quo and trends of the global fluorite resources
 - 2.1.1 distribution of the global fluorite resources
 - 2.1.2 supply of the global fluorite industry
 - 2.1.3 consumption of the global fluorite industry
 - 2.1.4 trade of the global fluorite industry
 - 2.1.5 price trend of the global fluorite industry
 - 2.1.6 development trends of the global fluorite industry
- 2.2 analysis of operation of the global hydrogen fluoride industry in.....2013
 - 2.2.1 overview of development of the global hydrogen fluoride industry
 - 2.2.2 analysis of production capacity of the global hydrogen fluoride industry
 - 2.2.3 consumer demand of the global hydrogen fluoride industry
 - 2.2.4 competitive landscape of the global hydrogen fluoride industry
- 2.3 analysis of hydrogen fluoride industry in key areas in.....2013
 - 2.3.1 analysis of operation of fluoride market in North America
 - (1) analysis of production of hydrogen fluoride in North America

- (2) analysis of consumption of hydrogen fluoride in North America
- (3) development trends of hydrogen fluoride industry in North America
- 2.3.2 analysis of operation of fluoride market in Europe
 - (1) analysis of production of hydrogen fluoride in Europe
 - (2) analysis of consumption of hydrogen fluoride in Europe
 - (3) development trends of hydrogen fluoride industry in Europe
- 2.3.3 analysis of operation of fluoride market in Asia
 - (1) analysis of production of hydrogen fluoride in Asia
 - (2) analysis of consumption of hydrogen fluoride in Asia
 - (3) development trends of hydrogen fluoride industry in Asia
 - (4) forecast of the global hydrogen fluoride industry in 2016-2021
- 2.3.4 forecast of the global hydrogen fluoride industry
 - (1) 3.5 prediction of trends of the global hydrogen fluoride industry

Chapter 3: operation of China's hydrogen fluoride industry in 2013 and forecast

3.1 overall development of hydrogen fluoride industry

- 3.1.1 overall situation of hydrogen fluoride industry
- 3.1.2 characteristics of development of hydrogen fluoride industry
- 3.1.3 influencing factors of hydrogen fluoride industry

3.2 analysis of supply and demand of hydrogen fluoride industry in.....2013

- 3.2.1 analysis of production capacity of hydrogen fluoride
- 3.2.2 analysis of production yield of hydrogen fluoride
- 3.2.3 utilization rate of production capacity of hydrogen fluoride
- 3.2.4 scale of consumption of hydrogen fluoride
- 3.2.5 supply and demand balance of hydrogen fluoride

3.3 analysis of projects of hydrogen fluoride industry in.....2013

- 3.3.1 requirements of new hydrogen fluoride projects
- 3.3.2 analysis of new hydrogen fluoride projects
- 3.3.3 analysis of hydrogen fluoride projects for approval

3.4 analysis of import and export of hydrogen fluoride industry in.....2013

- 3.4.1 analysis of export of hydrogen fluoride
 - (1) analysis of scale of export of hydrogen fluoride
 - (2) price trend of export of hydrogen fluoride
- 3.4.2 analysis of import of hydrogen fluoride
 - (1) analysis of import trend of hydrogen fluoride
 - (2) price trend of import of hydrogen fluoride

3.5 analysis of benefits of hydrogen fluoride industry in.....2013

3.6 analysis of price trend of hydrogen fluoride

- 3.6.1 sales revenue of hydrogen fluoride industry
- 3.6.2 profitability of hydrogen fluoride industry
- 3.6.3 development capability of hydrogen fluoride industry

3.7 competitive landscape of hydrogen fluoride industry in.....2013

- 3.7.1 competitive landscape of internal enterprises
- 3.7.2 bargaining power of upstream suppliers
- 3.7.3 bargaining power of downstream customers
- 3.7.4 threat of potential entrants to the industry
- 3.7.5 threat of alternatives of the industry
- 3.7.6 summary of competitive strength of the industry
 - (1) forecast of hydrogen fluoride industry in 2016-2021
- 3.7.7 forecast of scale of production capacity of hydrogen fluoride
- 3.7.8 forecast of scale of production yield of hydrogen fluoride
- 3.7.9 forecast of consumption demand of hydrogen fluoride
- 3.7.10 forecast of supply and demand balance of hydrogen fluoride
- 3.7.11 forecast of price of hydrogen fluoride industry

