

China Tungsten Smelting Industry Report (2016–2021), Market Forecast and Investment Strategy Planning

目 录

CONTENTS

Chapter 1: Analysis of development environment of China's tungsten smelting industry

1.1 definition and classification of tungsten smelting industry

- 1.1.1 concept of the industry and category of products
- 1.1.2 position of the industry in the national economy

1.2 analysis of policy environment of tungsten smelting industry

- 1.2.1 management system of the industry
- 1.2.2 related policies of the industry
- 1.2.3 development planning of the industry

1.3 analysis of economic environment of tungsten smelting industry

1.3.1 analysis of international macroeconomic environment

- (1) status quo of international macroeconomy
- (2) forecast of international macroeconomy

1.3.2 analysis of domestic macroeconomic environment

- (1) status quo of domestic macroeconomy
- (2) analysis of the domestic GDP growth
 - 1) industrial economic growth

1.3.3 investment in fixed assets

- (1) forecast of domestic macroeconomy

1.4 analysis of technical environment of tungsten smelting industry

1.4.1 analysis of patented technology of the industry

- (1) analysis of the quantity of patent applications
- (2) changes in the quantity of patent disclosures
- (3) analysis of patent applicants
- (4) analysis of hot technology of the industry

1.4.2 characteristics of technology of the industry

1.4.3 problems of tungsten smelting technology

1.4.4 development direction of tungsten smelting technology

1.4.5 analysis of developments of technology of the industry

1.5 analysis of development opportunities and threats of China's tungsten smelting industry

Chapter 2: Analysis of tungsten ore resources of tungsten smelting industry

2.1 analysis of the global tungsten ore resources

2.1.1 analysis of the global reserve of tungsten ore resources

2.1.2 analysis of distribution of the global tungsten ore resources

2.1.3 development and utilization trends of the world's tungsten ore resources in recent years

2.2 analysis of China's tungsten ore resources

2.2.1 overview of China's tungsten ore resources

2.2.2 overview of types of China's tungsten ore resources

2.2.3 analysis of reserves of China's major tungsten mines

- (1) reserves of major tungsten mines

- (2) reserves of tungsten mines under construction

2.2.4 analysis of distribution of China's tungsten ore resources

2.2.5 types of deposit of China's tungsten ore resources

2.2.6 development and utilization trends of China's tungsten ore resources in recent years

Chapter 3: Analysis of development of tungsten smelting industry

3.1 development of the global tungsten smelting industry

3.1.1 overview of global tungsten smelting

- (1) production of tungsten in the world

- 1) output of tungsten in the world

- 2) distribution of output of tungsten in the world

- (2) consumption of tungsten in the world
 - 1) consumption volume of tungsten in the world
 - 2) structure of consumption of tungsten in the world
- 3.1.2 analysis of operation of the global tungsten smelting giants
 - (1) Chilean National Copper Company (Codelco-Chile)
 - (2) Canadian Tungsten Enterprise Malaga Company (Malaga)
 - (3) "Coastal mining and processing complex" Company
 - (4) American Global Tungsten and Powder Company (GTP)
- 3.1.3 development trends and prospects of the global tungsten smelting industry

3.2 development of China's tungsten smelting industry

- 3.2.1 overview of development of China's tungsten smelting industry
 - (1) production of tungsten in China
 - 1) tungsten mining quota
 - 2) output of tungsten metal
 - (2) consumption of tungsten in China
 - 1) consumption volume of tungsten in China
 - 2) structure of consumption of tungsten in China
 - (3) China's tungsten supply and demand
 - (4) operation of the industry
 - (5) factors affecting the industry
- 3.2.2 analysis of China's import and export market of tungsten smelting
 - (1) export quota of tungsten products
 - (2) summary of import and export of tungsten products
 - (3) analysis of structure of imported tungsten products
 - (4) analysis of structure of exported tungsten products
 - (5) analysis of exporter of tungsten products
- 3.2.3 analysis of five-force competitive model of China's tungsten smelting industry
 - (1) status quo of competition of the industry
 - (2) analysis of the upstream bargaining power
 - (3) analysis of the downstream bargaining power
 - (4) analysis of threat of new entrants
 - (5) analysis of threat of alternatives
 - (6) summary of competition
- 3.2.4 development trends and forecast of China's tungsten smelting industry
 - (1) development trends of China's tungsten smelting industry
 - (2) forecast of China's tungsten smelting industry

Chapter 4: Analysis of major products of China's tungsten smelting industry

4.1 analysis of market of tungsten concentrates

- 4.1.1 analysis of application area of tungsten concentrates
- 4.1.2 analysis of supply and demand of tungsten concentrates
 - (1) analysis of yield of tungsten concentrates
 - 1) yield of tungsten concentrates
 - 2) distribution of yield of tungsten concentrates
 - (2) analysis of demand area of tungsten concentrates
 - (3) analysis of import and export of tungsten concentrates
- 4.1.3 analysis of price trends of tungsten concentrates
 - (1) price trends of tungsten concentrates
 - (2) forecast price of tungsten concentrates

