

China Navigation Equipment Industry Market Prospect and Investment Strategic Planning, 2013–2017

目 录

CONTENTS

Chapter 1: Development Overview of China Navigation Equipment Industry

1.1 Concepts Related to Navigation Equipment Industry

- 1.1.1 Definition of Navigation Equipment Industry
- 1.1.2 Product Classification of Navigation Equipment
- 1.1.3 Maintenance Methods of Navigation Equipment
- 1.1.4 Basic Features of Satellite Navigation Industry

1.2 Analysis of Satellite Navigation Industrial Chain

- 1.2.1 Profile of Satellite Navigation Industrial Chain
- 1.2.2 Analysis of Satellite Navigation Upstream Supply Chain
- 1.2.3 Analysis of Satellite Navigation Downstream Market Demand
 - (1) National Defense' s Demand for Navigation Equipment
 - (2) Civilian Field' s Demand for Navigation Equipment
 - (3) Mass Consumption' s Demand for Navigation Equipment

Chapter 2: Development Environment of China Navigation Equipment Industry

2.1 Policy Environment of Navigation Equipment Industry

- 2.1.1 Supervision Mechanism for Navigation Equipment Industry
- 2.1.2 Policies Related to Navigation Equipment Industry
- 2.1.3 Development Planning of Navigation Equipment Industry

2.2 Economic Environment of Navigation Equipment Industry

- 2.2.1 Analysis of International Macro-economic Environment
- 2.2.2 Analysis of Domestic Macro-economic Environment
- 2.2.3 Analysis of Industry Macro-economic Environment

2.3 Demand Environment of Navigation Equipment Industry

- 2.3.1 Analysis of Navigation Equipment Demand Status
- 2.3.2 Future Demand Trend of Navigation Equipment

Chapter 3: Development Conditions of GNSS (Global Navigation Satellite System)

3.1 Development Overview of Global Navigation Satellite Market

- 3.1.1 Development History of GNSS
- 3.1.2 Development Status of GNSS
- 3.1.3 Development Scale of GNSS

3.2 Development Conditions of Four Major Satellite Navigation System Worldwide

- 3.2.1 Development Conditions of Global Positioning Systems
 - (1) Development Conditions of USA GPS System
 - (2) Development Conditions of EU Galileo System
 - (3) Development Conditions of Russia GLONASS System
- 3.2.2 Policy Analysis of Foreign Satellite Navigation Positioning System
 - (1) Development Strategies and Policies for USA GPS System
 - (2) Development Strategies and Policies for EU Galileo System
 - (3) Development Strategies and Policies for Russia GLONASS System
- 3.2.3 Comparison Analysis of Global Positioning System from Some Countries
 - (1) Analysis of Comparison between Beidou and GPS Systems
 - (2) Analysis of Comparison between GLONASS and GPS Systems
 - (3) Analysis of Comparison between Galileo and GPS Systems
 - (4) Analysis of Comparison among Four Major Satellite Navigation Positioning Systems

3.3 Development Analysis of China Beidou Navigation Satellite System

- 3.3.1 Analysis of Development History of Beidou Navigation Satellite
- 3.3.2 Development Overview of Beidou Navigation Satellite System
- 3.3.3 Application Fields for Beidou Navigation Satellite System
- 3.3.4 Analysis of Comparison between First and Second Generation Beidou Navigation Satellites

3.3.5 Analysis of Newly-increased Equipment Market Driven by the Second Generation Beidou Navigation Satellite

3.3.6 Analysis of Development Planning for Beidou Navigation Satellite System

Chapter 4: Development Conditions of China Navigation Equipment Industry

4.1 Development Overview of Navigation Equipment Industry

- 4.1.1 Development Overview of Navigation Equipment Industry
- 4.1.2 Development Period for Navigation Equipment Industry
- 4.1.3 Subscriber Quantity to Beidou Navigation Satellite System

4.2 Analysis of Supply and Demand of Navigation Equipment Industry

- 4.2.1 Supply Conditions of Navigation Equipment Industry
- 4.2.2 Market Scale of Navigation Equipment Industry
- 4.2.3 Demand Structure of Navigation Equipment Industry
- 4.2.4 Market Price Analysis of Navigation Equipment Industry