Chapter 4: analysis of China's downstream product markets of hydrogen fluoride in.....2013

4.1 analysis of inorganic fluoride market

- 4.1.1 overview of inorganic fluoride market
 - (1) overview of category of inorganic fluoride products
 - (2) regional distribution of the global inorganic fluorides
 - (3) application fields of China's inorganic fluoride

4.1.2 analysis of supply and demand of fluoride salt market

- (1) overall situation of fluoride salt market
- (2) analysis of the global fluoride salt market
 - 1) growth of production capacity
 - 2) analysis of utilization of production capacity
 - 3) regional distribution
- (3) analysis of China's fluoride salt market
 - 1) growth of production capacity
 - 2) analysis of utilization of production capacity
 - 3) corporate competitive structure
 - 4) regional distribution
 - 5) market demand
 - 6) analysis of market price
- (4) trends of China's fluoride salt market

4.1.3 analysis of market supply and demand of lithium hexafluorophosphate

- (1) overview of lithium hexafluorophosphate market
 - 1) comparison of performance of lithium hexafluorophosphate
 - 2) comparison of earnings of lithium hexafluorophosphate
- (2) analysis of market supply of lithium hexafluorophosphate
 - 1) foreign supply situation
 - 2) China's supply situation
- (3) analysis of market demand for lithium hexafluorophosphate
- (4) price trend of lithium hexafluorophosphate
- (5) analysis of status quo of lithium hexafluorophosphate technology
 - 1) comparison between domestic and Japanese products
 - 2) statistics of domestic invention patents

4.1.4 analysis of market of electronic grade hydrofluoric acid

- (1) overview of market of electronic grade hydrofluoric acid
- (2) analysis of demand for electronic grade hydrofluoric acid
- (3) analysis of production capacity of electronic grade hydrofluoric acid
- (4) supply situation of electronic grade hydrofluoric acid
- (5) market trends of electronic grade hydrofluoric acid

4.1.5 analysis of other inorganic fluoride markets

- (1) analysis of lithium tetrafluoroborate market
- (2) analysis of high-purity fluorine gas market
- (3) analysis of sulfur hexafluoride market
- (4) analysis of nitrogen trifluoride market
- (5) analysis of carbon tetrafluoride market
- (6) analysis of tungsten hexafluoride market
- (7) analysis of iodine pentafluoride market
- (8) analysis of phosphorus pentafluoride market
- (9) analysis of boron trifluoride market
- (10) analysis of sulfur tetrafluoride market

4.2 analysis of fluorocarbon market

4.2.1 overview of fluorocarbon market

- (1) category of fluorocarbon products
- (2) market position of fluorocarbon compounds

4.2.2 analysis of market supply and demand of R22

- (1) market supply of R22
- (2) market demand for R22
 - 1) scale of demand for R22
 - 2) application structure of R22
- (3) market price trend of R22
 - 1) analysis of status quo of price
 - 2) forecast of price trend
- (4) cost structure of R22 products
- (5) forecast of R22 market

4.2.3 analysis of market supply and demand of R134a

- (1) market supply of R134a

- (2) market demand for R134a
 - 1) scale of demand for R134a
 - 2) application structure of R134a
- (3) market price trend of R134a
- (4) cost structure of R134a products
- 4.2.4 analysis of market supply and demand of R125
 - (1) market supply of R125
 - (2) market demand for R125
 - (3) market price trend of R125
- 4.2.5 analysis of HFC-23 decomposition CDM project
 - (1) reduce HFC-23 methodology and decomposition technique
 - (2) status quo of development of HFC-23 decomposition CDM project
 - (3) risk of investment of HFC-23 decomposition CDM project
 - (4) forecast of development of HFC-23 decomposition CDM project

