

China Food Safety Testing Industry Development Prospects and Investment Opportunity Analysis Report, 2013–2018

目 录

CONTENTS

Chapter 1: Development Overview and Investment Focuses of China Food Safety Testing Industry

1.1 Status of Food Manufacturing Industry

- 1.1.1 Development Status of Food Manufacturing Industry
- 1.1.2 Development Scale of Food Manufacturing Industry
 - (1) Amount of Food Manufacturing Corporations
 - (2) Scale of Food Manufacturing Industry
 - (3) Imports and Exports of Food Industry

1.2 Status of Food Testing

- 1.2.1 Overview of Food Testing
 - (1) Definition of Food Testing
 - (2) Influencing Factors to Food Testing
 - (3) Review of Food Testing Events
 - (4) Significance of Food Testing
- 1.2.2 Food Testing Guarantee System
 - (1) Laws and Regulations of Food Testing
 - (2) Relevant Standards of Food Testing
 - (3) Supervision System of Food Testing
 - (4) Emergency Mechanism of Food Testing
- 1.2.3 Food Testing Certification System
 - (1) Nuisance Free Agricultural Product Certification
 - (2) Green Food Certification
 - (3) Organic Food Certification
 - (4) Food GMP Certification
 - (5) HACCP

1.3 Overview and Investment Focuses of Food Safety Testing Industry

- 1.3.1 Overview of Food Safety Testing Industry
 - (1) Definition of the Industry
 - (2) Market Participants
 - (3) Industry Chain of the Industry
 - (4) Laboratory Detection Model
- 1.3.2 Management System of Food Safety Testing Industry
 - (1) Administration Departments of the Industry
 - (2) Management Institutes of the Industry
 - (3) Major Laws and Regulations
 - (4) Major Policies of the Industry
- 1.3.3 Risks of Food Safety Testing Industry
 - (1) Risk Early Warning of Food Safety Testing Industry
 - (2) Risk Control of Food Safety Testing Industry
- 1.3.4 Barriers of Food Safety Testing Industry
 - (1) Barrier of Market Access
 - (2) Barrier of Marketing Channels
 - (3) Barrier of Technology Capability
 - (4) Barrier of Professional Talents
 - (5) Barrier of Brand and Reputation

Chapter 2: Development of International Food Safety Testing Industry

2.1 Development Status of International Food Testing

- 2.1.1 Development Status of Food Testing in America
 - (1) Management Organization

- (2) Legal Framework
- (3) Development Characteristics
- 2.1.2 Development Status of Food Testing in European Union
 - (1) Management Organization
 - (2) Legal Framework
 - (3) Development Characteristics
- 2.1.3 Development Status of Food Testing in Japan
 - (1) Management Organization
 - (2) Legal Framework
 - (3) Development Characteristics
- 2.2 Spatial Distribution of International Food Safety Testing**
 - 2.2.1 Development of Food Safety Testing Industry in America
 - (1) Management System of Food Safety Testing Industry in America
 - (2) Corporation Distribution of Food Safety Testing Industry in America
 - 2.2.2 Development of Food Safety Testing Industry in European Union
 - (1) Management System of Food Safety Testing Industry in European Union
 - (2) Corporation Distribution of Food Safety Testing Industry in European Union
 - 2.2.3 Development of Food Safety Testing Industry in Japan
 - (1) Management System of Food Safety Testing Industry in Japan
 - (2) Corporation Distribution of Food Safety Testing Industry in Japan
- 2.3 Analysis of International Food Safety Testing Corporations**
 - 2.3.1 Analysis of International Food Safety Testing Organizations
 - (1) INTERTEK
 - (2) SGS
 - (3) STR
 - (4) TUV
 - (5) BV
 - 2.3.2 Analysis of International Food Testing Detecting Instrument Corporations
 - (1) Angilent
 - (2) Lab Tech
 - (3) Thermo Fisher Scientific
 - (4) Perkin Elmer
 - (5) Shimadzu