4.3 Analysis of GPS Market Research

- 4.3.1 GPS Market Development Conditions in.....2010
- 4.3.2 Analysis of GPS Market Structure in.....2010
 - (1) GPS Brand Structure in.....2010
 - (2) GPS Product Structure in.....2010
 - (3) GPS Regional Structure in.....2010
- 4.3.3 Analysis of GPS Mainstream Manufacturers in.....2010
 - (1) Comparison among Brand Trends from GPS Manufacturers
 - (2) Comparison among Product Structures from GPS Manufacturers
- 4.3.4 GPS Market Forecast, 2011-2013
 - (1) Analysis of Influencing Factors to GPS Market
 - (2) Analysis of Structure Forecast for GPS Market

Chapter 5: Analysis of Market Segments of China Navigation Equipment

5.1 Analysis of Navigation Chip Market

- 5.1.1 Development Overview of Navigation Chip Market
- 5.1.2 Demand Status of Navigation Chip Market
 - (1) Demand Scale of Navigation Chip Market
 - (2) Demand Structure of Navigation Chip Market
- 5.1.3 Driving Factors to Navigation Chip Market
- 5.1.4 Development Prospects for Navigation Chip Market

5.2 Analysis of GIS Software Market

- 5.2.1 Concept Related to GIS Software
 - (1) GIS Definition
 - (2) GIS Application Fields
 - (3) GIS Software Classification
- 5.2.2 GIS Software Market Overview
 - (1) International Market Overview
 - (2) Domestic Market Overview
- 5.2.3 Supply and Demand Analysis of GIS Software Market
 - (1) Supply Conditions of GIS Software Market
 - (2) Demand Space for GIS Software Market
 - (3) Market Scale of GIS Software Market
 - (4) Demand Scale of Different Fields of GIS Software
- 5.2.4 Competitive Landscape of Domestic GIS Software Market
 - (1) Concentration Degree of GIS Software Market
 - (2) Competitive Landscape of GIS Software Market
 - (3) Entry Barriers of GIS Software Market
- 5.2.5 Development Influencing Factors to GIS Software Market
 - (1) Advantageous Development Factors to GIS Software Market
 - (2) Disadvantageous Development Factors to GIS Software Market
- 5.2.6 Analysis of GIS Software Technology Development Level

5.3 Analysis of Navigation Electronic Map Market

- 5.3.1 Analysis of Navigation Electronic Map Industrial Chain
- 5.3.2 Analysis of International Navigation Electronic Map Market
 - (1) International Navigation Electronic Map Market Status
 - (2) International Navigation Electronic Map Service Market

- (3) International Navigation Electronic Map Market Features
- (4) Analysis of Data Providers for Navigation Electronic Map
- 5.3.3 Analysis of Domestic Navigation Electronic Map Market
 - (1) In-vehicle Navigation Map Market
 - (2) GPS Mobile Phone Navigation Map Market
 - (3) Analysis of Navigation Electronic Map Service Market
- 5.3.4 Competitive Landscape Analysis of Navigation Electronic Map Market
 - (1) Brand Pattern of In-vehicle Navigation Map Market
 - (2) Brand Pattern of GPS Mobile Phone Navigation Map Market
 - (3) Brand Pattern of PND Navigation Electronic Map Market
 - (4) Brand Pattern of Refitting GPS Navigation Electronic Map Market
- 5.3.5 Analysis of Technological Level for Navigation Electronic Map Products
 - (1) Production Technology Process of Navigation Electronic Map
 - (2) Technology Development Status of Navigation Electronic Map
 - (3) Gap between Foreign and China Navigation Electronic Map Technologies
 - (4) Development Trend of Navigation Electronic Map Technology
- 5.3.6 Development Prospects Forecast for Navigation Electronic Map Market

5.4 Analysis of Navigation Terminal Product Market

- 5.4.1 Market Overview of Navigation Terminal Products
- 5.4.2 Analysis of In-vehicle Navigation Market
 - (1) Analysis of International In-vehicle Navigation Market
 - (2) Analysis of Domestic In-vehicle Navigation Market
 - (3) Brand Layout of In-vehicle Navigation Market
 - (4) Development Trend of In-vehicle Navigation Market
- 5.4.3 Analysis of PND Market
 - (1) Analysis of PND Market Scale
 - (2) Analysis of PND Market Landscape
 - (3) Development Trend of PND Market
 - (4) Prospects Forecast for PND Market
- 5.4.4 Analysis of Mobile Phone Navigation Market
 - (1) Market Scale of Mobile Phone Navigation Market
 - (2) Profit Models of Mobile Phone Navigation Market
 - (3) Competition of Mobile Phone Navigation Market
 - (4) Prospects for Mobile Phone Navigation Market
- 5.4.5 Analysis of In-vehicle Surveillance Product Market
 - (1) Overview of In-vehicle Surveillance Terminal Market
 - (2) In-vehicle DVR Market
 - (3) Bus Video Surveillance Market System Market
 - (4) In-vehicle DVR Bus Video Surveillance Market System Market
- 5.4.6 Analysis of GIS Data Acquisition Product Market
 - (1) Overview of GIS Data Acquisition Product Market
 - (2) Market Scale of GIS Data Acquisition Product Market
- 5.4.7 Analysis of High-precision GNSS Application Market
 - (1) Market Scale of High-precision GNSS Application
 - (2) Market Structure of China High-precision GNSS Application
 - (3) Driving Factors to China High-precision GNSS Application Market
 - (4) Analysis of Profit Models for China High-precision
 - (5) Analysis of Production Models for China High-precision GNSS
 - (6) Analysis of Sales Models for High-precision GNSS