4.3 analysis of fluoro resin market

- 4.3.1 performance and type of fluoro resin
- 4.3.2 analysis of PTFE resin market
 - (1) analysis of performance of PTFE resin
 - (2) application of PTFE resin products
 - (3) demand for PTFE resin
 - 1) demand growth
 - 2) distribution of demand fields
 - (4) production capacity of PTFE resin
 - 1) situation of global production capacity
 - 2) situation of domestic production capacity
 - 3) regional distribution of production capacity
 - 4) competitive landscape of enterprise
 - (5) price situation of PTFE resin
 - (6) product market of PTFE resin
- 4.3.3 analysis of PFA resin market
 - (1) analysis of performance of PFA resin
 - (2) analysis of application of PFA resin
 - (3) analysis of PFA resin market
- 4.3.4 analysis of FEP resin market
 - (1) analysis of performance of FEP resin
 - (2) analysis of application of FEP resin
 - (3) analysis of FEP resin market
- 4.3.5 analysis of ETFE resin market
 - (1) analysis of performance of ETFE resin
 - (2) analysis of application of ETFE resin
 - (3) analysis of ETFE resin market
- 4.3.6 analysis of PCTFE resin market
 - (1) analysis of performance of PCTFE resin
 - (2) analysis of application of PCTFE resin
 - (3) analysis of PCTFE resin market
- 4.3.7 analysis of PVDF resin market
 - (1) analysis of performance of PVDF resin
 - (2) analysis of application of PVDF resin
 - (3) analysis of PVDF resin market
- 4.3.8 analysis of PVF resin market
 - (1) analysis of performance of PVF resin
 - (2) analysis of application of PVF resin
 - (3) analysis of PVF resin market

Chapter 5: analysis of demand for hydrogen fluoride in China's main application areas in

2 0 1 3

5.1 analysis of market demand for fluorinated refrigerants

- 5.1.1 overview of development of refrigerant industry
 - (1) development course of refrigerant
 - (2) elimination pace of refrigerant

- (3) status quo of application of refrigerant
- 5.1.2 analysis of market of the second generation of refrigerant (HFC class)
- 5.1.3 analysis of market of the third generation of refrigerant (R134a, R125, R32, etc.)
 - (1) status quo of production capacity
 - (2) forecast of supply and demand
- 5.1.4 forecast of market demand for fluorinated refrigerants
 - (1) forecast of demand in refrigerant supporting market
 - (2) forecast of demand in refrigerant replacement market
 - (3) forecast of demand in overall refrigerant market
- 5.2 analysis of demand in electrolytic aluminium industry**
 - 5.2.1 overview of development of electrolytic aluminium industry
 - 5.2.2 analysis of supply of electrolytic aluminium industry
 - (1) analysis of status quo of supply
 - (2) trends of transfer of production capacity
 - 5.2.3 analysis of demand in electrolytic aluminium industry
 - 5.2.4 analysis of price trend of electrolytic aluminium
 - 5.2.5 analysis of cost of electrolytic aluminium industry
 - 5.2.6 application of aluminum fluoride in electrolytic aluminium industry
- 5.3 analysis of demand in power lithium battery industry**
 - 5.3.1 overview of development of power lithium battery industry
 - 5.3.2 analysis of scale of power lithium battery market
 - 5.3.3 analysis of cost structure of power lithium battery materials
 - 5.3.4 analysis of market of power lithium battery electrolyte
 - (1) overview of electrolyte market
 - (2) scale of electrolyte market
 - (3) structure of electrolyte market
 - (4) distribution of production capacity of electrolyte
 - 5.3.5 application of lithium hexafluorophosphate in power lithium battery industry
 - (1) forecast of domestic demand
 - (2) forecast of import substitution
 - (3) demand volume for power lithium battery
 - (4) price fall of lithium hexafluorophosphate
- 5.4 analysis of demand in nuclear power industry**
 - 5.4.1 status quo of development and planning of nuclear power industry
 - 5.4.2 analysis of application of hydrogen fluoride in nuclear power industry
 - 5.4.3 scale of demand for hydrogen fluoride in nuclear power industry
- 5.5 analysis of market demand for fluorinated liquid crystal materials**
 - 5.5.1 overview of development of liquid crystal material industry
 - 5.5.2 analysis of supply of liquid crystal material industry
 - 5.5.3 analysis of demand of liquid crystal material industry
 - 5.5.4 analysis of market of fluorinated liquid crystal materials
 - (1) analysis of supply of fluorinated liquid crystal materials
 - (2) analysis of demand for fluorinated liquid crystal materials
 - 5.5.5 forecast of market demand for fluorinated liquid crystal materials
- 5.6 analysis of market demand for fluorinated pharmaceuticals**
 - 5.6.1 overview of fluorinated pharmaceuticals market
 - 5.6.2 analysis of market demand for fluorinated pharmaceuticals
 - (1) fluorinated drugs – quinolones
 - (2) fluorinated drugs – sitagliptin
 - (3) other fluorine drugs
 - 5.6.3 status quo of application and research of fluorinated pharmaceuticals
 - 5.6.4 forecast of development of fluorinated pharmaceuticals market
- 5.7 analysis of market demand for fluorinated pesticide**
 - 5.7.1 overview of development of pesticide industry
 - 5.7.2 analysis of supply of pesticide industry
 - 5.7.3 analysis of market of pesticide products
 - (1) pesticide market
 - (2) herbicide market
 - (3) fungicide market

