

China Electric Cooker Industry Research Report (2016–2021), Market Demand and Investment Forecast

目 录

CONTENTS

Chapter 1: Overview of development of China's electric cooker industry

- 1.1 definition and classification of electric cooker industry
 - 1.1.1 definition of the industry
 - 1.1.2 classification of major products of the industry
- 1.2 statistical standard of electric cooker industry
 - 1.2.1 statistical offices and statistical method of electric cooker industry
 - 1.2.2 statistical method of electric cooker industry
 - 1.2.3 data type of electric cooker industry
- 1.3 analysis of supply chain of electric cooker industry
 - 1.3.1 introduction of supply chain of electric cooker industry
 - 1.3.2 analysis of downstream supply chain of electric cooker industry
 - (1) analysis of residents' income and consumption structure
 - (2) status quo and development trend of retail market
 - 1.3.3 analysis of upstream supply chain of electric cooker industry
 - (1) analysis of development of steel market
 - (2) analysis of development of engineering plastics market
 - (3) analysis of development of copper market
 - (4) analysis of development of aluminum market
 - (5) analysis of development of micro motor market

Chapter 2: Analysis of development of electric cooker industry

- 2.1 analysis of development of China's household kitchen appliances industry
 - 2.1.1 overview of overall development of China's household kitchen appliances industry
 - 2.1.2 main characteristics of development of China's household kitchen appliances industry
 - 2.1.3 operation trend of China's household kitchen appliances industry in.....2013
 - (1) analysis of operation efficiency of household kitchen appliances industry in.....2013
 - (2) analysis of profit capability of household kitchen appliances industry in.....2013
 - (3) analysis of operation capability of household kitchen appliances industry in.....2013
 - (4) analysis of solvency capability of household kitchen appliances industry in.....2013
 - (5) analysis of development capability of household kitchen appliances industry in.....2013
 - 2.1.4 development trends of China's household kitchen appliances industry
- 2.2 analysis of development of China's electric cooker industry
 - 2.2.1 overview of development of China's electric cooker industry
 - 2.2.2 characteristics of development of China's electric cooker industry
 - 2.2.3 production of electric cooker industry in 2012年以来
 - (1) overall production of the industry in 2012年以来
 - (2) monthly production of the industry in 2012年以来
 - (3) regional production of the industry in 2012年以来
 - 2.2.4 sales of electric cooker industry in 2012年以来
 - (1) overall sales of the industry in 2012年以来
 - (2) comparison of market growth of the industry in 2012年以来 by city level
 - (3) comparison of market growth of the industry in 2012年以来 by channel type
 - (4) comparison of market growth of the industry in 2012年以来 by production type
 - (5) comparison of market growth of the industry in 2012年以来 by production shape
 - (6) comparison of market growth of the industry in 2012年以来 by volume section
- 2.3 analysis of import and export markets of China's electric cooker industry
 - 2.3.1 export of electric cooker industry in 2012年以来
 - (1) overall export of the industry in 2012年以来
 - (2) structure of export product of the industry in 2012年以来
 - 2.3.2 import of electric cooker industry in 2012年以来

- (1) overall import of the industry in 2012年以来
- (2) structure of import product of the industry in 2012年以来

Chapter 3: Analysis of market environment of electric cooker industry

- 3.6.1 relationship between financial crisis and the industry
- 3.6.2 impact of financial crisis on the industry
- 3.6.3 impact of financial crisis on related industries

Chapter 4: Analysis of market competition of electric cooker industry

4.1 analysis of competition of the international market

- 4.1.1 development of the international electric cooker market
- 4.1.2 competition of the international electric cooker market
- 4.1.3 development trends of the international electric cooker market

4.2 investment layout of multinational companies in China market

- 4.2.1 investment layout of Philips in China market
- 4.2.2 investment layout of Panasonic in China market
- 4.2.3 investment layout of Hitachi in China market
- 4.2.4 investment layout of Sanyo in China market
- 4.2.5 investment layout of Toshiba in China market

4.3 analysis of market competition of domestic electric cooker market

- 4.3.1 five-force competition model of the industry
 - (1) bargaining power of the upstream of the industry
 - (2) bargaining power of the downstream of the industry
 - (3) threat of new entrants to the industry
 - (4) threat of alternatives of the industry
 - (5) analysis of competitive landscape of the industry
- 4.3.2 brand competitive landscape of the industry in regional markets
 - (1) brand market share in the national electric cooker market
 - (2) brand market share in Northeast China's electric cooker market
 - (3) brand market share in North China's electric cooker market
 - (4) brand market share in East China's electric cooker market
 - (5) brand market share in South China's electric cooker market
 - (6) brand market share in Northwest China's electric cooker market
 - (7) brand market share in Southwest China's electric cooker market
 - (8) brand market share in Central China's electric cooker market

Chapter 5: Analysis of product market of electric cooker industry

5.1 structural characteristics of main products of the industry

- 5.1.1 overall characteristics of product structure of the industry
- 5.1.2 change trend of product category of the industry