4.2 analysis of market of paratungstate

- 4.2.1 analysis of application area of paratungstate
- 4.2.2 analysis of yield of paratungstate
- 4.2.3 analysis of import and export of paratungstate
- 4.2.4 price trends of paratungstate

4.3 analysis of market of tungsten powder

- 4.3.1 analysis of application area of tungsten powder
- 4.3.2 analysis of yield of tungsten powder
- 4.3.3 analysis of import and export of tungsten powder
- 4.3.4 price trends of tungsten powder

4.4 analysis of market of ferrotungsten

- 4.4.1 analysis of application area of ferrotungsten
- 4.4.2 analysis of yield of ferrotungsten
- 4.4.3 analysis of import and export of ferrotungsten
- 4.4.4 price trends of ferrotungsten

4.5 analysis of market of other products

- 4.5.1 analysis of tungsten oxide products
 - (1) analysis of application area of tungsten oxide products
 - (2) analysis of import and export tungsten oxide products
- 4.5.2 analysis of tungsten carbide products
 - (1) analysis of application area of tungsten carbide products
 - (2) analysis of import and export tungsten carbide products

Chapter 5: Analysis of downstream demand of tungsten smelting industry

5.1 application area of tungsten smelting industry

5.2 analysis of downstream demand of tungsten smelting industry

- 5.2.1 analysis of demand for tungsten smelting industry in aerospace industry
 - (1) status quo of development of the industry
 - 1) overview of development of aerospace manufacturing industry
 - 2) major domestic aerospace manufacturing enterprises
 - 3) China's civil aircraft fleet
 - (2) analysis of demand for tungsten smelting industry
 - (3) forecast of demand for tungsten smelting industry
- 5.2.2 analysis of demand for tungsten smelting industry in military industry
 - (1) status quo of development of the industry
 - (2) development trends of the industry
 - (3) analysis of the demand for tungsten smelting industry
 - (4) forecast of demand for tungsten smelting industry
- 5.2.3 analysis of demand for tungsten smelting industry in automobile industry
 - (1) status quo of development of the industry
 - 1) automobile production and sales volume
 - 2) car ownership
 - (2) analysis of development trends of the industry
- 5.2.4 analysis of demand for tungsten smelting industry in petroleum mining industry
 - (1) status quo of development of the industry
 - 1) investment in fixed assets
 - 2) scale of demand
 - (2) analysis of development trends of the industry
 - (3) analysis of the demand for tungsten smelting industry
 - (4) forecast of demand for tungsten smelting industry

Chapter 6: Analysis of China's tungsten smelting industry in key regions

6.1 analysis of tungsten smelting industry in Hunan

- 6.1.1 overview of tungsten ore resources in Hunan
- 6.1.2 status quo of development of tungsten smelting industry in Hunan
- 6.1.3 problems of tungsten smelting industry in Hunan
- 6.1.4 development planning of tungsten smelting industry in Hunan

6.2 analysis of tungsten smelting industry in Jiangxi

- 6.2.1 overview of tungsten ore resources in Jiangxi
- 6.2.2 status quo of development of tungsten smelting industry in Jiangxi
- 6.2.3 problems of tungsten smelting industry in Jiangxi
- 6.2.4 development planning of tungsten smelting industry in Jiangxi

6.3 analysis of tungsten smelting industry in Henan

- 6.3.1 overview of tungsten ore resources in Henan
- 6.3.2 status quo of development of tungsten smelting industry in Henan
- 6.3.3 problems of tungsten smelting industry in Henan
- 6.3.4 development planning of tungsten smelting industry in Henan

Chapter 7: Analysis of operation of major companies of China's tungsten smelting industry

7.1 analysis of the overall situation of China's tungsten smelting enterprises

- 7.1.1 scale of tungsten smelting industry enterprises
- 7.1.2 output of tungsten smelting industry industrial

7.1.3 sales revenue and profits of tungsten smelting industry

7.2 case study of leading companies of China's tungsten smelting industry

7.2.1 Xiamen Tungsten Co., Ltd.

- (1) analysis of the company's development profile
- (2) analysis of the company's main economic index
- (3) analysis of the company's profitability capability
- (4) analysis of the company's operation capability
- (5) analysis of the company's solvency capability
- (6) analysis of the company's development capability
- (7) analysis of the company's product structure and new product developments
- (8) analysis of the company's sales channels and network
- (9) analysis of advantages and disadvantages of the company's operation
- (10) analysis of the company's latest developments

7.2.2 Chongyi Zhangyuan Tungsten Co., Ltd.

- (1) analysis of the company's development profile