- 5.7.4 status quo of application and research of fluorinated pesticides
- 5.7.5 forecast of fluorinated pesticide market

5.8 analysis of market demand for fluorine plastics

- 5.8.1 overview of development of fluorine plastics market
- 5.8.2 analysis of market demand for fluorine plastics
- 5.8.3 analysis of scale of fluorine plastics market
- 5.8.4 development trends of fluorine plastics market
- 5.8.5 forecast of market demand for fluorine plastics

5.9 analysis of market demand for FKM

- 5.9.1 overview of FKM market
- 5.9.2 analysis of market supply of FKM
 - (1) global supply situation
 - (2) China's supply situation
- 5.9.3 analysis of market demand for FKM
 - (1) demand areas of FKM
 - (2) sales volume of FKM
- 5.9.4 development trends of FKM market
- 5.9.5 analysis of market demand for FKM

5.10 analysis of market demand for fluorine coating

- 5.10.1 overview of market of fluorine coating
- 5.10.2 analysis of make application of fluorine coating
- 5.10.3 analysis of market supply of fluorine coating
- 5.10.4 analysis of market demand for fluorine coating
- 5.10.5 analysis of market of fluorine coating products
- 5.10.6 development trends of fluorine coating market
- 5.10.7 forecast of market demand for fluorine coating

5.11 analysis of demand in mining industry

- 5.11.1 analysis of status quo of development of mining industry
- 5.11.2 application of fluoride in mining industry
- 5.11.3 forecast of demand for hydrogen fluoride in mining industry

5.12 analysis of demand in national defense industry

- 5.12.1 status quo of development of national defense industry
- 5.12.2 application of hydrogen fluoride in national defense industry
- 5.12.3 forecast of demand for hydrogen fluoride in national defense industry

5.13 analysis of demand in other emerging industries

- 5.13.1 analysis of demand in solar cell industry
- 5.13.2 analysis of demand in fuel cell industry
- 5.13.3 analysis of demand in large generator fluorinated cooling medium
- 5.13.4 analysis of demand in fluorinated finishing agent

Chapter 6: analysis of China's regional market of hydrogen fluoride industry in.....2013

6.1 characteristics of regional development of hydrogen fluoride industry

6.2 analysis of development of hydrogen fluoride industry in Fujian

- 6.2.1 analysis of fluorite resources in Fujian
- 6.2.2 analysis of production capacity of hydrogen fluoride in Fujian
- 6.2.3 analysis of production enterprises of hydrogen fluoride in Fujian
- 6.2.4 new projects of hydrogen fluoride in Fujian
- 6.2.5 development planning of hydrogen fluoride in Fujian

6.3 analysis of development of hydrogen fluoride industry in Zhejiang

- 6.3.1 analysis of fluorite resources in Zhejiang
- 6.3.2 analysis of production capacity of hydrogen fluoride in Zhejiang
- 6.3.3 analysis of production enterprises of hydrogen fluoride in Zhejiang
- 6.3.4 new projects of hydrogen fluoride in Zhejiang
- 6.3.5 development planning of hydrogen fluoride in Zhejiang

6.4 analysis of development of hydrogen fluoride industry in Jiangxi

- 6.4.1 analysis of fluorite resources in Jiangxi
- 6.4.2 analysis of production capacity of hydrogen fluoride in Jiangxi
- 6.4.3 analysis of production enterprises of hydrogen fluoride in Jiangxi
- 6.4.4 new projects of hydrogen fluoride in Jiangxi
- 6.4.5 development planning of hydrogen fluoride in Jiangxi