Chapter 6: Development Analysis of China Satellite Navigation System

6.1 Development Analysis of Navigation Positioning Technology

- 6.1.1 Key Technologies Analysis of Navigation Positioning
 - (1) Key Technologies of Satellite Navigation Positioning
 - (2) Key Technologies of Inertial Navigation
 - (3) Key Technologies of Integrated Navigation
 - (4) Key Technologies of Ground-based Radio Navigation
 - (5) Key Technologies of Terrain-aided Navigation
 - (6) Key Technologies of Other Navigation Positioning
- 6.1.2 Research Progress of Satellite Navigation Positioning System

- (1) Progress of USA GPS
 - (2) Progress of Russia GLONASS System
 - (3) Progress of EU Galileo System
 - (4) Progress of Japan and India Navigation Satellite
- 6.1.3 Research Progress Analysis of Inertial Navigation Technology
 - 6.1.4 Progress of Integrated Satellite Navigation Positioning Technology
 - 6.1.5 Research Progress of GPS Aided Positioning Technology
 - 6.1.6 Research Progress of Other Satellite Navigation Positioning Technologies
 - 6.1.7 Analysis of Development Trend of Foreign Navigation Positioning Technologies

6.2 Analysis of Navigation Signal Surveillance System

- 6.2.1 Navigation Signal Quality Surveillance System Overview
- 6.2.2 Structure Classification of Signal Quality Surveillance Equipment
- 6.2.3 Development Status of Signal Quality Surveillance Technology

6.3 Analysis of Technological Development of Navigation Equipment Enterprises

- 6.3.1 R&D Expense of Navigation Equipment Enterprises
- 6.3.2 Patent Mastering Conditions of Navigation Equipment Enterprises
- 6.3.3 Analysis of Beidou Navigation Equipment Technology
 - (1) Beidou Key Components Technological Level
 - (2) Beidou Terminal Technological Level and Features
- 6.3.4 R&D Trend for New Beidou Navigation Equipment Technologies

Chapter 7: Analysis of Competition Conditions of China Navigation Equipment Market

7.1 Competition Analysis of International Navigation Equipment Market

- 7.1.1 Development Status of International Navigation Equipment Market
- 7.1.2 Competitive Landscape of International Navigation Equipment Market
- 7.1.3 Development Trend of International Navigation Equipment Market

7.2 Competition Analysis of Multinational Navigation Equipment Enterprises

- 7.2.1 Competition Analysis of Garmin
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Operation Conditions
 - (3) Enterprise Main Products and New Product Trends
 - (4) Analysis of Enterprise Market Regions and Industry Position
 - (5) Enterprise Investment Layout in China's Market
- 7.2.2 Competition Analysis of Magellan
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Operation Conditions
 - (3) Enterprise Main Products and New Product Trends
 - (4) Analysis of Enterprise Market Regions and Industry Position
 - (5) Enterprise Investment Layout in China's Market
- 7.2.3 Competition Analysis of Trimble
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Operation Conditions
 - (3) Enterprise Main Products and New Product Trends
 - (4) Analysis of Enterprise Market Regions and Industry Position
 - (5) Enterprise Investment Layout in China's Market
- 7.2.4 Competition Analysis of Mio
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Operation Conditions
 - (3) Enterprise Main Products and New Product Trends
 - (4) Analysis of Enterprise Market Regions and Industry Position
 - (5) Enterprise Investment Layout in China's Market
- 7.2.5 Competition Analysis of Sirf
 - (1) Analysis of Enterprise Development Profile
 - (2) Analysis of Enterprise Operation Conditions
 - (3) Enterprise Main Products and New Product Trends
 - (4) Analysis of Enterprise Market Regions and Industry Position
 - (5) Enterprise Investment Layout in China's Market
