China Car Modification Industry Report (2016-2021), Market Research & Investment Forecast

目 录

CONTENTS

Chapter 1: Overview of development of Chinese car modification industry
1.1 overview of development of car modification industry
1.1.1 origin of car modification
1.1.2 definition and classification of car modification
(1) definition of car modification
1) classification of car modification
1.1.3 the difference between car modification and modified car
1.2 main business scope of car modification
1.2.1 range of car appearance modification
1.2.2 range of interior car modification
1.2.3 range of car power system modification
Chapter 2: Analysis of development environment of Chinese car modification industry
2.1 analysis of policy environment of car modification industry
2.1.1 analysis of related policies of car modification industry
2.1.2 range of car modification prescribed by law
2.1.3 impact of policy environment on car modification industry
2.2 analysis of economic environment of car modification industry
2.2.1 analysis of gross domestic product (GDP)
(1) analysis of GDP in the first half of.....2013
(2) analysis of gross domestic product in 2005年以来
2.2.2 analysis of manufacturing industry
2.2.3 analysis of service industry
2.2.4 impact of economic environment on car modification industry
2.3 analysis of technical environment of car modification industry
2.3.1 analysis of state quo of technology of car modification industry
2.3.2 analysis of car modification technology patents
(1) analysis of the quantity of car modification technology patents
(2) analysis of car modification technology patent applicants
(3) analysis of modification technology patent inventors
2.3.3 impact of technical environment on car modification industry
2.4 analysis of social environment of car modification industry
2.4.1 raise of "urbanization" level
2.4.2 changes in lifestyle and value
(1) changes in lifestyle
(2) changes in value
2.4.3 changes of consumption structure and consumption psychology
(1) changes of consumption structure
(2) changes of consumption psychology
2.4.4 gradual formation of car culture
2.4.5 impact of social environment on car modification industry
Chapter 3: Analysis of development of international car modification industry
3.1 overview of development of the international car modification industry
3.1.1 review of the development process of the international car modification industry
3.1.2 analysis of development status quo of the international car modification industry
3.1.3 types of market of the international car modification industry
3.2 analysis of market scale of the international car modification industry
3.2.1 analysis of ownerships of the international car market
3.2.2 analysis of production and sales of the international car market
3.2.3 analysis of market scale of international car modification industry

3.3 analysis of regional market development of international car modification
3.3.1 analysis of development of car modification industry in America
(1) development status quo of car modification industry in America
(2) analysis of car modification industry market in America
3.3.2 analysis of development of car modification industry in Japan
(1) development status quo of car modification industry in Japan
(2) analysis of car modification industry market in Japan
3.3.3 analysis of development of car modification industry in Germany
(1) development status quo of car modification industry in Germany
(2) analysis of car modification industry market in Germany
3.4 analysis of development of the international car modification companies
3.4.1 analysis of car modification companies in America
(1) EVOLVE car modification company
(2) Saleen car modification company
3.4.2 analysis of car modification companies in Japan
(1) TRD car modification company
(2) TOM'S car modification company
(3) MUGEN car modification company
3.4.3 analysis of car modification companies in Germany
(1) ABT car modification company
(2) Hartge car modification company
(3) AMG car modification company
(4) Brabus car modification company
(5) lorinser car modification company
Chapter 4: Analysis of development of Chinese car modification industry
4.1 overview of development of Chinese car modification industry
4.1.1 development process of car modification industry
4.1.2 development status quo of car modification industry
4.1.3 analysis of problems of car modification industry
4.2 analysis of related markets of Chinese car modification
4.2.1 analysis of Chinese car manufacturing market
(1) analysis of China 's production and sales of auto market in first half of.....2013
(2) analysis of China 's production and sales of auto market in 2005年以来
(3) analysis of the proportion of China's auto production and sales in the world
(4) analysis of competition pattern of China's auto industry
4.2.2 analysis of Chinese auto parts market
(1) analysis of scale of Chinese auto parts market
(2) analysis of the status of Chinese auto parts market
(3) analysis of Chinese auto electronics market
4.2.3 analysis of Chinese car aftermarket
(1) analysis of scale of Chinese car aftermarket
(2) analysis of the status of Chinese car aftermarket
(3) analysis of development trends of Chinese car aftermarket
4.3 analysis of market of Chinese car modification industry
4.3.1 analysis of market scale of car modification industry
(1) analysis of ownerships of the Chinese auto market
(2) analysis of the proportion of China' s car ownership in the world
(3) analysis of yield of Chinese car modification market
4.3.2 analysis of market structure of car modification industry
(1) regional structure of car modification market
(2) analysis of structure of models of car modification
(3) analysis of consumption structure of car modification
(4) analysis of demand structure of car modification
4.3.3 analysis of domestic and foreign brands of car modification
Chapter 5: analysis of regional market of China's car modification industry
5.1 analysis of market of car modification in China's first-tier cities
5.1.1 analysis of market of car modification in Beijing
(1) analysis of development basis
(2) analysis of market structure

(3) analysis of market demand
5.1.2 analysis of market of car modification in Shanghai
(1) analysis of development basis
(2) analysis of market structure
(3) analysis of market demand