6.5 analysis of development of hydrogen fluoride industry in Inner Mongolia

- 6.5.1 analysis of fluorite resources in Inner Mongolia
- 6.5.2 analysis of production capacity of hydrogen fluoride in Inner Mongolia
- 6.5.3 analysis of production enterprises of hydrogen fluoride in Inner Mongolia
- 6.5.4 new projects of hydrogen fluoride in Inner Mongolia
- 6.5.5 development planning of hydrogen fluoride in Inner Mongolia

6.6 analysis of development of hydrogen fluoride industry in Shandong

- 6.6.1 analysis of fluorite resources in Shandong
- 6.6.2 analysis of production capacity of hydrogen fluoride in Shandong
- 6.6.3 analysis of production enterprises of hydrogen fluoride in Shandong
- 6.6.4 new projects of hydrogen fluoride in Shandong
- 6.6.5 development planning of hydrogen fluoride in Shandong

6.7 analysis of development of hydrogen fluoride industry in Jiangsu

- 6.7.1 analysis of fluorite resources in Jiangsu
- 6.7.2 analysis of production capacity of hydrogen fluoride in Jiangsu
- 6.7.3 analysis of production enterprises of hydrogen fluoride in Jiangsu
- 6.7.4 new projects of hydrogen fluoride in Jiangsu
- 6.7.5 development planning of hydrogen fluoride in Jiangsu

Chapter 7: analysis of operation of domestic and foreign leading hydrogen fluoride enterprises**7.1 analysis of operation of foreign hydrogen fluoride enterprises in China****7.1.1 Honeywell**

- (1) brief introduction of the company's development
- (2) analysis of the company's main products
- (3) analysis of the company's production capacity of hydrogen fluoride
- (4) layout of the company's global business
- (5) analysis of the company's operation in China
- (6) analysis of the company's latest development trend

7.1.2 DuPont

- (1) brief introduction of the company's development
- (2) analysis of the company's main products
- (3) analysis of the company's production capacity of hydrogen fluoride
- (4) layout of the company's global business
- (5) analysis of the company's operation in China
- (6) analysis of the company's latest development trend

7.1.3 Ineos

- (1) brief introduction of the company's development
- (2) analysis of the company's main products
- (3) analysis of the company's production capacity of hydrogen fluoride
- (4) layout of the company's global business
- (5) analysis of the company's operation in China
- (6) analysis of the company's latest development trend

7.1.4 Solay

- (1) brief introduction of the company's development
- (2) analysis of the company's main products
- (3) analysis of the company's production capacity of hydrogen fluoride
- (4) layout of the company's global business
- (5) analysis of the company's operation in China
- (6) analysis of the company's latest development trend

7.1.5 Stella

- (1) brief introduction of the company's development
- (2) analysis of the company's main products
- (3) analysis of the company's production capacity of hydrogen fluoride
- (4) layout of the company's global business
- (5) analysis of the company's operation in China
- (6) analysis of the company's latest development trend

7.1.6 Morita Chemical

- (1) brief introduction of the company's development
- (2) analysis of the company's main products

- (3) analysis of the company's production capacity of hydrogen fluoride
- (4) layout of the company's global business
- (5) analysis of the company's operation in China
- (6) analysis of the company's latest development trend

7.1.7 Arkema

- (1) brief introduction of the company's development
- (2) analysis of the company's main products
- (3) analysis of the company's production capacity of hydrogen fluoride
- (4) layout of the company's global business
- (5) analysis of the company's operation in China
- (6) analysis of the company's latest development trend

7.1.8 Daikin

- (1) brief introduction of the company's development
- (2) analysis of the company's main products
- (3) analysis of the company's production capacity of hydrogen fluoride
- (4) layout of the company's global business
- (5) analysis of the company's operation in China
- (6) analysis of the company's latest development trend

7.2 analysis of operation of leading enterprises of domestic hydrogen fluoride industry

7.2.1 Centralfluor Industries Group, Inc

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure
- (3) analysis of the company's fluorite resources
- (4) analysis of the company's production capacity of hydrogen fluoride
- (5) the company's development strategy of hydrogen fluoride
- (6) analysis of the company's operation
- (7) the company's sales channels and network
- (8) analysis of advantages and disadvantages of the company's operation
- (9) analysis of the company's investment and merger
- (10) the company's latest development trend