Chapter 3: Overall Development of China Food Safety Testing Industry

3.1 Relevant Factors to Food Safety Testing Level

- 3.1.1 Analysis of Food Safety Testing Technology
- 3.1.2 Analysis of Food Testing Detecting Instruments
 - (1) Definition
 - (2) Classification
 - (3) Market Characteristics
- 3.1.3 Analysis of Food Testing Detection Reagent
 - (1) Definition
 - (2) Classification
 - (3) Market Characteristics
- 3.1.4 Analysis of Food Safety Testing Service
 - (1) Definition
 - (2) Classification
 - (3) Market Characteristics
- 3.1.5 Analysis of Food Traceability System Market
 - (1) Definition
 - (2) Mechanism of Action
 - (3) Factor Specification
 - (4) Implementation Status

3.2 Market Operation of Food Safety Testing Industry

- 3.2.1 Market Size and Forecast of Food Safety Testing Industry
 - (1) Market Size and Forecast of Testing Industry
 - (2) Market Size of Food Testing Detecting Instruments
- 3.2.2 Market Structure of Food Safety Testing Industry
 - (1) Market Competitive Structure of Food Safety Testing Industry

- (2) Advantages and Disadvantages Comparison of Testing Organizations at Home and Abroad
- 3.2.3 Market Development of Food Safety Testing Industry
 - (1) Market Existing Problems of Food Safety Testing Industry
 - (2) Market Development Trend of Food Safety Testing Industry
 - (3) Market Development Suggestions to Food Safety Testing Industry

3.3 Regional Distribution of Food Safety Testing Industry

- 3.3.1 Regional Distribution Characteristics of Food Safety Testing
 - (1) Overall Distribution of Testing Industry
 - (2) Overall Distribution of Food Manufacturing Industry
 - (3) Distribution of Testing Laboratory
 - (4) Distribution of Detecting Instrument Industry
 - (5) Distribution of Food Traceability System
- 3.3.2 Analysis of Food Safety Testing in Major Regions
 - (1) Circum-Bohai-Sea Region
 - (2) Yangtze River Delta Region
 - (3) Pearl River Delta Region
- 3.3.3 Analysis of Food Safety Testing in Major Cities
 - (1) Development Characteristics of Food Safety Testing in Major Cities
 - (2) Development of Food Safety Testing Industry in Beijing
 - (3) Development of Food Safety Testing Industry in Shanghai
 - (4) Development of Food Safety Testing Industry in Guangzhou
 - (5) Development of Food Safety Testing Industry in Shenzhen

3.4 Market Development Status of Primary Food Safety Testing Industry

- 3.4.1 Existing Status of Primary Food Safety Testing Organizations
- 3.4.2 Existing Problems of Primary Food Safety Testing Organizations
 - (1) Limitation of Management System
 - (2) Personnel Quality is not High
 - (3) Unreasonable Distribution
 - (4) Weak Infrastructure
 - (5) Information Fail to Share
- 3.4.3 Suggestions to the Construction of Primary Food Safety Testing Technology Capability
 - (1) Pay Highly Attention to the Supervision on Primary Food Technology
 - (2) Establish Sound Food Safety Testing System
 - (3) Make Full Use of Testing Result
 - (4) Strengthen the Research of Testing Technology
 - (5) Strengthen the Integration of Technology Testing Resource and the Development of Capability

Chapter 4: Research Progress and Prospects of China Food Safety Testing Application

4.1 Status of Food Safety Testing Technology

- 4.1.1 Basis of Food Safety Testing Technology
- 4.1.2 Status of Food Safety Testing Technology
- 4.1.3 Researching Direction of Food Safety Testing Technology

4.2 Research Progress of Food Safety Testing treatment Technology Application

- 4.2.1 Analysis of Food Safety Testing treatment Technology
 - (1) SPE
 - (2) SPME
 - (3) MISPE
 - (4) MSPDE
 - (5) QuEChERS
 - (6) ASE
 - (7) SFE
 - (8) GPC
 - (9) IAC
 - (10) MAE
 - (11) Microwave Digestion
- 4.2.2 Application Prospects of Food Safety Testing treatment Technology

4.3 Research Progress of the Application of Food Safety Testing Chromatographic Technology

- 4.3.1 Principles and Development of Chromatographic Technology
 - (1) Principles of Chromatographic Technology