7.2.2 Yingpeng Chemicals Co., Ltd.

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure
- (3) analysis of the company's fluorite resources
- (4) analysis of the company's production capacity of hydrogen fluoride
- (5) the company's development strategy of hydrogen fluoride
- (6) analysis of the company's operation
 - 1) major economic indicators
 - 2) analysis of operation capability
 - 3) analysis of profitability capability
 - 4) analysis of solvency capability
 - 5) analysis of development capability
- (7) the company's sales channels and network
- (8) analysis of advantages and disadvantages of the company's operation
- (9) analysis of the company's investment and merger
- (10) the company's latest development trend

7.2.3 Zhejiang Sanmei Chemical Co., Ltd.

- (1) brief introduction of the company's development
- (2) analysis of the company's product structure
- (3) analysis of the company's fluorite resources
- (4) analysis of the company's production capacity of hydrogen fluoride
- (5) the company's development strategy of hydrogen fluoride
- (6) analysis of the company's operation
- (7) the company's sales channels and network
- (8) analysis of advantages and disadvantages of the company's operation
- (9) analysis of the company's investment and merger
- (10) the company's latest development trend

7.2.4 China Fluoro Technology CO., LTD.

- (1) brief introduction of the company's development

- (2) analysis of the company's product structure
- (3) analysis of the company's fluorite resources
- (4) analysis of the company's production capacity of hydrogen fluoride
- (5) the company's development strategy of hydrogen fluoride
- (6) analysis of the company's operation
 - 1) analysis of capabilities of production and marketing
 - 2) analysis of operation capability
 - 3) analysis of profitability capability
 - 4) analysis of solvency capability
 - 5) analysis of development capability
- (7) the company's sales channels and network
- (8) analysis of advantages and disadvantages of the company's operation
- (9) analysis of the company's investment and merger
- (10) the company's latest development trend
- 7.2.5 Dongyue Group
 - (1) brief introduction of the company's development
 - (2) analysis of the company's product structure
 - (3) analysis of the company's fluorite resources
 - (4) analysis of the company's production capacity of hydrogen fluoride
 - (5) the company's development strategy of hydrogen fluoride
 - (6) analysis of the company's operation
 - 1) major economic indicators
 - 2) analysis of operation capability
 - 3) analysis of profitability capability
 - 4) analysis of solvency capability
 - 5) analysis of development capability
 - (7) the company's sales channels and network
 - (8) analysis of advantages and disadvantages of the company's operation
 - (9) analysis of the company's investment and merger
 - (10) the company's latest development trend

there are another 10 enterprises

Chapter 8: forecast of investment of China's hydrogen fluoride industry and recommendations

8.1 analysis of transformation and upgrading of hydrogen fluoride industry

- 8.1.1 urgency of transformation and upgrading of the industry
- 8.1.2 direction of transformation and upgrading of the industry
 - (1) transition to high-end products
 - (2) extension to upstream and downstream industry chain
 - (3) open up new areas of downstream application
- 8.1.3 case of transformation and upgrading of the industry

8.2 analysis of investment and consolidation of hydrogen fluoride industry

- 8.2.1 status quo of investment of hydrogen fluoride industry
- 8.2.2 analysis of mergers and acquisitions of hydrogen fluoride industry
- 8.2.3 consolidation trend of hydrogen fluoride industry

8.3 analysis of investment barriers of hydrogen fluoride industry

- 8.3.1 resources barrier
- 8.3.2 technical barrier
- 8.3.3 barriers of capital and scale

8.4 analysis of risks of investment of hydrogen fluoride industry

- 8.4.1 policy risk
- 8.4.2 risk of macro economy
- 8.4.3 market risk
- 8.4.4 technical risk
- 8.4.5 risk of environmental protection
- 8.4.6 risk of raw materials
- 8.4.7 other risks

8.5 investment opportunities of hydrogen fluoride industry and recommendations

- 8.5.1 investment opportunities of hydrogen fluoride industry
- 8.5.2 investment direction of hydrogen fluoride industry

8.5.3 entry strategy of hydrogen fluoride industry
